#	ARTICLE	IF	CITATIONS
1	Parents' awareness and use of nonpharmacological methods to manage their baby's procedural pain in a surgical neonatal intensive care unit. <i>Journal of Neonatal Nursing</i> , 2023, 29, 60-67.	0.7	1
2	Neonatal medical trainee doctors' perceptions and parents' self-reported needs and stressors in a surgical neonatal intensive care unit: An individualised approach. <i>Journal of Paediatrics and Child Health</i> , 2022, 58, 687-696.	0.8	3
3	What is the definition of acute episodic and chronic pain in critically ill neonates and infants? A global, four-stage consensus and validation study. <i>BMJ Open</i> , 2022, 12, e055255.	1.9	6
4	The effects of education levels of developmental care in Australia: Perceptions and challenges. <i>Australian Critical Care</i> , 2021, 34, 370-377.	1.3	4
5	Neonates as intrinsically worthy recipients of pain management in neonatal intensive care. <i>Medicine, Health Care and Philosophy</i> , 2021, 24, 65-72.	1.8	3
6	Global neonatal nurses identify research priorities for improving neonatal outcome. <i>Journal of Neonatal Nursing</i> , 2021, 27, 147-152.	0.7	2
7	Exploration and Validation of Behavioral Pain Measures and Physiological Pain Measures Factor Structure Extracted From the Pain Assessment Tool Item Scores for Infants Admitted to Neonatal Intensive Care. <i>Clinical Journal of Pain</i> , 2021, 37, 397-403.	1.9	4
8	Influence of patterns of neonatal transfers on breastfeeding outcomes. <i>Journal of Paediatrics and Child Health</i> , 2021, 57, 1473-1478.	0.8	1
9	The effects of nurse-delivered caregiving in the neonatal setting: An integrative review. <i>Journal of Neonatal Nursing</i> , 2021, 27, 317-326.	0.7	3
10	A Cross-sectional Survey of Enteral Feeding Tube Placement and Gastric Residual Aspiration Practices. <i>Advances in Neonatal Care</i> , 2021, 21, 418-424.	1.1	2
11	The Evolution of an Interdisciplinary Developmental Round in a Surgical Neonatal Intensive Care Unit. <i>Advances in Neonatal Care</i> , 2021, 21, E2-E10.	1.1	5
12	Stressors of parents of infants undergoing neonatal surgery for major non-cardiac congenital anomalies in a surgical neonatal intensive care unit. <i>Journal of Paediatrics and Child Health</i> , 2020, 56, 512-520.	0.8	13
13	Trajectories of post-surgical pain in infants admitted to neonatal intensive care. <i>European Journal of Pain</i> , 2020, 24, 1822-1830.	2.8	3
14	Fathers'™ needs in a surgical neonatal intensive care unit: Assuring the other parent. <i>PLoS ONE</i> , 2020, 15, e0232190.	2.5	9
15	Systematic review and meta-analysis suggest that varying prevalence of non-acute pain in critically ill infants may be due to different definitions. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2019, 108, 2135-2147.	1.5	3
16	Individualised developmental care for babies and parents in the NICU: Evidence-based best practice guideline recommendations. <i>Early Human Development</i> , 2019, 139, 104840.	1.8	41
17	Needs and stressors of parents of term and near-term infants in the NICU: A systematic review with best practice guidelines. <i>Early Human Development</i> , 2019, 139, 104839.	1.8	35
18	Differences in attitudes to feeding post repair of Gastroschisis and development of a standardized feeding protocol. <i>BMC Pediatrics</i> , 2019, 19, 475.	1.7	11

#	ARTICLE	IF	CITATIONS
19	Needs of parents in a surgical neonatal intensive care unit. Journal of Paediatrics and Child Health, 2019, 55, 567-573.	0.8	17
20	Management of pain and stress in the neonatal unit. , 2019, , 133-154.		0
21	Gastro-oesophageal reflux: a mixed methods study of infants admitted to hospital in the first 12 months following birth in NSW (2000-2011). BMC Pediatrics, 2018, 18, 30.	1.7	21
22	Clinical observations of live improvisational harp music in neonatal intensive care. Music and Medicine, 2018, 10, 63.	0.4	0
23	Topical anaesthesia for needle-related pain in newborn infants. The Cochrane Library, 2017, 2017, CD010331.	2.8	19
24	Decreasing infection in neonatal intensive care units through quality improvement. Archives of Disease in Childhood: Fetal and Neonatal Edition, 2017, 102, F51-F57.	2.8	24
25	Inter-observer reliability in reading amplitude-integrated electroencephalogram in the newborn intensive care unit. Journal of Paediatrics and Child Health, 2017, 53, 1007-1012.	0.8	9
26	Local wound analgesia in infants undergoing thoracic or abdominal surgery. The Cochrane Library, 2017, , .	2.8	1
27	Knowledge and learning in speciality practice. Journal of Neonatal Nursing, 2016, 22, 263-276.	0.7	9
28	Stress and distress in parents of neonates admitted to the neonatal intensive care unit for cardiac surgery. Early Human Development, 2016, 103, 101-107.	1.8	34
29	An innovative program to close the gap from research to practice: A clinical neonatal nursing fellowship. Journal of Neonatal Nursing, 2015, 21, 42-46.	0.7	1
30	Deep versus shallow suction of endotracheal tubes in ventilated neonates and young infants. The Cochrane Library, 2013, 2013, CD003309.	2.8	24
31	Extending total parenteral nutrition hang time in the neonatal intensive care unit: Is it safe and cost effective?. Journal of Paediatrics and Child Health, 2013, 49, E57-61.	0.8	9
32	Procedural pain in neonates in Australian hospitals: A survey update of practices. Journal of Paediatrics and Child Health, 2013, 49, E35-9.	0.8	40
33	Call For Neonatal Nursing Specialization in Developing Countries. MCN the American Journal of Maternal Child Nursing, 2013, 38, 336-342.	0.7	10
34	Challenges in conducting prospective research of developmentally directed care in surgical neonates: A case study. Early Human Development, 2012, 88, 171-178.	1.8	4
35	Closing the evidence-practice gap for newborn pain using clinical networks. Journal of Paediatrics and Child Health, 2011, 47, 92-98.	0.8	30
36	Early development of children with major birth defects requiring newborn surgery. Journal of Paediatrics and Child Health, 2011, 47, 140-147.	0.8	54

