#	ARTICLE	IF	CITATIONS
1	Increasing human papilloma virus (HPV) vaccination uptake in people living with HIV: the need to improve both clinician training and health promotion. <i>Sexually Transmitted Infections</i> , 2022, 98, 536-536.	0.8	1
2	Chemsex and antiretroviral prescribing in an HIV cohort in Brighton, UK. <i>HIV Medicine</i> , 2022, 23, 797-800.	1.0	6
3	Sexually transmitted co-infections in men who have sex with men diagnosed with primary or secondary syphilis. <i>Journal of the European Academy of Dermatology and Venereology</i> , 2022, 36, .	1.3	1
4	Are macrolides and quinolones the most appropriate antimicrobials for the presumptive treatment of sexually transmitted enteric infections?. <i>Journal of the European Academy of Dermatology and Venereology</i> , 2022, 36, .	1.3	2
5	Correspondence on HIV transmission and previous PrEP awareness and use in men who have sex with men in Brighton, UK. <i>Sexually Transmitted Infections</i> , 2022, , sextrans-2022-055456.	0.8	0
6	Hepatitis A testing and susceptibility in men who have sex with men: an unintended benefit of PrEP. <i>Sexual Health</i> , 2022, , .	0.4	0
7	HIV-pre-exposure prophylaxis in HIV-negative men who have sex with men and transgender women presenting with a proctitis. <i>Sexually Transmitted Infections</i> , 2022, 98, 624-624.	0.8	0
8	A pilot study: the influence of staff attitudes and beliefs on managing contacts of sexually transmitted infections. <i>Journal of Public Health</i> , 2021, 43, e120-e120.	1.0	1
9	Hepatitis A susceptibility in newly attending men who have sex with men to an urban sexual health centre. <i>International Journal of STD and AIDS</i> , 2021, 32, 276-279.	0.5	4
10	Sexually transmitted <i>Shigella flexneri</i> and <i>Shigella sonnei</i> in men who have sex with men. <i>Sexually Transmitted Infections</i> , 2021, 97, 244-244.	0.8	7
11	Pilot study of pharyngeal Chlamydia trachomatis in HIV-positive and HIV-negative men who have sex with men. <i>Sexual Health</i> , 2021, 18, 200-201.	0.4	1
12	Barriers to HIV testing in hospital settings within a culturally diverse urban district of Sydney, Australia. <i>Sexual Health</i> , 2021, 18, 340-343.	0.4	2
13	How would sexual health clinicians manage first attendance by men who have sex with men with anogenital ulcers?. <i>International Journal of STD and AIDS</i> , 2021, 32, 382-383.	0.5	0
14	Painful anorectal syphilis in men who have sex with men (MSM). <i>Sexually Transmitted Infections</i> , 2021, 97, sextrans-2020-054952.	0.8	2
15	Pharyngeal gonorrhoea in men who have sex with men. <i>International Journal of STD and AIDS</i> , 2021, 32, 449-452.	0.5	3
16	Increased clinician confidence and uptake of event-based PrEP by men who have sex with men during the COVID-19 pandemic. <i>Sexually Transmitted Infections</i> , 2021, , sextrans-2021-054994.	0.8	2
17	Transitioning from HIV post-exposure prophylaxis to pre-exposure prophylaxis in men who have sex with men. <i>HIV Medicine</i> , 2021, 22, 780-781.	1.0	4
18	Factors associated with testing positive for syphilis among MSM who present as sexual contacts of syphilis from a clinic-based population. <i>Sexually Transmitted Infections</i> , 2021, , sextrans-2020-054878.	0.8	0

#	ARTICLE	IF	CITATIONS
19	Vaccine acceptability, uptake and completion amongst men who have sex with men: A systematic review, meta-analysis and theoretical framework. <i>Vaccine</i> , 2021, 39, 3565-3581.	1.7	35
20	P212â€¦Standardising pharyngeal sampling for clinician-taken gonorrhoea culture specimens. , 2021, , .		0
21	Gonorrhoea proctitis in men who have sex with men: The importance of performing culture specimens for antimicrobial resistance surveillance. <i>Journal of the European Academy of Dermatology and Venereology</i> , 2021, 35, e873-e875.	1.3	1
22	Prescribing intranasal steroids in HIV-positive patients: systematic review of the literature. <i>Journal of Laryngology and Otology</i> , 2021, 135, 755-758.	0.4	5
23	The characteristics of men who have sex with men who present as sexual contacts of gonorrhoea from a clinic-based population. <i>Journal of the European Academy of Dermatology and Venereology</i> , 2021, 35, e926-e928.	1.3	1
