List of Publications by Year in descending order

Source: https://exaly.com/author-pdf/79058/publications.pdf Version: 2024-02-01

#	Article	IF	CITATIONS
1	Occupational Medicine and Environmental Health in the Border Areas of Euro-Arctic Barents Region: A Review of 30-Year Russian–Norwegian Research Collaboration Outcomes. International Journal of Environmental Research and Public Health, 2020, 17, 3879.	1.2	5
2	Health Risk Modifiers of Exposure to Persistent Pollutants among Indigenous Peoples of Chukotka. International Journal of Environmental Research and Public Health, 2020, 17, 128.	1.2	9
3	lodine and bromine in fish consumed by indigenous peoples of the Russian Arctic. Scientific Reports, 2020, 10, 5451.	1.6	5
4	Essential and non-essential trace elements in fish consumed by indigenous peoples of the European Russian Arctic. Environmental Pollution, 2019, 253, 966-973.	3.7	28
5	In memory of Arild Vaktskjold MPH, DrScient (1962-2019). International Journal of Circumpolar Health, 2019, 78, 1656862.	0.5	0
6	Risk Factors for hypospadias in Northwest Russia: A Murmansk County Birth Registry Study. PLoS ONE, 2019, 14, e0214213.	1.1	5
7	North Pacific Baleen Whales as a Potential Source of Persistent Organic Pollutants (POPs) in the Diet of the Indigenous Peoples of the Eastern Arctic Coasts. Toxics, 2019, 7, 65.	1.6	5
8	Concentration dataset for 4 essential and 5Ânon-essential elements in fish collected in Arctic and sub-Arctic territories of the Nenets Autonomous and Arkhangelsk regions of Russia. Data in Brief, 2019, 27, 104631.	0.5	8
9	Examining environmental contaminant mixtures among adults with type 2 diabetes in the Cree First Nation communities of Eeyou Istchee, Canada. Scientific Reports, 2019, 9, 15909.	1.6	10
10	Source identification of human exposure to lead in nine Cree Nations from Quebec, Canada (Eeyou) Tj ETQq0 0	0 rgBT /Ov	erlock 10 Tf 5
11	Sociodemographic characteristics, sexual behaviour and knowledge about cervical cancer prevention as risk factors for high-risk human papillomavirus infection in Arkhangelsk, North-West Russia. International Journal of Circumpolar Health, 2018, 77, 1498681.	0.5	9
12	Risk Factors for Ventricular Septal Defects in Murmansk County, Russia: A Registry-Based Study. International Journal of Environmental Research and Public Health, 2018, 15, 1320.	1.2	9
13	Blood and hair mercury concentrations among Cree First Nations of <i>Eeyou Istchee</i> (Quebec,) Tj ETQq1 1 0 Circumpolar Health, 2018, 77, 1474706.).784314 rg 0.5	gBT /Overlock 11
	The impacts of emission trends of POPs on human concentration dynamics: Lessons learned from a		

14	The impacts of emission trends of POPs on human concentration dynamics: Lessons learned from a longitudinal study in Norway (1979–2007). International Journal of Hygiene and Environmental Health, 2017, 220, 776-781.	2.1	16
15	Body burdens, sources and interrelations of selected toxic and essential elements among the nine Cree First Nations of Eeyou Istchee, James Bay region of northern Quebec, Canada. Environmental Sciences: Processes and Impacts, 2017, 19, 727-741.	1.7	15
16	The Argentinian mother-and-child contaminant study: a cross-sectional study among delivering women in the cities of Ushuaia and Salta. International Journal of Circumpolar Health, 2017, 76, 1364598.	0.5	5
17	Under-reporting of major birth defects in Northwest Russia: a registry-based study. International Journal of Circumpolar Health, 2017, 76, 1366785.	0.5	5
18	Effect of Smoking Behavior before and during Pregnancy on Selected Birth Outcomes among Singleton Full-Term Pregnancy: A Murmansk County Birth Registry Study. International Journal of	1.2	27

Singleton Full-Term Pregnancy: A Murmansk County Birth Registry Study. International Journal of Environmental Research and Public Health, 2017, 14, 867.

