

Michel Wensing

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/751058/michel-wensing-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
594	The Effect of an Additional Structured Methods Presentation on Decision-Makers' Reading Time and Opinions on the Helpfulness of the Methods in a Quantitative Report: Nonrandomized Trial.. <i>JMIR Medical Informatics</i> , 2022 , 10, e29813	3.6	0
593	Primary care disease management for venous leg ulceration-study protocol for the Ulcus Cruris Care [UCC] randomized controlled trial (DRKS00026126).. <i>Trials</i> , 2022 , 23, 60	2.8	0
592	Media use in gynecological and obstetric care and women's perceived level of education received of lifestyle-related risks: A cross-sectional study.. <i>Women's Health</i> , 2022 , 18, 17455057221090116	3	0
591	The Social Support Network of Adults with an Autism Spectrum Condition: An Exploration Using the Network in Action-Questionnaire.. <i>Journal of Autism and Developmental Disorders</i> , 2022 , 1	4.6	0
590	Keeping nurses in nursing: a qualitative study of German nurses' perceptions of push and pull factors to leave or stay in the profession.. <i>BMC Nursing</i> , 2022 , 21, 48	3.2	2
589	Information exchange networks for chronic diseases in primary care practices in Germany: a cross-sectional study. 2022 , 23, 56		0
588	Contextual factors influencing physicians' perception of antibiotic prescribing in primary care in Germany: A prospective observational study.. <i>BMC Health Services Research</i> , 2022 , 22, 331	2.9	0
587	Mental health specialist video consultations for patients with somatic symptom disorder in primary care: protocol for a randomised feasibility trial (the VISION trial).. <i>BMJ Open</i> , 2022 , 12, e058150	3	0
586	Protocol for the process evaluation of a counselling intervention designed to educate cancer patients on complementary and integrative health care and promote interprofessional collaboration in this area (the CCC-Integrativ study).. <i>PLoS ONE</i> , 2022 , 17, e0268091	3.7	1
585	Self-management perspectives of elderly patients with multimorbidity and practitioners' status, challenges and further support needed?. <i>BMC Family Practice</i> , 2021 , 22, 238	2.6	0
584	Health providers' experiences with mental health specialist video consultations in primary care: a qualitative study nested within a randomised feasibility trial. <i>BMJ Open</i> , 2021 , 11, e047829	3	1
583	Effects of personalized invitation letters on research participation among general practitioners: a randomized trial. <i>BMC Medical Research Methodology</i> , 2021 , 21, 247	4.7	1
582	Enhancing implementation of a standardized initial assessment for demand management in outpatient emergency care in Germany: a quantitative process evaluation. <i>BMC Medical Informatics and Decision Making</i> , 2021 , 21, 318	3.6	0
581	Experiences of healthcare staff providing community-based mental healthcare as a multidisciplinary community mental health team in Central and Eastern Europe findings from the RECOVER-E project: an observational intervention study. <i>BMC Psychiatry</i> , 2021 , 21, 525	4.2	1
580	Impact of an interprofessional training ward on interprofessional competencies - a quantitative longitudinal study. <i>Journal of Interprofessional Care</i> , 2021 , 35, 751-759	2.7	6
579	Mental Health Specialist Video Consultations Versus Treatment-as-Usual for Patients With Depression or Anxiety Disorders in Primary Care: Randomized Controlled Feasibility Trial. <i>JMIR Mental Health</i> , 2021 , 8, e22569	6	6
578	Goal attainment in mobility after acute rehabilitation of mobility-restricting paralysis syndromes with regard to the ambulatory therapeutic level of participation NeuroMoves : A German national multicenter observational cohort study. <i>BMC Neurology</i> , 2021 , 21, 149	3.1	0

577	The role of personalised professional relations across care sectors in achieving high continuity of care. <i>BMC Family Practice</i> , 2021 , 22, 72	2.6	1
576	Internationally trained nurses and host nurses' perceptions of safety culture, work-life-balance, burnout, and job demand during workplace integration: a cross-sectional study. <i>BMC Nursing</i> , 2021 , 20, 77	3.2	3
