#	ARTICLE	IF	CITATIONS
1	Translating research findings to clinical nursing practice. Journal of Clinical Nursing, 2017, 26, 862-872.	3.0	174
2	Nurse-initiated intravenous morphine in the emergency department: Efficacy, rate of adverse events and impact on time to analgesia. EMA - Emergency Medicine Australasia, 2002, 14, 249-254.	1.1	75
3	Factors Associated With Delay to Opiate Analgesia in Emergency Departments. Journal of Pain, 2006, 7, 682-686.	1.4	73
4	Work Pressure and Patient Flow Management in the Emergency Department: Findings From an Ethnographic Study. Academic Emergency Medicine, 2011, 18, 1045-1052.	1.8	68
5	Expanding the role of practice nurses in Australia. Contemporary Nurse, 2012, 41, 133-140.	1.0	59
6	Literature review of the impact of nurse practitioners in critical care services. Nursing in Critical Care, 2011, 16, 58-66.	2.3	56
7	An Australian Audit of ED Pain Management Patterns. Journal of Emergency Nursing, 2011, 37, 269-274.	1.0	42
8	Current triage practice and influences affecting clinical decision-making in emergency departments in NSW, Australia. International Emergency Nursing, 2001, 9, 227-234.	0.7	41
9	A prospective study of nurse initiated panadeine forte: expanding pain management in the ED. International Emergency Nursing, 2004, 12, 136-140.	0.7	40
10	An educational framework for triage nursing based on gatekeeping, timekeeping and decision-making processes. International Emergency Nursing, 2005, 13, 214-219.	0.7	39
11	Nursing praxis, compassionate caring and interpersonal relations: An observational study. Australasian Emergency Nursing Journal, 2013, 16, 37-44.	1.9	39
12	Is Asian ethnicity an independent risk factor for severe perineal trauma in childbirth? A systematic review of the literature. Women and Birth, 2012, 25, 107-113.	2.0	37
13	Emergency nurses perceptions of the role of family/carers in caring for cognitively impaired older persons in pain: A descriptive qualitative study. International Journal of Nursing Studies, 2015, 52, 1323-1331.	5.6	37
14	Emergency nurses' evaluation of observational pain assessment tools for older people with cognitive impairment. Journal of Clinical Nursing, 2017, 26, 1281-1290.	3.0	37
15	Confidence and impact on clinical decision-making and behaviour in the emergency department. Australasian Emergency Nursing Journal, 2014, 17, 91-97.	1.9	35
16	Clinical user experiences of observation and response charts: focus group findings of using a new format chart incorporating a track and trigger system. BMJ Quality and Safety, 2015, 24, 65-75.	3.7	35
17	Review of the triage literature: Past, present, future?. Australasian Emergency Nursing Journal, 2002, 5, 33-38.	0.0	34
18	Use of the Delphi method to generate guidance in emergency nursing practice: A systematic review. International Emergency Nursing, 2021, 56, 100867.	1.5	32

#	ARTICLE	IF	CITATIONS
19	Rates of workplace aggression in the emergency department and nurses'™ perceptions of this challenging behaviour: A multimethod study. <i>Australasian Emergency Nursing Journal</i> , 2016, 19, 143-148.	1.9	30
20	The role and functions of Clinical Nurse Consultants, an Australian advanced practice role: A descriptive exploratory cohort study. <i>International Journal of Nursing Studies</i> , 2013, 50, 326-334.	5.6	29
21	Triage nurses order x-rays for patients with isolated distal limb injuries: A 12-month ED study. <i>Journal of Emergency Nursing</i> , 2001, 27, 17-22.	1.0	27
22	The clinical initiative nurse: Extending the role of the emergency nurse, who benefits?. <i>Australasian Emergency Nursing Journal</i> , 2005, 8, 9-12.	1.9	25
23	Topical anaesthesia and intravenous cannulation success in paediatric patients: a randomized double-blind trial. <i>British Journal of Anaesthesia</i> , 2008, 100, 521-524.	3.4	25
