#	Paper	IF	Citations
135	Informal Employment, Working Conditions, and Self-Perceived Health in 3098 Peruvian Urban Workers. <i>International Journal of Environmental Research and Public Health</i> , 2022 , 19, 6105	4.6	
134	Cardboard floor: about the barriers for social progression and their impact on the representativeness of epidemiological studies. <i>Journal of Epidemiology and Community Health</i> , 2021 , 75, 105-106	5.1	1
133	Sociopolitical values and social institutions: Studying work and health equity through the lens of political economy. <i>SSM - Population Health</i> , 2021 , 14, 100787	3.8	4
132	Monitoring Self-Perceived Occupational Health Inequities in Central America, 2011 and 2018. <i>American Journal of Public Health</i> , 2021 , 111, 1338-1347	5.1	1
131	Association between informal employment and mortality rate by welfare regime in Latin America and the Caribbean: an ecological study. <i>BMJ Open</i> , 2021 , 11, e044920	3	1
130	Informal employment and poor self-perceived health in Latin America and the Caribbean: a gender-based comparison between countries and welfare states in a pooled analysis of 176,786 workers. <i>Globalization and Health</i> , 2021 , 17, 140	10	2
129	Health inequity in workers of Latin America and the Caribbean. <i>International Journal for Equity in Health</i> , 2020 , 19, 109	4.6	9
128	La salud de los trabajadores y la COVID-19. <i>Archivos De Prevencio&#x0301;n De Riesgos Laborales</i> , 2020 , 23, 154-158	2	9
127	Association Between Informal Employment and Health Status and the Role of the Working Conditions in Spain. <i>International Journal of Health Services</i> , 2020 , 50, 199-208	2	6
126	Sickness absence trajectories following labour market participation patterns: a cohort study in Catalonia (Spain), 2012-2014. <i>BMC Public Health</i> , 2020 , 20, 1306	4.1	1
125	Do birthrates contribute to sickness absence differences in women? A cohort study in Catalonia, Spain, 2012-2014. <i>PLoS ONE</i> , 2020 , 15, e0237794	3.7	0
124	Joint effect of paid working hours and multiple job holding on work absence due to health problems among basic education teachers in Brazil: the Educatel Study. <i>Cadernos De Saude Publica</i> , 2019 , 35 Suppl 1, e00081118	3.2	1
123	What can public health do for the welfare state? Occupational health could be an answer. <i>Journal of Epidemiology and Community Health</i> , 2019 , 73, 1141-1144	5.1	1
122	Working conditions and absence from work during pregnancy in a cohort of healthcare workers. <i>Occupational and Environmental Medicine</i> , 2019 , 76, 236-242	2.1	5
121	A hospital occupational diseases unit: an experience to increase the recognition of occupational disease. <i>Medicina Del Lavoro</i> , 2019 , 110, 278-284	1.9	0
120	Trajectories of sickness absence among salaried workers: evidence from the WORKss cohort in Catalonia (Spain), 2012-2014. <i>BMJ Open</i> , 2019 , 9, e029092	3	1
119	The Length of Working Life in Spain: Levels, Recent Trends, and the Impact of the Financial Crisis. <i>European Journal of Population</i> , 2018 , 34, 769-791	2.3	18

118	The burden of disease in Spain: Results from the Global Burden of Disease 2016. <i>Medicina Clínica</i> , 2018 , 151, 171-190	1	55
117	Long Working Hours and Job Quality in Europe: Gender and Welfare State Differences. <i>International Journal of Environmental Research and Public Health</i> , 2018 , 15,	4.6	3
116	Evaluation of the Impact of Ambient Temperatures on Occupational Injuries in Spain. <i>Environmental Health Perspectives</i> , 2018 , 126, 067002	8.4	36
115	Work and health in Latin America: results from the working conditions surveys of Colombia, Argentina, Chile, Central America and Uruguay. <i>Occupational and Environmental Medicine</i> , 2017 , 74, 432-439	2.1	13
114	Injury at work and migrant workers: a priority for a global agenda in occupational health. <i>Occupational and Environmental Medicine</i> , 2017 , 74, 231-232	2.1	10
