#	Paper	IF	Citations
135	How do types of employment relate to health indicators? Findings from the second European survey on working conditions. <i>Journal of Epidemiology and Community Health</i> , <b>2000</b> , 54, 494-501	5.1	242
134	Work-related psychosocial risk factors and musculoskeletal disorders in hospital nurses and nursing aides: a systematic review and meta-analysis. <i>International Journal of Nursing Studies</i> , <b>2015</b> , 52, 635-48	5.8	202
133	Immigrant populations, work and health--a systematic literature review. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2007</b> , 33, 96-104	4.3	142
132	Associations between temporary employment and occupational injury: what are the mechanisms?. <i>Occupational and Environmental Medicine</i> , <b>2006</b> , 63, 416-21	2.1	130
131	Gender inequalities in occupational health related to the unequal distribution of working and employment conditions: a systematic review. <i>International Journal for Equity in Health</i> , <b>2013</b> , 12, 57	4.6	114
130	The Employment Precariousness Scale (EPRES): psychometric properties of a new tool for epidemiological studies among waged and salaried workers. <i>Occupational and Environmental Medicine</i> , <b>2010</b> , 67, 548-55	2.1	110
129	Patterns of multisite pain and associations with risk factors. <i>Pain</i> , <b>2013</b> , 154, 1769-1777	8	108
128	Occupational risk factors and asthma among health care professionals. <i>American Journal of Respiratory and Critical Care Medicine</i> , <b>2007</b> , 175, 667-75	10.2	106
127	Disabling musculoskeletal pain in working populations: is it the job, the person, or the culture?. <i>Pain</i> , <b>2013</b> , 154, 856-63	8	104
126	Parental agricultural work and selected congenital malformations. <i>American Journal of Epidemiology</i> , <b>1999</b> , 149, 64-74	3.8	103
125	Combining employment and family in Europe: the role of family policies in health. <i>European Journal of Public Health</i> , <b>2014</b> , 24, 649-55	2.1	97
124	Types of employment and health in the European union: changes from 1995 to 2000. <i>European Journal of Public Health</i> , <b>2004</b> , 14, 314-21	2.1	79
123	The consequences of flexible work for health: are we looking at the right place?. <i>Journal of Epidemiology and Community Health</i> , <b>2002</b> , 56, 405-6	5.1	78
122	Distribution of sickness absence in the European Union countries. <i>Occupational and Environmental Medicine</i> , <b>2004</b> , 61, 867-9	2.1	75
121	Employment precariousness and poor mental health: evidence from Spain on a new social determinant of health. <i>Journal of Environmental and Public Health</i> , <b>2013</b> , 2013, 978656	2.6	74
120	Psychosocial factors and work related sickness absence among permanent and non-permanent employees. <i>Journal of Epidemiology and Community Health</i> , <b>2004</b> , 58, 870-6	5.1	69
119	Extending a model of precarious employment: A qualitative study of immigrant workers in Spain. <i>American Journal of Industrial Medicine</i> , <b>2010</b> , 53, 417-24	2.7	63

118	From the boom to the crisis: changes in employment conditions of immigrants in Spain and their effects on mental health. <i>European Journal of Public Health</i> , <b>2014</b> , 24, 404-9	2.1	58
117	Invisible work, unseen hazards: The health of women immigrant household service workers in Spain. <i>American Journal of Industrial Medicine</i> , <b>2010</b> , 53, 405-16	2.7	56
116	Employment precariousness in Spain: prevalence, social distribution, and population-attributable risk percent of poor mental health. <i>International Journal of Health Services</i> , <b>2011</b> , 41, 625-46	2	56
115	Criteria and methods used for the assessment of fitness for work: a systematic review. <i>Occupational and Environmental Medicine</i> , <b>2007</b> , 64, 304-12	2.1	56
