#	ARTICLE	IF	CITATIONS
1	Paternalism to empowerment: all in the eye of the beholder?. <i>Disability and Society</i> , 2023, 38, 503-523.	2.2	8
2	“They treat you like a person, they ask you what you want”: a grounded theory study of quality paid disability support for adults with acquired neurological disability. <i>Disability and Rehabilitation</i> , 2023, 45, 2138-2148.	1.8	4
3	The outcomes of individualized housing for people with disability and complex needs: a scoping review. <i>Disability and Rehabilitation</i> , 2022, 44, 1141-1155.	1.8	6
4	Factors that influence the quality of paid support for adults with acquired neurological disability: scoping review and thematic synthesis. <i>Disability and Rehabilitation</i> , 2022, 44, 2482-2499.	1.8	6
5	Smart home and communication technology for people with disability: a scoping review. <i>Disability and Rehabilitation: Assistive Technology</i> , 2022, 17, 624-644.	2.2	29
6	Parental strategies that support adults with intellectual disabilities to explore decision preferences, constraints and consequences. <i>Journal of Intellectual and Developmental Disability</i> , 2022, 47, 165-176.	1.6	10
7	The experience of close personal relationships after stroke: scoping review and thematic analysis of qualitative literature. <i>Brain Impairment</i> , 2022, 23, 231-261.	0.7	6
8	“I used to call him a non-decision-maker - I never do that anymore”: parental reflections about training to support decision-making of their adult offspring with intellectual disabilities. <i>Disability and Rehabilitation</i> , 2022, 44, 6356-6364.	1.8	9
9	Understanding activity participation 3-months after stroke: a mixed methodology study. <i>Disability and Rehabilitation</i> , 2022, 44, 2868-2878.	1.8	7
10	Comparing participation in sports discussion and art therapy groups in ABI. <i>Brain Impairment</i> , 2022, 23, 76-90.	0.7	0
11	Accessible design features and home modifications to improve physical housing accessibility: A mixed-methods survey of occupational therapists. <i>Disability and Health Journal</i> , 2022, 15, 101281.	2.8	11
12	It takes two to tango: The therapeutic alliance in community brain injury rehabilitation. <i>Brain Impairment</i> , 2022, 23, 24-41.	0.7	3
13	Moving into new housing designed for people with disability: preliminary evaluation of outcomes. <i>Disability and Rehabilitation</i> , 2022, , 1-9.	1.8	0
14	Making homes more accessible for people with mobility impairment: A lived experience perspective. <i>Australian Journal of Social Issues</i> , 2022, 57, 956-969.	2.7	5
15	Researching Narrative Storytelling with Adults with Acquired Brain Injury. , 2022, , 1083-1098.		0
16	We are human “ an invisible and fundamental aspect of rehabilitation in acquired brain injury. <i>Brain Impairment</i> , 2022, 23, 1-3.	0.7	0
17	Moving from Support for Decision-making to Substitute Decision-making: Legal Frameworks and Perspectives of Supporters of Adults with Intellectual Disabilities. <i>Law in Context</i> , 2022, 37, .	0.2	0
18	“I had nothing. It’s just life experience that helped me through that situation”: Australian audiologists’ perspectives on audiological clinical practice for traumatic brain injury and rehabilitation. <i>Brain Injury</i> , 2022, 36, 886-897.	1.2	3

#	ARTICLE	IF	CITATIONS
19	Frequency of peripheral vestibular pathology following traumatic brain injury: a systematic review of literature. <i>International Journal of Audiology</i> , 2021, 60, 479-494.	1.7	6
20	The perspectives of allied health clinicians on the working alliance with people with stroke-related communication impairment. <i>Neuropsychological Rehabilitation</i> , 2021, 31, 1390-1409.	1.6	6
21	A novel combined visual scanning and verbal cuing intervention improves facial affect recognition after chronic severe traumatic brain injury: A single case design. <i>Neuropsychological Rehabilitation</i> , 2021, 31, 863-888.	1.6	4
22	The maintenance of friendships after severe traumatic brain injury. <i>Brain Impairment</i> , 2021, 22, 79-91.	0.7	3
23	A process of decision-making support: Exploring supported decision-making practice in Canada. <i>Journal of Intellectual and Developmental Disability</i> , 2021, 46, 138-149.	1.6	15
