#	Paper	IF	Citations
65	The Western dietary pattern is prospectively associated with nonalcoholic fatty liver disease in adolescence. <i>American Journal of Gastroenterology</i> , 2013 , 108, 778-85	0.7	162
64	The association between dietary patterns and mental health in early adolescence. <i>Preventive Medicine</i> , 2009 , 49, 39-44	4.3	155
63	Adolescent dietary patterns are associated with lifestyle and family psycho-social factors. <i>Public Health Nutrition</i> , 2009 , 12, 1807-15	3.3	126
62	The use of hand grip strength as a predictor of nutrition status in hospital patients. <i>Clinical Nutrition</i> , 2014 , 33, 106-14	5.9	106
61	Dietary patterns and markers for the metabolic syndrome in Australian adolescents. <i>Nutrition, Metabolism and Cardiovascular Diseases</i> , 2010 , 20, 274-83	4.5	105
60	Food sources of saturated fat and the association with mortality: a meta-analysis. <i>American Journal of Public Health</i> , 2013 , 103, e31-42	5.1	97
59	Ad Libitum Mediterranean and Low-Fat Diets Both Significantly Reduce Hepatic Steatosis: A Randomized Controlled Trial. <i>Hepatology</i> , 2018 , 68, 1741-1754	11.2	84
58	The reliability of a food frequency questionnaire for use among adolescents. <i>European Journal of Clinical Nutrition</i> , 2009 , 63, 1251-9	5.2	77
57	A good-quality breakfast is associated with better mental health in adolescence. <i>Public Health Nutrition</i> , 2009 , 12, 249-58	3.3	62
56	Energy drink consumption among young Australian adults: associations with alcohol and illicit drug use. <i>Drug and Alcohol Dependence</i> , 2014 , 134, 30-37	4.9	56
55	Energy drink consumption is associated with anxiety in Australian young adult males. <i>Depression and Anxiety</i> , 2014 , 31, 420-8	8.4	46
54	Relative validity of adolescent dietary patterns: a comparison of a FFQ and 3d food record. <i>British Journal of Nutrition</i> , 2011 , 105, 625-33	3.6	46
53	Tackling overweight and obesity: does the public health message match the science?. <i>BMC Medicine</i> , 2013 , 11, 41	11.4	45
52	Dietary intake of omega-3 fatty acids and risk of depressive symptoms in adolescents. <i>Depression and Anxiety</i> , 2011 , 28, 582-8	8.4	41
51	Dietary intake and food sources of fatty acids in Australian adolescents. <i>Nutrition</i> , 2011 , 27, 153-9	4.8	37
50	Low intake of B-vitamins is associated with poor adolescent mental health and behaviour. <i>Preventive Medicine</i> , 2012 , 55, 634-8	4.3	33
49	Lower fructose intake may help protect against development of nonalcoholic fatty liver in adolescents with obesity. <i>Journal of Pediatric Gastroenterology and Nutrition</i> , 2014 , 58, 624-31	2.8	32

48	Utilising a multi-item questionnaire to assess household food security in Australia. <i>Health Promotion Journal of Australia</i> , 2019 , 30, 9-17	1.7	30
47	Changes in dairy food and nutrient intakes in Australian adolescents. <i>Nutrients</i> , 2012 , 4, 1794-811	6.7	28
46	The reliability of an adolescent dietary pattern identified using reduced-rank regression: comparison of a FFQ and 3d food record. <i>British Journal of Nutrition</i> , 2014 , 112, 609-15	3.6	23
45	Early diet quality in a longitudinal study of Australian children: associations with nutrition and body mass index later in childhood and adolescence. <i>Journal of Developmental Origins of Health and Disease</i> , 2012 , 3, 21-31	2.4	22
44	Good-quality diet in the early years may have a positive effect on academic achievement. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2016 , 105, e209-18	3.1	21
43	Dietary glycaemic carbohydrate in relation to the metabolic syndrome in adolescents: comparison of different metabolic syndrome definitions. <i>Diabetic Medicine</i> , 2010 , 27, 770-8	3.5	21
