#	Paper	IF	Citations
136	Is respectful care provided by community health workers associated with infant feeding practices? A cross sectional analysis from India.. <i>BMC Health Services Research</i> , 2022 , 22, 95	2.9	
135	Integrating early stimulation and play at scale: study protocol for "MAHAY Mikolo", a multi-arm cluster-randomized controlled trial.. <i>BMC Public Health</i> , 2022 , 22, 265	4.1	
134	Father involvement and early child development in a low-resource setting.. <i>Social Science and Medicine</i> , 2022 , 302, 114933	5.1	1
133	Association between supportive supervision and performance of community health workers in India: a longitudinal multi-level analysis. <i>Human Resources for Health</i> , 2021 , 19, 145	4.6	1
132	A holistic approach to promoting early child development: a cluster randomised trial of a group-based, multicomponent intervention in rural Bangladesh. <i>BMJ Global Health</i> , 2021 , 6,	6.6	1
131	Group-based parenting interventions to promote child development in rural Kenya: a multi-arm, cluster-randomised community effectiveness trial. <i>The Lancet Global Health</i> , 2021 , 9, e309-e319	13.6	14
130	Exploration of Attendance, Active Participation, and Behavior Change in a Group-Based Responsive Stimulation, Maternal and Child Health, and Nutrition Intervention. <i>American Journal of Tropical Medicine and Hygiene</i> , 2021 ,	3.2	1
129	Early childhood factors associated with obesity at age 8 in Vietnamese children: The Young Lives Cohort Study. <i>BMC Public Health</i> , 2021 , 21, 301	4.1	3
128	Characteristics that modify the effect of small-quantity lipid-based nutrient supplementation on child anemia and micronutrient status: an individual participant data meta-analysis of randomized controlled trials. <i>American Journal of Clinical Nutrition</i> , 2021 , 114, 68S-94S	7	7
127	Crop diversity is associated with higher child diet diversity in Ethiopia, particularly among low-income households, but not in Vietnam. <i>Public Health Nutrition</i> , 2021 , 24, 5857-5868	3.3	
126	Characteristics that modify the effect of small-quantity lipid-based nutrient supplementation on child growth: an individual participant data meta-analysis of randomized controlled trials. <i>American Journal of Clinical Nutrition</i> , 2021 , 114, 15S-42S	7	15
125	Small-quantity lipid-based nutrient supplements for children age 6-24 months: a systematic review and individual participant data meta-analysis of effects on developmental outcomes and effect modifiers. <i>American Journal of Clinical Nutrition</i> , 2021 , 114, 43S-67S	7	7
124	Effects of the COVID-19 pandemic on caregiver mental health and the child caregiving environment in a low-resource, rural context. <i>Child Development</i> , 2021 , 92, e764-e780	4.9	6
123	Cross-cultural research on child development and maternal mental health in low-and middle-income countries. <i>Current Opinion in Behavioral Sciences</i> , 2020 , 36, 90-97	4	1
122	Using mHealth to improve health care delivery in India: A qualitative examination of the perspectives of community health workers and beneficiaries. <i>PLoS ONE</i> , 2020 , 15, e0227451	3.7	11
121	Lipid-Based Nutrient Supplementation Reduces Child Anemia and Increases Micronutrient Status in Madagascar: A Multiarm Cluster-Randomized Controlled Trial. <i>Journal of Nutrition</i> , 2020 , 150, 958-966	4.1	6
120	Association between Malaria Infection and Early Childhood Development Mediated by Anemia in Rural Kenya. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	2

119	Variation in primary health care services after implementation of quality improvement policy in Brazil. <i>Family Practice</i> , 2020 , 37, 69-80	1.9	1
118	Adaptation and Integration of Psychosocial Stimulation, Maternal Mental Health and Nutritional Interventions for Pregnant and Lactating Women in Rural Bangladesh. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	6
117	Anganwadi worker time use in Madhya Pradesh, India: a cross-sectional study. <i>BMC Health Services Research</i> , 2020 , 20, 1130	2.9	3
