#	ARTICLE	IF	CITATIONS
1	Evidence-based guidelines for the management of abnormally invasive placenta: recommendations from the International Society for Abnormally Invasive Placenta. American Journal of Obstetrics and Gynecology, 2019, 220, 511-526.	1.3	207
2	Placenta percreta is associated with more frequent severe maternal morbidity than placenta accreta. American Journal of Obstetrics and Gynecology, 2018, 219, 193.e1-193.e9.	1.3	102
3	Preterm premature rupture of the membranes: Guidelines for clinical practice from the French College of Gynaecologists and Obstetricians (CNGOF). European Journal of Obstetrics, Gynecology and Reproductive Biology, 2019, 236, 1-6.	1.1	66
4	Leading causes of preterm delivery as risk factors for intraventricular hemorrhage in very preterm infants: results of the EPIPAGE 2 cohort study. American Journal of Obstetrics and Gynecology, 2017, 216, 518.e1-518.e12.	1.3	65
5	Cause of Preterm Birth as a Prognostic Factor for Mortality. Obstetrics and Gynecology, 2016, 127, 40-48.	2.4	64
6	Preterm premature rupture of membranes at 22â€“25 weeksâ€™ gestation: perinatal and 2-year outcomes within a national population-based study (EPIPAGE-2). American Journal of Obstetrics and Gynecology, 2018, 219, 298.e1-298.e14.	1.3	62
7	Impact of Latency Duration on the Prognosis of Preterm Infants after Preterm Premature Rupture of Membranes at 24 to 32 Weeks' Gestation: A National Population-Based Cohort Study. Journal of Pediatrics, 2017, 182, 47-52.e2.	1.8	57
8	Association between gestational age and severe maternal morbidity and mortality of preterm cesarean delivery: a population-based cohort study. American Journal of Obstetrics and Gynecology, 2019, 220, 399.e1-399.e9.	1.3	24
9	Association of Chorioamnionitis with Cerebral Palsy at Two Years after Spontaneous Very Preterm Birth: The EPIPAGE-2 Cohort Study. Journal of Pediatrics, 2020, 222, 71-78.e6.	1.8	21
10	Intraoperative adverse events associated with extremely preterm cesarean deliveries. Acta Obstetrica Et Gynecologica Scandinavica, 2018, 97, 608-614.	2.8	18
11	Cause of preterm birth and late-onset sepsis in very preterm infants: the EPIPAGE-2 cohort study. Pediatric Research, 2021, 90, 584-592.	2.3	18
12	Assessment of atropine-sufentanil-atracurium anaesthesia for endotracheal intubation: an observational study in very premature infants. BMC Pediatrics, 2014, 14, 120.	1.7	16
13	Planned delivery route of preterm breech singletons, and neonatal and 2-year outcomes: a population-based cohort study. BJOG: an International Journal of Obstetrics and Gynaecology, 2019, 126, 73-82.	2.3	16
14	Planned Mode of Delivery of Preterm Twins and Neonatal and 2-Year Outcomes. Obstetrics and Gynecology, 2019, 133, 71-80.	2.4	10
15	Impact of the outbreak of SARS-CoV-2 infection on urgent gynecological care. Journal of Gynecology Obstetrics and Human Reproduction, 2020, 49, 101841.	1.3	10
16	Factors associated with neonatal hypoxic ischemic encephalopathy in infants with an umbilical artery pH less than 7.00. European Journal of Obstetrics, Gynecology and Reproductive Biology, 2019, 236, 69-74.	1.1	9
17	The impact of chorionicity on pregnancy outcome and neurodevelopment at 2 years old among twins born preterm: the EPIPAGE-2 cohort study. BJOG: an International Journal of Obstetrics and Gynaecology, 2021, 128, 281-291.	2.3	9
18	Neurodevelopment at 2 years and umbilical artery Doppler in cases of very preterm birth after prenatal hypertensive disorder or suspected fetal growth restriction: EPIPAGE-2 prospective population-based cohort study. Ultrasound in Obstetrics and Gynecology, 2020, 56, 557-565.	1.7	8

#	ARTICLE	IF	CITATIONS
19	Association between extremely preterm caesarean delivery and maternal depressive and anxious symptoms: a national population-based cohort study. BJOG: an International Journal of Obstetrics and Gynaecology, 2021, 128, 594-602.	2.3	8
20	Antibiotic prophylaxis in preterm premature rupture of membranes at 24-31 weeks gestation: Perinatal and 2-year outcomes in the EPIPAGE-2 cohort. BJOG: an International Journal of Obstetrics and Gynaecology, 2022, 129, 1560-1573.	2.3	8
21	Incidence and risk factors of caesarean section in preterm breech births: A population-based cohort study. European Journal of Obstetrics, Gynecology and Reproductive Biology, 2017, 212, 37-43.	1.1	7
22	The cause of birth is associated with neonatal prognosis in late preterm singletons. Journal of Gynecology Obstetrics and Human Reproduction, 2020, 49, 101920.	1.3	5
23	Impact of history of myomectomy on preterm birth risk in women with a leiomyomatous uterus: a propensity score analysis. BMC Pregnancy and Childbirth, 2020, 20, 720.	2.4	5
24	Preterm and term prelabour rupture of membranes: A review of timing and methods of labour induction. Best Practice and Research in Clinical Obstetrics and Gynaecology, 2021, 77, 27-41.	2.8	4
25	Carbetocin versus Oxytocin for the Prevention of Postpartum Hemorrhage in Cesarean Deliveries: A Retrospective Study of Two Consecutive Periods. AJP Reports, 2020, 10, e241-e246.	0.7	3
26	Placenta Percreta is Associated With More Frequent Severe Maternal Morbidity than Placenta Accreta. Obstetric Anesthesia Digest, 2019, 39, 94-96.	0.1	1
27	Risk of preterm delivery after medically indicated termination of pregnancy with induced vaginal delivery: a case-control study. Journal of Obstetrics and Gynaecology, 2022, 42, 1693-1702.	0.9	1
