#	ARTICLE	IF	CITATIONS
1	Sexting: Young Women's and Men's Views on Its Nature and Origins. <i>Journal of Adolescent Health</i> , 2013, 52, 697-701.	1.2	174
2	The Burden of Bacterial Vaginosis: Women's Experience of the Physical, Emotional, Sexual and Social Impact of Living with Recurrent Bacterial Vaginosis. <i>PLoS ONE</i> , 2013, 8, e74378.	1.1	142
3	Love during lockdown: findings from an online survey examining the impact of COVID-19 on the sexual health of people living in Australia. <i>Sexually Transmitted Infections</i> , 2021, 97, 357-362.	0.8	98
4	Urinary tract infections in children: an overview of diagnosis and management. <i>BMJ Paediatrics Open</i> , 2019, 3, e000487.	0.6	83
5	Attitudes to taking a sexual history in general practice in Victoria, Australia. <i>Sexually Transmitted Infections</i> , 1999, 75, 41-44.	0.8	79
6	Population effectiveness of opportunistic chlamydia testing in primary care in Australia: a cluster-randomised controlled trial. <i>Lancet, The</i> , 2018, 392, 1413-1422.	6.3	63
7	"It's just one of those things people don't seem to talk about..." women's experiences of social support following miscarriage: a qualitative study. <i>BMC Women's Health</i> , 2018, 18, 176.	0.8	57
8	"The loss was traumatic" some healthcare providers added to that: Women's experiences of miscarriage. <i>Women and Birth</i> , 2019, 32, 137-146.	0.9	45
9	Women's Management of Recurrent Bacterial Vaginosis and Experiences of Clinical Care: A Qualitative Study. <i>PLoS ONE</i> , 2016, 11, e0151794.	1.1	42
10	The lived experience of men and women with hepatitis C: implications for support needs and health information. <i>Australian Health Review</i> , 2004, 27, 46.	0.5	40
11	"Everything neatly tucked away": young women's views on desirable vulval anatomy. <i>Culture, Health and Sexuality</i> , 2016, 18, 1363-1378.	1.0	38
12	Prevalence of early childhood caries and enamel defects in four and five-year old Qatari preschool children. <i>BMC Oral Health</i> , 2016, 16, 73.	0.8	35
13	Experiences and Outcomes of Partner Notification Among Men and Women Recently Diagnosed With Chlamydia and Their Views on Innovative Resources Aimed at Improving Notification Rates. <i>Sexually Transmitted Diseases</i> , 2010, 37, 253-258.	0.8	34
14	Australian men's experiences of living with hepatitis C virus: Results from a cross-sectional survey. <i>Journal of Gastroenterology and Hepatology (Australia)</i> , 2005, 20, 79-86.	1.4	33
15	"There was just no-one there to acknowledge that it happened to me as well": A qualitative study of male partner's experience of miscarriage. <i>PLoS ONE</i> , 2019, 14, e0217395.	1.1	33
16	Chlamydia prevalence in young attenders of rural and regional primary care services in Australia: a cross-sectional survey. <i>Medical Journal of Australia</i> , 2014, 200, 170-175.	0.8	31
17	Now, later or never? Challenges associated with hepatitis C treatment. <i>Australian and New Zealand Journal of Public Health</i> , 2006, 30, 422-427.	0.8	29
18	Key informant perceptions of youth-focussed sexual health promotion programs in Australia. <i>Sexual Health</i> , 2013, 10, 47.	0.4	29

#	ARTICLE	IF	CITATIONS
19	Contraception matters: indicators of poor usage of contraception in sexually active women attending family planning clinics in Victoria, Australia. <i>BMC Public Health</i> , 2012, 12, 1108.	1.2	26
20	Why are we not screening for anal cancer routinely - HIV physicians' perspectives on anal cancer and its screening in HIV-positive men who have sex with men: a qualitative study. <i>BMC Public Health</i> , 2015, 15, 67.	1.2	26
21	Better than nothing? Patient-delivered partner therapy and partner notification for chlamydia: the views of Australian general practitioners. <i>BMC Infectious Diseases</i> , 2010, 10, 274.	1.3	24
