

Michael Daly

List of Publications by Citations

Source: <https://exaly.com/author-pdf/7926870/michael-daly-publications-by-citations.pdf>
Version: 2024-04-10

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

113 papers	3,285 citations	33 h-index	54 g-index
126 ext. papers	4,874 ext. citations	6 avg, IF	6.87 L-index

#	Paper	IF	Citations
113	Longitudinal changes in mental health and the COVID-19 pandemic: evidence from the UK Household Longitudinal Study. <i>Psychological Medicine</i> , 2020 , 1-10	6.9	205
112	International estimates of intended uptake and refusal of COVID-19 vaccines: A rapid systematic review and meta-analysis of large nationally representative samples. <i>Vaccine</i> , 2021 , 39, 2024-2034	4.1	144
111	Daily emotional well-being during the COVID-19 pandemic. <i>British Journal of Health Psychology</i> , 2020 , 25, 902-911	8.3	143
110	Childhood self-control and unemployment throughout the life span: evidence from two British cohort studies. <i>Psychological Science</i> , 2015 , 26, 709-23	7.9	137
109	Psychological distress and adaptation to the COVID-19 crisis in the United States. <i>Journal of Psychiatric Research</i> , 2021 , 136, 603-609	5.2	137
108	Personality change following unemployment. <i>Journal of Applied Psychology</i> , 2015 , 100, 991-1011	7.4	130
107	Impaired conflict resolution and alerting in children with ADHD: evidence from the Attention Network Task (ANT). <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2008 , 49, 1339-47	7.9	106
106	A systematic review and meta-analysis of longitudinal cohort studies comparing mental health before versus during the COVID-19 pandemic in 2020. <i>Journal of Affective Disorders</i> , 2022 , 296, 567-576	6.6	100
105	A bidirectional relationship between physical activity and executive function in older adults. <i>Frontiers in Human Neuroscience</i> , 2014 , 8, 1044	3.3	90
104	A systematic review of the relationship between weight status perceptions and weight loss attempts, strategies, behaviours and outcomes. <i>Obesity Reviews</i> , 2018 , 19, 347-363	10.6	87
103	The scarring effect of unemployment throughout adulthood on psychological distress at age 50: estimates controlling for early adulthood distress and childhood psychological factors. <i>Social Science and Medicine</i> , 2013 , 80, 19-23	5.1	83
102	A Bidirectional Relationship between Executive Function and Health Behavior: Evidence, Implications, and Future Directions. <i>Frontiers in Neuroscience</i> , 2016 , 10, 386	5.1	73
101	Psychological and Biological Foundations of Time Preference. <i>Journal of the European Economic Association</i> , 2009 , 7, 659-669	3.3	71
100	Perceived weight status and risk of weight gain across life in US and UK adults. <i>International Journal of Obesity</i> , 2015 , 39, 1721-6	5.5	70
99	Depression reported by US adults in 2017-2018 and March and April 2020. <i>Journal of Affective Disorders</i> , 2021 , 278, 131-135	6.6	68
98	Adolescent conscientiousness predicts lower lifetime unemployment. <i>Journal of Applied Psychology</i> , 2017 , 102, 700-709	7.4	60
97	Absence of the 7-repeat variant of the DRD4 VNTR is associated with drifting sustained attention in children with ADHD but not in controls. <i>American Journal of Medical Genetics Part B: Neuropsychiatric Genetics</i> , 2008 , 147B, 927-37	3.5	57

