#	Paper	IF	Citations
594	What drives change? Barriers to and incentives for achieving evidence-based practice. <i>Medical Journal of Australia</i> , 2004 , 180, S57-60	4	765
593	The Netherlands Study of Depression and Anxiety (NESDA): rationale, objectives and methods. <i>International Journal of Methods in Psychiatric Research</i> , 2008 , 17, 121-40	4.3	694
592	Planning and studying improvement in patient care: the use of theoretical perspectives. <i>Milbank Quarterly</i> , 2007 , 85, 93-138	3.9	565
591	A checklist for identifying determinants of practice: a systematic review and synthesis of frameworks and taxonomies of factors that prevent or enable improvements in healthcare professional practice. <i>Implementation Science</i> , 2013 , 8, 35	8.4	481
590	Effectiveness of physical activity interventions for older adults: a review. <i>American Journal of Preventive Medicine</i> , 2002 , 22, 120-33	6.1	360
589	Shared decision making: developing the OPTION scale for measuring patient involvement. <i>Quality and Safety in Health Care</i> , 2003 , 12, 93-9		359
588	The OPTION scale: measuring the extent that clinicians involve patients in decision-making tasks. <i>Health Expectations</i> , 2005 , 8, 34-42	3.7	359
587	A systematic review of the literature on patient priorities for general practice care. Part 1: Description of the research domain. <i>Social Science and Medicine</i> , 1998 , 47, 1573-88	5.1	251
586	Tailored interventions to address determinants of practice. <i>The Cochrane Library</i> , 2015 , CD005470	5.2	231
585	Health research funding agencies' support and promotion of knowledge translation: an international study. <i>Milbank Quarterly</i> , 2008 , 86, 125-55	3.9	199
584	Single and combined strategies for implementing changes in primary care: a literature review. <i>International Journal for Quality in Health Care</i> , 1994 , 6, 115-32	1.9	195
583	Patients' priorities with respect to general practice care: an international comparison. European Task Force on Patient Evaluations of General Practice (EUROPEP). <i>Family Practice</i> , 1999 , 16, 4-11	1.9	189
582	Measuring the involvement of patients in shared decision-making: a systematic review of instruments. <i>Patient Education and Counseling</i> , 2001 , 43, 5-22	3.1	176
581	Tailoring quality improvement interventions to identified barriers: a multiple case analysis. <i>Journal of Evaluation in Clinical Practice</i> , 2007 , 13, 161-8	2.5	168
580	Substitution of physicians by nurses in primary care: a systematic review and meta-analysis. <i>BMC Health Services Research</i> , 2014 , 14, 214	2.9	163
579	Implementation of outpatient schema therapy for borderline personality disorder with versus without crisis support by the therapist outside office hours: A randomized trial. <i>Behaviour Research and Therapy</i> , 2009 , 47, 961-73	5.2	160
578	Rehabilitation interventions for postintensive care syndrome: a systematic review. <i>Critical Care Medicine</i> , 2014 , 42, 1263-71	1.4	147

577	Organizational interventions to implement improvements in patient care: a structured review of reviews. <i>Implementation Science</i> , 2006 , 1, 2	8.4	147
576	Achieving involvement: process outcomes from a cluster randomized trial of shared decision making skill development and use of risk communication aids in general practice. <i>Family Practice</i> , 2004 , 21, 337-46	1.9	147
575	Interventions to improve medication compliance in older patients living in the community: a systematic review of the literature. <i>Drugs and Aging</i> , 2003 , 20, 229-40	4.7	136
574	Developing and selecting interventions for translating knowledge to action. <i>Cmaj</i> , 2010 , 182, E85-8	3.5	130
573	Implementation barriers for general practice guidelines on low back pain a qualitative study. <i>Spine</i> , 2001 , 26, E348-53	3.3	126
572	Out-of-hours care in western countries: assessment of different organizational models. <i>BMC Health Services Research</i> , 2009 , 9, 105	2.9	120
571	Individual patient education for low back pain. <i>The Cochrane Library</i> , 2008 , CD004057	5.2	120