575	Mental health specialist video consultations versus treatment as usual in patients with depression or anxiety disorders in primary care: study protocol for an individually randomised superiority trial (the PROVIDE-C trial). <i>Trials</i> , 2021 , 22, 327	2.8	3
574	Benefits of prophylactic emicizumab in enhancing immune tolerance induction in a boy with hemophilia A and very high inhibitor titer. <i>Pediatric Blood and Cancer</i> , 2021 , 68, e29111	3	
573	Beliefs and practices among primary care physicians during the first wave of the COVID-19 pandemic in Baden-Wuerttemberg (Germany): an observational study. <i>BMC Family Practice</i> , 2021 , 22, 86	2.6	2
572	Healthcare planning across healthcare sectors in Baden-Wuerttemberg, Germany: a stakeholder online survey to identify indicators. <i>BMC Health Services Research</i> , 2021 , 21, 510	2.9	
571	Effects of an Interprofessional Communication Approach on Support Needs, Quality of Life, and Mood of Patients with Advanced Lung Cancer: A Randomized Trial. <i>Oncologist</i> , 2021 , 26, e1445-e1459	5.7	1
570	Health policy experts' perspectives on implementing mental health specialist video consultations in routine primary care - a qualitative interview study. <i>BMC Health Services Research</i> , 2021 , 21, 713	2.9	2
569	Real-world evidence on health resource use among patients with haemophilia and inhibitor exhibiting severe bleeding episodes. <i>Haemophilia</i> , 2021 , 27, 69-80	3.3	2
568	Cost-Effectiveness and Cost-Utility of a Home-Based Exercise Program in Geriatric Patients with Cognitive Impairment. <i>Gerontology</i> , 2021 , 67, 220-232	5.5	3
567	Continuity in general practice and hospitalization patterns: an observational study. <i>BMC Family Practice</i> , 2021 , 22, 21	2.6	3
566	Use of a quantitative data report in a hypothetical decision scenario for health policymaking: a computer-assisted laboratory study. <i>BMC Medical Informatics and Decision Making</i> , 2021 , 21, 32	3.6	1
565	Reflections on the measurement of implementation constructs. <i>Implementation Research and Practice</i> , 2021 , 2, 263348952110201	3.3	0
564	Primary care practice-based care management for chronically ill patients (PraCMan) in German healthcare: Outcome of a propensity-score matched cohort study. <i>European Journal of General Practice</i> , 2021 , 27, 228-234	2.8	0
563	Innovationen im Gesundheitswesen 2021 , 629-648		2
562	Lung cancer patients' comorbidities and attendance of German ambulatory physicians in a 5-year cross-sectional study. <i>Npj Primary Care Respiratory Medicine</i> , 2021 , 31, 2	3.2	1
561	Strong and sustainable primary healthcare is associated with a lower risk of hospitalization in high risk patients. <i>Scientific Reports</i> , 2021 , 11, 4349	4.9	1
560	Antibiotic prescribing for acute, non-complicated infections in primary care in Germany: baseline assessment in the cluster randomized trial ARena. <i>BMC Infectious Diseases</i> , 2021 , 21, 877	4	3

559	Influence of physician networks on prescribing a new ingredient combination in heart failure: a longitudinal claim data-based study. <i>Implementation Science</i> , 2021 , 16, 84	8.4	1
558	Women's Media Use and Preferences of Media-Based Interventions on Lifestyle-Related Risk Factors in Gynecological and Obstetric Care: A Cross-Sectional Multi-Center Study in Germany. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	1
557	Assessing Reduction of Antibiotic Prescribing for Acute, Non-Complicated Infections in Primary Care in Germany: Multi-Step Outcome Evaluation in the Cluster-Randomized Trial ARena. <i>Antibiotics</i> , 2021 , 10,	4.9	1
556	Perceived Support for Recovery and Level of Functioning Among People With Severe Mental Illness in Central and Eastern Europe: An Observational Study. <i>Frontiers in Psychiatry</i> , 2021 , 12, 732111	5	0
555	Development and Evaluation of a Decision Aid to Support Patients' Participatory Decision-Making for Tumor-Specific and Palliative Therapy for Advanced Cancer: Protocol for a Pre-Post Study. <i>JMIR Research Protocols</i> , 2021 , 10, e24954	2	
554	The Perception of Patient Safety Strategies by Primary Health Professionals. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	1
553	Fostering Appropriate Antibiotic Use in a Complex Intervention: Mixed-Methods Process Evaluation Alongside the Cluster-Randomized Trial ARena. <i>Antibiotics</i> , 2020 , 9,	4.9	3