114	The burden of disease in Spain: Results from the Global Burden of Disease 2016. <i>Medicina Clínica</i> , <b>2018</b> , 151, 171-190	1	55
113	Differences in working conditions and employment arrangements among migrant and non-migrant workers in Europe. <i>Ethnicity and Health</i> , <b>2012</b> , 17, 563-77	2.2	54
112	Immigration, employment relations, and health: Developing a research agenda. <i>American Journal of Industrial Medicine</i> , <b>2010</b> , 53, 338-43	2.7	52
111	The effect of perceived discrimination on the health of immigrant workers in Spain. <i>BMC Public Health</i> , <b>2011</b> , 11, 652	4.1	51
110	A qualitative study about immigrant workers' perceptions of their working conditions in Spain. <i>Journal of Epidemiology and Community Health</i> , <b>2009</b> , 63, 936-42	5.1	50
109	Risk of fatal and non-fatal occupational injury in foreign workers in Spain. <i>Journal of Epidemiology and Community Health</i> , <b>2006</b> , 60, 424-6	5.1	49
108	The CUPID (Cultural and Psychosocial Influences on Disability) study: methods of data collection and characteristics of study sample. <i>PLoS ONE</i> , <b>2012</b> , 7, e39820	3.7	44
107	International variation in absence from work attributed to musculoskeletal illness: findings from the CUPID study. <i>Occupational and Environmental Medicine</i> , <b>2013</b> , 70, 575-84	2.1	43
106	Return to work expectations of workers on long-term non-work-related sick leave. <i>Journal of Occupational Rehabilitation</i> , <b>2012</b> , 22, 15-26	3.6	41
105	Occupational exposure to organic solvents and K-ras mutations in exocrine pancreatic cancer. <i>Carcinogenesis</i> , <b>2002</b> , 23, 101-6	4.6	40
104	Paternal exposure to pesticides and congenital malformations. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>1998</b> , 24, 473-80	4.3	39
103	Economic crisis and changes in drug use in the Spanish economically active population. <i>Addiction</i> , <b>2015</b> , 110, 1129-37	4.6	38
102	A glossary for the social epidemiology of work organisation: part 3, terms from the sociology of labour markets. <i>Journal of Epidemiology and Community Health</i> , <b>2007</b> , 61, 6-8	5.1	38
101	Differences in serum concentrations of organochlorine compounds by occupational social class in pancreatic cancer. <i>Environmental Research</i> , <b>2008</b> , 108, 370-9	7.9	37

100	Occupational exposures and asthma in health-care workers: comparison of self-reports with a workplace-specific job exposure matrix. <i>American Journal of Epidemiology</i> , <b>2009</b> , 169, 581-7	3.8	37
99	Psychological and culturally-influenced risk factors for the incidence and persistence of low back pain and associated disability in Spanish workers: findings from the CUPID study. <i>Occupational and Environmental Medicine</i> , <b>2013</b> , 70, 57-62	2.1	36
98	Evaluation of the Impact of Ambient Temperatures on Occupational Injuries in Spain. <i>Environmental Health Perspectives</i> , <b>2018</b> , 126, 067002	8.4	36
97	Immigration, work and health in Spain: the influence of legal status and employment contract on reported health indicators. <i>International Journal of Public Health</i> , <b>2010</b> , 55, 443-51	4	35
96	Sickness presenteeism in Spanish-born and immigrant workers in Spain. <i>BMC Public Health</i> , <b>2010</b> , 10, 791	4.1	34
95	Validation of an asthma questionnaire for use in healthcare workers. <i>Occupational and Environmental Medicine</i> , <b>2006</b> , 63, 173-9	2.1	34
94	Long working hours and health in Europe: Gender and welfare state differences in a context of economic crisis. <i>Health and Place</i> , <b>2016</b> , 40, 161-8	4.6	31