113	Epidemiological Differences Between Localized and Nonlocalized Low Back Pain. <i>Spine</i> , 2017 , 42, 740-747	4.3	13
112	Effect of informal employment on the relationship between psychosocial work risk factors and musculoskeletal pain in Central American workers. <i>Occupational and Environmental Medicine</i> , 2017 , 74, 645-651	2.1	5
111	Informal employment, unpaid care work, and health status in Spanish-speaking Central American countries: a gender-based approach. <i>International Journal of Public Health</i> , 2017 , 62, 209-218	4	14
110	Employment history indicators and mortality in a nested case-control study from the Spanish WORKing life social security (WORKss) cohort. <i>PLoS ONE</i> , 2017 , 12, e0178486	3.7	7
109	Long working hours and health in Europe: Gender and welfare state differences in a context of economic crisis. <i>Health and Place</i> , 2016 , 40, 161-8	4.6	31
108	Sickness absence among health workers in belo horizonte, brazil. <i>Journal of Occupational Health</i> , 2016 , 58, 179-85	2.3	3
107	Cohort profile: the Spanish WORKing life Social Security (WORKss) cohort study. <i>BMJ Open</i> , 2016 , 6, e008555	3	12
106	Gender differences in the duration of non-work-related sickness absence episodes due to musculoskeletal disorders. <i>Journal of Epidemiology and Community Health</i> , 2016 , 70, 1065-1073	5.1	5
105	Incidence of sickness absence by type of employment contract: one year follow-up study in Spanish salaried workers. <i>Archives of Public Health</i> , 2016 , 74, 40	2.6	2
104	Measuring multimorbidity in a working population: the effect on incident sickness absence. <i>International Archives of Occupational and Environmental Health</i> , 2016 , 89, 667-78	3.2	9
103	Exposure to Psychosocial Risk Factors at Work and the Incidence of Occupational Injuries: A Cohort Study in Spain. <i>Journal of Occupational and Environmental Medicine</i> , 2016 , 58, 282-6	2	4
102	Descriptive Epidemiology of Somatising Tendency: Findings from the CUPID Study. <i>PLoS ONE</i> , 2016 , 11, e0153748	3.7	9
101	Has the Spanish economic crisis affected the duration of sickness absence episodes?. <i>Social Science and Medicine</i> , 2016 , 160, 29-34	5.1	4

100	Expectation of sickness absence duration: a review on statements and methods used in guidelines in Europe and North America. <i>European Journal of Public Health</i> , 2016 , 26, 306-11	2.1	7
99	Classification of neck/shoulder pain in epidemiological research: a comparison of personal and occupational characteristics, disability, and prognosis among 12,195 workers from 18 countries. <i>Pain</i> , 2016 , 157, 1028-1036	8	29
98	Occupational diseases treated at Parc de Salut Mar (Barcelona, Spain), 2010-2014. <i>Medicina Clínica (English Edition)</i> , 2016 , 146, 506-510	0.3	
97	Social security status and mortality in Belgian and Spanish male workers. <i>Gaceta Sanitaria</i> , 2016 , 30, 293-5.2	5.2	2
96	A qualitative exploration of the impact of the economic recession in Spain on working, living and health conditions: reflections based on immigrant workers' experiences. <i>Health Expectations</i> , 2016 , 19, 416-26	3.7	14
95	Assessment of the magnitude of geographical variations in the duration of non-work-related sickness absence by individual and contextual factors. <i>Gaceta Sanitaria</i> , 2015 , 29, 164-71	2.2	3
94	Economic crisis and changes in drug use in the Spanish economically active population. <i>Addiction</i> , 2015 , 110, 1129-37	4.6	38
93	Informal employment and health status in Central America. <i>BMC Public Health</i> , 2015 , 15, 698	4.1	28
92	Work-related psychosocial risk factors and musculoskeletal disorders in hospital nurses and nursing aides: a systematic review and meta-analysis. <i>International Journal of Nursing Studies</i> , 2015 , 52, 635-48	5.8	202