552	No differences in hemostatic and endothelial activations between haploidentical and matched-donor hematopoietic stem cell transplantation in thalassemia disease. <i>Thrombosis Journal</i> , 2020 , 18, 21	5.6	
551	Selection of Strategies for Improving Patient Care 2020 , 189-206		0
550	Health System Strategies for Implementation 2020 , 299-311		1
549	Planning of Implementation 2020 , 329-344		
548	Observational Evaluation of Implementation Strategies 2020 , 357-367		
547	Promoting rational antibiotic prescribing for non-complicated infections: understanding social influence in primary care networks in Germany. <i>BMC Family Practice</i> , 2020 , 21, 51	2.6	4
546	Implementation of Change in Healthcare 2020 , 1-20		3
545	Indicators for Quality and Safety of Care 2020 , 131-154		
544	Dissemination of Innovations 2020 , 207-219		1
543	Educational Implementation Strategies 2020 , 221-233		1
542	Engaging Patients in Healthcare Improvement and Innovation 2020 , 253-262		1

541	Patient Safety Strategies 2020 , 275-298		2
540	Multifaceted Implementation Strategies 2020 , 313-327		2
539	Theories on Implementation of Change in Healthcare 2020 , 21-44		1
538	Experimental Designs for Evaluation of Implementation Strategies 2020 , 345-356		1
537	Characteristics of Successful Innovations 2020 , 87-102		1
536	Clinical Practice Guidelines as a Tool for Improving Patient Care 2020 , 103-129		4
535	Methods to Identify and Analyze Determinants of Implementation 2020 , 173-188		
534	Effective Implementation of Change in Healthcare 2020 , 45-71		1
533	How to ensure basic competencies in end of life care - a mixed methods study with post-graduate trainees in primary care in Germany. <i>BMC Palliative Care</i> , 2020 , 19, 36	3	3
532	Process Evaluation of Implementation Strategies 2020 , 369-387		1
531	Clinical Performance Feedback and Decision Support 2020 , 235-251		0
530	Planning and Organizing the Change Process 2020 , 73-86		
529	Determinants of Implementation 2020 , 155-171		
528	Implementation of the milestones communication approach for patients with limited prognosis: evaluation of intervention fidelity. <i>BMC Palliative Care</i> , 2020 , 19, 21	3	4
527	The complex phenomenon of dysrational antibiotics prescribing decisions in German primary healthcare: a qualitative interview study using dual process theory. <i>Antimicrobial Resistance and Infection Control</i> , 2020 , 9, 6	6.2	6
526	Exploring Patient's Perspectives and Experiences After Start with Inhalation Maintenance Therapy: A Qualitative Theory-Based Study. <i>Patient Preference and Adherence</i> , 2020 , 14, 203-212	2.4	1
525	Interventions to Improve Hospital Admission and Discharge Management: An Umbrella Review of Systematic Reviews. <i>Quality Management in Health Care</i> , 2020 , 29, 67-75	1	6
524	Towards community-based and recovery-oriented care for severe mental disorders in Southern and Eastern Europe: aims and design of a multi-country implementation and evaluation study (RECOVER-E). <i>International Journal of Mental Health Systems</i> , 2020 , 14, 30	3.6	7

523	Converting habits of antibiotic use for respiratory tract infections in German primary care (CHANGE-3) - process evaluation of a complex intervention. <i>BMC Family Practice</i> , 2020 , 21, 274	2.6	1
522	Influences on Physicians' Participation in Coordinated Ambulatory Cardiology Care: A Mixed-Methods Study. <i>International Journal of Integrated Care</i> , 2020 , 20, 17	2	0
521	Economic Evaluation of Implementation Strategies 2020 , 389-408		1
520	Organizational Implementation Strategies 2020 , 263-274		
519	Digitalizing Health Services by Implementing a Personal Electronic Health Record in Germany: Qualitative Analysis of Fundamental Prerequisites From the Perspective of Selected Experts. <i>Journal of Medical Internet Research</i> , 2020 , 22, e15102	7.6	7
518	Patients' Perspective on Mental Health Specialist Video Consultations in Primary Care: Qualitative Preimplementation Study of Anticipated Benefits and Barriers. <i>Journal of Medical Internet Research</i> , 2020 , 22, e17330	7.6	16
517	Perspectives of Psychotherapists and Psychiatrists on Mental Health Care Integration Within Primary Care Via Video Consultations: Qualitative Preimplementation Study. <i>Journal of Medical Internet Research</i> , 2020 , 22, e17569	7.6	13