24	A systematic review of observational pain assessment instruments for use with nonverbal intubated critically ill adult patients in the emergency department: an assessment of their suitability and psychometric properties. <i>Journal of Clinical Nursing</i> , 2017, 26, 7-32.	3.0	25
25	Accuracy of triage nurses in predicting patient disposition. <i>EMA - Emergency Medicine Australasia</i> , 2007, 19, 341-345.	1.1	24
26	National regulation in Australia: A time for standardisation in roles and titles. <i>Collegian</i> , 2011, 18, 45-49.	1.3	24
27	Consensus-based clinical research priorities for emergency nursing in Australia. <i>Australasian Emergency Care</i> , 2018, 21, 43-50.	1.5	24
28	Motivational factors influencing nurses to undertake postgraduate hospital-based education. <i>Nurse Education in Practice</i> , 2018, 31, 54-60.	2.6	24
29	The characteristics and outcomes of mental health patients presenting to an emergency department over a twelve month period. <i>Australasian Emergency Nursing Journal</i> , 2004, 7, 21-25.	0.0	23
30	The validity, reliability, responsiveness and applicability of observation sedation-scoring instruments for use with adult patients in the emergency department: A systematic literature review. <i>Australasian Emergency Nursing Journal</i> , 2015, 18, 1-23.	1.9	23
31	Assessment and management of acute pain in the older person with cognitive impairment: A qualitative study. <i>International Emergency Nursing</i> , 2016, 24, 54-60.	1.5	23
32	Evidence based emergency nursing: Designing a research question and searching the literature. <i>International Emergency Nursing</i> , 2017, 32, 78-82.	1.5	23
33	Emergency clinicians'™ knowledge, preparedness and experiences of managing COVID-19 during the 2020 global pandemic in Australian healthcare settings. <i>Australasian Emergency Care</i> , 2021, 24, 186-196.	1.5	23
34	An ethnography: Understanding emergency nursing practice belief systems. <i>International Emergency Nursing</i> , 2012, 20, 120-125.	1.5	22
35	Expectations and experiences of older people and their carers in relation to emergency department arrival and care: A qualitative study in <sc>A</sc>ustralia. <i>Australian Journal of Cancer Nursing</i> , 2015, 17, 476-482.	1.6	22
36	The Emergency Department Response to Women Experiencing Intimate Partner Violence: Insights From Interviews With Clinicians in Australia. <i>Academic Emergency Medicine</i> , 2019, 26, 1052-1062.	1.8	22

#	ARTICLE	IF	CITATIONS
37	The experience of living with chronic illness for the haemodialysis patient: An interpretative phenomenological analysis. <i>Health Sociology Review</i> , 2014, 23, 232-241.	2.8	21
38	Emergency department nurses' perceptions and experiences of providing care for older people. <i>Australian Journal of Cancer Nursing</i> , 2014, 16, 449-453.	1.6	21
39	A cross-sectional study of the clinical characteristics of cancer patients presenting to one tertiary referral emergency department. <i>International Emergency Nursing</i> , 2016, 24, 35-38.	1.5	21
40	Using the Delphi technique to design a self-reporting triage survey tool. <i>International Emergency Nursing</i> , 2001, 9, 235-241.	0.7	20
41	Short- and long-term outcomes after valve replacement surgery for rheumatic heart disease in the South Pacific, conducted by a fly-in/fly-out humanitarian surgical team: A 20-year retrospective study for the years 1991 to 2011. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 2014, 148, 1996-2003.	0.8	20
42	Quality and impact of nurse-initiated analgesia in the emergency department: A systematic review. <i>International Emergency Nursing</i> , 2018, 40, 46-53.	1.5	20
43	A 12-month evaluation of the impact of Transitional Emergency Nurse Practitioners in one metropolitan Emergency Department. <i>Australasian Emergency Nursing Journal</i> , 2011, 14, 4-8.	1.9	19
