#	ARTICLE	IF	CITATIONS
1	Application of primary healthcare principles in national community health worker programmes in low-income and middle-income countries: a scoping review. <i>BMJ Open</i> , 2022, 12, e051940.	0.8	3
2	Health for the People: Past, Current, and Future Contributions of National Community Health Worker Programs to Achieving Global Health Goals. <i>Global Health, Science and Practice</i> , 2021, 9, 1-9.	0.6	27
3	Learnings From a Pilot Study to Strengthen Primary Health Care Services: The Community-Clinic-Centered Health Service Model in Barishal District, Bangladesh. <i>Global Health, Science and Practice</i> , 2021, 9, S179-S189.	0.6	6
4	Evidence on the effectiveness of community-based primary health care in improving HIV/AIDS outcomes for mothers and children in low- and middle-income countries: Findings from a systematic review. <i>Journal of Global Health</i> , 2021, 11, 11001.	1.2	10
5	Community health workers at the dawn of a new era: 11. CHWs leading the way to "Health for All". <i>Health Research Policy and Systems</i> , 2021, 19, 111.	1.1	45
6	Community health workers at the dawn of a new era: 9. CHWs' relationships with the health system and communities. <i>Health Research Policy and Systems</i> , 2021, 19, 116.	1.1	39
7	Community health workers at the dawn of a new era: 5. Roles and tasks. <i>Health Research Policy and Systems</i> , 2021, 19, 128.	1.1	36
8	Community health workers at the dawn of a new era: 2. Planning, coordination, and partnerships. <i>Health Research Policy and Systems</i> , 2021, 19, 103.	1.1	21
9	Community health workers at the dawn of a new era: 1. Introduction: tensions confronting large-scale CHW programmes. <i>Health Research Policy and Systems</i> , 2021, 19, 109.	1.1	34
10	Community health workers at the dawn of a new era: 8. Incentives and remuneration. <i>Health Research Policy and Systems</i> , 2021, 19, 106.	1.1	29
11	Community health workers at the dawn of a new era. <i>Health Research Policy and Systems</i> , 2021, 19, 130.	1.1	25
12	Community health workers at the dawn of a new era: 7. Recent advances in supervision. <i>Health Research Policy and Systems</i> , 2021, 19, 114.	1.1	18
13	Community health workers at the dawn of a new era: 3. Programme governance. <i>Health Research Policy and Systems</i> , 2021, 19, 129.	1.1	13
14	Community health workers at the dawn of a new era: 10. Programme performance and its assessment. <i>Health Research Policy and Systems</i> , 2021, 19, 108.	1.1	15
15	Community health workers at the dawn of a new era: 6. Recruitment, training, and continuing education. <i>Health Research Policy and Systems</i> , 2021, 19, 113.	1.1	39
16	Community health workers at the dawn of a new era: 4. Programme financing. <i>Health Research Policy and Systems</i> , 2021, 19, 107.	1.1	33
17	Application of primary health care principles in national community health worker programs in low- and middle-income countries: a scoping review protocol. <i>JBI Evidence Synthesis</i> , 2021, 19, 270-283.	0.6	1
18	Motivation and Performance of Community Health Workers: Nothing New Under the Sun, and Yet... <i>Global Health, Science and Practice</i> , 2021, 9, 716-724.	0.6	4

#	ARTICLE	IF	CITATIONS
19	Can people-centered community-oriented interventions improve skilled birth attendance? Evidence from a quasi-experimental study in rural communities of Cambodia, Kenya, and Zambia. <i>BMC Pregnancy and Childbirth</i> , 2020, 20, 514.	0.9	14
20	Development assistance for community health workers in 114 low- and middle-income countries, 2007â€“2017. <i>Bulletin of the World Health Organization</i> , 2020, 98, 30-39.	1.5	21
21	Communities, universal health coverage and primary health care. <i>Bulletin of the World Health Organization</i> , 2020, 98, 773-780.	1.5	33
22	Piloting a participatory, community-based health information system for strengthening community-based health services: findings of a cluster-randomized controlled trial in the slums of Freetown, Sierra Leone. <i>Journal of Global Health</i> , 2019, 9, 010418.	1.2	20
23	Engaging communities in collecting and using results from verbal autopsies for child deaths: an example from urban slums in Freetown, Sierra Leone. <i>Journal of Global Health</i> , 2019, 9, 010419.	1.2	14
24	The Jamkhed Comprehensive Rural Health Project and the Alma-Ata Vision of Primary Health Care. <i>American Journal of Public Health</i> , 2019, 109, 699-704.	1.5	14