22	Dr Google, porn and friend-of-a-friend: where are young men really getting their sexual health information?. <i>Sexual Health</i> , 2015, 12, 488.	0.4	24
23	Incentive payments to general practitioners aimed at increasing opportunistic testing of young women for chlamydia: a pilot cluster randomised controlled trial. <i>BMC Public Health</i> , 2010, 10, 70.	1.2	23
24	Narrative review of the barriers and facilitators to chlamydia testing in general practice. <i>Australian Journal of Primary Health</i> , 2015, 21, 139.	0.4	23
25	Contraceptive use and pregnancy plans among women of reproductive age during the first Australian COVID-19 lockdown: findings from an online survey. <i>European Journal of Contraception and Reproductive Health Care</i> , 2021, 26, 265-271.	0.6	23
26	Health professionals' roles and practices in supporting women experiencing miscarriage: A qualitative study. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2019, 59, 508-513.	0.4	22
27	Factors influencing young women's contraceptive choices. <i>Australian Journal of General Practice</i> , 2019, 48, 389-394.	0.3	22
28	Innovative Resources Could Help Improve Partner Notification for Chlamydia in Primary Care. <i>Sexually Transmitted Diseases</i> , 2009, 36, 779-783.	0.8	21
29	The inside story. Physicians' views on digital ano-rectal examination for anal cancer screening of HIV positive men who have sex with men. <i>Journal of Medical Screening</i> , 2013, 20, 188-191.	1.1	18
30	Men's lived experiences of perinatal loss: A review of the literature. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2019, 59, 757-766.	0.4	18
31	Exploring anal self-examination as a means of screening for anal cancer in HIV positive men who have sex with men: a qualitative study. <i>BMC Public Health</i> , 2014, 14, 1257.	1.2	17
32	Nursing outside hospitals: the working experience of community nurses: job characteristics. <i>International Journal of Nursing Studies</i> , 1991, 28, 27-37.	2.5	16
33	Telling partners about chlamydia: how acceptable are the new technologies?. <i>BMC Infectious Diseases</i> , 2010, 10, 58.	1.3	16
34	Conversant or clueless? Chlamydia-related knowledge and practice of general practitioners in Western Australia. <i>BMC Family Practice</i> , 2008, 9, 17.	2.9	15
35	Reluctant to train, reluctant to prescribe: barriers to general practitioner prescribing of opioid substitution therapy. <i>Australian Journal of Primary Health</i> , 2012, 18, 346.	0.4	15
36	'It's always just there in your face': young people's views on porn. <i>Sexual Health</i> , 2015, 12, 200.	0.4	15

#	ARTICLE	IF	CITATIONS
37	Practice nurse chlamydia testing in Australian general practice: a qualitative study of benefits, barriers and facilitators. <i>BMC Family Practice</i> , 2015, 16, 36.	2.9	15
38	“Most young men think you have to be naked in front of the GP”: a qualitative study of male university students’ views on barriers to sexual health. <i>Sexual Health</i> , 2016, 13, 124.	0.4	15
39	“Not my child”: parenting, pornography, and views on education. <i>Journal of Family Studies</i> , 2021, 27, 573-588.	0.9	15
40	Do you talk to your older patients about sexual health? Health practitioners’ knowledge of, and attitudes towards, management of sexual health among older Australians. <i>Australian Journal of General Practice</i> , 2018, 47, 807-811.	0.3	15
41	Prevalence and Determinants of Pre-Hypertension among Omani Adults Attending Non-Communicable Disease Screening Program in Primary Care Setting in Sohar City. <i>Oman Medical Journal</i> , 2013, 28, 316-323.	0.3	15
42	Sexually Transmitted Infections in Melbourne, Australia from 1918 to 2016: nearly a century of data. <i>Communicable Diseases Intelligence</i> , 2017, 41, E212-E222.	0.5	15