24	The student journey: Living and learning following traumatic brain injury. <i>Brain Injury</i> , 2021, 35, 315-334.	1.2	2
25	General Considerations for Conducting Online Qualitative Research and Practice Implications for Interviewing People with Acquired Brain Injury. <i>International Journal of Qualitative Methods</i> , The, 2021, 20, 160940692110196.	2.8	13
26	Researching Narrative Storytelling with Adults with Acquired Brain Injury. , 2021, , 1-16.		0
27	What is good service quality? Day service staff's perspectives about what it looks like and how it should be monitored. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2021, 34, 1118-1126.	2.0	9
28	How leaders in day service organisations understand service quality. <i>Research and Practice in Intellectual and Developmental Disabilities</i> , 2021, 8, 126-134.	0.1	3
29	Examining the Complexities of Support for Decision-Making Practice. , 2021, , 65-94.		1
30	Finding Goal Focus With People With Severe Traumatic Brain Injury in a Person-Centered Multi-Component Community Connection Program (M-ComConnect). <i>Frontiers in Rehabilitation Sciences</i> , 2021, 2, .	1.2	2
31	Visual scanpath training to emotional faces following severe traumatic brain injury: A single case design. <i>Journal of Eye Movement Research</i> , 2021, 14, .	0.8	2
32	Psychosocial functioning following moderate-to-severe pediatric traumatic brain injury: recommended outcome instruments for research and remediation studies. <i>Neuropsychological Rehabilitation</i> , 2020, 30, 973-987.	1.6	7
33	Is it me or the injury: Students' perspectives on adjusting to life after traumatic brain injury through participation in study. <i>Neuropsychological Rehabilitation</i> , 2020, 30, 1255-1276.	1.6	4
34	Loss of friendship following traumatic brain injury: A model grounded in the experience of adults with severe injury. <i>Neuropsychological Rehabilitation</i> , 2020, 30, 1277-1302.	1.6	35
35	Development of an evidence-based practice framework to guide decision making support for people with cognitive impairment due to acquired brain injury or intellectual disability. <i>Disability and Rehabilitation</i> , 2020, 42, 434-441.	1.8	43
36	Narrative storytelling as both an advocacy tool and a therapeutic process: Perspectives of adult storytellers with acquired brain injury. <i>Neuropsychological Rehabilitation</i> , 2020, 30, 1409-1429.	1.6	24

#	ARTICLE	IF	CITATIONS
37	A scoping review to explore the experiences and outcomes of younger people with disabilities in residential aged care facilities. <i>Brain Injury</i> , 2020, 34, 1446-1460.	1.2	6
38	Cognitive communication difficulties following traumatic brain injury sustained in older adulthood: a scoping review. <i>International Journal of Language and Communication Disorders</i> , 2020, 55, 821-836.	1.5	7
39	The temporalities of supported decision-making by people with cognitive disability. <i>Social and Cultural Geography</i> , 2020, , 1-19.	2.3	8
40	Friendships after severe traumatic brain injury: a survey of current speech pathology practice. <i>Brain Injury</i> , 2020, 34, 1020-1030.	1.2	3
41	A prospective study of hospital episodes of adults with intellectual disability. <i>Journal of Intellectual Disability Research</i> , 2020, 64, 357-367.	2.0	12
42	Sharing stories of lived experience: A qualitative analysis of the intersection of experiences between storytellers with acquired brain injury and storytelling facilitators. <i>British Journal of Occupational Therapy</i> , 2020, 83, 576-584.	0.9	11
43	Supported Decision Making. , 2020, , 45-66.		12
44	Young people in Australian residential aged care: evaluating trends from 2008 to 2018. <i>Australian Health Review</i> , 2020, 44, 831.	1.1	2
45	Realising "will, preferences and rights": reconciling differences on best practice support for decision-making?. <i>Griffith Law Review</i> , 2019, 28, 357-379.	0.8	11
46	Representation and reporting of communicatively vulnerable patients in patient experience research. <i>International Journal of Speech-Language Pathology</i> , 2019, 21, 524-535.	1.2	10
47	"Time's Up": The Experience of Entering Residential Aged Care for Young People with Acquired Neurological Disorders and Their Families. <i>Brain Impairment</i> , 2019, 20, 37-48.	0.7	9