93	Impact of economic crisis on mental health of migrant workers: what happened with migrants who came to Spain to work?. <i>International Journal of Public Health</i> , <b>2013</b> , 58, 627-31	4	30
92	Occupation and pancreatic cancer in Spain: a case-control study based on job titles. PANKRAS II Study Group. <i>International Journal of Epidemiology</i> , <b>2000</b> , 29, 1004-13	7.8	30
91	Classification of neck/shoulder pain in epidemiological research: a comparison of personal and occupational characteristics, disability, and prognosis among 12,195 workers from 18 countries. <i>Pain</i> , <b>2016</b> , 157, 1028-1036	8	29
90	Informal employment and health status in Central America. <i>BMC Public Health</i> , <b>2015</b> , 15, 698	4.1	28
89	Working conditions and health in Central America: a survey of 12,024 workers in six countries. <i>Occupational and Environmental Medicine</i> , <b>2014</b> , 71, 459-65	2.1	25
88	The relationship between immigration and mental health: what is the role of workplace psychosocial factors. <i>International Archives of Occupational and Environmental Health</i> , <b>2012</b> , 85, 801-6	3.2	24
87	Occupational categories and sickness absence certified as attributable to common diseases. <i>European Journal of Public Health</i> , <b>2003</b> , 13, 51-5	2.1	23
86	Health beliefs, low mood, and somatizing tendency: contribution to incidence and persistence of musculoskeletal pain with and without reported disability. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2013</b> , 39, 589-98	4.3	23
85	The impact of job stress due to the lack of organisational support on occupational injury. <i>Occupational and Environmental Medicine</i> , <b>2013</b> , 70, 623-9	2.1	22
84	Cross-national comparisons of sickness absence systems and statistics: towards common indicators. <i>European Journal of Public Health</i> , <b>2014</b> , 24, 663-6	2.1	21
83	The Length of Working Life in Spain: Levels, Recent Trends, and the Impact of the Financial Crisis. <i>European Journal of Population</i> , <b>2018</b> , 34, 769-791	2.3	18

82	Differences in exposure to occupational health risks in Spanish and foreign-born workers in Spain (ITSAL Project). <i>Journal of Immigrant and Minority Health</i> , <b>2013</b> , 15, 164-71	2.2	18
81	Mesothelioma mortality in men: trends during 1977-2001 and projections for 2002-2016 in Spain. <i>Occupational and Environmental Medicine</i> , <b>2008</b> , 65, 279-82	2.1	18
80	Ill health, social protection, labour relations, and sickness absence. <i>Occupational and Environmental Medicine</i> , <b>2006</b> , 63, 228-9	2.1	18
79	Labour market trajectories and early retirement due to permanent disability: a study based on 14 972 new cases in Spain. <i>European Journal of Public Health</i> , <b>2015</b> , 25, 673-7	2.1	17
78	Comparison of fatal occupational injury surveillance systems between the European Union and the United States. <i>American Journal of Industrial Medicine</i> , <b>2003</b> , 44, 385-91	2.7	17
77	Effect of economic recession on psychosocial working conditions by workers' nationality. <i>International Journal of Occupational and Environmental Health</i> , <b>2015</b> , 21, 328-32		16
76	Work-related stress factors associated with problem drinking: A study of the Spanish working population. <i>American Journal of Industrial Medicine</i> , <b>2014</b> , 57, 837-46	2.7	15
75	Psychosocial factor exposures in the workplace: differences between immigrants and Spaniards. <i>European Journal of Public Health</i> , <b>2012</b> , 22, 688-93	2.1	15
74	Description of fatal occupational injury rates in five selected European Union countries: Austria, Finland, France, Spain and Sweden. <i>Safety Science</i> , <b>2005</b> , 43, 497-502	5.8	15