116	Enhancing young children's language acquisition through parent-child book-sharing: A randomized trial in rural Kenya. <i>Early Childhood Research Quarterly</i> , 2020 , 50, 179-190	3.3	10
115	The necessity of using direct measures of child development. <i>The Lancet Global Health</i> , 2019 , 7, e1300-e1301	3.6	2
114	Caregiver perceptions of child development in rural Madagascar: a cross-sectional study. <i>BMC Public Health</i> , 2019 , 19, 1256	4.1	1
113	Evaluation of a social network intervention on child feeding practices and caregiver knowledge. <i>Maternal and Child Nutrition</i> , 2019 , 15, e12782	3.4	5
112	Multilingual assessment of early child development: Analyses from repeated observations of children in Kenya. <i>Developmental Science</i> , 2019 , 22, e12875	4.5	4
111	Seasonal trends of nutrient intake in rainforest communities of north-eastern Madagascar. <i>Public Health Nutrition</i> , 2019 , 22, 2200-2209	3.3	14
110	Sanitation in Rural India: Exploring the Associations between Dwelling Space and Household Latrine Ownership. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	4
109	Perils of scaling up: Effects of expanding a nutrition programme in Madagascar. <i>Maternal and Child Nutrition</i> , 2019 , 15 Suppl 1, e12715	3.4	8
108	Testing means to scale early childhood development interventions in rural Kenya: the Msingi Bora cluster randomized controlled trial study design and protocol. <i>BMC Public Health</i> , 2019 , 19, 259	4.1	3
107	Effects of an mHealth intervention for community health workers on maternal and child nutrition and health service delivery in India: protocol for a quasi-experimental mixed-methods evaluation. <i>BMJ Open</i> , 2019 , 9, e025774	3	10
106	Effects of nutritional supplementation and home visiting on growth and development in young children in Madagascar: a cluster-randomised controlled trial. <i>The Lancet Global Health</i> , 2019 , 7, e1257-e1268	3.6	22
105	What is the relative impact of primary health care quality and conditional cash transfer program in child mortality?. <i>Canadian Journal of Public Health</i> , 2019 , 110, 756-767	3.2	2
104	Characteristics of Pica Behavior among Mothers around Lake Victoria, Kenya: A Cross-Sectional Study. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	2
103	Alternatives to SNAP: Global Approaches to Addressing Childhood Poverty and Food Insecurity. <i>American Journal of Public Health</i> , 2019 , 109, 1668-1677	5.1	9
102	The D-score: a metric for interpreting the early development of infants and toddlers across global settings. <i>BMJ Global Health</i> , 2019 , 4, e001724	6.6	8

101	Early life risk factors of motor, cognitive and language development: a pooled analysis of studies from low/middle-income countries. <i>BMJ Open</i> , 2019 , 9, e026449	3	25
100	Parenting quality at two developmental periods in early childhood and their association with child development. <i>Early Childhood Research Quarterly</i> , 2019 , 47, 396-404	3.3	13
99	Dynamics of Child Development: Analysis of a Longitudinal Cohort in a Very Low Income Country. <i>World Bank Economic Review</i> , 2019 , 33, 140-159	1.8	10
98	Effects of water quality, sanitation, handwashing, and nutritional interventions on child development in rural Kenya (WASH Benefits Kenya): a cluster-randomised controlled trial. <i>The Lancet Child and Adolescent Health</i> , 2018 , 2, 269-280	14.5	47
97	Combining pre-school teacher training with parenting education: A cluster-randomized controlled trial. <i>Journal of Development Economics</i> , 2018 , 133, 448-467	3.6	12
96	Timing, intensity, and duration of household food insecurity are associated with early childhood development in Kenya. <i>Maternal and Child Nutrition</i> , 2018 , 14, e12543	3.4	10
95	Effects of water quality, sanitation, handwashing, and nutritional interventions on diarrhoea and child growth in rural Kenya: a cluster-randomised controlled trial. <i>The Lancet Global Health</i> , 2018 , 6, e316-e329	13.6	307