48	Understanding the factors that influence the quality of paid disability support for adults with acquired neurological disability and complex needs: a scoping review protocol. <i>BMJ Open</i> , 2019, 9, e034654.	1.9	3
49	Peripheral auditory dysfunction secondary to traumatic brain injury: a systematic review of literature. <i>Brain Injury</i> , 2019, 33, 111-128.	1.2	6
50	Personal narrative approaches in rehabilitation following traumatic brain injury: A synthesis of qualitative research. <i>Neuropsychological Rehabilitation</i> , 2019, 29, 985-1004.	1.6	27
51	Communication access on trains: a qualitative exploration of the perspectives of passengers with communication disabilities. <i>Disability and Rehabilitation</i> , 2019, 41, 125-132.	1.8	17
52	Outcome instruments in moderate-to-severe adult traumatic brain injury: recommendations for use in psychosocial research. <i>Neuropsychological Rehabilitation</i> , 2019, 29, 896-916.	1.6	51
53	A scoping review of the working alliance in acquired brain injury rehabilitation. <i>Disability and Rehabilitation</i> , 2019, 41, 489-497.	1.8	22
54	Providing support for decision making to adults with intellectual disability: Perspectives of family members and workers in disability support services. <i>Journal of Intellectual and Developmental Disability</i> , 2019, 44, 396-409.	1.6	55

#	ARTICLE	IF	CITATIONS
55	Effectiveness of Communication-specific Coping Intervention for adults with traumatic brain injury: preliminary results. <i>Neuropsychological Rehabilitation</i> , 2019, 29, 73-91.	1.6	25
56	The experience of close personal relationships from the perspective of people with aphasia: thematic analysis of the literature. <i>Aphasiology</i> , 2018, 32, 367-393.	2.2	21
57	Being a valuable contributor on the frontline: The self-perception of staff in group homes for people with intellectual disability. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2018, 31, 395-404.	2.0	14
58	Staff perspectives on paperwork in group homes for people with intellectual disability. <i>Journal of Intellectual and Developmental Disability</i> , 2018, 43, 264-273.	1.6	5
59	Spousal recollections of early signs of primary progressive aphasia. <i>International Journal of Language and Communication Disorders</i> , 2018, 53, 282-293.	1.5	16
60	A Prospective Analysis of Olfactory Impairment Recovery After Severe Traumatic Brain Injury. <i>Journal of Head Trauma Rehabilitation</i> , 2018, 33, 53-61.	1.7	7
61	<i>The Things that Help, the Things that Get in the Way</i> : Working Together to Improve Outcome Following Acquired Brain Injury. <i>Brain Impairment</i> , 2018, 19, 258-269.	0.7	4
62	Supporting decision-making of adults with cognitive disabilities: The role of Law Reform Agencies – Recommendations, rationales and influence. <i>International Journal of Law and Psychiatry</i> , 2018, 61, 64-75.	0.9	24
63	Facing the Challenges of Primary Progressive Aphasia: The Spousal Perspective. <i>Journal of Speech, Language, and Hearing Research</i> , 2018, 61, 2292-2312.	1.6	14
64	How frontline staff manage paperwork in group homes for people with intellectual disability: Implications for practice. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2018, 31, 905-914.	2.0	8
65	A scoping review of the nature and outcomes of extended rehabilitation programmes after very severe brain injury. <i>Brain Injury</i> , 2018, 32, 1000-1010.	1.2	15
66	Navigating the complexity of disability support in tertiary education: perspectives of students and disability service staff. <i>International Journal of Inclusive Education</i> , 2017, 21, 822-832.	2.6	44
67	Associations between the Transsexual Voice Questionnaire (TVQ ^{MtF}) and self-report of voice femininity and acoustic voice measures. <i>International Journal of Language and Communication Disorders</i> , 2017, 52, 831-838.	1.5	41
68	‘I’ve never been a yes person’ Decision-making participation and self-conceptualization after severe traumatic brain injury. <i>Disability and Rehabilitation</i> , 2017, 39, 2250-2260.	1.8	17