#	ARTICLE	IF	CITATIONS
37	Ethical advocacy based on caring: A model for neonatal and paediatric nurses. Journal of Paediatrics and Child Health, 2011, 47, 642-645.	0.8	19
38	Infant well-being following neonatal cardiac surgery. Journal of Clinical Nursing, 2011, 20, 2623-2632.	3.0	12
39	Mother-child interaction and child developmental capacities in toddlers with major birth defects requiring newborn surgery. Early Human Development, 2010, 86, 793-800.	1.8	24
40	Neonatal pain: A comparison of the beliefs and practices of junior doctors and current best evidence. Journal of Paediatrics and Child Health, 2010, 46, 23-28.	0.8	19
41	Evidence-based clinical practice guideline for management of newborn pain. Journal of Paediatrics and Child Health, 2010, 46, 184-192.	0.8	42
42	Learning how we learn: an ethnographic study in a neonatal intensive care unit. Journal of Advanced Nursing, 2008, 62, 657-664.	3.3	39
43	“Untangling the web of critical incidents”: Ethnography in a paediatric setting. Anthropology and Medicine, 2008, 15, 91-103.	1.2	17
44	Delivery in the “grey zone”: Collaborative approach to extremely preterm birth. Australian and New Zealand Journal of Obstetrics and Gynaecology, 2007, 47, 273-278.	1.0	20
45	Measuring nursing unit culture as an empirical basis for implementing a model of practice in a neonatal intensive care unit. Journal of Neonatal Nursing, 2006, 12, 20-28.	0.7	6
46	Perinatal care at the borderlines of viability: a consensus statement based on a NSW and ACT consensus workshop. Medical Journal of Australia, 2006, 185, 495-500.	1.7	80
47	Measuring nursing workload in neonatal intensive care. Journal of Nursing Management, 2006, 14, 227-234.	3.4	42
48	A Reliable Pain Assessment Tool for Clinical Assessment in the Neonatal Intensive Care Unit. JOGNN - Journal of Obstetric, Gynecologic, and Neonatal Nursing, 2005, 34, 80-86.	0.5	60
49	Salivary cortisol measurements in sick infants: A feasible and objective method of measuring stress?. Journal of Neonatal Nursing, 2005, 11, 10-17.	0.7	8
50	Gastroschisis: determinants of neonatal outcome. Pediatric Surgery International, 2003, 19, 260-265.	1.4	69
51	Neonatal surgery in New South Wales “What is performed where?”. Journal of Pediatric Surgery, 2003, 38, 1025-1031.	1.6	22
52	Deep versus shallow suction of endotracheal tubes in ventilated neonates and young infants. , 2003, , CD003309.		17
53	ACCURACY OF WEIGHING SIMULATED INFANTS WITH IN-BED AND FREESTANDING SCALES WHILE CONNECTED AND DISCONNECTED TO A VENTILATOR. Advances in Neonatal Care, 2003, 3, 27-36.	1.1	5
54	Excision duodenoplasty: a new technique for congenital duodenal obstruction. Pediatric Surgery International, 2002, 18, 75-78.	1.4	4

#	ARTICLE	IF	CITATIONS
55	Nursing scripts and the organizational influences on critical thinking: report of a study of neonatal nurses' clinical reasoning. Journal of Advanced Nursing, 2000, 31, 1106-1114.	3.3	38
56	The best interest principle as a standard for decision making in the care of neonates. Journal of Advanced Nursing, 2000, 31, 1286-1292.	3.3	35
57	Nasal versus oral intubation for mechanical ventilation of newborn infants. The Cochrane Library, 1999, , CD000948.	2.8	58
58	Ethical Issues for Neonatal Nurses. Nursing Ethics, 1998, 5, 206-217.	3.4	11
59	Ethical Issues for Neonatal Nurses. Nursing Ethics, 1998, 5, 206-217.	3.4	2