94	Effects of water quality, sanitation, handwashing, and nutritional interventions on diarrhoea and child growth in rural Bangladesh: a cluster randomised controlled trial. <i>The Lancet Global Health</i> , 2018 , 6, e302-e315	13.6	329
93	Effect of water quality, sanitation, hand washing, and nutritional interventions on child development in rural Bangladesh (WASH Benefits Bangladesh): a cluster-randomised controlled trial. <i>The Lancet Child and Adolescent Health</i> , 2018 , 2, 255-268	14.5	36
92	Quantity and species of fish consumed shape breast-milk fatty acid concentrations around Lake Victoria, Kenya. <i>Public Health Nutrition</i> , 2018 , 21, 777-784	3.3	4
91	Mortality from Nestlé Marketing of Infant Formula in Low and Middle-Income Countries 2018 ,		7
90	Pica is prevalent and strongly associated with iron deficiency among Hispanic pregnant women living in the United States. <i>Appetite</i> , 2018 , 120, 163-170	4.5	14
89	The impact of a private sector living wage intervention on consumption and cardiovascular disease risk factors in a middle income country. <i>BMC Public Health</i> , 2018 , 18, 179	4.1	3
88	Family structure and child development in Chile: A longitudinal analysis of household transitions involving fathers and grandparents. <i>Demographic Research</i> , 2018 , 38, 1777-1814	1	14
87	Women's Relationship Power Modifies the Effect of a Randomized Conditional Cash Transfer Intervention for Safer Sex in Tanzania. <i>AIDS and Behavior</i> , 2018 , 22, 202-211	4.3	3
86	Investment in child and adolescent health and development: key messages from Disease Control Priorities, 3rd Edition. <i>Lancet, The</i> , 2018 , 391, 687-699	4.0	88
85	Linear Growth through 12 Years is Weakly but Consistently Associated with Language and Math Achievement Scores at Age 12 Years in 4 Low- or Middle-Income Countries. <i>Journal of Nutrition</i> , 2018 , 148, 1852-1859	4.1	12
84	Intergenerational Transmission of Poverty and Inequality: Parental Resources and Schooling Attainment and Children's Human Capital in Ethiopia, India, Peru, and Vietnam. <i>Economic Development and Cultural Change</i> , 2017 , 65, 657-697	1.2	24

83	The experience of adolescent motherhood: An exploratory mixed methods study. <i>Journal of Advanced Nursing</i> , 2017 , 73, 2566-2576	3.1	8
82	Cohort Profile: The Madagascar Health and Environmental Research (MAHERY) study in north-eastern Madagascar. <i>International Journal of Epidemiology</i> , 2017 , 46, 1747-1748d	7.8	11
81	Does household access to improved water and sanitation in infancy and childhood predict better vocabulary test performance in Ethiopian, Indian, Peruvian and Vietnamese cohort studies?. <i>BMJ Open</i> , 2017 , 7, e013201	3	14
80	The Nexus Between Nutrition and Early Childhood Development. <i>Annual Review of Nutrition</i> , 2017 , 37, 447-476	9.9	23
79	Human health alters the sustainability of fishing practices in East Africa. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 2017 , 114, 4171-4176	11.5	11
78	Promoting child development through group-based parent support within a cash transfer program: Experimental effects on children's outcomes. <i>Developmental Psychology</i> , 2017 , 53, 222-236	3.7	38
77	Female sex workers use power over their day-to-day lives to meet the condition of a conditional cash transfer intervention to incentivize safe sex. <i>Social Science and Medicine</i> , 2017 , 181, 148-157	5.1	6
76	Mothers' labor market choices and child development outcomes in Chile. <i>SSM - Population Health</i> , 2017 , 3, 756-766	3.8	8
75	Stimulating Parenting Practices in Indigenous and Non-Indigenous Mexican Communities. <i>International Journal of Environmental Research and Public Health</i> , 2017 , 15,	4.6	3
74	Effects of a Parenting Program Among Women Who Began Childbearing as Adolescents and Young Adults. <i>Journal of Adolescent Health</i> , 2017 , 61, 634-641	5.8	4
73	Disparities in children's vocabulary and height in relation to household wealth and parental schooling: A longitudinal study in four low- and middle-income countries. <i>SSM - Population Health</i> , 2017 , 3, 767-786	3.8	17
