#	ARTICLE	IF	CITATIONS
1	The prevalence of urethral and rectal <i>Mycoplasma genitalium</i> and its associations in men who have sex with men attending a genitourinary medicine clinic. <i>Sexually Transmitted Infections</i> , 2010, 86, 21-24.	0.8	89
2	Human papillomavirus and vaccine-related perceptions among men who have sex with men: a systematic review. <i>Sexually Transmitted Infections</i> , 2014, 90, 515-523.	0.8	76
3	Why some MSM present late for HIV testing: a qualitative analysis. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2012, 24, 204-209.	0.6	72
4	Self-sampling for oropharyngeal and rectal specimens to screen for sexually transmitted infections: acceptability among men who have sex with men. <i>Sexually Transmitted Infections</i> , 2009, 85, 60-64.	0.8	53
5	Perceptions of <scp>HPV</scp> and attitudes towards <scp>HPV</scp> vaccination amongst men who have sex with men: A qualitative analysis. <i>British Journal of Health Psychology</i> , 2017, 22, 345-361.	1.9	47
6	Lymphogranuloma venereum: an emerging cause of proctitis in men who have sex with men. <i>International Journal of STD and AIDS</i> , 2007, 18, 11-16.	0.5	46
7	Home Sampling for Sexually Transmitted Infections and HIV in Men Who Have Sex with Men: A Prospective Observational Study. <i>PLoS ONE</i> , 2015, 10, e0120810.	1.1	38
8	Men who have sex with men diagnosed with a sexually transmitted infection are significantly more likely to engage in sexualised drug use. <i>International Journal of STD and AIDS</i> , 2017, 28, 91-93.	0.5	38
9	Vaccine acceptability, uptake and completion amongst men who have sex with men: A systematic review, meta-analysis and theoretical framework. <i>Vaccine</i> , 2021, 39, 3565-3581.	1.7	35
10	Sexually Transmitted Diseases and Sexual Function. <i>Journal of Sexual Medicine</i> , 2010, 7, 389-413.	0.3	32
11	Letrozole Versus Testosterone. A Single-Center Pilot Study of HIV-Infected Men Who Have Sex with Men on Highly Active Anti-Retroviral Therapy (HAART) with Hypoactive Sexual Desire Disorder and Raised Estradiol Levels. <i>Journal of Sexual Medicine</i> , 2007, 4, 502-508.	0.3	31
12	Is HIV Painful? An Epidemiologic Study of the Prevalence and Risk Factors for Pain in HIV-infected Patients. <i>Clinical Journal of Pain</i> , 2015, 31, 813-819.	0.8	29
13	Factors associated with sexual dysfunction in men with HIV infection. <i>International Journal of STD and AIDS</i> , 2006, 17, 764-767.	0.5	27
14	A pilot qualitative analysis of the psychosocial factors which drive young people to decline chlamydia testing in the UK: implications for health promotion and screening. <i>International Journal of STD and AIDS</i> , 2010, 21, 187-190.	0.5	27
15	Recommendations for the management of retarded ejaculation: BASHH Special Interest Group for Sexual Dysfunction. <i>International Journal of STD and AIDS</i> , 2006, 17, 7-13.	0.5	26
16	Men who have sex with men who do not access sexual health clinics nor disclose sexual orientation are unlikely to receive the HPV vaccine in the UK. <i>Vaccine</i> , 2018, 36, 5065-5070.	1.7	24
17	Will I? Won't I? Why do men who have sex with men present for post-exposure prophylaxis for sexual exposures?. <i>Sexually Transmitted Infections</i> , 2009, 85, 206-211.	0.8	19
18	<i>Shigella flexneri</i> . <i>Sexually Transmitted Diseases</i> , 2015, 42, 344.	0.8	18

#	ARTICLE	IF	CITATIONS
19	High rates of recreational drug use in men who have sex with men. <i>Sexually Transmitted Infections</i> , 2015, 91, 394-394.	0.8	11