570	Methods for incorporating patients' views in health care. <i>BMJ, The</i> , 2003 , 326, 877-9	5.9	120
569	Tailored Implementation For Chronic Diseases (TICD): a project protocol. <i>Implementation Science</i> , 2011 , 6, 103	8.4	109
568	Patient characteristics as predictors of primary health care preferences: a systematic literature analysis. <i>Health Expectations</i> , 2003 , 6, 160-81	3.7	104
567	Attitudes and managing alcohol problems in general practice: an interaction analysis based on findings from a WHO collaborative study. <i>Alcohol and Alcoholism</i> , 2004 , 39, 351-6	3.5	103
566	Risk of lactic acidosis or elevated lactate concentrations in metformin users with renal impairment: a population-based cohort study. <i>Diabetes Care</i> , 2014 , 37, 2218-24	14.6	102
565	Factors associated with the impact of quality improvement collaboratives in mental healthcare: an exploratory study. <i>Implementation Science</i> , 2012 , 7, 1	8.4	102
564	Interrater reliability of palpation of myofascial trigger points in three shoulder muscles. <i>Journal of Manual and Manipulative Therapy</i> , 2007 , 15, 203-15	1.6	102
563	A randomized study of a multidisciplinary program to intervene on geriatric syndromes in vulnerable older people who live at home (Dutch EASYcare Study). <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2008 , 63, 283-90	6.4	99
562	High prevalence of shoulder girdle muscles with myofascial trigger points in patients with shoulder pain. <i>BMC Musculoskeletal Disorders</i> , 2011 , 12, 139	2.8	93
561	Safety of telephone triage in out-of-hours care: a systematic review. <i>Scandinavian Journal of Primary Health Care</i> , 2011 , 29, 198-209	2.7	93
560	Assessing the quality of clinical teachers: a systematic review of content and quality of questionnaires for assessing clinical teachers. <i>Journal of General Internal Medicine</i> , 2010 , 25, 1337-45	4	93

559	Identifying determinants of care for tailoring implementation in chronic diseases: an evaluation of different methods. <i>Implementation Science</i> , 2014 , 9, 102	8.4	89
558	Engaging general practitioners in the management of hazardous and harmful alcohol consumption: results of a meta-analysis. <i>Journal of Studies on Alcohol and Drugs</i> , 2004 , 65, 191-9		89
557	Treatment of myofascial trigger points in patients with chronic shoulder pain: a randomized, controlled trial. <i>BMC Medicine</i> , 2011 , 9, 8	11.4	88
556	Quality of after-hours primary care in the Netherlands: a narrative review. <i>Annals of Internal Medicine</i> , 2011 , 155, 108-13	8	87
555	Knowledge translation in health: how implementation science could contribute more. <i>BMC Medicine</i> , 2019 , 17, 88	11.4	86
554	Quality judgements by patients on general practice care: a literature analysis. <i>Social Science and Medicine</i> , 1994 , 38, 45-53	5.1	85
553	Impact of age, health locus of control and psychological co-morbidity on patients' preferences for shared decision making in general practice. <i>Patient Education and Counseling</i> , 2006 , 61, 292-8	3.1	83
552	Implementation of the Dutch low back pain guideline for general practitioners: a cluster randomized controlled trial. <i>Spine</i> , 2005 , 30, 559-600	3.3	81
551	Interventions to improve the delivery of preventive services in primary care. <i>American Journal of Public Health</i> , 1999 , 89, 737-46	5.1	80
550	Annual acknowledgement of manuscript reviewers. <i>Implementation Science</i> , 2015 , 10,	8.4	78
549	Review article: Effectiveness of patient care teams and the role of clinical expertise and coordination: a literature review. <i>Medical Care Research and Review</i> , 2009 , 66, 5S-35S	3.7	78
548	On the trail of quality and safety in health care. <i>BMJ, The</i> , 2008 , 336, 74-6	5.9	76
547	Effect of a Primary Care Management Intervention on Mental Health-Related Quality of Life Among Survivors of Sepsis: A Randomized Clinical Trial. <i>JAMA - Journal of the American Medical Association</i> , 2016 , 315, 2703-11	27.4	76
546	Problems and needs for improving primary care of osteoarthritis patients: the views of patients, general practitioners and practice nurses. <i>BMC Musculoskeletal Disorders</i> , 2006 , 7, 48	2.8	75