44	Australian practice nursing: collaboration in context. <i>Journal of Clinical Nursing</i> , 2014, 23, 3525-3532.	3.0	19
45	Ratios and nurse staffing: The vexed case of emergency departments. <i>Australasian Emergency Nursing Journal</i> , 2015, 18, 49-55.	1.9	19
46	Randomized, single blinded control trial comparing haemolysis rate between two cannula aspiration techniques. <i>EMA - Emergency Medicine Australasia</i> , 2006, 18, 484-488.	1.1	18
47	Clinicians adopting evidence based guidelines: a case study with thromboprophylaxis. <i>BMC Health Services Research</i> , 2011, 11, 240.	2.2	18
48	Strengthening the nursing and midwifery unit manager role: an interim programme evaluation. <i>Journal of Nursing Management</i> , 2012, 20, 120-129.	3.4	18
49	Using observation to collect data in emergency research. <i>Australasian Emergency Nursing Journal</i> , 2017, 20, 25-30.	1.9	18
50	Patients regularly leave emergency departments before medical assessment: A study of did not wait patients, medical profile and outcome characteristics. <i>Australasian Emergency Nursing Journal</i> , 2004, 6, 21-26.	0.0	17
51	Nurses' experiences and expectations of family and carers of older patients in the emergency department. <i>International Emergency Nursing</i> , 2014, 22, 31-36.	1.5	17
52	A systematic review of the impact of afterhours care models on emergency departments, ambulance and general practice services. <i>Australasian Emergency Nursing Journal</i> , 2011, 14, 217-225.	1.9	16
53	The tasks of self-managing hepatitis C: The significance of disclosure. <i>Psychology and Health</i> , 2012, 27, 460-474.	2.2	16
54	Development of a tool to describe the role of the clinical nurse consultant in Australia. <i>Journal of Clinical Nursing</i> , 2013, 22, 1531-1538.	3.0	16

#	ARTICLE	IF	CITATIONS
55	Fast track patientsâ€™ satisfaction, compliance and confidence with emergency department discharge planning. <i>Australasian Emergency Care</i> , 2019, 22, 87-91.	1.5	16
56	Domains of practice and <sc>A</sc>dvanced <sc>P</sc>ractice <sc>N</sc>ursing in <sc>A</sc>ustralia. <i>Australian Journal of Cancer Nursing</i> , 2013, 15, 497-503.	1.6	15
57	Emergency nursesâ€™ perceptions of the role of confidence, selfâ€™efficacy and reflexivity in managing the cognitively impaired older person in pain. <i>Journal of Clinical Nursing</i> , 2015, 24, 1622-1629.	3.0	15
58	Cognitive impairment is a risk factor for delayed analgesia in older people with long bone fracture: a multicenter exploratory study. <i>International Psychogeriatrics</i> , 2015, 27, 323-328.	1.0	15
59	Emergency department utilisation among older people with acute and/or chronic conditions: A multi-centre retrospective study. <i>International Emergency Nursing</i> , 2018, 37, 39-43.	1.5	15
60	Nursing and midwifery use, perceptions and barriers to evidence-based practice. <i>International Journal of Evidence-Based Healthcare</i> , 2018, 16, 47-54.	0.5	15
61	Applying real-time Delphi methods: development of a pain management survey in emergency nursing. <i>BMC Nursing</i> , 2021, 20, 149.	2.5	15
62	Nursing in general practice: organizational possibilities for decision latitude, created skill, social support and identity derived from role. <i>Journal of Advanced Nursing</i> , 2012, 68, 614-624.	3.3	14
63	Using a survey tool to explore the processes underpinning the triage role: A pilot study. <i>Australasian Emergency Nursing Journal</i> , 2001, 4, 27-31.	0.0	13
64	User compliance with documenting on a track and triggerâ€™based observation and response chart: a twoâ€™phase multiâ€™site audit study. <i>Journal of Advanced Nursing</i> , 2017, 73, 2892-2902.	3.3	13
65	Workforce flexibility â€™ in defence of professional healthcare work. <i>Journal of Health Organization and Management</i> , 2017, 31, 503-516.	1.3	13