69	Beyond academic performance: Practice implications for working with students following traumatic brain injury. <i>International Journal of Speech-Language Pathology</i> , 2017, 19, 441-453.	1.2	8
70	‘It was a terrible, terrible journey’ an instrumental case study of a spouse’s experience of living with a partner diagnosed with semantic variant primary progressive aphasia. <i>Aphasiology</i> , 2017, 31, 375-387.	2.2	13
71	Increasing day service staff capacity to facilitate positive relationships with people with severe intellectual disability: Evaluation of a new intervention using multiple baseline design. <i>Journal of Intellectual and Developmental Disability</i> , 2017, 42, 391-402.	1.6	3
72	Delivering decision making support to people with cognitive disability – What has been learned from pilot programs in Australia from 2010 to 2015. <i>Australian Journal of Social Issues</i> , 2017, 52, 222-240.	2.7	37

#	ARTICLE	IF	CITATIONS
73	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement^{â€}. Neuropsychological Rehabilitation, 2017, 27, 1-15.	1.6	37
74	Further Evidence of the Construct Validity of the Transsexual Voice Questionnaire (TVQ MtF) Using Principal Components Analysis. Journal of Voice, 2017, 31, 142-148.	1.5	39
75	Characterizing social communication changes in amyotrophic lateral sclerosis. International Journal of Language and Communication Disorders, 2017, 52, 137-142.	1.5	4
76	â€œI really hope it comes backâ€œ“ Olfactory impairment following traumatic brain injury: A longitudinal study. NeuroRehabilitation, 2017, 41, 241-248.	1.3	5
77	â€œSo that's the way it is for me â€” always being left out.â€œAcquired Pragmatic Language Impairment and Social Functioning following Traumatic Brain Injury. Brain Impairment, 2017, 18, 321-331.	0.7	15
78	Reduction in retained activity participation is associated with depressive symptoms 3 months after mild stroke: An observational cohort study. Journal of Rehabilitation Medicine, 2017, 49, 120-127.	1.1	19
79	Psychosocial Aspects of Pragmatic Disorders. Perspectives in Pragmatics, Philosophy and Psychology, 2017, , 617-649.	0.2	23
80	Becoming a decision-making supporter for someone with acquired cognitive disability following traumatic brain injury. Research and Practice in Intellectual and Developmental Disabilities, 2016, 3, 12-21.	0.1	15
81	The Single-Case Reporting guideline In BEhavioural interventions (SCRIBE) 2016 statement. Journal of School Psychology, 2016, 56, 133-142.	2.9	38
82	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. Journal of Clinical Epidemiology, 2016, 73, 142-152.	5.0	36
83	Spousesâ€™ experience of living with a partner diagnosed with a dementia: a synthesis of the qualitative research. International Psychogeriatrics, 2016, 28, 537-556.	1.0	93
84	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. Physical Therapy, 2016, 96, e1-e10.	2.4	89
85	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. Evidence-Based Communication Assessment and Intervention, 2016, 10, 44-58.	0.6	18
86	Return to Work and Social Communication Ability Following Severe Traumatic Brain Injury. Journal of Speech, Language, and Hearing Research, 2016, 59, 511-520.	1.6	48
87	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. Remedial and Special Education, 2016, 37, 370-380.	2.3	13
88	Exploring the validity of the Transsexual Voice Questionnaire (male-to-female): Do TVQ^{MtF} scores differentiate between MtF women who have had gender reassignment surgery and those who have not?. International Journal of Transgenderism, 2016, 17, 124-130.	3.5	18
89	<i>The Plan(ner) is Always Changing</i>: Self-directed Funding for Children with Hearing Loss. Deafness and Education International, 2016, 18, 151-158.	1.3	3
90	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 Statement. Aphasiology, 2016, 30, 862-876.	2.2	39

#	ARTICLE	IF	CITATIONS
91	The Single-Case Reporting Guideline In BEhavioural Interventions (SCRIBE) 2016 statement. Canadian Journal of Occupational Therapy, 2016, 83, 184-195.	1.3	12
92	Supporting Students with Invisible Disabilities: A Scoping Review of Postsecondary Education for Students with Mental Illness or an Acquired Brain Injury. International Journal of Disability Development and Education, 2016, 63, 571-592.	1.1	19