72	The Future Role of the United States in Global Health: Emphasis on Cardiovascular Disease. <i>Journal of the American College of Cardiology</i> , 2017 , 70, 3140-3156	15.1	23
71	Early childhood development coming of age: science through the life course. <i>Lancet, The</i> , 2017 , 389, 77-90	40	938
70	Nurturing care: promoting early childhood development. <i>Lancet, The</i> , 2017 , 389, 91-102	40	605
69	Maternal Depressive Symptoms and Child Behavior among Mexican Women and Their Children. <i>International Journal of Environmental Research and Public Health</i> , 2017 , 14,	4.6	3
68	Cash Transfers and Child and Adolescent Development 2017 , 325-342		9
67	Evidence of Impact of Interventions on Growth and Development during Early and Middle Childhood 2017 , 79-98		18
66	Effects of water, sanitation, handwashing, and nutritional interventions on telomere length among children in a cluster-randomized controlled trial in rural Bangladesh. <i>ELife</i> , 2017 , 6,	8.9	2

65	Pathways to improved development for children living in poverty: A randomized effectiveness trial in rural Mexico. <i>International Journal of Behavioral Development</i> , 2016 , 40, 492-499	2.6	10
64	Stunting in Infancy Is Associated with Decreased Risk of High Body Mass Index for Age at 8 and 12 Years of Age. <i>Journal of Nutrition</i> , 2016 , 146, 2296-2303	4.1	6
63	Weight Status and Behavioral Problems among Very Young Children in Chile. <i>PLoS ONE</i> , 2016 , 11, e0161380	3.9	6
62	Agricultural interventions for improved nutrition: A review of livelihood and environmental dimensions. <i>Global Food Security</i> , 2016 , 8, 39-47	8.3	41
61	A cluster-randomized, controlled trial of nutritional supplementation and promotion of responsive parenting in Madagascar: the MAHAY study design and rationale. <i>BMC Public Health</i> , 2016 , 16, 466	4.1	16
60	Cross-Sectional and Longitudinal Associations between Household Food Security and Child Anthropometry at Ages 5 and 8 Years in Ethiopia, India, Peru, and Vietnam. <i>Journal of Nutrition</i> , 2015 , 145, 1924-33	4.1	35
59	Participation in the Juntos Conditional Cash Transfer Program in Peru Is Associated with Changes in Child Anthropometric Status but Not Language Development or School Achievement. <i>Journal of Nutrition</i> , 2015 , 145, 2396-405	4.1	26
58	Transactional Fish-for-Sex Relationships Amid Declining Fish Access in Kenya. <i>World Development</i> , 2015 , 74, 323-332	5.5	25
57	Wealthy, healthy and wise: does money compensate for being born into difficult conditions?. <i>Applied Economics Letters</i> , 2015 , 22, 121-126	1	4
56	Microcredit participation and women's health: results from a cross-sectional study in Peru. <i>International Journal for Equity in Health</i> , 2015 , 14, 62	4.6	16
55	Pica during pregnancy among Mexican-born women: a formative study. <i>Maternal and Child Nutrition</i> , 2015 , 11, 550-8	3.4	14
54	Performance of a receptive language test among young children in Madagascar. <i>PLoS ONE</i> , 2015 , 10, e0121767	3.7	9
53	Perceptions of social mobility: development of a new psychosocial indicator associated with adolescent risk behaviors. <i>Frontiers in Public Health</i> , 2015 , 3, 62	6	30
52	Impact of a private sector living wage intervention on depressive symptoms among apparel workers in the Dominican Republic: a quasi-experimental study. <i>BMJ Open</i> , 2015 , 5, e007336	3	9
51	Effects of integrated child development and nutrition interventions on child development and nutritional status. <i>Annals of the New York Academy of Sciences</i> , 2014 , 1308, 11-32	6.5	136
50	Microcredit participation and child health: results from a cross-sectional study in Peru. <i>Journal of Epidemiology and Community Health</i> , 2014 , 68, 1175-81	5.1	12
49	The association between a living wage and subjective social status and self-rated health: a quasi-experimental study in the Dominican Republic. <i>Social Science and Medicine</i> , 2014 , 121, 91-7	5.1	12