96	Public Trust and Willingness to Vaccinate Against COVID-19 in the US From October 14, 2020, to March 29, 2021. <i>JAMA - Journal of the American Medical Association</i> , 2021 , 325, 2397-2399	27.4	55
95	Willingness to Vaccinate Against COVID-19 in the U.S.: Representative Longitudinal Evidence From April to October 2020. <i>American Journal of Preventive Medicine</i> , 2021 , 60, 766-773	6.1	53
94	Dissociation in response to methylphenidate on response variability in a group of medication naïve children with ADHD. <i>Neuropsychologia</i> , 2008 , 46, 1532-41	3.2	52
93	Perceived Weight Discrimination Mediates the Prospective Association Between Obesity and Physiological Dysregulation: Evidence From a Population-Based Cohort. <i>Psychological Science</i> , 2019 , 30, 1030-1039	7.9	51
92	The critical role of supervision in retaining staff in obstetric services: a three country study. <i>PLoS ONE</i> , 2013 , 8, e58415	3.7	51
91	Dopaminergic genotype biases spatial attention in healthy children. <i>Molecular Psychiatry</i> , 2007 , 12, 786-793	13.1	47
90	The relationship of C-reactive protein to obesity-related depressive symptoms: a longitudinal study. <i>Obesity</i> , 2013 , 21, 248-50	8	45
89	Perceived weight discrimination mediates the prospective relation between obesity and depressive symptoms in U.S. and U.K. adults. <i>Health Psychology</i> , 2017 , 36, 112-121	5	41
88	Perceived Body Discrimination and Intentional Self-Harm and Suicidal Behavior in Adolescence. <i>Childhood Obesity</i> , 2018 , 14, 528-536	2.5	39
87	A social rank explanation of how money influences health. <i>Health Psychology</i> , 2015 , 34, 222-30	5	37
86	Spatial attentional bias as a marker of genetic risk, symptom severity, and stimulant response in ADHD. <i>Neuropsychopharmacology</i> , 2008 , 33, 2536-45	8.7	37
85	Willingness to vaccinate against COVID-19 in the US: Longitudinal evidence from a nationally representative sample of adults from April-October 2020 2020 ,		37
84	The scarring effect of unemployment on psychological well-being across Europe. <i>Social Science Research</i> , 2018 , 72, 146-169	2.1	36
83	Influencing green behaviour through environmental goal priming: The mediating role of automatic evaluation. <i>Journal of Environmental Psychology</i> , 2014 , 38, 225-232	6.7	35
82	Explaining the rise and fall of psychological distress during the COVID-19 crisis in the United States: Longitudinal evidence from the Understanding America Study. <i>British Journal of Health Psychology</i> , 2021 , 26, 570-587	8.3	34
81	Racism, gun ownership and gun control: biased attitudes in US whites may influence policy decisions. <i>PLoS ONE</i> , 2013 , 8, e77552	3.7	33
80	Weight discrimination and unhealthy eating-related behaviors. <i>Appetite</i> , 2016 , 102, 83-9	4.5	33
79	Adolescent psychological distress, unemployment, and the Great Recession: Evidence from the National Longitudinal Study of Youth 1997. <i>Social Science and Medicine</i> , 2016 , 156, 98-105	5.1	31

