#	ARTICLE	IF	CITATIONS
1	Eating disorders and suicidality: what we know, what we don't know, and suggestions for future research. <i>Current Opinion in Psychology</i> , 2018, 22, 63-67.	4.9	119
2	An examination of environmental and genetic contributions to the determinants of suicidal behavior among male twins. <i>Psychiatry Research</i> , 2012, 197, 60-65.	3.3	110
3	Status Update: Maladaptive Facebook usage predicts increases in body dissatisfaction and bulimic symptoms. <i>Journal of Affective Disorders</i> , 2013, 149, 235-240.	4.1	109
4	Exercise caution: Over-exercise is associated with suicidality among individuals with disordered eating. <i>Psychiatry Research</i> , 2013, 206, 246-255.	3.3	99
5	Habitual starvation and provocative behaviors: Two potential routes to extreme suicidal behavior in anorexia nervosa. <i>Behaviour Research and Therapy</i> , 2010, 48, 634-645.	3.1	82
6	Core psychopathology in anorexia nervosa and bulimia nervosa: A network analysis. <i>International Journal of Eating Disorders</i> , 2018, 51, 668-679.	4.0	82
7	Muscularity versus leanness: An examination of body ideals and predictors of disordered eating in heterosexual and gay college students. <i>Body Image</i> , 2011, 8, 232-236.	4.3	78
8	Ask and you shall receive: Desire and receipt of feedback via Facebook predicts disordered eating concerns. <i>International Journal of Eating Disorders</i> , 2015, 48, 436-442.	4.0	77
9	Characteristics of seeking treatment among U.S. adolescents with eating disorders. <i>International Journal of Eating Disorders</i> , 2017, 50, 826-833.	4.0	77
10	An assessment of suicide-related knowledge and skills among health professionals.. <i>Health Psychology</i> , 2014, 33, 110-119.	1.6	69
11	(Dis)connected: An examination of interoception in individuals with suicidality.. <i>Journal of Abnormal Psychology</i> , 2015, 124, 754-763.	1.9	68
12	Intrasexual competition and eating restriction in heterosexual and homosexual individuals. <i>Evolution and Human Behavior</i> , 2010, 31, 365-372.	2.2	66
13	Associations between eating disorder symptoms and suicidal ideation through thwarted belongingness and perceived burdensomeness among eating disorder patients. <i>Journal of Affective Disorders</i> , 2016, 195, 127-135.	4.1	59
14	Revisiting impulsivity in suicide: Implications for civil liability of third parties. <i>Behavioral Sciences and the Law</i> , 2008, 26, 779-797.	0.8	58
15	Are Eating Disorders and Related Symptoms Risk Factors for Suicidal Thoughts and Behaviors? A Meta-analysis. <i>Suicide and Life-Threatening Behavior</i> , 2019, 49, 221-239.	1.9	49
16	Increased prevalence of vegetarianism among women with eating pathology. <i>Eating Behaviors</i> , 2015, 19, 24-27.	2.0	46
17	Suicidality in adolescents and adults with binge-eating disorder: Results from the national comorbidity survey replication and adolescent supplement. <i>International Journal of Eating Disorders</i> , 2017, 50, 40-49.	4.0	45
18	Bridging eating disorder symptoms and trait anxiety in patients with eating disorders: A network approach. <i>International Journal of Eating Disorders</i> , 2019, 52, 701-711.	4.0	43

#	ARTICLE	IF	CITATIONS
19	Comparing the clinical presentation of eating disorder patients with and without trauma history and/or comorbid PTSD. <i>Eating Disorders</i> , 2021, 29, 88-102.	3.0	42
20	The interpersonal effects of Facebook reassurance seeking. <i>Journal of Affective Disorders</i> , 2013, 151, 525-530.	4.1	41
21	Suicide-Related Knowledge and Confidence Among Behavioral Health Care Staff in Seven States. <i>Psychiatric Services</i> , 2016, 67, 1240-1245.	2.0	39
22	Interoceptive Deficits, Nonsuicidal Self-Harm, and Suicide Attempts Among Women with Eating Disorders. <i>Suicide and Life-Threatening Behavior</i> , 2018, 48, 438-448.	1.9	38
23	Weight discrimination, anticipated weight stigma, and disordered eating. <i>Eating Behaviors</i> , 2020, 37, 101383.	2.0	37
24	Out of touch: Interoceptive deficits are elevated in suicide attempters with eating disorders. <i>Eating Disorders</i> , 2018, 26, 52-65.	3.0	35
25	The measure of a man: Associations between digit ratio and disordered eating in males. <i>International Journal of Eating Disorders</i> , 2010, 43, 543-548.	4.0	33
26	The impact of perceived social support and negative life events on bulimic symptoms. <i>Eating Behaviors</i> , 2011, 12, 44-48.	2.0	33
27	Which Comes First? An Examination of Associations and Shared Risk Factors for Eating Disorders and Suicidality. <i>Current Psychiatry Reports</i> , 2018, 20, 77.	4.5	33
28	Using network analysis to identify central eating disorder symptoms among men. <i>International Journal of Eating Disorders</i> , 2019, 52, 871-884.	4.0	33