91	Usefulness of the working conditions and health survey in central America in prevention. Author response to comments by Jensen. <i>Occupational and Environmental Medicine</i> , 2015 , 72, 236-7	2.1	
90	Effect of economic recession on psychosocial working conditions by workers' nationality. <i>International Journal of Occupational and Environmental Health</i> , 2015 , 21, 328-32		16
89	Labour market trajectories and early retirement due to permanent disability: a study based on 14 972 new cases in Spain. <i>European Journal of Public Health</i> , 2015 , 25, 673-7	2.1	17
88	National working conditions surveys in Latin America: comparison of methodological characteristics. <i>International Journal of Occupational and Environmental Health</i> , 2015 , 21, 266-74		10
87	Are determinants for new and persistent upper limb pain different? An analysis based on anatomical sites. <i>Work</i> , 2015 , 53, 313-23	1.6	2
86	Work-related stress factors associated with problem drinking: A study of the Spanish working population. <i>American Journal of Industrial Medicine</i> , 2014 , 57, 837-46	2.7	15
85	Cross-national comparisons of sickness absence systems and statistics: towards common indicators. <i>European Journal of Public Health</i> , 2014 , 24, 663-6	2.1	21
84	Impact of road safety interventions on traffic-related occupational injuries in Spain, 2004-2010. <i>Accident Analysis and Prevention</i> , 2014 , 66, 114-9	6.1	9
83	Working conditions and health in Central America: a survey of 12,024 workers in six countries. <i>Occupational and Environmental Medicine</i> , 2014 , 71, 459-65	2.1	25

82	0012 A holistic approach to calculating a multimorbidity score: the usefulness of multi-correspondence analysis. <i>Occupational and Environmental Medicine</i> , 2014 , 71, A1.1-A1	2.1	1
81	0196 Mental health inequalities by informal employment and gender in Central America. <i>Occupational and Environmental Medicine</i> , 2014 , 71, A86.1-A86	2.1	
80	0095 Multimorbidity and previous sickness absence episodes are determinants of incidence and duration of future episodes. <i>Occupational and Environmental Medicine</i> , 2014 , 71, A10.1-A10	2.1	
79	Combining employment and family in Europe: the role of family policies in health. <i>European Journal of Public Health</i> , 2014 , 24, 649-55	2.1	97
78	Understanding sickness presenteeism through the experience of immigrant workers in a context of economic crisis. <i>American Journal of Industrial Medicine</i> , 2014 , 57, 950-9	2.7	13
77	From the boom to the crisis: changes in employment conditions of immigrants in Spain and their effects on mental health. <i>European Journal of Public Health</i> , 2014 , 24, 404-9	2.1	58
76	Impact of economic crisis on mental health of migrant workers: what happened with migrants who came to Spain to work?. <i>International Journal of Public Health</i> , 2013 , 58, 627-31	4	30
75	Patterns of multisite pain and associations with risk factors. <i>Pain</i> , 2013 , 154, 1769-1777	8	108
74	Heterogeneity and event dependence in the analysis of sickness absence. <i>BMC Medical Research Methodology</i> , 2013 , 13, 114	4.7	5
73	Gender inequalities in occupational health related to the unequal distribution of working and employment conditions: a systematic review. <i>International Journal for Equity in Health</i> , 2013 , 12, 57	4.6	114
72	Differences in exposure to occupational health risks in Spanish and foreign-born workers in Spain (ITSAL Project). <i>Journal of Immigrant and Minority Health</i> , 2013 , 15, 164-71	2.2	18
71	Disabling musculoskeletal pain in working populations: is it the job, the person, or the culture?. <i>Pain</i> , 2013 , 154, 856-63	8	104
70	Evaluation of the effectiveness of occupational injury prevention programs at the company level. <i>Safety Science</i> , 2013 , 51, 250-256	5.8	6