73	Informal employment, unpaid care work, and health status in Spanish-speaking Central American countries: a gender-based approach. <i>International Journal of Public Health</i> , <b>2017</b> , 62, 209-218	4	14
72	Work in the textile industry in Spain and bladder cancer. <i>Occupational and Environmental Medicine</i> , <b>2008</b> , 65, 552-9	2.1	14
71	A qualitative exploration of the impact of the economic recession in Spain on working, living and health conditions: reflections based on immigrant workers' experiences. <i>Health Expectations</i> , <b>2016</b> , 19, 416-26	3.7	14
70	Work and health in Latin America: results from the working conditions surveys of Colombia, Argentina, Chile, Central America and Uruguay. <i>Occupational and Environmental Medicine</i> , <b>2017</b> , 74, 432-439	2.1	13
69	Epidemiological Differences Between Localized and Nonlocalized Low Back Pain. <i>Spine</i> , <b>2017</b> , 42, 740-747	3.3	13
68	Understanding sickness presenteeism through the experience of immigrant workers in a context of economic crisis. <i>American Journal of Industrial Medicine</i> , <b>2014</b> , 57, 950-9	2.7	13
67	A job-exposure matrix for research and surveillance of occupational health and safety in Spanish workers: MatEmESp. <i>American Journal of Industrial Medicine</i> , <b>2013</b> , 56, 1226-38	2.7	13
66	Organizational return to work support and sick leave duration: a cohort of Spanish workers with a long-term non-work-related sick leave episode. <i>Journal of Occupational and Environmental Medicine</i> , <b>2011</b> , 53, 674-9	2	13
65	Certification of occupational diseases as common diseases in a primary health care setting. <i>American Journal of Industrial Medicine</i> , <b>2005</b> , 47, 176-80	2.7	13

64	External validation of psychological job demands in a bus driver sample. <i>Journal of Occupational Health</i> , <b>2004</b> , 46, 43-8	2.3	13
63	Cohort profile: the Spanish WORKing life Social Security (WORKs) cohort study. <i>BMJ Open</i> , <b>2016</b> , 6, e008555		12
62	A glossary for the social epidemiology of work organisation: part 2 Terms from the sociology of work and organisations. <i>Journal of Epidemiology and Community Health</i> , <b>2006</b> , 60, 1010-2	5.1	11
61	Psychosocial risk factors at the workplace: is there enough evidence to establish reference values?. <i>Journal of Epidemiology and Community Health</i> , <b>2002</b> , 56, 244-5	5.1	11
60	Unemployment and health in Spain. <i>European Journal of Public Health</i> , <b>1994</b> , 4, 103-107	2.1	11
59	Injury at work and migrant workers: a priority for a global agenda in occupational health. <i>Occupational and Environmental Medicine</i> , <b>2017</b> , 74, 231-232	2.1	10
58	National working conditions surveys in Latin America: comparison of methodological characteristics. <i>International Journal of Occupational and Environmental Health</i> , <b>2015</b> , 21, 266-74		10
57	From questionnaire to database: field work experience in the Immigration, work and health surveyS (ITSAL Project). <i>Gaceta Sanitaria</i> , <b>2011</b> , 25, 419-22	2.2	10
56	Working conditions and sickness absence: a complex relation. <i>Journal of Epidemiology and Community Health</i> , <b>2001</b> , 55, 368	5.1	10
55	Health inequity in workers of Latin America and the Caribbean. <i>International Journal for Equity in Health</i> , <b>2020</b> , 19, 109	4.6	9
54	Measuring multimorbidity in a working population: the effect on incident sickness absence. <i>International Archives of Occupational and Environmental Health</i> , <b>2016</b> , 89, 667-78	3.2	9
53	Impact of road safety interventions on traffic-related occupational injuries in Spain, 2004-2010. <i>Accident Analysis and Prevention</i> , <b>2014</b> , 66, 114-9	6.1	9