516	Applying Digital Information Delivery to Convert Habits of Antibiotic Use in Primary Care in Germany: Mixed-Methods Study. <i>Journal of Medical Internet Research</i> , 2020 , 22, e18200	7.6	2
515	Implementation of a Standardized Initial Assessment for Demand Management in Outpatient Emergency Care in Germany: Early Qualitative Process Evaluation. <i>JMIR Formative Research</i> , 2020 , 4, e18456	2.5	1
514	Intent to Adopt Video-Based Integrated Mental Health Care and the Characteristics of its Supporters: Mixed Methods Study Among General Practitioners Applying Diffusion of Innovations Theory. <i>JMIR Mental Health</i> , 2020 , 7, e23660	6	5
513	Professional Care Networks of Frail Older People: An Explorative Survey Study from the Patient Perspective. <i>International Journal of Integrated Care</i> , 2020 , 20, 12	2	5
512	Innovationen im Gesundheitswesen 2020 , 1-21		
511	Sustainability of Community-Based Specialized Mental Health Services in Five European Countries: Protocol for Five Randomized Controlled Trial-Based Health-Economic Evaluations Embedded in the RECOVER-E Program. <i>JMIR Research Protocols</i> , 2020 , 9, e17454	2	2
510	Pragmatic trial on inhaled corticosteroid withdrawal in patients with COPD in general practice. <i>Npj Primary Care Respiratory Medicine</i> , 2020 , 30, 43	3.2	2
509	Caregivers' role in using a personal electronic health record: a qualitative study of cancer patients and caregivers in Germany. <i>BMC Medical Informatics and Decision Making</i> , 2020 , 20, 158	3.6	4
508	Health Knowledge of Lifestyle-Related Risks during Pregnancy: A Cross-Sectional Study of Pregnant Women in Germany. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	8
507	German translation and validation of the Reporting of Clinical Adverse Events Scale (RoCAES-D). <i>BMC Health Services Research</i> , 2020 , 20, 689	2.9	1
506	What patients with lung cancer with comorbidity tell us about interprofessional collaborative care across healthcare sectors: qualitative interview study. <i>BMJ Open</i> , 2020 , 10, e036495	3	2

505	Intensified ambulatory cardiology care: effects on mortality and hospitalisation-a comparative observational study. <i>Scientific Reports</i> , 2020 , 10, 14695	4.9	0
504	Cooperation networks of ambulatory health care providers: exploration of mechanisms that influence coordination and uptake of recommended cardiovascular care (ExKoCare): a mixed-methods study protocol. <i>BMC Family Practice</i> , 2020 , 21, 168	2.6	2
503	Qualitative research methods in medical dissertations: an observational methodological study on prevalence and reporting quality of dissertation abstracts in a German university. <i>BMC Medical Research Methodology</i> , 2020 , 20, 301	4.7	2
502	Long-Term Courses of Sepsis Survivors: Effects of a Primary Care Management Intervention. <i>American Journal of Medicine</i> , 2020 , 133, 381-385.e5	2.4	10
501	The decline in physical activity in aging people is not modified by gender or the presence of cardiovascular disease. <i>European Journal of Public Health</i> , 2020 , 30, 333-339	2.1	2
500	Cost-Utility and Budget Impact Analysis for Stopping the Inappropriate Use of Proton Pump Inhibitors After Cessation of NSAID or Low-Dose Acetylsalicylic Acid Treatment. <i>Drugs and Aging</i> , 2020 , 37, 67-74	4.7	2
499	Farmacotherapie bij patiënten met een verminderde nierfunctie. <i>Huisarts En Wetenschap</i> , 2019 , 62, 46-52	0.1	
498	Actions to influence the care network of home-dwelling elderly people: A qualitative study. <i>Health and Social Care in the Community</i> , 2019 , 27, 973-981	2.6	3
497	The allocation of resources in the care for patients with panic disorder in Germany: an excess cost analysis informing policy and science. <i>Cost Effectiveness and Resource Allocation</i> , 2019 , 17, 9	2.4	3
496	Care management intervention to strengthen self-care of multimorbid patients with type 2 diabetes in a German primary care network: A randomized controlled trial. <i>PLoS ONE</i> , 2019 , 14, e0214058	3.7	3
495	Symptoms of depression are associated with physical inactivity but not modified by gender or the presence of a cardiovascular disease; a cross-sectional study. <i>BMC Cardiovascular Disorders</i> , 2019 , 19, 95	2.3	20