29	Restrictive eating: Associated with suicide attempts, but not acquired capability in residential patients with eating disorders. <i>Psychiatry Research</i> , 2016, 235, 90-96.	3.3	32
30	Using implicit attitudes of exercise importance to predict explicit exercise dependence symptoms and exercise behaviors. <i>Psychology of Sport and Exercise</i> , 2016, 22, 91-97.	2.1	29
31	Does the interpersonal "Psychological theory of suicide provide a useful framework for understanding suicide risk among eating disorder patients? A test of the validity of the IPTS. <i>International Journal of Eating Disorders</i> , 2016, 49, 1082-1086.	4.0	24
32	Specificity of Implicit-Shame Associations. <i>Clinical Psychological Science</i> , 2014, 2, 560-575.	4.0	23
33	Restraint feeds stress: The relationship between eating disorder symptoms, stress generation, and the interpersonal theory of suicide. <i>Eating Behaviors</i> , 2014, 15, 567-573.	2.0	23
34	Examining implicit attitudes toward emaciation and thinness in anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2014, 47, 138-147.	4.0	20
35	Examining body image discrepancies and perceived weight status in adult Japanese women. <i>Eating Behaviors</i> , 2008, 9, 513-515.	2.0	18
36	Self-criticism longitudinally predicts nonsuicidal self-injury in eating disorders. <i>Eating Disorders</i> , 2020, 28, 157-170.	3.0	17

#	ARTICLE	IF	CITATIONS
37	Identifying bridge pathways between eating disorder symptoms and suicidal ideation across three samples.. <i>Journal of Abnormal Psychology</i> , 2020, 129, 724-736.	1.9	17
38	Implicit attitudes toward eating stimuli differentiate eating disorder and non-eating disorder groups and predict eating disorder behaviors. <i>International Journal of Eating Disorders</i> , 2018, 51, 343-351.	4.0	16
39	Dynamic associations between interpersonal needs and suicidal ideation in a sample of individuals with eating disorders. <i>Psychological Medicine</i> , 2021, 51, 1516-1523.	4.5	15
40	Comparisons of the Interpersonal Psychological Theory of Suicide Constructs Among Individuals Without Suicidality, Ideators, Planners, and Attempters. <i>Suicide and Life-Threatening Behavior</i> , 2017, 47, 629-640.	1.9	14
41	Post-traumatic stress disorder as a moderator of transdiagnostic, residential eating disorder treatment outcome trajectory. <i>Journal of Clinical Psychology</i> , 2021, 77, 986-1003.	1.9	14
42	The power within: The experimental manipulation of power interacts with trait BDD symptoms to predict interoceptive accuracy. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2016, 50, 178-186.	1.2	13
43	Reconnecting to Internal Sensation and Experiences: A Pilot Feasibility Study of an Online Intervention to Improve Interoception and Reduce Suicidal Ideation. <i>Behavior Therapy</i> , 2021, 52, 1145-1157.	2.4	13
44	Pinpointing core and pathway symptoms among sleep disturbance, anxiety, worry, and eating disorder symptoms in anorexia nervosa and atypical anorexia nervosa. <i>Journal of Affective Disorders</i> , 2021, 294, 24-32.	4.1	13
45	It's Not Me, It's You: Perceptions of Partner Body Image Preferences Associated With Eating Disorder Symptoms in Gay and Heterosexual Men. <i>Journal of Homosexuality</i> , 2015, 62, 1329-1344.	2.0	12
46	Examining Patterns of Change in the Acquired Capability for Suicide Among Eating Disorder Patients. <i>Suicide and Life-Threatening Behavior</i> , 2019, 49, 1032-1043.	1.9	12
47	Interoceptive deficits differentiate suicide groups and associate with self-injurious thoughts and behaviors in a military sample. <i>Suicide and Life-Threatening Behavior</i> , 2020, 50, 472-489.	1.9	12
48	Does the stress generation hypothesis apply to eating disorders?: An examination of stress generation in eating, depressive, and anxiety symptoms. <i>Journal of Affective Disorders</i> , 2012, 142, 139-142.	4.1	11
49	I Can Stomach That! Fearlessness About Death Predicts Attenuated Facial Electromyography Activity in Response to Death-Related Images. <i>Suicide and Life-Threatening Behavior</i> , 2016, 46, 313-322.	1.9	11
50	Perfectly imperfect: The use of cognitive bias modification to reduce perfectionism. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2019, 64, 167-174.	1.2	11
51	A longitudinal examination of the relationship between eating disorder symptoms and suicidal ideation. <i>International Journal of Eating Disorders</i> , 2020, 53, 69-78.	4.0	11
52	A multi-measure examination of interoception in people with recent nonsuicidal self-injury. <i>Suicide and Life-Threatening Behavior</i> , 2021, 51, 492-503.	1.9	11
53	Suicidal Ideation and Eating Disorder Symptoms in Adolescents: The Role of Interoceptive Deficits. <i>Behavior Therapy</i> , 2021, 52, 1093-1104.	2.4	11