42	Bile acids associate with specific gut microbiota, low-level alcohol consumption and liver fibrosis in patients with non-alcoholic fatty liver disease. <i>Liver International</i> , 2020 , 40, 1356-1365	7.9	19
41	Dietary fructose in relation to blood pressure and serum uric acid in adolescent boys and girls. <i>Journal of Human Hypertension</i> , 2013 , 27, 217-24	2.6	18
40	Polyunsaturated fatty acid intake and blood pressure in adolescents. <i>Journal of Human Hypertension</i> , 2012 , 26, 178-87	2.6	18
39	Maternal work hours in early to middle childhood link to later adolescent diet quality. <i>Public Health Nutrition</i> , 2012 , 15, 1861-70	3.3	17
38	Characterizing the Composition of the Pediatric Gut Microbiome: A Systematic Review. <i>Nutrients</i> , 2019 , 12,	6.7	17
37	Dairy product consumption, dietary nutrient and energy density and associations with obesity in Australian adolescents. <i>Journal of Human Nutrition and Dietetics</i> , 2015 , 28, 452-64	3.1	16
36	Increased familiarity, knowledge and confidence with Nutrition Care Process Terminology following implementation across a statewide health-care system. <i>Nutrition and Dietetics</i> , 2015 , 72, 222-231	2.5	16
35	Omega-3 Index correlates with healthier food consumption in adolescents and with reduced cardiovascular disease risk factors in adolescent boys. <i>Lipids</i> , 2011 , 46, 59-67	1.6	16
34	Development of a Nutrition Care Process implementation package for hospital dietetic departments. <i>Nutrition and Dietetics</i> , 2015 , 72, 205-212	2.5	14
33	Glycaemic load is associated with insulin resistance in older Australian women. <i>European Journal of Clinical Nutrition</i> , 2010 , 64, 80-7	5.2	14
32	Whole-Fat or Reduced-Fat Dairy Product Intake, Adiposity, and Cardiometabolic Health in Children: A Systematic Review. <i>Advances in Nutrition</i> , 2020 , 11, 928-950	10	12
31	Evaluation of a Nutrition Care Process implementation package in hospital dietetic departments. <i>Nutrition and Dietetics</i> , 2015 , 72, 213-221	2.5	11

30	Just what the doctor ordered: Moving forward with electronic health records. <i>Nutrition and Dietetics</i> , 2011 , 68, 179-184	2.5	11
29	Food-Insecure Household's Self-Reported Perceptions of Food Labels, Product Attributes and Consumption Behaviours. <i>Nutrients</i> , 2019 , 11,	6.7	9
28	Use of the Nutrition Care Process and Nutrition Care Process Terminology in an International Cohort Reported by an Online Survey Tool. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2019 , 119, 225-241	3.9	9
27	The Nutrition Care Process Terminology: Changes in perceptions, attitudes, knowledge and implementation amongst Australian dietitians after three years. <i>Nutrition and Dietetics</i> , 2018 , 75, 87-97	2.5	8
26	Regular Fat and Reduced Fat Dairy Products Show Similar Associations with Markers of Adolescent Cardiometabolic Health. <i>Nutrients</i> , 2016 , 8,	6.7	8
25	Online Video Instruction on Hand Expression of Colostrum in Pregnancy is an Effective Educational Tool. <i>Nutrients</i> , 2019 , 11,	6.7	7
24	Higher breakfast glycaemic load is associated with increased metabolic syndrome risk, including lower HDL-cholesterol concentrations and increased TAG concentrations, in adolescent girls. <i>British Journal of Nutrition</i> , 2014 , 112, 1974-83	3.6	7
23	The International Nutrition Care Process and Terminology Implementation Survey: Towards a Global Evaluation Tool to Assess Individual Practitioner Implementation in Multiple Countries and Languages. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2019 , 119, 242-260	3.9	6
22	What Drives Food Insecurity in Western Australia? How the Perceptions of People at Risk Differ to Those of Stakeholders. <i>Nutrients</i> , 2018 , 10,	6.7	6