494	Knowledge translation in health: how implementation science could contribute more. <i>BMC Medicine</i> , 2019 , 17, 88	11.4	86
493	Measuring change attitudes in health care organizations. <i>Journal of Health Organization and Management</i> , 2019 , 33, 266-285	1.9	2
492	Study protocol of a multicenter randomized controlled trial of mindfulness-based cognitive therapy and treatment as usual in bipolar disorder. <i>BMC Psychiatry</i> , 2019 , 19, 130	4.2	5
491	Meeting the needs of multimorbid patients with Type 2 diabetes mellitus - A randomized controlled trial to assess the impact of a care management intervention aiming to improve self-care. <i>Diabetes Research and Clinical Practice</i> , 2019 , 150, 184-193	7.4	1
490	Barriers and facilitators for community pharmacists' participation in pharmacy practice research: a survey. <i>International Journal of Pharmacy Practice</i> , 2019 , 27, 399-402	1.7	8
489	Improving continuity of patient care across sectors: study protocol of a quasi-experimental multi-centre study regarding an admission and discharge model in Germany (VESPEERA). <i>BMC Health Services Research</i> , 2019 , 19, 206	2.9	3
488	Factors related to out-of-hours help-seeking for acute health problems: a survey study using case scenarios. <i>BMC Public Health</i> , 2019 , 19, 33	4.1	5

487	Pediatric non-Hodgkin lymphoma: Characteristics, stratification, and treatment at a single institute in Thailand. <i>Pediatrics International</i> , 2019 , 61, 49-57	1.2	3
486	Converting habits of antibiotic use for respiratory tract infections in German primary care - study protocol of the cluster-randomized controlled CHANGE-3 trial. <i>Trials</i> , 2019 , 20, 103	2.8	4
485	Prenatal Alcohol Exposure and the Associated Risk of Elevated Blood Pressure: A Cross-sectional Analysis of 3- to 17-Year-Olds in Germany. <i>American Journal of Hypertension</i> , 2019 , 32, 1118-1125	2.3	2
484	Adherence to guideline recommendations for asthma care in community pharmacies: actual and needed performance. <i>Npj Primary Care Respiratory Medicine</i> , 2019 , 29, 26	3.2	0
483	Strong primary care and patients' survival. <i>Scientific Reports</i> , 2019 , 9, 10859	4.9	5
482	Internet-Based Cognitive Behavioral Therapy in Stepped Care for Chronic Fatigue Syndrome: Randomized Noninferiority Trial. <i>Journal of Medical Internet Research</i> , 2019 , 21, e11276	7.6	11
481	Potential for Integrating Mental Health Specialist Video Consultations in Office-Based Routine Primary Care: Cross-Sectional Qualitative Study Among Family Physicians. <i>Journal of Medical Internet Research</i> , 2019 , 21, e13382	7.6	11
480	Self-Management Maintenance Inhalation Therapy With eHealth (SELFIE): Observational Study on the Use of an Electronic Monitoring Device in Respiratory Patient Care and Research. <i>Journal of Medical Internet Research</i> , 2019 , 21, e13551	7.6	8
479	Internet-Based Cognitive Behavioral Therapy for Chronic Fatigue Syndrome Integrated in Routine Clinical Care: Implementation Study. <i>Journal of Medical Internet Research</i> , 2019 , 21, e14037	7.6	3
478	Panic Disorder in Primary Care. <i>Deutsches A&#x0308;rztblatt International</i> , 2019 , 116, 159-166	2.5	3
477	Tailored interventions to support the implementation of the German national guideline on screening, diagnosis and treatment of alcohol-related disorders: a project protocol. <i>Sucht</i> , 2019 , 65, 373-381	9.5	1
476	Improving continuity of patient care across sectors: study protocol of the process evaluation of a quasi-experimental multi-centre study regarding an admission and discharge model in Germany (VESPEERA). <i>BMJ Open</i> , 2019 , 9, e031245	3	1
475	Effect of involving certified healthcare assistants in primary care in Germany: a cross-sectional study. <i>BMJ Open</i> , 2019 , 9, e033325	3	3
474	Mental health specialist video consultations for patients with depression or anxiety disorders in primary care: protocol for a randomised controlled feasibility trial. <i>BMJ Open</i> , 2019 , 9, e030003	3	14
473	Implementing guided ICBT for chronic pain and fatigue: A qualitative evaluation among therapists and managers. <i>Internet Interventions</i> , 2019 , 18, 100290	4.4	4
472	Implementing coordinated ambulatory cardiology care in southern Germany: a mixed-methods study. <i>BMC Health Services Research</i> , 2019 , 19, 976	2.9	3