20	Sexual healthcare professionals' views on HPV vaccination for men in the UK. <i>British Journal of Cancer</i> , 2015, 113, 1599-1601.	2.9	10
21	Sexual risk reduction interventions for patients attending sexual health clinics: a mixed-methods feasibility study. <i>Health Technology Assessment</i> , 2019, 23, 1-122.	1.3	10
22	Opt-out testing for HIV: perspectives from a high prevalence community in south-east England, UK. <i>International Journal of STD and AIDS</i> , 2013, 24, 307-312.	0.5	9
23	Routine HIV testing in acute hospital admissions. <i>HIV Medicine</i> , 2016, 17, 634-634.	1.0	8
24	Symptomatic sexually transmitted proctitis in men who have sex with men. <i>Sexually Transmitted Infections</i> , 2019, 95, 471-471.	0.8	8
25	On-demand HIV pre-exposure prophylaxis: what are the healthcare workers' barriers to delivery in a culturally and linguistically diverse population?. <i>Sexually Transmitted Infections</i> , 2020, 96, 549-549.	0.8	8
26	A significant increase in cases of infectious syphilis in men who have sex with men since November 2013. <i>International Journal of STD and AIDS</i> , 2016, 27, 697-698.	0.5	7
27	Looking at the positives: proactive management of STIs in people with HIV. <i>AIDS Research and Therapy</i> , 2018, 15, 28.	0.7	7
28	Healthcare provider and service user perspectives on STI risk reduction interventions for young people and MSM in the UK. <i>Sexually Transmitted Infections</i> , 2019, 96, sextrans-2018-053903.	0.8	7
29	<i>Mycoplasma genitalium</i> coinfection in men with symptomatic gonococcal urethritis. <i>Sexually Transmitted Infections</i> , 2020, 97, sextrans-2020-054529.	0.8	7
30	Primary syphilis in men causes painful anogenital lesions and serology is not always helpful. <i>Sexually Transmitted Infections</i> , 2020, 96, 620-620.	0.8	7
31	Sexually transmitted <i>Shigella flexneri</i> and <i>Shigella sonnei</i> in men who have sex with men. <i>Sexually Transmitted Infections</i> , 2021, 97, 244-244.	0.8	7
32	Engaging nurses in research and quality improvement is associated with higher job satisfaction and lower rates of unscheduled time off work: A pilot study. <i>International Journal of STD and AIDS</i> , 2020, 31, 702-704.	0.5	7
33	The changing face of male sexual assault: recreational drug use and multiple assailants. <i>Sexually Transmitted Infections</i> , 2019, 95, 550-550.	0.8	6
34	Chemsex and antiretroviral prescribing in an HIV cohort in Brighton, UK. <i>HIV Medicine</i> , 2022, 23, 797-800.	1.0	6
35	UK diploma examinations in genitourinary and HIV medicine. <i>Sexually Transmitted Infections</i> , 2019, 95, 4-4.	0.8	5
36	Sexually transmitted infection testing and rates in men who have sex with men (MSM) using HIV pre-exposure prophylaxis. <i>HIV Medicine</i> , 2019, 20, e12.	1.0	5

#	ARTICLE	IF	CITATIONS
37	Primary syphilis lesion characteristics, serological response and management in HIV-positive and HIV-negative men who have sex with men. <i>International Journal of STD and AIDS</i> , 2020, 31, 1359-1363.	0.5	5
38	Inconsistent HIV pre-exposure prophylaxis use and HIV transmission in men who have sex with men (MSM). <i>Journal of the International AIDS Society</i> , 2020, 23, e25579.	1.2	5
39	Prescribing intranasal steroids in HIV-positive patients: systematic review of the literature. <i>Journal of Laryngology and Otology</i> , 2021, 135, 755-758.	0.4	5
40	Clinical research should be a priority in the NHS – but what do genito-urinary medicine clinic staff think?. <i>International Journal of STD and AIDS</i> , 2015, 26, 107-112.	0.5	4
41	Identifying barriers to HIV testing in hospital admissions to improve HIV testing. <i>Journal of Public Health</i> , 2019, 41, e216-e216.	1.0	4
