#	ARTICLE	IF	CITATIONS
1	Addiction stigma and the production of impediments to take-home naloxone uptake. Health (United Kingdom) 2021, 107, 107-114.	0.78	4314
2	Why we stopped using the term "aftercare". Drug and Alcohol Review, 2022, 41, 3-6.	1.1	2
3	Homelessness and integrated care: an application of integrated care knowledge to understanding services for wicked issues. Journal of Integrated Care, 2022, 30, 3-19.	0.2	3
4	Contraceptive choice and power amongst women receiving opioid replacement therapy: qualitative study. Drugs: Education, Prevention and Policy, 2022, 29, 655-666.	0.8	1
5	Emotional Reactions of Trained Overdose Responders who use Opioids following Intervention in an Overdose Event. Substance Abuse, 2022, 43, 581-591.	1.1	2
6	Lessons for Uptake and Engagement of a Smartphone App (SURE Recovery) for People in Recovery From Alcohol and Other Drug Problems: Interview Study of App Users. JMIR Human Factors, 2022, 9, e33038.	1.0	2
7	Iterative categorisation (IC) (part 2): interpreting qualitative data. Addiction, 2021, 116, 668-676.	1.7	31
8	A qualitative study of repeat naloxone administrations during opioid overdose intervention by people who use opioids in New York City.. International Journal of Drug Policy, 2021, 87, 102968.	1.6	5
9	Hospital readmission among people experiencing homelessness in England: a cohort study of 2772 matched homeless and housed inpatients. Journal of Epidemiology and Community Health, 2021, 75, 681-688.	2.0	12
10	Beyond clinical trials: Extending the role of the clinical research nurse into social care and homeless research. Journal of Clinical Nursing, 2021, , .	1.4	1
11	Developing a mHealth Routine Outcome Monitoring and Feedback App ("SMART Track") to Support Self-Management of Addictive Behaviours. Frontiers in Psychiatry, 2021, 12, 677637.	1.3	10
12	Improving care transfers for homeless patients after hospital discharge: a realist evaluation. Health Services and Delivery Research, 2021, 9, 1-186.	1.4	5
13	Rethinking "carriage" of take-home naloxone. International Journal of Drug Policy, 2021, 95, 103253.	1.6	5
14	Feasibility of a Mobile Health App for Routine Outcome Monitoring and Feedback in SMART Recovery Mutual Support Groups: Stage 1 Mixed Methods Pilot Study. Journal of Medical Internet Research, 2021, 23, e25217.	2.1	8
15	A qualitative exploration of SMART Recovery meetings in Australia and the role of a digital platform to support routine outcome monitoring. Addictive Behaviors, 2020, 101, 106144.	1.7	14
16	Conflict and communication: managing the multiple affordances of take-home naloxone administration events in Australia. Addiction Research and Theory, 2020, 28, 29-37.	1.2	22
17	Factors associated with withdrawal symptoms and anger among people resuscitated from an opioid overdose by take-home naloxone: Exploratory mixed methods analysis. Journal of Substance Abuse Treatment, 2020, 117, 108099.	1.5	10
18	Mitigating and learning from the impact of COVID-19 infection on addictive disorders. Addiction, 2020, 115, 1007-1010.	1.7	204

#	ARTICLE	IF	CITATIONS
19	Opioid overdose reversals using naloxone in New York City by people who use opioids: Implications for public health and overdose harm reduction approaches from a qualitative study. <i>International Journal of Drug Policy</i> , 2020, 79, 102751.	1.6	15
20	Feasibility of a Mobile Health App for Routine Outcome Monitoring and Feedback in Mutual Support Groups Coordinated by SMART Recovery Australia: Protocol for a Pilot Study. <i>JMIR Research Protocols</i> , 2020, 9, e151113.	0.5	8
21	Adding quality to quantity in randomized controlled trials of addiction prevention and treatment: a new framework to facilitate the integration of qualitative research. <i>Addiction</i> , 2019, 114, 2257-2266.	1.7	14
22	Take-Home Naloxone for the Emergency Interim Management of Opioid Overdose: The Public Health Application of an Emergency Medicine. <i>Drugs</i> , 2019, 79, 1395-1418.	4.9	67
23	How competent are people who use opioids at responding to overdoses? Qualitative analyses of actions and decisions taken during overdose emergencies. <i>Addiction</i> , 2019, 114, 708-718.	1.7	38
24	Challenges in delivering personalised support to people with multiple and complex needs: qualitative study. <i>Journal of Interprofessional Care</i> , 2019, 33, 734-743.	0.8	5
25	Take-home naloxone and the politics of care. <i>Sociology of Health and Illness</i> , 2019, 41, 427-443.	1.1	40
26	Depot buprenorphine injections for opioid use disorder: Patient information needs and preferences. <i>Drug and Alcohol Review</i> , 2019, 38, 510-518.	1.1	23
27	Opioid users' willingness to receive prolonged-release buprenorphine depot injections for opioid use disorder. <i>Journal of Substance Abuse Treatment</i> , 2019, 104, 64-71.	1.5	35