#	Article	IF	CITATIONS
19	Do Cervical Cancer Patients Diagnosed with Opportunistic Screening Live Longer? An Arkhangelsk Cancer Registry Study. International Journal of Environmental Research and Public Health, 2017, 14, 1500.	1.2	3
20	Knowledge about human papillomavirus and prevention of cervical cancer among women of Arkhangelsk, Northwest Russia. PLoS ONE, 2017, 12, e0189534.	1,1	4
21	First-trimester smoking cessation in pregnancy did not increase the risk of preeclampsia/eclampsia: A Murmansk County Birth Registry study. PLoS ONE, 2017, 12, e0179354.	1.1	5
22	Maternal Risk Factors for Preterm Birth in Murmansk County, Russia: A Registryâ€Based Study. Paediatric and Perinatal Epidemiology, 2016, 30, 462-472.	0.8	7
23	Congenital anomalies of the kidney and the urinary tract: A murmansk county birth registry study. Birth Defects Research Part A: Clinical and Molecular Teratology, 2016, 106, 185-193.	1.6	26
24	Prevalence of smoking before and during pregnancy and changes in this habit during pregnancy in Northwest Russia: a Murmansk county birth registry study. Reproductive Health, 2016, 13, 18.	1.2	22
25	Menstrual cycle perturbation by organohalogens and elements in the Cree of James Bay, Canada. Chemosphere, 2016, 149, 190-201.	4.2	17
26	Changes in detection of birth defects and perinatal mortality after introduction of prenatal ultrasound screening in the Kola Peninsula (North-West Russia): combination of two birth registries. BMC Pregnancy and Childbirth, 2015, 15, 308.	0.9	8
27	The Northern Norway Mother-and-Child Contaminant Cohort (MISA) Study: PCA analyses of environmental contaminants in maternal sera and dietary intake in early pregnancy. International Journal of Hygiene and Environmental Health, 2015, 218, 254-264.	2.1	38
28	lodine status of Eeyou Istchee community members of northern Quebec, Canada, and potential sources. Environmental Sciences: Processes and Impacts, 2015, 17, 844-853.	1.7	3
29	The complexity of hair/blood mercury concentration ratios and its implications. Environmental Research, 2014, 134, 286-294.	3.7	25
30	Repeated measurements of per- and polyfluoroalkyl substances (PFASs) from 1979 to 2007 in males from Northern Norway: Assessing time trends, compound correlations and relations to age/birth cohort. Environment International, 2014, 67, 43-53.	4.8	99
31	Plasma concentrations of persistent organic pollutants in the Cree of northern Quebec, Canada: Results from the multi-community environment-and-health study. Science of the Total Environment, 2014, 470-471, 818-828.	3.9	24
32	Human biomonitoring issues related to lead exposure. Environmental Sciences: Processes and Impacts, 2013, 15, 1824.	1.7	28
33	Human biomonitoring in the Arctic. Special challenges in a sparsely populated area. International Journal of Hygiene and Environmental Health, 2012, 215, 159-167.	2.1	16
34	Changes in maternal blood concentrations of selected essential and toxic elements during and after pregnancy. Journal of Environmental Monitoring, 2011, 13, 2143.	2.1	66
35	Diabetes and Related Metabolic Conditions in an Aboriginal Cree Community of Quebec, Canada. Canadian Journal of Diabetes, 2009, 33, 156-162.	0.4	16
36	Maternal nickel exposure and congenital musculoskeletal defects. American Journal of Industrial Medicine, 2008, 51, 825-833.	1.0	21