42	Secondary adrenal insufficiency from steroid use and co-prescribing of cytochrome p450 3A4 inhibitors. <i>HIV Medicine</i> , 2019, 20, e10-e11.	1.0	4
43	Hepatitis A susceptibility in newly attending men who have sex with men to an urban sexual health centre. <i>International Journal of STD and AIDS</i> , 2021, 32, 276-279.	0.5	4
44	Transitioning from HIV post-exposure prophylaxis to pre-exposure prophylaxis in men who have sex with men. <i>HIV Medicine</i> , 2021, 22, 780-781.	1.0	4
45	Chemsex, sexual behaviour and STI-PrEP use among HIV-PrEP users during the COVID-19 pandemic in Brighton, UK. <i>Sexually Transmitted Infections</i> , 2021, , sextrans-2021-055216.	0.8	4
46	Disclosure of sexual orientation by gay, bisexual and other men who have sex with men to healthcare. <i>International Journal of STD and AIDS</i> , 2018, 29, 309-310.	0.5	3
47	Public health interventions for reducing HIV, hepatitis B and hepatitis C infections in people who inject drugs. <i>Public Health Action</i> , 2018, 8, 153-153.	0.4	3
48	Pharyngeal <i>gonorrhoea</i> in men who have sex with men. <i>International Journal of STD and AIDS</i> , 2021, 32, 449-452.	0.5	3
49	Symptomatic secondary syphilis: empirical antimicrobial treatment or await microbiology?. <i>Sexual Health</i> , 2019, 16, 598.	0.4	2
50	A pilot study of vicarious trauma in sexual health clinicians. <i>International Journal of STD and AIDS</i> , 2019, 30, 1216-1217.	0.5	2
51	Barriers to HIV testing in hospital settings within a culturally diverse urban district of Sydney, Australia. <i>Sexual Health</i> , 2021, 18, 340-343.	0.4	2
52	Painful anorectal syphilis in men who have sex with men (MSM). <i>Sexually Transmitted Infections</i> , 2021, 97, sextrans-2020-054952.	0.8	2
53	Increased clinician confidence and uptake of event-based PrEP by men who have sex with men during the COVID-19 pandemic. <i>Sexually Transmitted Infections</i> , 2021, , sextrans-2021-054994.	0.8	2
54	Probenecid in the treatment of neurosyphilis in men who have sex with men: a commentary. <i>Sexually Transmitted Infections</i> , 2021, , sextrans-2021-055278.	0.8	2

#	ARTICLE	IF	CITATIONS
55	HIV-1 transmitted drug resistance in Brighton, UK, from 2014 to 2020. <i>International Journal of STD and AIDS</i> , 2021, 32, 199-201.	0.5	2
56	Syphilis gastritis: a case report. <i>International Journal of STD and AIDS</i> , 2018, 29, 723-725.	0.5	2
57	'Education Hour'™: online sexual health continuing professional development during the COVID-19 pandemic provides opportunities and inclusivity. <i>Sexually Transmitted Infections</i> , 2021, 97, 391-391.	0.8	2
58	Are macrolides and quinolones the most appropriate antimicrobials for the presumptive treatment of sexually transmitted enteric infections?. <i>Journal of the European Academy of Dermatology and Venereology</i> , 2022, 36, .	1.3	2
59	Do phosphodiesterase 5 inhibitors promote onward transmission of HIV in men who have sex with men?. <i>Sexually Transmitted Infections</i> , 2006, 83, 250-250.	0.8	1
60	Management of epididymo-orchitis in three different clinical settings: Streamlining pathways and improving care. <i>Journal of Clinical Urology</i> , 2015, 8, 402-408.	0.1	1
61	How easy is it to discuss party drug use with MSM? A Brighton clinic survey. <i>Sexually Transmitted Infections</i> , 2016, 92, 275-275.	0.8	1
62	P109...The SantÃ© project: Attitude towards STI risk assessment, preferences for STI behavioural risk reduction interventions: Service Users Perspectives. <i>Sexually Transmitted Infections</i> , 2016, 92, A56.4-A57.	0.8	1