69	Welfare state regimes and gender inequalities in the exposure to work-related psychosocial hazards. <i>International Journal of Occupational and Environmental Health</i> , 2013 , 19, 179-95		9
68	International variation in absence from work attributed to musculoskeletal illness: findings from the CUPID study. <i>Occupational and Environmental Medicine</i> , 2013 , 70, 575-84	2.1	43
67	Psychological and culturally-influenced risk factors for the incidence and persistence of low back pain and associated disability in Spanish workers: findings from the CUPID study. <i>Occupational and Environmental Medicine</i> , 2013 , 70, 57-62	2.1	36
66	Employment precariousness and poor mental health: evidence from Spain on a new social determinant of health. <i>Journal of Environmental and Public Health</i> , 2013 , 2013, 978656	2.6	74
65	A job-exposure matrix for research and surveillance of occupational health and safety in Spanish workers: MatEmESp. <i>American Journal of Industrial Medicine</i> , 2013 , 56, 1226-38	2.7	13

64	The impact of job stress due to the lack of organisational support on occupational injury. <i>Occupational and Environmental Medicine</i> , 2013 , 70, 623-9	2.1	22
63	Influence of new secondary diagnoses on the duration of non-work-related sickness absence episodes. <i>Journal of Occupational and Environmental Medicine</i> , 2013 , 55, 460-4	2	5
62	Occupational factors associated with the potential years of working life lost due to a non-work related permanent disability. <i>Work</i> , 2013 , 45, 305-9	1.6	7
61	Health beliefs, low mood, and somatizing tendency: contribution to incidence and persistence of musculoskeletal pain with and without reported disability. <i>Scandinavian Journal of Work, Environment and Health</i> , 2013 , 39, 589-98	4.3	23
60	Return to work expectations of workers on long-term non-work-related sick leave. <i>Journal of Occupational Rehabilitation</i> , 2012 , 22, 15-26	3.6	41
59	The relationship between immigration and mental health: what is the role of workplace psychosocial factors. <i>International Archives of Occupational and Environmental Health</i> , 2012 , 85, 801-6	3.2	24
58	Differences in working conditions and employment arrangements among migrant and non-migrant workers in Europe. <i>Ethnicity and Health</i> , 2012 , 17, 563-77	2.2	54
57	The CUPID (Cultural and Psychosocial Influences on Disability) study: methods of data collection and characteristics of study sample. <i>PLoS ONE</i> , 2012 , 7, e39820	3.7	44
56	Effect of working conditions on non-work-related sickness absence. <i>Occupational Medicine</i> , 2012 , 62, 60-3	2.1	4
55	Occupational health impact of the 2009 H1N1 flu pandemic: surveillance of sickness absence. <i>Occupational and Environmental Medicine</i> , 2012 , 69, 205-10	2.1	9
54	Psychosocial factor exposures in the workplace: differences between immigrants and Spaniards. <i>European Journal of Public Health</i> , 2012 , 22, 688-93	2.1	15
53	Encuestas de condiciones de trabajo y salud: su utilizaci3n en la investigaci3n en salud laboral. <i>Medicina Y Seguridad Del Trabajo</i> , 2012 , 58, 205-215	0	4
52	Organizational return to work support and sick leave duration: a cohort of Spanish workers with a long-term non-work-related sick leave episode. <i>Journal of Occupational and Environmental Medicine</i> , 2011 , 53, 674-9	2	13
51	From questionnaire to database: field work experience in the Immigration, work and health surveyS (ITSAL Project). <i>Gaceta Sanitaria</i> , 2011 , 25, 419-22	2.2	10
50	The effect of perceived discrimination on the health of immigrant workers in Spain. <i>BMC Public Health</i> , 2011 , 11, 652	4.1	51
49	Employment precariousness in Spain: prevalence, social distribution, and population-attributable risk percent of poor mental health. <i>International Journal of Health Services</i> , 2011 , 41, 625-46	2	56