545	Patient satisfaction with availability of general practice: an international comparison. <i>International Journal for Quality in Health Care</i> , 2002 , 14, 111-8	1.9	75
544	The Patients Assessment Chronic Illness Care (PACIC) questionnaire in The Netherlands: a validation study in rural general practice. <i>BMC Health Services Research</i> , 2008 , 8, 182	2.9	74
543	The relationship between organisational characteristics and the effects of clinical guidelines on medical performance in hospitals, a meta-analysis. <i>BMC Health Services Research</i> , 2006 , 6, 53	2.9	74
542	Functional status, health problems, age and comorbidity in primary care patients. <i>Quality of Life Research</i> , 2001 , 10, 141-8	3.7	70

541	Attitudes and management of alcohol problems in general practice: descriptive analysis based on findings of a World Health Organization international collaborative survey. <i>Alcohol and Alcoholism</i> , 2003 , 38, 597-601	3.5	68
540	The Development and Performance of After-Hours Primary Care in the Netherlands: A Narrative Review. <i>Annals of Internal Medicine</i> , 2017 , 166, 737-742	8	65
539	Implementing a stepped-care approach in primary care: results of a qualitative study. <i>Implementation Science</i> , 2012 , 7, 8	8.4	64
538	Diagnostic scope in out-of-hours primary care services in eight European countries: an observational study. <i>BMC Family Practice</i> , 2011 , 12, 30	2.6	63
537	Advancing early detection of autism spectrum disorder by applying an integrated two-stage screening approach. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2010 , 51, 250-8	7.9	63
536	High workload and job stress are associated with lower practice performance in general practice: an observational study in 239 general practices in the Netherlands. <i>BMC Health Services Research</i> , 2009 , 9, 118	2.9	63
535	Reporting and methodological quality of systematic reviews in the orthopaedic literature. <i>Journal of Bone and Joint Surgery - Series A</i> , 2013 , 95, e771-7	5.6	61
534	Organizational culture, team climate and diabetes care in small office-based practices. <i>BMC Health Services Research</i> , 2008 , 8, 180	2.9	60
533	Research on patients' views in the evaluation and improvement of quality of care. <i>Quality and Safety in Health Care</i> , 2002 , 11, 153-7		60
532	Social support and self-management capabilities in diabetes patients: An international observational study. <i>Patient Education and Counseling</i> , 2016 , 99, 638-643	3.1	57
531	Adherence to evidence-based guidelines for depression and anxiety disorders is associated with recording of the diagnosis. <i>General Hospital Psychiatry</i> , 2009 , 31, 460-9	5.6	56
530	Lower urinary tract symptoms: social influence is more important than symptoms in seeking medical care. <i>BJU International</i> , 2002 , 90, 655-61	5.6	56
529	Involvement of general practitioners in managing alcohol problems: a randomized controlled trial of a tailored improvement programme. <i>Addiction</i> , 2012 , 107, 1601-11	4.6	55
528	Quality indicators for the prevention and management of cardiovascular disease in primary care in nine European countries. <i>European Journal of Cardiovascular Prevention and Rehabilitation</i> , 2008 , 15, 509-15		55
527	Measuring quality through performance. Respecting the subjective: quality measurement from the patient's perspective. <i>BMJ, The</i> , 2007 , 335, 1021-2	5.9	55
526	Feedback based on patient evaluations: a tool for quality improvement?. <i>Patient Education and Counseling</i> , 2003 , 51, 149-53	3.1	55
525	Development of an implementation strategy for physiotherapy guidelines on low back pain. <i>Australian Journal of Physiotherapy</i> , 2003 , 49, 208-14		55
524	Which physician and practice characteristics are associated with adherence to evidence-based guidelines for depressive and anxiety disorders?. <i>Medical Care</i> , 2010 , 48, 240-8	3.1	52

523	Effectiveness and efficiency of guideline dissemination and implementation strategies. <i>International Journal of Technology Assessment in Health Care</i> , 2005 , 21, 149-149	1.8	52