63	BASHH annual conference. <i>Sexually Transmitted Infections</i> , 2016, 92, 560-560.	0.8	1
64	Are testicular mixed germ cell tumours associated with hepatitis C (HCV) in HIV-positive men who have sex with men?. <i>International Journal of STD and AIDS</i> , 2017, 28, 208-209.	0.5	1
65	Discussing HIV partner notification is acceptable to men who have sex with men who have been diagnosed recently. <i>International Journal of STD and AIDS</i> , 2018, 29, 837-837.	0.5	1
66	Changing face of the syphilis epidemic in men who have sex with men. <i>Sexually Transmitted Infections</i> , 2018, 94, 501-501.	0.8	1
67	In response to Saunders et al RE: STI testing and rates in MSM using PrEP. <i>HIV Medicine</i> , 2019, 20, e17.	1.0	1
68	What do UK sexual health clinicians think about saliva as a transmissible vector for <i>Neisseria gonorrhoea</i> in men who have sex with men?. <i>Sexually Transmitted Infections</i> , 2019, 95, 469-469.	0.8	1
69	Management of Renal Disease: utility of a joint HIV-renal clinic. <i>HIV Medicine</i> , 2019, 20, e5.	1.0	1
70	Team huddles in sexual health clinics improve communication, clinic capacity and flow, and team relationships and well-being. <i>Sexually Transmitted Infections</i> , 2020, 96, 312-312.	0.8	1
71	A pilot study: the influence of staff attitudes and beliefs on managing contacts of sexually transmitted infections. <i>Journal of Public Health</i> , 2021, 43, e120-e120.	1.0	1
72	Pilot study of pharyngeal Chlamydia trachomatis in HIV-positive and HIV-negative men who have sex with men. <i>Sexual Health</i> , 2021, 18, 200-201.	0.4	1

#	ARTICLE	IF	CITATIONS
73	Gonorrhoea proctitis in men who have sex with men: The importance of performing culture specimens for antimicrobial resistance surveillance. <i>Journal of the European Academy of Dermatology and Venereology</i> , 2021, 35, e873-e875.	1.3	1
74	The characteristics of men who have sex with men who present as sexual contacts of gonorrhoea from a clinic-based population. <i>Journal of the European Academy of Dermatology and Venereology</i> , 2021, 35, e926-e928.	1.3	1
75	Contribution of men who have sex with men (MSM) attending due to contact tracing to the diagnoses of HIV, syphilis and gonorrhoea in MSM from a clinic-based population. <i>Sexually Transmitted Infections</i> , 2021, , sextrans-2021-055169.	0.8	1
76	Increasing human papilloma virus (HPV) vaccination uptake in people living with HIV: the need to improve both clinician training and health promotion. <i>Sexually Transmitted Infections</i> , 2022, 98, 536-536.	0.8	1
77	The characteristics of men who have sex with men (MSM) using post-exposure prophylaxis for sexual exposure (PEPSE) in the pre-exposure prophylaxis (PrEP) era. <i>HIV Medicine</i> , 2021, , .	1.0	1
78	Understanding the diverse sexual repertoires of men who have sex with men, trans and gender-diverse groups is important for sexually transmitted infection prevention. <i>BMJ Sexual and Reproductive Health</i> , 2021, 47, e3-e3.	0.9	1
79	A pilot study exploring sexual health clinician confidence and barriers to anal examination and proctoscopy in men who have sex with men. <i>Sexual Health</i> , 2021, 18, 515.	0.4	1
80	How long should clinicians spend sampling the pharynx for gonorrhoea culture specimens?. <i>Sexual Health</i> , 2021, , .	0.4	1
81	Sexually transmitted co-infections in men who have sex with men diagnosed with primary or secondary syphilis. <i>Journal of the European Academy of Dermatology and Venereology</i> , 2022, 36, .	1.3	1