52	Welfare state regimes and gender inequalities in the exposure to work-related psychosocial hazards. <i>International Journal of Occupational and Environmental Health</i> , <b>2013</b> , 19, 179-95		9
51	Occupational health impact of the 2009 H1N1 flu pandemic: surveillance of sickness absence. <i>Occupational and Environmental Medicine</i> , <b>2012</b> , 69, 205-10	2.1	9
50	La salud de los trabajadores y la COVID-19. <i>Archivos De Prevencio&amp;#x0301;n De Riesgos Laborales</i> , <b>2020</b> , 23, 154-158	2	9
49	Descriptive Epidemiology of Somatising Tendency: Findings from the CUPID Study. <i>PLoS ONE</i> , <b>2016</b> , 11, e0153748	3.7	9
48	Participation and influence of migrant workers on working conditions: a qualitative approach. <i>New Solutions</i> , <b>2010</b> , 20, 225-38	1	8
47	A glossary for the social epidemiology of work organisation: part 1, terms from social psychology. <i>Journal of Epidemiology and Community Health</i> , <b>2006</b> , 60, 914-6	5.1	8

46	Flexible employment and health inequalities. <i>Journal of Epidemiology and Community Health</i> , <b>2005</b> , 59, 719-20	5.1	8
45	A new occupational health agenda for a new work environment. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2002</b> , 28, 191-6	4.3	8
44	Occupational factors associated with the potential years of working life lost due to a non-work related permanent disability. <i>Work</i> , <b>2013</b> , 45, 305-9	1.6	7
43	Effectiveness of occupational injury prevention policies in Spain. <i>Public Health Reports</i> , <b>2009</b> , 124 Suppl 1, 180-7	2.5	7
42	Employment history indicators and mortality in a nested case-control study from the Spanish WORKing life social security (WORKss) cohort. <i>PLoS ONE</i> , <b>2017</b> , 12, e0178486	3.7	7
41	Expectation of sickness absence duration: a review on statements and methods used in guidelines in Europe and North America. <i>European Journal of Public Health</i> , <b>2016</b> , 26, 306-11	2.1	7
40	Evaluation of the effectiveness of occupational injury prevention programs at the company level. <i>Safety Science</i> , <b>2013</b> , 51, 250-256	5.8	6
39	Does return to work occur earlier after work-related sick leave episodes than after non-work-related sick leave episodes? A retrospective cohort study in Spain. <i>Occupational and Environmental Medicine</i> , <b>2009</b> , 66, 63-7	2.1	6
38	Association Between Informal Employment and Health Status and the Role of the Working Conditions in Spain. <i>International Journal of Health Services</i> , <b>2020</b> , 50, 199-208	2	6
37	Effect of informal employment on the relationship between psychosocial work risk factors and musculoskeletal pain in Central American workers. <i>Occupational and Environmental Medicine</i> , <b>2017</b> , 74, 645-651	2.1	5
36	Gender differences in the duration of non-work-related sickness absence episodes due to musculoskeletal disorders. <i>Journal of Epidemiology and Community Health</i> , <b>2016</b> , 70, 1065-1073	5.1	5
35	Heterogeneity and event dependence in the analysis of sickness absence. <i>BMC Medical Research Methodology</i> , <b>2013</b> , 13, 114	4.7	5
34	Influence of new secondary diagnoses on the duration of non-work-related sickness absence episodes. <i>Journal of Occupational and Environmental Medicine</i> , <b>2013</b> , 55, 460-6	2	5
33	Underreporting of fatal occupational injuries in Catalonia (Spain). <i>Occupational Medicine</i> , <b>2004</b> , 54, 110-4	2.1	5
32	Working conditions and absence from work during pregnancy in a cohort of healthcare workers. <i>Occupational and Environmental Medicine</i> , <b>2019</b> , 76, 236-242	2.1	5
31	Exposure to Psychosocial Risk Factors at Work and the Incidence of Occupational Injuries: A Cohort Study in Spain. <i>Journal of Occupational and Environmental Medicine</i> , <b>2016</b> , 58, 282-6	2	4
