#	ARTICLE	IF	CITATIONS
1	Managing Dissociation in Imagery Rescripting for Voice Hearers With Trauma: Lessons From a Case Series. <i>Cognitive and Behavioral Practice</i> , 2022, 29, 434-445.	0.9	6
2	How does attachment style affect psychosis? A systematic review of causal mechanisms and guide to future inquiry. <i>Psychology and Psychotherapy: Theory, Research and Practice</i> , 2022, 95, 345-380.	1.3	5
3	Pathways from insecure attachment to paranoia: the mediating role of emotion regulation. <i>Behavioural and Cognitive Psychotherapy</i> , 2022, 50, 404-417.	0.9	3
4	How does insecure attachment lead to paranoia? A systematic critical review of cognitive, affective, and behavioural mechanisms. <i>British Journal of Clinical Psychology</i> , 2022, 61, 781-815.	1.7	12
5	Do emotion regulation strategies mediate the attachment-paranoia association? An experimental study of repeated attachment imagery priming and stress buffering. <i>Psychology and Psychotherapy: Theory, Research and Practice</i> , 2022, 95, 781-806.	1.3	5
6	Targeting affect leads to reduced paranoia in people with psychosis: a single case series. <i>Behavioural and Cognitive Psychotherapy</i> , 2021, 49, 302-313.	0.9	5
7	Cognitive fusion as a candidate psychological vulnerability factor for psychosis: An experimental study of acute $\Delta^9$ -tetrahydrocannabinol (THC) intoxication. <i>Psychosis</i> , 2021, 13, 167-174.	0.4	4
8	How does attachment imagery for paranoia work? Cognitive fusion and beliefs about self and others mediate the impact on paranoia and anxiety. <i>Psychology and Psychotherapy: Theory, Research and Practice</i> , 2021, 94, 973-993.	1.3	11
9	Lessons from an aborted controlled trial on the impact of befriending in an early intervention in psychosis population. <i>Microbial Biotechnology</i> , 2021, , .	0.9	1
10	The Impact of Repeated Attachment Priming on Paranoia, Mood and Help-Seeking Intentions in an Analogue Sample. <i>Brain Sciences</i> , 2021, 11, 1257.	1.1	9
11	Imagery rescripting in non-clinical paranoia: a pilot study of the impact on key cognitive and affective processes. <i>Behavioural and Cognitive Psychotherapy</i> , 2020, 48, 54-66.	0.9	5
12	Do recovery outcome measures improve clinical practice? A linguistic analysis of the impact of the Hope, Agency and Opportunity measure in community mental health teams. <i>Perspectives in Public Health</i> , 2020, 140, 102-107.	0.8	0
13	Cognitive Fusion Mediates the Impact of Attachment Imagery on Paranoia and Anxiety. <i>Cognitive Therapy and Research</i> , 2020, 44, 1150-1161.	1.2	10
14	Impact of attachment imagery on paranoia and mood: evidence from two single case studies. <i>Behavioural and Cognitive Psychotherapy</i> , 2020, 48, 572-583.	0.9	12
15	“Felt security” as a means of facilitating imagery rescripting in psychosis: a clinical protocol and illustrative case study. <i>The Cognitive Behaviour Therapist</i> , 2020, 13, .	0.4	5
16	Cognitive mechanisms in cannabis-related paranoia; Initial testing and model proposal. <i>Psychosis</i> , 2020, 12, 314-327.	0.4	9
17	Does mental imagery affect paranoia, anxiety and core beliefs? A pilot experimental study in an analogue sample. <i>Psychosis</i> , 2020, 12, 182-187.	0.4	4
18	Why are we not measuring what matters in mental health in the UK? The case for routine use of recovery outcome measures. <i>Perspectives in Public Health</i> , 2019, 139, 181-183.	0.8	2

#	ARTICLE	IF	CITATIONS
19	Predictors of disengagement from cognitive behavioural therapy for psychosis in a National Health Service setting: A retrospective evaluation. <i>British Journal of Clinical Psychology</i> , 2019, 58, 440-451.	1.7	6
20	Welcoming peer workers in NHS settings: facilitating readiness with an Early Intervention in Psychosis team. <i>Mental Health and Social Inclusion</i> , 2019, 23, 30-35.	0.3	2
21	An Online Investigation of Imagery to Attenuate Paranoia in College Students. <i>Journal of Child and Family Studies</i> , 2018, 27, 853-859.	0.7	12
22	Psychometric evaluation of the hope, agency and opportunity (HAO); a brief measure of mental health recovery. <i>Journal of Mental Health</i> , 2017, 26, 562-568.	1.0	8
23	Dissociation mediates the relationship between childhood maltreatment and subclinical psychosis. <i>Journal of Trauma and Dissociation</i> , 2016, 17, 577-592.	1.0	36
24	The Recovery College: A unique service approach and qualitative evaluation.. <i>Psychiatric Rehabilitation Journal</i> , 2016, 39, 187-190.	0.8	31
25	The role of mental imagery in non-clinical paranoia. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2016, 50, 264-268.	0.6	19
26	What do trainee cognitive behavioural therapists need from clinical supervision to develop their skills in working with people with psychosis? A qualitative analysis. <i>Psychosis</i> , 0, , 1-11.	0.4	1
27	What can experimental studies tell us about paranoia and anxiety? A systematic review with implications for theory and clinical practice. <i>Psychosis</i> , 0, , 1-14.	0.4	2