522	Involving patients in cardiovascular risk management with nurse-led clinics: a cluster randomized controlled trial. <i>Cmaj</i> , 2009 , 181, E267-74	3.5	51
521	Supporting adherence and healthy lifestyles in leg ulcer patients: systematic development of the Lively Legs program for dermatology outpatient clinics. <i>Patient Education and Counseling</i> , 2006 , 61, 279-311	3.1	51
520	Association between obesity, quality of life, physical activity and health service utilization in primary care patients with osteoarthritis. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2008 , 5, 4	8.4	50
519	Tailored implementation of evidence-based practice for patients with chronic diseases. <i>PLoS ONE</i> , 2014 , 9, e101981	3.7	49
518	Is the job satisfaction of primary care team members associated with patient satisfaction?. <i>BMJ Quality and Safety</i> , 2011 , 20, 508-14	5.4	49
517	Patient-directed strategy to reduce prescribing for patients with dyspepsia in general practice: a randomized trial. <i>Alimentary Pharmacology and Therapeutics</i> , 2004 , 19, 917-22	6.1	49
516	Mix of methods is needed to identify adverse events in general practice: a prospective observational study. <i>BMC Family Practice</i> , 2008 , 9, 35	2.6	48
515	Shared decision making observed in clinical practice: visual displays of communication sequence and patterns. <i>Journal of Evaluation in Clinical Practice</i> , 2001 , 7, 211-21	2.5	47
514	A standardised instrument for patient evaluations of general practice care in Europe. <i>European Journal of General Practice</i> , 2000 , 6, 82-87	2.8	44
513	Feedback of patients' evaluations of general practice care: a randomised trial. <i>Quality and Safety in Health Care</i> , 2001 , 10, 224-228		44
512	Interventions for improving older patients' involvement in primary care episodes. <i>The Cochrane Library</i> , 2007 , CD004273	5.2	43
511	Toward criteria for pragmatic measurement in implementation research and practice: a stakeholder-driven approach using concept mapping. <i>Implementation Science</i> , 2017 , 12, 118	8.4	42
510	Prevalence and consequences of patient safety incidents in general practice in the Netherlands: a retrospective medical record review study. <i>Implementation Science</i> , 2011 , 6, 37	8.4	41
509	Impact of primary care-based disease management on the health-related quality of life in patients with type 2 diabetes and comorbidity. <i>Diabetes Care</i> , 2009 , 32, 1594-6	14.6	41
508	Safety and risk management interventions in hospitals: a systematic review of the literature. <i>Medical Care Research and Review</i> , 2009 , 66, 90S-119S	3.7	41
507	Comparison of patients' and general practitioners' evaluations of general practice care. <i>Quality and Safety in Health Care</i> , 2002 , 11, 315-9		41
506	The Tailored Implementation in Chronic Diseases (TICD) project: introduction and main findings. <i>Implementation Science</i> , 2017 , 12, 5	8.4	39

505	Real-world implementation of electronic patient-reported outcomes in outpatient pediatric cancer care. <i>Psycho-Oncology</i> , 2017 , 26, 951-959	3.9	39
504	The impact on emergency department utilization and patient flows after integrating with a general practitioner cooperative: an observational study. <i>Emergency Medicine International</i> , 2013 , 2013, 364659	1.4	39
503	Methods for evaluation of small scale quality improvement projects. <i>Quality and Safety in Health Care</i> , 2003 , 12, 210-4		39
502	Predictors of health-related quality of life in patients at risk for cardiovascular disease in European primary care. <i>PLoS ONE</i> , 2011 , 6, e29334	3.7	39
501	Trends in antithrombotic drug use and adherence to non-vitamin K oral anticoagulants in the Netherlands. <i>International Journal of Clinical Pharmacy</i> , 2015 , 37, 1128-35	2.3	38
500	Pain and osteoarthritis in primary care: factors associated with pain perception in a sample of 1,021 patients. <i>Pain Medicine</i> , 2008 , 9, 903-10	2.8	38