471	Learning, understanding and the use of information technology: a survey study among primary care physician trainees. <i>BMC Health Services Research</i> , 2019 , 19, 728	2.9	8
470	Claims data-based analysis of the influence of individual and regional characteristics on the utilisation of long-term care by people with dementia in Baden-Wuerttemberg, Germany. <i>BMC Geriatrics</i> , 2019 , 19, 358	4.1	2

469	Reticulocyte hemoglobin equivalent in a thalassemia-prevalent area. <i>Pediatrics International</i> , 2019 , 61, 240-245	1.2	5
468	Patient cardiovascular risk self-management: results from a randomized trial of motivational interviewing delivered by practice nurses. <i>Family Practice</i> , 2019 , 36, 460-466	1.9	1
467	Considerations of prescribers and pharmacists for the use of non-selective β-blockers in asthma and COPD patients: An explorative study. <i>Journal of Evaluation in Clinical Practice</i> , 2018 , 24, 396-402	2.5	7
466	German healthcare professionals' perspective on implementing recommendations about polypharmacy in general practice: a qualitative study. <i>Family Practice</i> , 2018 , 35, 503-510	1.9	9
465	Patient-reported common symptoms as an assessment of interventions in medication reviews: a randomised, controlled trial. <i>International Journal of Clinical Pharmacy</i> , 2018 , 40, 126-134	2.3	7
464	Physiotherapists' views of implementing a stratified treatment approach for patients with low back pain in Germany: a qualitative study. <i>BMC Health Services Research</i> , 2018 , 18, 214	2.9	9
463	Novel oral anticoagulants in primary care in patients with atrial fibrillation: a cross-sectional comparison before and after their introduction. <i>BMC Family Practice</i> , 2018 , 19, 115	2.6	8
462	Activated platelets and leukocyte activations in young patients with β-thalassemia/HbE following bone marrow transplantation. <i>Thrombosis Research</i> , 2018 , 169, 8-14	8.2	3
461	Sustainable reduction of antibiotic-induced antimicrobial resistance (ARena) in German ambulatory care: study protocol of a cluster randomised trial. <i>Implementation Science</i> , 2018 , 13, 23	8.4	7
460	Effects of a program to strengthen general practice care on hospitalisation rates: a comparative observational study. <i>Scandinavian Journal of Primary Health Care</i> , 2018 , 36, 109-114	2.7	8
459	Factors contributing to the recognition of anxiety and depression in general practice. <i>BMC Family Practice</i> , 2018 , 19, 99	2.6	7
458	Challenges in supporting lay carers of patients at the end of life: results from focus group discussions with primary healthcare providers. <i>BMC Family Practice</i> , 2018 , 19, 112	2.6	9
457	The Heidelberg Milestones Communication Approach (MCA) for patients with prognosis. <i>Trials</i> , 2018 , 19, 438	2.8	10
456	Developing a Shared Patient-Centered, Web-Based Medication Platform for Type 2 Diabetes Patients and Their Health Care Providers: Qualitative Study on User Requirements. <i>Journal of Medical Internet Research</i> , 2018 , 20, e105	7.6	14
455	A longitudinal communication approach in advanced lung cancer: A qualitative study of patients', relatives' and staff's perspectives. <i>European Journal of Cancer Care</i> , 2018 , 27, e12794	2.4	8
454	Sociale netwerken en cardiovasculair risicomanagement. <i>Huisarts En Wetenschap</i> , 2018 , 61, 26-29	0.1	
453	Maatwerk bij CVRM. <i>TPO - De Praktijk</i> , 2018 , 13, 14-16	0	
452	Translation and validation of the PACIC+ questionnaire: the Thai version. <i>BMC Family Practice</i> , 2018 , 19, 123	2.6	4

451	The effects of substitution of hospital ward care from medical doctors to physician assistants on non-adherence to guidelines on medication prescribing. <i>PLoS ONE</i> , 2018 , 13, e0202626	3.7	5
450	Unusual cause of anemia in a child with end-stage renal disease: Answers. <i>Pediatric Nephrology</i> , 2017 , 32, 2261-2262	3.2	1
449	Evaluation of Potentially Drug-Related Patient-Reported Common Symptoms Assessed During Clinical Medication Reviews: A Cross-Sectional Observational Study. <i>Drug Safety</i> , 2017 , 40, 419-430	5.1	8
448	Interventions and working relationships of voluntary organisations for diabetes self-management: A cross-national study. <i>International Journal of Nursing Studies</i> , 2017 , 70, 58-70	5.8	8