28	Should we worry that take-home naloxone availability may increase opioid use?. <i>Addiction</i> , 2019, 114, 1723-1725.	1.7	10
29	Prolonged-release opioid agonist therapy: qualitative study exploring patients' views of 1-week, 1-month, and 6-month buprenorphine formulations. <i>Harm Reduction Journal</i> , 2019, 16, 25.	1.3	33
30	œI don't stress about it like I used to. Perceptions of non-problematic sleep amongst people in residential treatment for substance use disorders. <i>Journal of Substance Use</i> , 2019, 24, 439-444.	0.3	2
31	Factors influencing recruitment to a randomised placebo-controlled trial of oral naltrexone and extended release implant naltrexone: Qualitative study. <i>Journal of Substance Abuse Treatment</i> , 2019, 99, 52-60.	1.5	7
32	Acceptability of Patient-Reported Outcome and Experience Measures for Hepatitis C Treatment Among People Who Use Drugs. <i>Patient</i> , 2019, 12, 259-265.	1.1	9
33	Substance use, sleep and intervention design: insights from qualitative data. <i>Journal of Mental Health</i> , 2019, 28, 482-489.	1.0	8
34	Causes of death among homeless people: a population-based cross-sectional study of linked hospitalisation and mortality data in England.. <i>Wellcome Open Research</i> , 2019, 4, 49.	0.9	85
35	It is premature to expand access to medicinal cannabis in hopes of solving the US opioid crisis. <i>Addiction</i> , 2018, 113, 987-988.	1.7	37
36	Improving recruitment to pharmacological trials for illicit opioid use: findings from a qualitative focus group study. <i>Addiction</i> , 2018, 113, 1066-1076.	1.7	21

#	ARTICLE	IF	CITATIONS
37	Development and early validation of a patient-reported outcome measure to assess sleep amongst people experiencing problems with alcohol or other drugs. <i>Sleep</i> , 2018, 41, .	0.6	8
38	Do women with complex alcohol and other drug use histories want women-only residential treatment?. <i>Addiction</i> , 2018, 113, 989-997.	1.7	31
39	Delivering trauma-informed treatment in a women-only residential rehabilitation service: Qualitative study. <i>Drugs: Education, Prevention and Policy</i> , 2018, 25, 47-55.	0.8	10
40	International patent applications for non-injectable naloxone for opioid overdose reversal: Exploratory search and retrieve analysis of the PatentScope database. <i>Drug and Alcohol Review</i> , 2018, 37, 205-215.	1.1	14
41	Improving hospital discharge arrangements for people who are homeless: A realist synthesis of the intermediate care literature. <i>Health and Social Care in the Community</i> , 2018, 26, e345-e359.	0.7	36
42	Toxicity: exploring and expanding the concept. <i>Addiction</i> , 2018, 113, 592-594.	1.7	12
43	Pharmacokinetics of concentrated naloxone nasal spray for opioid overdose reversal: Phase I healthy volunteer study. <i>Addiction</i> , 2018, 113, 484-493.	1.7	65
44	Qualitative exploration of relationships between peers in residential addiction treatment. <i>Health and Social Care in the Community</i> , 2018, 26, e39-e46.	0.7	25
45	Beyond interferon side effects: What residual barriers exist to DAA hepatitis C treatment for people who inject drugs?. <i>PLoS ONE</i> , 2018, 13, e0207226.	1.1	77
46	Building on feminist achievements to enhance choice for women seeking treatment. <i>Addiction</i> , 2018, 113, 1001-1002.	1.7	0
47	Implants and depot injections for treating opioid dependence: Qualitative study of people who use or have used heroin. <i>Drug and Alcohol Dependence</i> , 2018, 189, 1-7.	1.6	38
48	Physical activity and the prevention, reduction, and treatment of alcohol and/or substance use across the lifespan (The PHASE review): protocol for a systematic review. <i>Systematic Reviews</i> , 2018, 7, 9.	2.5	12
49	The need for more consistent evidential standards in cannabis policy evaluations. <i>Addiction</i> , 2018, 113, 1553-1554.	1.7	2
50	Patient views of opioid pharmacotherapy biodelivery systems: Qualitative study to assist treatment decision making.. <i>Experimental and Clinical Psychopharmacology</i> , 2018, 26, 570-581.	1.3	10
51	Paying participants in addiction research: Is cash king?. <i>Journal of Substance Use</i> , 2017, 22, 531-533.	0.3	8
52	Poor implementation of naloxone needs to be better understood in order to save lives. <i>Addiction</i> , 2017, 112, 911-912.	1.7	13
53	Disturbing sleep and sleepfulness during recovery from substance dependence in residential rehabilitation settings. <i>Sociology of Health and Illness</i> , 2017, 39, 784-798.	1.1	15
54	Sleep waves and recovery from drug and alcohol dependence: Towards a rhythm analysis of sleep in residential treatment. <i>Social Science and Medicine</i> , 2017, 184, 124-133.	1.8	6