499	Referrals from general practice to consultants in Germany: if the GP is the initiator, patients' experiences are more positive. <i>BMC Health Services Research</i> , 2006 , 6, 5	2.9	38
498	Contacts with out-of-hours primary care for nonurgent problems: patients' beliefs or deficiencies in healthcare?. <i>BMC Family Practice</i> , 2015 , 16, 157	2.6	36
497	Which aspects of general practitioners' behaviour determine patients' evaluations of care?. <i>Social Science and Medicine</i> , 1998 , 47, 1077-87	5.1	36
496	Implementation strategies to enhance management of heavy alcohol consumption in primary health care: a meta-analysis. <i>Addiction</i> , 2015 , 110, 1877-900	4.6	35
495	Pharmacist-led intervention study to improve drug therapy in asthma and COPD patients. <i>International Journal of Clinical Pharmacy</i> , 2014 , 36, 336-44	2.3	35
494	Quality circles to improve prescribing of primary care physicians. Three comparative studies. <i>Pharmacoepidemiology and Drug Safety</i> , 2009 , 18, 763-9	2.6	35
493	Nurse telephone triage: good quality associated with appropriate decisions. <i>Family Practice</i> , 2012 , 29, 547-52	1.9	35
492	Comparison of a basic and an advanced pharmacotherapy-related clinical decision support system in a hospital care setting in the Netherlands. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2012 , 19, 66-71	8.6	35
491	Improving patient adherence to lifestyle advice (IMPALA): a cluster-randomised controlled trial on the implementation of a nurse-led intervention for cardiovascular risk management in primary care (protocol). <i>BMC Health Services Research</i> , 2008 , 8, 9	2.9	35
490	Quality circles to improve prescribing patterns in primary medical care: what is their actual impact?. <i>Journal of Evaluation in Clinical Practice</i> , 2004 , 10, 457-66	2.5	35
489	The design of the Dutch EASYcare study: a randomised controlled trial on the effectiveness of a problem-based community intervention model for frail elderly people [NCT00105378]. <i>BMC Health Services Research</i> , 2005 , 5, 65	2.9	34
488	Effectiveness of a quality-improvement program in improving management of primary care practices. <i>Cmaj</i> , 2011 , 183, E1326-33	3.5	33

487	Health service utilization patterns of primary care patients with osteoarthritis. <i>BMC Health Services Research</i> , 2007 , 7, 169	2.9	33
486	GPs' views on involvement of older patients: an European qualitative study. <i>Patient Education and Counseling</i> , 2004 , 53, 183-8	3.1	33
485	Social Support and Health in Diabetes Patients: An Observational Study in Six European Countries in an Era of Austerity. <i>PLoS ONE</i> , 2015 , 10, e0135079	3.7	33
484	Classification of medication incidents associated with information technology. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2014 , 21, e63-70	8.6	32
483	Ineffectiveness and adverse events of nitrofurantoin in women with urinary tract infection and renal impairment in primary care. <i>European Journal of Clinical Pharmacology</i> , 2013 , 69, 1701-7	2.8	32
482	European Practice Assessment of Cardiovascular risk management (EPA Cardio): protocol of an international observational study in primary care. <i>Implementation Science</i> , 2009 , 4, 3	8.4	32
481	Emergency departments in The Netherlands. <i>Emergency Medicine Journal</i> , 2012 , 29, 6-9	1.5	32
480	Patient safety in primary care: a survey of general practitioners in The Netherlands. <i>BMC Health Services Research</i> , 2010 , 10, 21	2.9	32
479	Evaluation and cultural adaptation of a German version of the AIMS2-SF questionnaire (German AIMS2-SF). <i>Rheumatology</i> , 2005 , 44, 1190-5	3.9	32
478	Recording of risk-factors and lifestyle counselling in patients at high risk for cardiovascular diseases in European primary care. <i>European Journal of Preventive Cardiology</i> , 2012 , 19, 258-66	3.9	30
477	Patient safety in out-of-hours primary care: a review of patient records. <i>BMC Health Services Research</i> , 2010 , 10, 335	2.9	30
476	Social Network Type and Long-Term Condition Management Support: A Cross-Sectional Study in Six European Countries. <i>PLoS ONE</i> , 2016 , 11, e0161027	3.7	30