48	The Employment Precariousness Scale (EPRES): psychometric properties of a new tool for epidemiological studies among waged and salaried workers. <i>Occupational and Environmental Medicine</i> , 2010 , 67, 548-55	2.1	110
47	Occupational injury, employment conditions and the global market. <i>Occupational and Environmental Medicine</i> , 2010 , 67, 146	2.1	2

46	Invisible work, unseen hazards: The health of women immigrant household service workers in Spain. <i>American Journal of Industrial Medicine</i> , 2010 , 53, 405-16	2.7	56
45	Immigration, employment relations, and health: Developing a research agenda. <i>American Journal of Industrial Medicine</i> , 2010 , 53, 338-43	2.7	52
44	Participation and influence of migrant workers on working conditions: a qualitative approach. <i>New Solutions</i> , 2010 , 20, 225-38	1	8
43	Immigration, work and health in Spain: the influence of legal status and employment contract on reported health indicators. <i>International Journal of Public Health</i> , 2010 , 55, 443-51	4	35
42	Sickness presenteeism in Spanish-born and immigrant workers in Spain. <i>BMC Public Health</i> , 2010 , 10, 791	4.1	34
41	Extending a model of precarious employment: A qualitative study of immigrant workers in Spain. <i>American Journal of Industrial Medicine</i> , 2010 , 53, 417-24	2.7	63
40	Effectiveness of occupational injury prevention policies in Spain. <i>Public Health Reports</i> , 2009 , 124 Suppl 1, 180-7	2.5	7
39	Does return to work occur earlier after work-related sick leave episodes than after non-work-related sick leave episodes? A retrospective cohort study in Spain. <i>Occupational and Environmental Medicine</i> , 2009 , 66, 63-7	2.1	6
38	A qualitative study about immigrant workers' perceptions of their working conditions in Spain. <i>Journal of Epidemiology and Community Health</i> , 2009 , 63, 936-42	5.1	50
37	Improving multilevel analyses: the integrated epidemiologic design. <i>Epidemiology</i> , 2009 , 20, 525-32	3.1	2
36	Occupational exposures and asthma in health-care workers: comparison of self-reports with a workplace-specific job exposure matrix. <i>American Journal of Epidemiology</i> , 2009 , 169, 581-7	3.8	37
35	Differences in serum concentrations of organochlorine compounds by occupational social class in pancreatic cancer. <i>Environmental Research</i> , 2008 , 108, 370-9	7.9	37
34	Mesothelioma mortality in men: trends during 1977-2001 and projections for 2002-2016 in Spain. <i>Occupational and Environmental Medicine</i> , 2008 , 65, 279-82	2.1	18
33	Work in the textile industry in Spain and bladder cancer. <i>Occupational and Environmental Medicine</i> , 2008 , 65, 552-9	2.1	14
32	Criteria and methods used for the assessment of fitness for work: a systematic review. <i>Occupational and Environmental Medicine</i> , 2007 , 64, 304-12	2.1	56
31	A glossary for the social epidemiology of work organisation: part 3, terms from the sociology of labour markets. <i>Journal of Epidemiology and Community Health</i> , 2007 , 61, 6-8	5.1	38
30	Occupational risk factors and asthma among health care professionals. <i>American Journal of Respiratory and Critical Care Medicine</i> , 2007 , 175, 667-75	10.2	106
29	Immigrant populations, work and health--a systematic literature review. <i>Scandinavian Journal of Work, Environment and Health</i> , 2007 , 33, 96-104	4.3	142

28	Ill health, social protection, labour relations, and sickness absence. <i>Occupational and Environmental Medicine</i> , 2006 , 63, 228-9	2.1	18
27	Validation of an asthma questionnaire for use in healthcare workers. <i>Occupational and Environmental Medicine</i> , 2006 , 63, 173-9	2.1	34
26	Risk of fatal and non-fatal occupational injury in foreign workers in Spain. <i>Journal of Epidemiology and Community Health</i> , 2006 , 60, 424-6	5.1	49
25	A glossary for the social epidemiology of work organisation: part 1, terms from social psychology. <i>Journal of Epidemiology and Community Health</i> , 2006 , 60, 914-6	5.1	8