66	Can an observational pain assessment tool improve time to analgesia for cognitively impaired older persons? A cluster randomised controlled trial. <i>Emergency Medicine Journal</i> , 2018, 35, 33-38.	1.0	13
67	Outcomes of Person-centered Care for Persons with Dementia in the Acute Care Setting: A Pilot Study. <i>Clinical Gerontologist</i> , 2022, 45, 983-997.	2.2	13
68	Priorities and expectations of patients attending a multidisciplinary interstitial lung disease clinic. <i>Respirology</i> , 2021, 26, 80-86.	2.3	12
69	Psychological capital, wellâ€™being, and patient safety attitudes of nurses and midwives: A crossâ€™sectional survey. <i>Australian Journal of Cancer Nursing</i> , 2021, 23, 237-244.	1.6	12
70	Managing the wait: Clinical initiative nursesâ€™ perceptions of an extended practice role. <i>Australasian Emergency Nursing Journal</i> , 2012, 15, 202-210.	1.9	11
71	Pragmatic evaluation of an observational pain assessment scale in the emergency department: The Pain Assessment in Advanced Dementia (PAINAD) scale. <i>Australasian Emergency Care</i> , 2018, 21, 131-136.	1.5	11
72	Barriers and facilitators for successful after hours care model implementation: Reducing ED utilisation. <i>Australasian Emergency Nursing Journal</i> , 2009, 12, 137-144.	1.9	10

#	ARTICLE	IF	CITATIONS
73	Health-related quality of life of patients after mechanical valve replacement surgery for rheumatic heart disease in a developing country. <i>Heart Asia</i> , 2014, 6, 172-178.	1.1	10
74	Health-related quality of life of patients after mechanical valve replacement surgery: An integrative review. <i>European Journal of Cardiovascular Nursing</i> , 2015, 14, 16-25.	0.9	10
75	Utility of peripheral intravenous cannulae inserted in one tertiary referral emergency department: A medical record audit. <i>Australasian Emergency Nursing Journal</i> , 2016, 19, 20-25.	1.9	10
76	Effectiveness of nurse-initiated X-ray for emergency department patients with distal limb injuries: a systematic review. <i>European Journal of Emergency Medicine</i> , 2019, 26, 314-322.	1.1	10
77	Clarifying workforce flexibility from a division of labor perspective: a mixed methods study of an emergency department team. <i>Human Resources for Health</i> , 2020, 18, 17.	3.1	10
78	An emergency department's analysis of pain management patterns. <i>Australasian Emergency Nursing Journal</i> , 1999, 2, 31-36.	0.0	9
79	Overview of emergency nursing in Australasia. <i>International Emergency Nursing</i> , 2008, 16, 280-286.	1.5	9
80	Masters Nursing Students' Perceptions of an Innovative Simulation Education Experience. <i>Clinical Simulation in Nursing</i> , 2013, 9, e127-e133.	3.0	9
81	User acceptance of observation and response charts with a track and trigger system: a multisite staff survey. <i>Journal of Clinical Nursing</i> , 2016, 25, 2211-2222.	3.0	9
82	Suicide in older people, attitudes and knowledge of emergency nurses: A multi-centre study. <i>International Emergency Nursing</i> , 2019, 43, 113-118.	1.5	9
83	Nurses responding to the World Health Organization (WHO) priority for emergency care systems for universal health coverage. <i>International Emergency Nursing</i> , 2020, 50, 100876.	1.5	9
84	The implementation of an emergency nursing framework (HIRAID) reduces patient deterioration: A multi-centre quasi-experimental study. <i>International Emergency Nursing</i> , 2021, 56, 100976.	1.5	9
85	Are clinicians using routinely collected data to drive practice improvement? A cross-sectional survey. <i>International Journal for Quality in Health Care</i> , 2021, 33, .	1.8	9
86	Pre-hospital pain management patterns and triage nurse documentation. <i>International Emergency Nursing</i> , 2012, 20, 83-87.	1.5	8
87	The impact of evidence-based sepsis guidelines on emergency department clinical practice: a pre-post medical record audit. <i>Journal of Clinical Nursing</i> , 2017, 26, 3588-3596.	3.0	8