78	The making of might-have-beens: effects of free will belief on counterfactual thinking. <i>Personality and Social Psychology Bulletin</i> , 2015 , 41, 268-83	4.1	30
77	Longitudinal changes in psychological distress in the UK from 2019 to September 2020 during the COVID-19 pandemic: Evidence from a large nationally representative study. <i>Psychiatry Research</i> , 2021 , 300, 113920	9.9	30
76	Childhood psychological distress and youth unemployment: evidence from two British cohort studies. <i>Social Science and Medicine</i> , 2015 , 124, 11-7	5.1	29
75	Explaining the income and suicidality relationship: income rank is more strongly associated with suicidal thoughts and attempts than income. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2015 , 50, 929-37	4.5	28
74	Self-control and its relation to emotions and psychobiology: evidence from a Day Reconstruction Method study. <i>Journal of Behavioral Medicine</i> , 2014 , 37, 81-93	3.6	28
73	Longitudinal changes in mental health and the COVID-19 pandemic: Evidence from the UK Household Longitudinal Study		28
72	Childhood self-control predicts smoking throughout life: Evidence from 21,000 cohort study participants. <i>Health Psychology</i> , 2016 , 35, 1254-1263	5	27
71	Naturalistic monitoring of the affect-heart rate relationship: a day reconstruction study. <i>Health Psychology</i> , 2010 , 29, 186-95	5	26
70	Evaluating the effectiveness of teacher training in Applied Behaviour Analysis. <i>Journal of Intellectual Disabilities</i> , 2005 , 9, 209-27	1.8	25
69	High-Risk Drinking in Midlife Before Versus During the COVID-19 Crisis: Longitudinal Evidence From the United Kingdom. <i>American Journal of Preventive Medicine</i> , 2021 , 60, 294-297	6.1	25
68	Personality may explain the association between cannabis use and neuropsychological impairment. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 2013 , 110, E979	11.5	24
67	Does Knowing Hurt? Perceiving Oneself as Overweight Predicts Future Physical Health and Well-Being. <i>Psychological Science</i> , 2017 , 28, 872-881	7.9	22
66	The intra-day dynamics of affect, self-esteem, tiredness, and suicidality in Major Depression. <i>Psychiatry Research</i> , 2019 , 279, 98-108	9.9	22
65	Can Early Intervention Improve Maternal Well-Being? Evidence from a Randomized Controlled Trial. <i>PLoS ONE</i> , 2017 , 12, e0169829	3.7	21
64	Anxiety reported by US adults in 2019 and during the 2020 COVID-19 pandemic: Population-based evidence from two nationally representative samples. <i>Journal of Affective Disorders</i> , 2021 , 286, 296-300	6.6	20
63	International estimates of intended uptake and refusal of COVID-19 vaccines: A rapid systematic review and meta-analysis of large nationally representative samples		19
62	Childhood general cognitive ability predicts leadership role occupancy across life: Evidence from 17,000 cohort study participants. <i>Leadership Quarterly</i> , 2015 , 26, 323-341	6.3	18
61	Adolescent mental health and unemployment over the lifespan: Population evidence from Sweden. <i>Social Science and Medicine</i> , 2019 , 222, 305-314	5.1	16

60	Self-perception of overweight and obesity: A review of mental and physical health outcomes. <i>Obesity Science and Practice</i> , 2020 , 6, 552-561	2.6	16
59	A systematic review and meta-analysis of longitudinal cohort studies comparing mental health before versus during the COVID-19 pandemic		16
58	BMI, Weight Discrimination, and Psychological, Behavioral, and Interpersonal Responses to the Coronavirus Pandemic. <i>Obesity</i> , 2020 , 28, 1590-1594	8	16
57	Perceived weight discrimination, changes in health, and daily stressors. <i>Obesity</i> , 2016 , 24, 2202-9	8	14
56	Does perceived overweight increase risk of depressive symptoms and suicidality beyond objective weight status? A systematic review and meta-analysis. <i>Clinical Psychology Review</i> , 2019 , 73, 101753	10.8	14
55	Daily emotional well-being during the COVID-19 pandemic		14
54	Underemployment and psychological distress: Propensity score and fixed effects estimates from two large UK samples. <i>Social Science and Medicine</i> , 2020 , 244, 112641	5.1	14
53	Self-control, future orientation, smoking, and the impact of Dutch tobacco control measures. <i>Addictive Behaviors Reports</i> , 2015 , 1, 89-96	3.7	12
52	Co-operative Learning for Children with an Autistic Spectrum Disorder (ASD) in Mainstream and Special Class Settings: An exploratory study. <i>Educational Psychology in Practice</i> , 2007 , 23, 317-327	0.5	12
51	Association of ambient indoor temperature with body mass index in England. <i>Obesity</i> , 2014 , 22, 626-9	8	11
50	Perceived weight discrimination and risk of incident dementia. <i>International Journal of Obesity</i> , 2019 , 43, 1130-1134	5.5	11
49	The role of awakening cortisol and psychological distress in diurnal variations in affect: a day reconstruction study. <i>Emotion</i> , 2011 , 11, 524-32	4.1	10
48	Prevalence of Depression Among Adolescents in the U.S. From 2009 to 2019: Analysis of Trends by Sex, Race/Ethnicity, and Income. <i>Journal of Adolescent Health</i> , 2021 ,	5.8	10
47	Money May Buy Happiness, but Often So Little That It Doesn't Matter. <i>Psychological Science</i> , 2017 , 28, 544-546	7.9	8
46	Perceived overweight and suicidality among US adolescents from 1999 to 2017. <i>International Journal of Obesity</i> , 2020 , 44, 2075-2079	5.5	8
45	Social-Media Use May Explain Little of the Recent Rise in Depressive Symptoms Among Adolescent Girls. <i>Clinical Psychological Science</i> , 2018 , 6, 295-295	6	8
44	Childhood cognitive ability and smoking initiation, relapse and cessation throughout adulthood: evidence from two British cohort studies. <i>Addiction</i> , 2017 , 112, 651-659	4.6	8
43	Self-perceived overweight, weight loss attempts, and weight gain: Evidence from two large, longitudinal cohorts. <i>Health Psychology</i> , 2018 , 37, 940-947	5	8