24	Chemsex, sexual behaviour and STI-PrEP use among HIV-PrEP users during the COVID-19 pandemic in Brighton, UK. <i>Sexually Transmitted Infections</i> , 2021, , sextrans-2021-055216.	0.8	4
25	Contribution of men who have sex with men (MSM) attending due to contact tracing to the diagnoses of HIV, syphilis and gonorrhoea in MSM from a clinic-based population. <i>Sexually Transmitted Infections</i> , 2021, , sextrans-2021-055169.	0.8	1
26	Probenecid in the treatment of neurosyphilis in men who have sex with men: a commentary. <i>Sexually Transmitted Infections</i> , 2021, , sextrans-2021-055278.	0.8	2
27	HIV-1 transmitted drug resistance in Brighton, UK, from 2014 to 2020. <i>International Journal of STD and AIDS</i> , 2021, 32, 199-201.	0.5	2
28	The characteristics of men who have sex with men (MSM) using post-exposure prophylaxis for sexual exposure (PEPSE) in the pre-exposure prophylaxis (PrEP) era. <i>HIV Medicine</i> , 2021, , .	1.0	1
29	'Education Hourâ€™: online sexual health continuing professional development during the COVID-19 pandemic provides opportunities and inclusivity. <i>Sexually Transmitted Infections</i> , 2021, 97, 391-391.	0.8	2
30	Understanding the diverse sexual repertoires of men who have sex with men, trans and gender-diverse groups is important for sexually transmitted infection prevention. <i>BMJ Sexual and Reproductive Health</i> , 2021, 47, e3-e3.	0.9	1
31	A pilot study exploring sexual health clinician confidence and barriers to anal examination and proctoscopy in men who have sex with men. <i>Sexual Health</i> , 2021, 18, 515.	0.4	1
32	How long should clinicians spend sampling the pharynx for gonorrhoea culture specimens?. <i>Sexual Health</i> , 2021, , .	0.4	1
33	Primary syphilis lesion characteristics, serological response and management in HIV-positive and HIV-negative men who have sex with men. <i>International Journal of STD and AIDS</i> , 2020, 31, 1359-1363.	0.5	5
34	On-demand HIV pre-exposure prophylaxis: what are the healthcare workersâ€™ barriers to delivery in a culturally and linguistically diverse population?. <i>Sexually Transmitted Infections</i> , 2020, 96, 549-549.	0.8	8
35	Team huddles in sexual health clinics improve communication, clinic capacity and flow, and team relationships and well-being. <i>Sexually Transmitted Infections</i> , 2020, 96, 312-312.	0.8	1
36	<i>Mycoplasma genitalium</i> coinfection in men with symptomatic gonococcal urethritis. <i>Sexually Transmitted Infections</i> , 2020, 97, sextrans-2020-054529.	0.8	7

#	ARTICLE	IF	CITATIONS
37	Inconsistent HIV pre-exposure prophylaxis use and HIV transmission in men who have sex with men (MSM). <i>Journal of the International AIDS Society</i> , 2020, 23, e25579.	1.2	5
38	Primary syphilis in men causes painful anogenital lesions and serology is not always helpful. <i>Sexually Transmitted Infections</i> , 2020, 96, 620-620.	0.8	7
39	Engaging nurses in research and quality improvement is associated with higher job satisfaction and lower rates of unscheduled time off work: A pilot study. <i>International Journal of STD and AIDS</i> , 2020, 31, 702-704.	0.5	7
40	HIV-1 subtype variability and transmitted drug resistance in a culturally diverse population in Western Sydney, New South Wales, Australia. <i>Sexual Health</i> , 2020, 17, 377.	0.4	0
41	Identifying barriers to HIV testing in hospital admissions to improve HIV testing. <i>Journal of Public Health</i> , 2019, 41, e216-e216.	1.0	4
42	In response to Saunders et al RE: STI testing and rates in MSM using PrEP. <i>HIV Medicine</i> , 2019, 20, e17.	1.0	1
43	HIV nursing practice: The role of named nurses in the first year of HIV outpatient care. <i>International Journal of STD and AIDS</i> , 2019, 30, 1129-1130.	0.5	0
44	What do UK sexual health clinicians think about saliva as a transmissible vector for <i>Neisseria gonorrhoea</i> in men who have sex with men?. <i>Sexually Transmitted Infections</i> , 2019, 95, 469-469.	0.8	1
45	UK diploma examinations in genitourinary and HIV medicine. <i>Sexually Transmitted Infections</i> , 2019, 95, 4-4.	0.8	5
46	Sexually transmitted infection testing and rates in men who have sex with men (MSM) using HIV pre-exposure prophylaxis. <i>HIV Medicine</i> , 2019, 20, e12.	1.0	5