25	Accompanimeter 1.0: creation and initial field testing of a tool to assess the extent to which the principles and building blocks of accompaniment are present in community health worker programs. <i>Global Health Action</i> , 2019, 12, 1699348.	0.7	4
26	The National Village Health Guide Scheme in India: lessons four decades later for community health worker programs today and tomorrow. <i>Human Resources for Health</i> , 2019, 17, 76.	1.1	16
27	The CORE Group Polio Project: An Overview of Its History and Its Contributions to the Global Polio Eradication Initiative. <i>American Journal of Tropical Medicine and Hygiene</i> , 2019, 101, 4-14.	0.6	19
28	Effectiveness of a Census-Based Management Information System for Guiding Polio Eradication and Routine Immunization Activities: Evidence from the CORE Group Polio Project in Uttar Pradesh, India. <i>American Journal of Tropical Medicine and Hygiene</i> , 2019, 101, 33-44.	0.6	8
29	The CORE Group Polio Projectâ€™s Community Volunteers and Polio Eradication in Ethiopia: Self-Reports of Their Activities, Knowledge, and Contributions. <i>American Journal of Tropical Medicine and Hygiene</i> , 2019, 101, 45-51.	0.6	9
30	Lessons Learned from the CORE Group Polio Project and Their Relevance for Other Global Health Priorities. <i>American Journal of Tropical Medicine and Hygiene</i> , 2019, 101, 107-112.	0.6	11
31	Community Engagement, Ownership, and Civil Society Organizations in Polio Eradication. <i>American Journal of Tropical Medicine and Hygiene</i> , 2019, 101, 1-3.	0.6	10
32	Effectiveness of a lifestyle intervention led by female community health volunteers versus usual care in blood pressure reduction (COBIN): an open-label, cluster-randomised trial. <i>The Lancet Global Health</i> , 2018, 6, e66-e73.	2.9	124
33	Health policy and system support to optimise community health worker programmes: an abridged WHO guideline. <i>The Lancet Global Health</i> , 2018, 6, e1397-e1404.	2.9	154
34	Female community health volunteers to reduce blood pressure: feasible and sustainable? â€“ Authors' reply. <i>The Lancet Global Health</i> , 2018, 6, e374.	2.9	1
35	What do we know about community-based health worker programs? A systematic review of existing reviews on community health workers. <i>Human Resources for Health</i> , 2018, 16, 39.	1.1	353
36	An extension of the Alma-Ata vision for primary health care in light of twenty-first century evidence and realities. <i>Gates Open Research</i> , 2018, 2, 70.	2.0	13

#	ARTICLE	IF	CITATIONS
37	A new resource for developing and strengthening large-scale community health worker programs. <i>Human Resources for Health</i> , 2017, 15, 13.	1.1	28
38	Community Involvement in Health Systems Strengthening to Improve Global Health Outcomes: A Review of Guidelines and Potential Roles. <i>International Quarterly of Community Health Education</i> , 2017, 37, 139-149.	0.4	30
39	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 6. strategies used by effective projects. <i>Journal of Global Health</i> , 2017, 7, 010906.	1.2	43
40	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 5. equity effects for neonates and children. <i>Journal of Global Health</i> , 2017, 7, 010905.	1.2	29
41	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 2. maternal health findings. <i>Journal of Global Health</i> , 2017, 7, 010902.	1.2	40
42	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 4. child health findings. <i>Journal of Global Health</i> , 2017, 7, 010904.	1.2	45
43	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 7. shared characteristics of projects with evidence of long-term mortality impact. <i>Journal of Global Health</i> , 2017, 7, 010907.	1.2	32
44	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 1. rationale, methods and database description. <i>Journal of Global Health</i> , 2017, 7, 010901.	1.2	43
45	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 8. summary and recommendations of the Expert Panel. <i>Journal of Global Health</i> , 2017, 7, 010908.	1.2	111
46	Comprehensive review of the evidence regarding the effectiveness of community-based primary health care in improving maternal, neonatal and child health: 3. neonatal health findings. <i>Journal of Global Health</i> , 2017, 7, 010903.	1.2	54