42	Depression and anxiety during COVID-19.. <i>Lancet, The</i> , 2022 , 399, 518	4.0	7
41	Problem drinking before and during the COVID-19 crisis in US and UK adults: Evidence from two population-based longitudinal studies		6
40	Parent-Reported Bullying and Child Weight Gain between Ages 6 and 15. <i>Childhood Obesity</i> , 2016 , 12, 482-487	2.5	6
39	Childhood psychotic symptoms: link between non-consensual sex and later psychosis. <i>British Journal of Psychiatry</i> , 2011 , 199, 251-2; author reply 252	5.4	5
38	Intelligence differences may explain the link between childhood psychological problems and adult socioeconomic status. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 2011 , 108, E251; author reply E252	11.5	5
37	Mental health of adults in Ireland during the first year of the COVID-19 pandemic: results from a nationally representative, longitudinal study. <i>Psychological Medicine</i> , 2021 , 1-3	6.9	5
36	Does cognitive ability buffer the link between childhood disadvantage and adult health?. <i>Health Psychology</i> , 2017 , 36, 966-976	5	5
35	Trajectories of change in internalizing symptoms during the COVID-19 pandemic: A longitudinal population-based study. <i>Journal of Affective Disorders</i> , 2021 , 295, 1024-1031	6.6	5
34	Body-related discrimination and dieting and substance use behaviors in adolescence. <i>Appetite</i> , 2020 , 151, 104689	4.5	4
33	Work, love, and death-thought accessibility: A terror management investigation. <i>British Journal of Social Psychology</i> , 2018 , 57, 754-772	6.8	4
32	Cognitive ability as a moderator of the association between social disadvantage and psychological distress: evidence from a population-based sample. <i>Psychological Medicine</i> , 2019 , 49, 1545-1554	6.9	4
31	Heredity links natural hazards and human health: Apolipoprotein E gene moderates the health of earthquake survivors. <i>Health Psychology</i> , 2011 , 30, 228-35	5	4
30	The role of perceived risk in general practitioners' decisions to inform partners of HIV-infected patients. <i>British Journal of Health Psychology</i> , 2011 , 16, 273-87	8.3	4
29	Psychological distress and adaptation to the COVID-19 crisis in the United States		4
28	Acute and longer-term psychological distress associated with testing positive for COVID-19: longitudinal evidence from a population-based study of US adults. <i>Psychological Medicine</i> , 2021 , 1-8	6.9	4
27	Poor childhood mental health may explain linkages between trauma, cannabis use and later psychotic experiences. <i>Psychological Medicine</i> , 2011 , 41, 1012-4	6.9	3
26	Are momentary measures of positive affect better predictors of mortality than recalled feelings?. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 2012 , 109, E1049; author reply E1050	11.5	3
25	Childhood self-control and adult pension participation. <i>Economics Letters</i> , 2017 , 161, 102-104	1.3	2