54	Correlates of suicidal thoughts and attempts in males engaging in muscle dysmorphia or eating disorder symptoms. <i>Journal of Clinical Psychology</i> , 2021, 77, 1106-1115.	1.9	11

#	ARTICLE	IF	CITATIONS
55	A network approach can improve eating disorder conceptualization and treatment. , 2022, 1, 419-430.		11
56	Beauty in the eye of the beholder: Using facial electromyography to examine the association between eating disorder symptoms and perceptions of emaciation among undergraduate women. <i>Body Image</i> , 2017, 21, 47-56.	4.3	10
57	Expressive suppression mediates the relation between disordered eating and suicidal ideation. <i>Journal of Clinical Psychology</i> , 2019, 75, 1943-1958.	1.9	8
58	Changes in Internet Suicide Search Volumes Following Celebrity Suicides. <i>Cyberpsychology, Behavior, and Social Networking</i> , 2019, 22, 373-380.	3.9	8
59	Assessing Longitudinal Relationships among Thwarted Belongingness, Perceived Burdensomeness, and Eating Disorder Symptoms. <i>Suicide and Life-Threatening Behavior</i> , 2019, 49, 1609-1620.	1.9	8
60	Conformity to masculine norms, masculine discrepancy stress, and changes in muscle dysmorphia symptoms. <i>Body Image</i> , 2022, 40, 237-248.	4.3	8
61	A Pilot Feasibility Study of Reconnecting to Internal Sensations and Experiences (RISE), a Mindfulness-Informed Intervention to Reduce Interoceptive Dysfunction and Suicidal Ideation, among University Students in India. <i>Brain Sciences</i> , 2022, 12, 237.	2.3	8
62	Longitudinal relationships between muscle dysmorphia symptoms and suicidal ideation. <i>Suicide and Life-Threatening Behavior</i> , 2022, 52, 683-695.	1.9	8
63	The joint influence of acquired capability for suicide and stoicism on over-exercise among women. <i>Eating Behaviors</i> , 2015, 17, 77-82.	2.0	7
64	Do thoughts about dieting matter? Testing the relationship between thoughts about dieting, body shape concerns, and state self-esteem. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2019, 62, 7-14.	1.2	7
65	Keep Calm and Carry On? Grit Buffers Against Disordered Eating Unless Expressive Suppression is Used to Regulate Emotions. <i>Journal of Social and Clinical Psychology</i> , 2019, 38, 321-342.	0.5	7
66	Establishing the psychometric properties and construct validity of the Painful and Provocative Events Scale-Revised. <i>Journal of Affective Disorders</i> , 2019, 253, 438-448.	4.1	7
67	Social reward and social punishment sensitivity in relation to dietary restraint and binge/purge symptoms. <i>Appetite</i> , 2018, 127, 386-392.	3.7	6
68	Preliminary development of an implicit association test to measure body dissatisfaction and predict disordered eating behaviors. <i>Body Image</i> , 2020, 34, 51-58.	4.3	5
69	Interoceptive dysfunction indicates presence and severity of self-injurious behaviors in a clinically severe transdiagnostic sample. <i>Psychiatry Research</i> , 2021, 305, 114210.	3.3	5
70	Testing intrusive thoughts as illness pathways between eating disorders and obsessive-compulsive disorder symptoms: a network analysis. <i>Eating Disorders</i> , 2022, 30, 647-669.	3.0	5
71	Identity, Relationship Satisfaction, and Disclosure. <i>Psychology of Women Quarterly</i> , 2016, 40, 261-274.	2.0	4
72	Unsound sleep, wound-up mind: a longitudinal examination of acute suicidal affective disturbance features among an eating disorder sample. <i>Psychological Medicine</i> , 2021, , 1-9.	4.5	4

#	ARTICLE	IF	CITATIONS
73	Examining psychometric properties of the Interpersonal Needs Questionnaire among college students in India. <i>Suicide and Life-Threatening Behavior</i> , 2021, , .	1.9	4
74	Introduction to the Special Issue on Interoception and Suicidality. <i>Behavior Therapy</i> , 2021, 52, 1031-1034.	2.4	3
75	Using shape and weight overvaluation to empirically differentiate severity of other specified feeding or eating disorder. <i>Journal of Affective Disorders</i> , 2021, 295, 446-452.	4.1	3
76	Relations between implicit attitudes towards eating disorder stimuli and disordered eating symptoms among at-risk college women. <i>Eating Behaviors</i> , 2021, 41, 101499.	2.0	2
77	Examining weekly relationships between obsessive-compulsive and eating disorder symptoms. <i>Journal of Affective Disorders</i> , 2022, 298, 9-16.	4.1	2
78	Identifying Central Symptoms and Bridge Pathways Between Autism Spectrum Disorder Traits and Suicidality Within an Active Duty Sample. <i>Archives of Suicide Research</i> , 2023, 27, 307-322.	2.3	1
79	ADAPTED TO FEAR: FEARLESSNESS ABOUT DEATH IS ASSOCIATED WITH HEART RATE VARIABILITY. <i>Journal of Social and Clinical Psychology</i> , 2020, 39, 842-860.	0.5	0