#	Article	IF	CITATIONS
37	The identification of lead ammunition as a source of lead exposure in First Nations: The use of lead isotope ratios. Science of the Total Environment, 2008, 393, 291-298.	3.9	58
38	Lead shot contribution to blood lead of First Nations people: The use of lead isotopes to identify the source of exposure. Science of the Total Environment, 2008, 405, 180-185.	3.9	50
39	Spontaneous abortions among nickel-exposed female refinery workers. International Journal of Environmental Health Research, 2008, 18, 99-115.	1.3	28
40	Implementation, Quality Control and Selected Pregnancy Outcomes of the Murmansk County Birth Registry in Russia. International Journal of Circumpolar Health, 2008, 67, 318-334.	0.5	28
41	Pregnancy health and outcome in two cities in the Kola Peninsula, Northwestern Russia. International Journal of Circumpolar Health, 2007, 66, 168-181.	0.5	13
42	Human Health Risk Assessment for Aluminium, Aluminium Oxide, and Aluminium Hydroxide. Journal of Toxicology and Environmental Health - Part B: Critical Reviews, 2007, 10, 1-269.	2.9	741
43	Multi-component assessment of worker exposures in a copper refinery : Part 2. Biological exposure indices for copper, nickel and cobalt. Journal of Environmental Monitoring, 2007, 9, 695-700.	2.1	22
44	Genital malformations in newborns of female nickel-refinery workers. Scandinavian Journal of Work, Environment and Health, 2006, 32, 41-50.	1.7	37
45	Occupational exposure assessment of metals. Journal of Environmental Monitoring, 2005, 7, 412-5.	2.1	11
46	Exposure of a Cree Population Living near Mine Tailings in Northern Quebec (Canada) to Metals and Metalloids. Archives of Environmental Health, 2004, 59, 732-741.	0.4	11
47	Multi-component assessment of worker exposures in a copper refinery : Part 1. Environmental monitoring. Journal of Environmental Monitoring, 2004, 6, 985.	2.1	28
48	The Kola Birth Registry and perinatal mortality in Moncegorsk, Russia. Acta Obstetricia Et Gynecologica Scandinavica, 2004, 83, 58-69.	1.3	17
49	FocusA problem-based, self-directed approach to the teaching of the principles of environmental and human toxicology. Journal of Environmental Monitoring, 2002, 4, 14N-16N.	2.1	4
50	Elevated dentine-lead levels in deciduous teeth collected from remote First Nation communities located in the western James Bay region of northern Ontario, Canada. Journal of Environmental Monitoring, 2001, 3, 702-705.	2.1	20
51	Factor analysis of essential and toxic elements in human placentas from deliveries in artic and subarctic areas of Russia and Norway. Journal of Environmental Monitoring, 2001, 3, 177-184.	2.1	21
52	Concentrations of essential trace elements in maternal serum and the effect on birth weight and newborn body mass index in sub-arctic and arctic populations of Norway and Russia. Acta Obstetricia Et Gynecologica Scandinavica, 1999, 78, 605-614.	1.3	8
53	Blood lead and cadmium and birth weight among sub-arctic and arctic populations of Norway and Russia. Acta Obstetricia Et Gynecologica Scandinavica, 1999, 78, 852-860.	1.3	26
54	Elevated Blood Lead Concentrations in Children Living in Isolated Communities of the Kola Peninsula, Russia. EcoHealth, 1999, 5, 75-81.	0.2	12

#	Article	IF	CITATIONS
55	Lead Shot Contamination in Edible Portions of Game Birds and Its Dietary Implications. EcoHealth, 1999, 5, 183-192.	0.2	29
56	Characterisation of workers' exposure in a Russian nickel refinery. Journal of Environmental Monitoring, 1999, 1, 15-22.	2.1	50
57	Urinary nickel concentrations and selected pregnancy outcomes in delivering women and their newborns among arctic populations of Norway and Russia. Journal of Environmental Monitoring, 1999, 1, 153-161.	2.1	27
58	Relevance of reactivity determinants to exposure assessment and biological monitoring of the elements. Journal of Environmental Monitoring, 1999, 1, 1-14.	2.1	45
59	Lead Pellet Ingestion in First Nation Cree of the Western James Bay Region of Northern Ontario, Canada: Implications for a Nontoxic Shot Alternative. EcoHealth, 1997, 3, 54-61.	0.2	38
60	The replacement of the nondescript term â€~heavy metals' by a biologically and chemically significant classification of metal ions. Environmental Pollution Series B: Chemical and Physical, 1980, 1, 3-26.	0.7	950