24	Kindergarten self-control mediates the gender reading achievement gap: A population-based cohort study. <i>Journal of Research in Personality</i> , 2019 , 83, 103881	2.8	2
23	Time Perspective and All-Cause Mortality: Evidence From the English Longitudinal Study of Ageing. <i>Annals of Behavioral Medicine</i> , 2019 , 53, 486-492	4.5	2
22	Importance of accurately measuring spatial abilities. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 2012 , 109, E584; author reply E585-7	11.5	2
21	Childhood trauma may combine synergistically with stimulant use rather than cannabis use to predict psychosis. <i>Psychological Medicine</i> , 2012 , 42, 445-6	6.9	2
20	The effect of the Winter Fuel Payment on household temperature and health: a regression discontinuity design study. <i>Public Health Research</i> , 2019 , 7, 1-60	1.7	2
19	Unique effects of book-reading at 9-months on vocabulary development at 36-months: Insights from a nationally representative sample of Irish families. <i>Early Childhood Research Quarterly</i> , 2022 , 58, 242-253	3.3	2
18	Trajectories of change in internalizing symptoms during the COVID-19 pandemic: A longitudinal population-based study		2
17	Changes in PTSD, depression, and generalized anxiety before and during the COVID-19 pandemic in Ireland. <i>Journal of Affective Disorders Reports</i> , 2021 , 5, 100184	1.4	2
16	Perceived weight discrimination and performance in five domains of cognitive function. <i>Journal of Psychosomatic Research</i> , 2020 , 131, 109793	4.1	2
15	Cross-national and longitudinal evidence for a rapid decline in life satisfaction in adolescence.. <i>Journal of Adolescence</i> , 2022 , 94, 422-434	3.4	2
14	Childhood Psychological Predictors of Lifelong Economic Outcomes 2017 , 337-353		1
13	Parental perception of child weight and inflammation: Perceived overweight is associated with higher child c-reactive protein. <i>Biological Psychology</i> , 2017 , 130, 50-53	3.2	1
12	Association of parental identification of child overweight and mental health problems during childhood. <i>International Journal of Obesity</i> , 2020 , 44, 1928-1935	5.5	1
11	Does pride really come before a fall? Longitudinal analysis of older English adults. <i>BMJ, The</i> , 2017 , 359, j5451	5.9	1
10	Executive functioning affects health behaviour in older people too. <i>BMJ, The</i> , 2013 , 347, f7440	5.9	1
9	Intergenerational social mobility predicts midlife well-being: Prospective evidence from two large British cohorts. <i>Social Science and Medicine</i> , 2020 , 261, 113217	5.1	1
8	Acute and longer-term psychological distress associated with testing positive for COVID-19: longitudinal evidence from a population-based study of US adults 2021 ,		1
7	Why it's time to stop saying 'mental illness'—A commentary on the revision of the Irish Mental Health Act. <i>HRB Open Research</i> , 4 , 28	1.2	1

6	Neuroticism mediates the relationship between industrial history and modern-day regional obesity levels. <i>Journal of Personality</i> , 2021 , 89, 276-287	4.4	1
5	Psychological distress associated with the second COVID-19 wave: Prospective evidence from the UK Household Longitudinal Study.. <i>Journal of Affective Disorders</i> , 2022 , 310, 274-278	6.6	1
4	The midlife peak in distress amongst the disadvantaged and existing ideas about mental health inequalities over the lifespan. <i>Psychological Medicine</i> , 2012 , 42, 215-6	6.9	0
3	Worker Stress, Burnout, and Wellbeing Before and During the COVID-19 Restrictions in the United Kingdom.. <i>Frontiers in Psychology</i> , 2022 , 13, 823080	3.4	0
2	Prevalence of Psychological Distress Among Working-Age Adults in the United States, 1999-2018. <i>American Journal of Public Health</i> , e1-e5	5.1	0
1	Personality Traits and Social Structure 2021 , 63-85