47	Secondary adrenal insufficiency from steroid use and co-prescribing of cytochrome p450 3A4 inhibitors. <i>HIV Medicine</i> , 2019, 20, e10-e11.	1.0	4
48	Healthcare provider and service user perspectives on STI risk reduction interventions for young people and MSM in the UK. <i>Sexually Transmitted Infections</i> , 2019, 96, sextrans-2018-053903.	0.8	7
49	The changing face of male sexual assault: recreational drug use and multiple assailants. <i>Sexually Transmitted Infections</i> , 2019, 95, 550-550.	0.8	6
50	Symptomatic sexually transmitted proctitis in men who have sex with men. <i>Sexually Transmitted Infections</i> , 2019, 95, 471-471.	0.8	8
51	Symptomatic secondary syphilis: empirical antimicrobial treatment or await microbiology?. <i>Sexual Health</i> , 2019, 16, 598.	0.4	2
52	A pilot study of vicarious trauma in sexual health clinicians. <i>International Journal of STD and AIDS</i> , 2019, 30, 1216-1217.	0.5	2
53	Management of Renal Disease: utility of a joint HIV-renal clinic. <i>HIV Medicine</i> , 2019, 20, e5.	1.0	1
54	Sexual risk reduction interventions for patients attending sexual health clinics: a mixed-methods feasibility study. <i>Health Technology Assessment</i> , 2019, 23, 1-122.	1.3	10

#	ARTICLE	IF	CITATIONS
55	Disclosure of sexual orientation by gay, bisexual and other men who have sex with men to healthcare. <i>International Journal of STD and AIDS</i> , 2018, 29, 309-310.	0.5	3
56	Public health interventions for reducing HIV, hepatitis B and hepatitis C infections in people who inject drugs. <i>Public Health Action</i> , 2018, 8, 153-153.	0.4	3
57	The growing and important collaboration between BASHH and IUSTI-Europe. <i>Sexually Transmitted Infections</i> , 2018, 94, 474-474.	0.8	0
58	Looking at the positives: proactive management of STIs in people with HIV. <i>AIDS Research and Therapy</i> , 2018, 15, 28.	0.7	7
59	Hormone self-medicating: A concern for transgender sexual health services. <i>International Journal of STD and AIDS</i> , 2018, 29, 732-733.	0.5	0
60	Strategies to reduce the burden of HPV disease in HIV-positive men who have sex with men. <i>Journal of Public Health</i> , 2018, 40, 445-445.	1.0	0
61	Men who have sex with men who do not access sexual health clinics nor disclose sexual orientation are unlikely to receive the HPV vaccine in the UK. <i>Vaccine</i> , 2018, 36, 5065-5070.	1.7	24
62	Discussing HIV partner notification is acceptable to men who have sex with men who have been diagnosed recently. <i>International Journal of STD and AIDS</i> , 2018, 29, 837-837.	0.5	1
63	Changing face of the syphilis epidemic in men who have sex with men. <i>Sexually Transmitted Infections</i> , 2018, 94, 501-501.	0.8	1
64	Syphilis gastritis: a case report. <i>International Journal of STD and AIDS</i> , 2018, 29, 723-725.	0.5	2
65	Perceptions of <scp>HPV</scp> and attitudes towards <scp>HPV</scp> vaccination amongst men who have sex with men: A qualitative analysis. <i>British Journal of Health Psychology</i> , 2017, 22, 345-361.	1.9	47
66	Are testicular mixed germ cell tumours associated with hepatitis C (HCV) in HIV-positive men who have sex with men?. <i>International Journal of STD and AIDS</i> , 2017, 28, 208-209.	0.5	1
67	Men who have sex with men diagnosed with a sexually transmitted infection are significantly more likely to engage in sexualised drug use. <i>International Journal of STD and AIDS</i> , 2017, 28, 91-93.	0.5	38
68	The acceptability of routine HIV testing in general medical admissions using a sexual health advisor/healthcare assistant model. <i>Sexually Transmitted Infections</i> , 2016, 92, 69-69.	0.8	0
69	Exploring the experiences of medical students learning sexual history taking: a qualitative study. <i>Sexually Transmitted Infections</i> , 2016, 92, 352-352.	0.8	0
70	How easy is it to discuss party drug use with MSM? A Brighton clinic survey. <i>Sexually Transmitted Infections</i> , 2016, 92, 275-275.	0.8	1
71	A significant increase in cases of infectious syphilis in men who have sex with men since November 2013. <i>International Journal of STD and AIDS</i> , 2016, 27, 697-698.	0.5	7
72	Routine HIV testing in acute hospital admissions. <i>HIV Medicine</i> , 2016, 17, 634-634.	1.0	8