47	Expanding the population coverage of evidence-based interventions with community health workers to save the lives of mothers and children: an analysis of potential global impact using the Lives Saved Tool (LiST). <i>Journal of Global Health</i> , 2017, 7, 020401.	1.2	34
48	Casas Maternas in the Rural Highlands of Guatemala: A Mixed-Methods Case Study of the Introduction and Utilization of Birthing Facilities by an Indigenous Population. <i>Global Health, Science and Practice</i> , 2016, 4, 114-131.	0.6	32
49	First Steps in Initiating an Effective Maternal, Neonatal, and Child Health Program in Urban Slums: the BRAC Manoshi Project's Experience with Community Engagement, Social Mapping, and Census Taking in Bangladesh. <i>Journal of Urban Health</i> , 2016, 93, 6-18.	1.8	27
50	Community-based intervention for blood pressure reduction in Nepal (COBIN trial): study protocol for a cluster-randomized controlled trial. <i>Trials</i> , 2016, 17, 292.	0.7	24
51	Community health worker programmes after the 2013-2016 Ebola outbreak. <i>Bulletin of the World Health Organization</i> , 2016, 94, 551-553.	1.5	60
52	Care Groups I: An Innovative Community-Based Strategy for Improving Maternal, Neonatal, and Child Health in Resource-Constrained Settings. <i>Global Health, Science and Practice</i> , 2015, 3, 358-369.	0.6	62
53	Evidence on feasibility and effective use of mHealth strategies by frontline health workers in developing countries: systematic review. <i>Tropical Medicine and International Health</i> , 2015, 20, 1003-1014.	1.0	362
54	Strategic partnering to improve community health worker programming and performance: features of a community-health system integrated approach. <i>Human Resources for Health</i> , 2015, 13, 46.	1.1	53

#	ARTICLE	IF	CITATIONS
55	Evaluation of the effectiveness of care groups in expanding population coverage of Key child survival interventions and reducing under-5 mortality: a comparative analysis using the lives saved tool (LIST). BMC Public Health, 2015, 15, 835.	1.2	28
56	Mitigation of non-communicable diseases in developing countries with community health workers. Globalization and Health, 2015, 11, 43.	2.4	61
57	Care Groups II: A Summary of the Child Survival Outcomes Achieved Using Volunteer Community Health Workers in Resource-Constrained Settings. Global Health, Science and Practice, 2015, 3, 370-381.	0.6	37
58	Risk Factors for Diarrhea in Children Under Five Years of Age Residing in Peri-urban Communities in Cochabamba, Bolivia. American Journal of Tropical Medicine and Hygiene, 2014, 91, 1190-1196.	0.6	41
59	A Cluster Randomized Controlled Trial to Reduce Childhood Diarrhea Using Hollow Fiber Water Filter and/or Hygiene/Sanitation Educational Interventions. American Journal of Tropical Medicine and Hygiene, 2014, 91, 190-197.	0.6	34
60	Community Health Workers in Low-, Middle-, and High-Income Countries: An Overview of Their History, Recent Evolution, and Current Effectiveness. Annual Review of Public Health, 2014, 35, 399-421.	7.6	570
61	Community health workers for non-communicable diseases. The Lancet Global Health, 2014, 2, e567.	2.9	37
62	Community-based approaches and partnerships: innovations in health-service delivery in Bangladesh. Lancet, The, 2013, 382, 2012-2026.	6.3	178
63	Reducing child global undernutrition at scale in Sofala Province, Mozambique, using Care Group Volunteers to communicate health messages to mothers. Global Health, Science and Practice, 2013, 1, 35-51.	0.6	46
64	Comparing estimates of child mortality reduction modelled in LiST with pregnancy history survey data for a community-based NGO project in Mozambique. BMC Public Health, 2011, 11, S35.	1.2	15
65	Community participation: lessons for maternal, newborn, and child health. Lancet, The, 2008, 372, 962-971.	6.3	285
66	Examining the evidence of under-five mortality reduction in a community-based programme in Gaza, Mozambique. Transactions of the Royal Society of Tropical Medicine and Hygiene, 2007, 101, 814-822.	0.7	45
67	Impact of a community-based comprehensive primary healthcare programme on infant and child mortality in Bolivia. Journal of Health, Population and Nutrition, 2003, 21, 383-95.	0.7	30
68	Attaining health for all through community partnerships: principles of the census-based, impact-oriented (CBIO) approach to primary health care developed in Bolivia, South America. Social Science and Medicine, 1999, 48, 1053-1067.	1.8	45