48	Socioeconomic status and trajectory of overweight from birth to mid-childhood: the Early Childhood Longitudinal Study-Birth Cohort. <i>PLoS ONE</i> , 2014 , 9, e100181	3.7	36

47	Fishing for Food? Analyzing links between fishing livelihoods and food security around Lake Victoria, Kenya. <i>Food Security</i> , 2014 , 6, 851-860	6.7	28
46	Cash transfers and domestic violence. <i>Journal of Health Economics</i> , 2013 , 32, 304-19	3.5	93
45	Early life growth trajectories and future risk for overweight. <i>Nutrition and Diabetes</i> , 2013 , 3, e60	4.7	27
44	Promise, and risks, of conditional cash transfer programmes. <i>Lancet, The</i> , 2013 , 382, 7-9	4.0	19
43	Cluster-randomised controlled trials of individual and combined water, sanitation, hygiene and nutritional interventions in rural Bangladesh and Kenya: the WASH Benefits study design and rationale. <i>BMJ Open</i> , 2013 , 3, e003476	3	151
42	Short-form versions of the Spanish MacArthurBates Communicative Development Inventories. <i>Applied Psycholinguistics</i> , 2013 , 34, 837-868	1.4	33
41	Weight status of Mexican immigrant women: a comparison with women in Mexico and with US-born Mexican American women. <i>American Journal of Public Health</i> , 2013 , 103, 1634-40	5.1	16
40	Conditional Cash Transfer Programs: Effects on Growth, Health, and Development in Young Children 2012 ,		10
39	Socioeconomic gradients in child development in very young children: evidence from India, Indonesia, Peru, and Senegal. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 2012 , 109 Suppl 2, 17273-80	11.5	101
38	Microcredit participation and nutrition outcomes among women in Peru. <i>Journal of Epidemiology and Community Health</i> , 2012 , 66, e1	5.1	24
37	Weight perceptions among overweight and obese women: a US-Mexico binational perspective. <i>Obesity</i> , 2011 , 19, 2440-3	8	6
36	Strategies for reducing inequalities and improving developmental outcomes for young children in low-income and middle-income countries. <i>Lancet, The</i> , 2011 , 378, 1339-53	4.0	529
35	Socioeconomic gradients and child development in a very low income population: evidence from Madagascar. <i>Developmental Science</i> , 2011 , 14, 832-47	4.5	101
34	Effect of Ecuador's cash transfer program (Bono de Desarrollo Humano) on child development in infants and toddlers: a randomized effectiveness trial. <i>Social Science and Medicine</i> , 2011 , 72, 1437-46	5.1	71
33	Factors associated with overweight and obesity among children of Mexican descent: results of a binational study. <i>Journal of Immigrant and Minority Health</i> , 2011 , 13, 169-80	2.2	43
32	Health education for microcredit clients in Peru: a randomized controlled trial. <i>BMC Public Health</i> , 2011 , 11, 51	4.1	17
31	Benefits of wildlife consumption to child nutrition in a biodiversity hotspot. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 2011 , 108, 19653-6	11.5	202
30	Does alleviating poverty affect mothers' depressive symptoms? A quasi-experimental investigation of Mexico's Oportunidades programme. <i>International Journal of Epidemiology</i> , 2011 , 40, 1565-76	7.8	60

29	Estimating the potential impacts of intervention from observational data: methods for estimating causal attributable risk in a cross-sectional analysis of depressive symptoms in Latin America. <i>Journal of Epidemiology and Community Health</i> , 2010 , 64, 16-21	5.1	19
28	Mexico's conditional cash transfer programme [Authors' reply]. <i>Lancet, The</i> , 2010 , 375, 981	4.0	2
27	Maternal perception of child weight among Mexicans in California and Mexico. <i>Maternal and Child Health Journal</i> , 2010 , 14, 886-94	2.4	42
26	Maternal perceptions of early childhood ideal body weight differ among Mexican-origin mothers residing in Mexico compared to California. <i>Journal of the American Dietetic Association</i> , 2010 , 110, 222-9		34
25	Perception of body weight: a critical factor in understanding obesity in middle-income countries. <i>Journal of Women's Health</i> , 2009 , 18, 1121-2	3	8