88	The utilisation of one district hospital emergency department by people with Parkinson's disease. <i>Australasian Emergency Nursing Journal</i> , 2017, 20, 1-5.	1.9	8
89	Interventions to support and develop clinician-researcher leadership in one health district. <i>International Journal of Health Care Quality Assurance</i> , 2017, 30, 528-538.	0.9	8
90	Exploring how nurses assess, monitor and manage acute pain for adult critically ill patients in the emergency department: protocol for a mixed methods study. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2017, 25, 75.	2.6	8

#	ARTICLE	IF	CITATIONS
91	Highlighting the Invisible Work of Emergency Nurse Practitioners. <i>Journal for Nurse Practitioners</i> , 2018, 14, 26-32.e1.	0.8	8
92	Triage in Australian emergency departments: Results of a New South Wales survey. <i>Australasian Emergency Care</i> , 2019, 22, 81-86.	1.5	8
93	Pain assessment and interventions by nurses in the emergency department: A national survey. <i>Journal of Clinical Nursing</i> , 2020, 29, 2352-2362.	3.0	8
94	Systems for recognition and response to deteriorating emergency department patients: a scoping review. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2021, 29, 69.	2.6	8
95	Impact of a care bundle for patients with blunt chest injury (ChIP): A multicentre controlled implementation evaluation. <i>PLoS ONE</i> , 2021, 16, e0256027.	2.5	8
96	The advanced clinical nurse a new model of practice: Meeting the challenge of peak activity periods. <i>Australasian Emergency Nursing Journal</i> , 1999, 2, 26-28.	0.0	7
97	A review of the Transitional Emergency Nurse Practitioner. <i>Australasian Emergency Nursing Journal</i> , 2011, 14, 226-231.	1.9	7
98	Measuring patient dependencyâ€”Performance of the Jones Dependency Tool in an Australian Emergency Department. <i>Australasian Emergency Nursing Journal</i> , 2013, 16, 64-72.	1.9	7
99	Emergency nurses' perceptions of sedation management practices for critically ill intubated patients: a qualitative study. <i>Journal of Clinical Nursing</i> , 2015, 24, 3286-3295.	3.0	7
100	Emergency nurses practices in assessing and administering continuous intravenous sedation for critically ill adult patients: A retrospective record review'. <i>International Emergency Nursing</i> , 2015, 23, 81-88.	1.5	7
101	Treatments costs associated with inpatient clinical deterioration. <i>Resuscitation</i> , 2021, 166, 49-54.	3.0	7
102	Clinical Utility of an Observation and Response Chart With Human Factors Design Characteristics and a Track and Trigger System: Study Protocol for a Two-Phase Multisite Multiple-Methods Design. <i>JMIR Research Protocols</i> , 2014, 3, e40.	1.0	7
103	A retrospective chart review of adult mortality characteristics of patients presenting to a principal tertiary emergency department. <i>International Emergency Nursing</i> , 2005, 13, 122-125.	0.7	6
104	The Transitional Emergency Nurse Practitioner role: Implementation study and preliminary evaluation. <i>Australasian Emergency Nursing Journal</i> , 2009, 12, 32-37.	1.9	6
105	Minor injuries in older adults have different characteristics, injury patterns, and outcomes when compared with younger adults: An Emergency Department correlation study. <i>International Emergency Nursing</i> , 2015, 23, 168-173.	1.5	6
106	Development and Pragmatic Evaluation of a Rapid Response Team. <i>Critical Care Nursing Quarterly</i> , 2019, 42, 227-234.	0.8	6
107	Implementation of a hospital-wide multidisciplinary blunt chest injury care bundle (ChIP): Fidelity of delivery evaluation. <i>Australian Critical Care</i> , 2022, 35, 113-122.	1.3	6
108	Increasing accuracy in documentation through the application of a structured emergency nursing framework: A multisite quasiâ€”experimental study. <i>Journal of Clinical Nursing</i> , 2022, 31, 2874-2885.	3.0	6