21	Successful long-term maintenance following Nutrition Care Process Terminology implementation across a state-wide health-care system. <i>Nutrition and Dietetics</i> , 2017 , 74, 372-380	2.5	5
20	Estimated intake and major food sources of flavonoids among Australian adolescents. <i>European Journal of Nutrition</i> , 2020 , 59, 3841-3856	5.2	5
19	A pilot evaluation of simulation-based interprofessional education for occupational therapy, speech pathology and dietetic students: improvements in attitudes and confidence. <i>Journal of Interprofessional Care</i> , 2020 , 34, 472-480	2.7	5
18	Comparison of multiple and novel measures of dietary glycemic carbohydrate with insulin resistant status in older women. <i>Nutrition and Metabolism</i> , 2010 , 7, 25	4.6	4
17	Dietary fibre intake and its association with inflammatory markers in adolescents. <i>British Journal of Nutrition</i> , 2021 , 125, 329-336	3.6	4
16	Fructose intake and food sources in West Australian adolescents. <i>Nutrition and Dietetics</i> , 2013 , 70, 139-145	4.5	3
15	Evaluation of an electronic record prototype incorporating the Nutrition Care Process and International Dietetics and Nutrition Terminology. <i>Nutrition and Dietetics</i> , 2013 , 70, n/a-n/a	2.5	3
14	Glycaemic index and glycaemic load intake patterns in older Australian women. <i>Nutrition and Dietetics</i> , 2009 , 66, 138-144	2.5	3
13	Predictors of nutrition care process and terminology use, applicability and importance within Asia-Pacific dietitians. <i>Nutrition and Dietetics</i> , 2019 , 76, 455-461	2.5	3

12	Young Adults with High Autistic-Like Traits Displayed Lower Food Variety and Diet Quality in Childhood. <i>Journal of Autism and Developmental Disorders</i> , 2021 , 51, 685-696	4.6	3
11	Keep Calm and Carry on: Parental Opinions on Improving Clinical Dietary Trials for Young Children. <i>Nutrients</i> , 2018 , 10,	6.7	3
10	Is Dietary Vitamin A Associated with Myopia from Adolescence to Young Adulthood?. <i>Translational Vision Science and Technology</i> , 2020 , 9, 29	3.3	2
9	Glucose Gel as a Potential Alternative Treatment to Infant Formula for Neonatal Hypoglycaemia in Australia. <i>International Journal of Environmental Research and Public Health</i> , 2018 , 15,	4.6	2
8	A Quasi-Experimental Study of the Respectful Approach on Early Parenting Competence and Stress. <i>Journal of Child and Family Studies</i> , 2020 , 29, 2796-2810	2.3	2
7	Validation of fatty liver disease scoring systems for ultrasound diagnosed non-alcoholic fatty liver disease in adolescents. <i>Digestive and Liver Disease</i> , 2021 , 53, 746-752	3.3	2
6	Bowel patterns, gastrointestinal symptoms, and emotional well-being in adolescents: A cohort study. <i>Journal of Gastroenterology and Hepatology (Australia)</i> , 2019 , 34, 1946-1954	4	1
5	To dine in or not to dine in: A comparison of food selection and preparation behaviours in those with and without food security. <i>Health Promotion Journal of Australia</i> , 2021 , 32 Suppl 2, 267-282	1.7	1
4	Differences in dietary fibre intake and associated familial factors in a longitudinal study at two time points across adolescence. <i>Public Health Nutrition</i> , 2020 , 23, 2539-2547	3.3	1
3	Dietary fibre intake and its associations with depressive symptoms in a prospective adolescent cohort. <i>British Journal of Nutrition</i> , 2021 , 125, 1166-1176	3.6	1
2	Whole-fat dairy products do not adversely affect adiposity or cardiometabolic risk factors in children in the Milky Way Study: a double-blind randomized controlled pilot study. <i>American Journal of Clinical Nutrition</i> , 2021 ,	7	1
1	Authors' response. <i>Journal of Pediatric Gastroenterology and Nutrition</i> , 2015 , 60, e35-6	2.8