24	Effects of a conditional cash transfer program on children's behavior problems. <i>Pediatrics</i> , 2009 , 123, e630-7	7.4	40
23	Poverty-alleviation program participation and salivary cortisol in very low-income children. <i>Social Science and Medicine</i> , 2009 , 68, 2180-9	5.1	114
22	Dietary associations of household food insecurity among children of Mexican descent: results of a binational study. <i>Journal of the American Dietetic Association</i> , 2009 , 109, 2001-9		71
21	10-year effect of Oportunidades, Mexico's conditional cash transfer programme, on child growth, cognition, language, and behaviour: a longitudinal follow-up study. <i>Lancet, The</i> , 2009 , 374, 1997-2005	4.0	164
20	Examining Early Child Development in Low-Income Countries 2009 ,		74
19	Small individual loans and mental health: a randomized controlled trial among South African adults. <i>BMC Public Health</i> , 2008 , 8, 409	4.1	61
18	Alcohol and tobacco use among rural Mexican adolescents: individual, familial, and community level factors. <i>Journal of Adolescent Health</i> , 2008 , 43, 498-505	5.8	14
17	Role of cash in conditional cash transfer programmes for child health, growth, and development: an analysis of Mexico's Oportunidades. <i>Lancet, The</i> , 2008 , 371, 828-37	4.0	317
16	Blood pressure and socioeconomic status in low-income women in Mexico: a reverse gradient?. <i>Journal of Epidemiology and Community Health</i> , 2008 , 62, e8	5.1	36
15	Salivary cortisol levels in children of low-income women with high depressive symptomatology. <i>Development and Psychopathology</i> , 2008 , 20, 423-36	4.3	68
14	Social and economic correlates of depressive symptoms and perceived stress in South African adults. <i>Journal of Epidemiology and Community Health</i> , 2008 , 62, 538-44	5.1	137
13	Cash component of conditional cash transfer program is associated with higher body mass index and blood pressure in adults. <i>Journal of Nutrition</i> , 2008 , 138, 2250-7	4.1	71
12	Anthropometric predictors for the risk of chronic disease in non-diabetic, non-hypertensive young Mexican women. <i>Public Health Nutrition</i> , 2008 , 11, 159-67	3.3	11

11	Maternal depressive symptoms and physical activity in very low-income children. <i>Journal of Developmental and Behavioral Pediatrics</i> , 2008 , 29, 385-93	2.4	16
10	Anxiety symptoms in rural Mexican adolescents: a social-ecological analysis. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2008 , 43, 1014-23	4.5	9
9	Oportunidades program participation and body mass index, blood pressure, and self-reported health in Mexican adults. <i>Preventing Chronic Disease</i> , 2008 , 5, A81	3.7	15
8	Overweight with concurrent stunting in very young children from rural Mexico: prevalence and associated factors. <i>European Journal of Clinical Nutrition</i> , 2007 , 61, 623-32	5.2	125
7	Birth size and accelerated growth during infancy are associated with increased odds of childhood overweight in Mexican children. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 2061-9		25
6	Socio-economic status and body mass index in low-income Mexican adults. <i>Social Science and Medicine</i> , 2007 , 64, 2030-42	5.1	87
5	Parallel deficits in linear growth and mental development in low-income Mexican infants in the second year of life. <i>Public Health Nutrition</i> , 2006 , 9, 178-86	3.3	23
4	Depressive symptoms are associated with blunted cortisol stress responses in very low-income women. <i>Psychosomatic Medicine</i> , 2005 , 67, 211-6	3.7	65
3	High prevalence of obesity among the poor in Mexico. <i>JAMA - Journal of the American Medical Association</i> , 2004 , 291, 2544-5	27.4	29
2	Salivary cortisol and heart rate in stunted and nonstunted Nepalese school children. <i>European Journal of Clinical Nutrition</i> , 2003 , 57, 1458-65	5.2	13
1	Characteristics that modify the effect of small-quantity lipid-based nutrient supplementation on child growth: an individual participant data meta-analysis of randomized controlled trials		2