24	A glossary for the social epidemiology of work organisation: part 2 Terms from the sociology of work and organisations. <i>Journal of Epidemiology and Community Health</i> , 2006 , 60, 1010-2	5.1	11
23	Associations between temporary employment and occupational injury: what are the mechanisms?. <i>Occupational and Environmental Medicine</i> , 2006 , 63, 416-21	2.1	130
22	Description of fatal occupational injury rates in five selected European Union countries: Austria, Finland, France, Spain and Sweden. <i>Safety Science</i> , 2005 , 43, 497-502	5.8	15
21	Certification of occupational diseases as common diseases in a primary health care setting. <i>American Journal of Industrial Medicine</i> , 2005 , 47, 176-80	2.7	13
20	Flexible employment and health inequalities. <i>Journal of Epidemiology and Community Health</i> , 2005 , 59, 719-20	5.1	8
19	Types of employment and health in the European union: changes from 1995 to 2000. <i>European Journal of Public Health</i> , 2004 , 14, 314-21	2.1	79
18	Distribution of sickness absence in the European Union countries. <i>Occupational and Environmental Medicine</i> , 2004 , 61, 867-9	2.1	75
17	Psychosocial factors and work related sickness absence among permanent and non-permanent employees. <i>Journal of Epidemiology and Community Health</i> , 2004 , 58, 870-6	5.1	69
16	Underreporting of fatal occupational injuries in Catalonia (Spain). <i>Occupational Medicine</i> , 2004 , 54, 110-4	2.1	5
15	External validation of psychological job demands in a bus driver sample. <i>Journal of Occupational Health</i> , 2004 , 46, 43-8	2.3	13
14	Occupational categories and sickness absence certified as attributable to common diseases. <i>European Journal of Public Health</i> , 2003 , 13, 51-5	2.1	23
13	Comparison of fatal occupational injury surveillance systems between the European Union and the United States. <i>American Journal of Industrial Medicine</i> , 2003 , 44, 385-91	2.7	17
12	Psychosocial risk factors at the workplace: is there enough evidence to establish reference values?. <i>Journal of Epidemiology and Community Health</i> , 2002 , 56, 244-5	5.1	11
11	Occupational exposure to organic solvents and K-ras mutations in exocrine pancreatic cancer. <i>Carcinogenesis</i> , 2002 , 23, 101-6	4.6	40

10	The consequences of flexible work for health: are we looking at the right place?. <i>Journal of Epidemiology and Community Health</i> , 2002 , 56, 405-6	5.1	78
9	A new occupational health agenda for a new work environment. <i>Scandinavian Journal of Work, Environment and Health</i> , 2002 , 28, 191-6	4.3	8
8	Working conditions and sickness absence: a complex relation. <i>Journal of Epidemiology and Community Health</i> , 2001 , 55, 368	5.1	10
7	How do types of employment relate to health indicators? Findings from the second European survey on working conditions. <i>Journal of Epidemiology and Community Health</i> , 2000 , 54, 494-501	5.1	242
6	Occupation and pancreatic cancer in Spain: a case-control study based on job titles. PANKRAS II Study Group. <i>International Journal of Epidemiology</i> , 2000 , 29, 1004-13	7.8	30
5	Parental agricultural work and selected congenital malformations. <i>American Journal of Epidemiology</i> , 1999 , 149, 64-74	3.8	103
4	El conjunto mximo bsico de datos al alta hospitalaria como fuente de informaci para el estudio de las anomals congnitas. <i>Revista Espanola De Salud Publica</i> , 1999 , 73, 61-71	0.4	4
3	Paternal exposure to pesticides and congenital malformations. <i>Scandinavian Journal of Work, Environment and Health</i> , 1998 , 24, 473-80	4.3	39
2	Unemployment and health in Spain. <i>European Journal of Public Health</i> , 1994 , 4, 103-107	2.1	11
1	O futuro do trabalho aps a COVID-19: o papel incerto do teletrabalho no domiclio. <i>Revista Brasileira De Sade Ocupacional</i> , 46,	0	3