475	Evaluation and feedback for effective clinical teaching in postgraduate medical education: validation of an assessment instrument incorporating the CanMEDS roles. <i>Medical Teacher</i> , 2012 , 34, 893-901	3	29
474	Implementation Science six years on--our evolving scope and common reasons for rejection without review. <i>Implementation Science</i> , 2012 , 7, 71	8.4	29
473	Patients' evaluations of European general practice--revisited after 11 years. <i>International Journal for Quality in Health Care</i> , 2011 , 23, 621-8	1.9	29
472	Impact of quality circles for improvement of asthma care: results of a randomized controlled trial. <i>Journal of Evaluation in Clinical Practice</i> , 2008 , 14, 185-90	2.5	29
471	The impact of the implementation of physician assistants in inpatient care: A multicenter matched-controlled study. <i>PLoS ONE</i> , 2017 , 12, e0178212	3.7	28
470	GP cooperative and emergency department: an exploration of patient flows. <i>Journal of Evaluation in Clinical Practice</i> , 2013 , 19, 243-9	2.5	28

469	Connectedness of healthcare professionals involved in the treatment of patients with Parkinson's disease: a social networks study. <i>Implementation Science</i> , 2011 , 6, 67	8.4	27
468	Higher preference for participation in treatment decisions is associated with lower medication adherence in asthma patients. <i>Patient Education and Counseling</i> , 2007 , 67, 57-62	3.1	27
467	Involving patients in patient safety programmes: A scoping review and consensus procedure by the LINNEAUS collaboration on patient safety in primary care. <i>European Journal of General Practice</i> , 2015 , 21 Suppl, 56-61	2.8	26
466	Residents provide feedback to their clinical teachers: reflection through dialogue. <i>Medical Teacher</i> , 2013 , 35, e1485-92	3	26
465	Implementing cognitive behavioral therapy for chronic fatigue syndrome in a mental health center: a benchmarking evaluation. <i>Journal of Consulting and Clinical Psychology</i> , 2008 , 76, 163-71	6.5	26
464	Impact of national health care systems on patient evaluations of general practice in Europe. <i>Health Policy</i> , 2004 , 68, 353-7	3.2	26
463	Comparison of patients' preferences and evaluations regarding aspects of general practice care. <i>Family Practice</i> , 2000 , 17, 236-42	1.9	26
462	Effectiveness of a tailored intervention to improve cardiovascular risk management in primary care: study protocol for a randomised controlled trial. <i>Trials</i> , 2013 , 14, 433	2.8	25
461	Can we save money by improving quality?. <i>BMJ Quality and Safety</i> , 2011 , 20, 293-6	5.4	25
460	Information exchange networks for chronic illness care in primary care practices: an observational study. <i>Implementation Science</i> , 2010 , 5, 3	8.4	25
459	Treatment of myofascial trigger points in common shoulder disorders by physical therapy: a randomized controlled trial [ISRCTN75722066]. <i>BMC Musculoskeletal Disorders</i> , 2007 , 8, 107	2.8	25
458	Patient reported outcome measures (PROMs) in primary care: an observational pilot study of seven generic instruments. <i>BMC Family Practice</i> , 2014 , 15, 88	2.6	24
457	Association between general practice characteristics and use of out-of-hours GP cooperatives. <i>BMC Family Practice</i> , 2015 , 16, 52	2.6	24
456	Development of a primary care-based complex care management intervention for chronically ill patients at high risk for hospitalization: a study protocol. <i>Implementation Science</i> , 2010 , 5, 70	8.4	24
455	Feasibility of a new community-based geriatric intervention programme: an exploration of experiences of GPs, nurses, geriatricians, patients and caregivers. <i>Disability and Rehabilitation</i> , 2008 , 30, 696-708	2.4	24
454	Indicators of the quality of general practice care of patients with chronic illness: a step towards the real involvement of patients in the assessment of the quality of care. <i>Quality and Safety in Health Care</i> , 1996 , 5, 73-80		24
453	Implementation science in healthcare: Introduction and perspective. <i>Zeitschrift Fur Evidenz, Fortbildung Und Qualitat Im Gesundheitswesen</i> , 2015 , 109, 97-102	1.4	23