43	The right thing to do: patients' views and experiences of telling partners about chlamydia. <i>Family Practice</i> , 2010, 27, 418-423.	0.8	14
44	Methadone and buprenorphine prescribing patterns of Victorian general practitioners: Their first 5 years after authorisation. <i>Drug and Alcohol Review</i> , 2011, 30, 355-359.	1.1	14
45	The chlamydia knowledge, awareness and testing practices of Australian general practitioners and practice nurses: survey findings from the Australian Chlamydia Control Effectiveness Pilot (ACCEPT). <i>BMC Family Practice</i> , 2013, 14, 169.	2.9	14
46	“That might be a bit sexy for somebody your age”: Older adult sexual health conversations in primary care. <i>Australasian Journal on Ageing</i> , 2020, 39, 40-48.	0.4	14
47	The cost-effectiveness of the Citymission Hospice Programme, Melbourne. <i>Palliative Medicine</i> , 1989, 3, 125-134.	1.3	13
48	Young pregnant women's views on the acceptability of screening for chlamydia as part of routine antenatal care. <i>BMC Public Health</i> , 2010, 10, 505.	1.2	13
49	Exposing the gaps in awareness, knowledge and estimation of risk for anal cancer in men who have sex with men living with HIV: a cross-sectional survey in Australia. <i>Journal of the International AIDS Society</i> , 2015, 18, 19895.	1.2	13
50	Australian women’s experiences of a rural medical termination of pregnancy service: A qualitative study. <i>Sexual and Reproductive Healthcare</i> , 2018, 15, 23-27.	0.5	13
51	“It Opened My Eyes” examining the impact of a multifaceted chlamydia testing intervention on general practitioners using Normalization Process Theory. <i>Family Practice</i> , 2018, 35, 626-632.	0.8	13
52	Women view key sexual behaviours as the trigger for the onset and recurrence of bacterial vaginosis. <i>PLoS ONE</i> , 2017, 12, e0173637.	1.1	13
53	A Health Education Website Developed to Meet Young People’s Information Needs About Web-Based Pornography and Sharing of Sexually Explicit Imagery (SCOPE): Usability Study. <i>JMIR Formative Research</i> , 2019, 3, e12824.	0.7	13
54	A Digital Pornography Literacy Resource Co-Designed With Vulnerable Young People: Development of “The Gist”. <i>Journal of Medical Internet Research</i> , 2020, 22, e15964.	2.1	13

#	ARTICLE	IF	CITATIONS
55	What is the anatomical basis of labiaplasty? A review of normative datasets for female genital anatomy. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2021, 61, 331-338.	0.4	13
56	Establishing the Victorian Primary Care Practice Based Research Network. <i>Australian Family Physician</i> , 2010, 39, 857-62.	0.5	13
57	Improving chlamydia knowledge should lead to increased chlamydia testing among Australian general practitioners: a cross-sectional study of chlamydia testing uptake in general practice. <i>BMC Infectious Diseases</i> , 2014, 14, 584.	1.3	12
58	Using computer-assisted survey instruments instead of paper and pencil increased completeness of self-administered sexual behavior questionnaires. <i>Journal of Clinical Epidemiology</i> , 2015, 68, 94-101.	2.4	12
59	Discrimination or discretion? Exploring dentists' views on treating patients with hepatitis C. <i>Australian Dental Journal</i> , 2006, 51, 318-323.	0.6	11
60	A descriptive analysis of young women's pornography use: a tale of exploration and harm. <i>Sexual Health</i> , 2020, 17, 69.	0.4	11
61	Women's Views and Experiences of the Triggers for Onset of Bacterial Vaginosis and Exacerbating Factors Associated with Recurrence. <i>PLoS ONE</i> , 2016, 11, e0150272.	1.1	11
62	Pornography as a Source of Education About Sex and Sexuality Among a Sample of 15-29 Year Old Australians. <i>Journal of Sexual Medicine</i> , 2017, 14, e272-e272.	0.3	10
