#	Paper	IF	Citations
59	Maternal mental representations of the child in an inner-city clinical sample: violence-related posttraumatic stress and reflective functioning. <i>Attachment and Human Development</i> , 2005 , 7, 313-31	2.8	134
58	Traumatized mothers can change their minds about their toddlers: Understanding how a novel use of videofeedback supports positive change of maternal attributions. <i>Infant Mental Health Journal</i> , 2006 , 27, 429-447	2.3	114
57	Distorted maternal mental representations and atypical behavior in a clinical sample of violence-exposed mothers and their toddlers. <i>Journal of Trauma and Dissociation</i> , 2008 , 9, 123-47	2.8	99
56	An fMRI study of the brain responses of traumatized mothers to viewing their toddlers during separation and play. <i>Social Cognitive and Affective Neuroscience</i> , 2012 , 7, 969-79	4	93
55	Subjective and objective measures of parent-child relationship dysfunction, child separation distress, and joint attention. <i>Psychiatry (New York)</i> , 2010 , 73, 130-44	1	87
54	Caregiver traumatization adversely impacts young children's mental representations on the MacArthur Story Stem Battery. <i>Attachment and Human Development</i> , 2007 , 9, 187-205	2.8	63
53	Disturbances of attachment and parental psychopathology in early childhood. <i>Child and Adolescent Psychiatric Clinics of North America</i> , 2009 , 18, 665-86	3.3	53
52	Methylation of NR3C1 is related to maternal PTSD, parenting stress and maternal medial prefrontal cortical activity in response to child separation among mothers with histories of violence exposure. <i>Frontiers in Psychology</i> , 2015 , 6, 690	3.4	52
51	Years of life lost due to the psychosocial consequences of COVID-19 mitigation strategies based on Swiss data. <i>European Psychiatry</i> , 2020 , 63, e58	6	48
50	Psychobiological dysregulation in violence-exposed mothers: salivary cortisol of mothers with very young children pre- and post-separation stress. <i>Bulletin of the Menninger Clinic</i> , 2004 , 68, 319-36	1.3	45
49	Effects of interpersonal violence-related post-traumatic stress disorder (PTSD) on mother and child diurnal cortisol rhythm and cortisol reactivity to a laboratory stressor involving separation. <i>Hormones and Behavior</i> , 2017 , 90, 15-24	3.7	41
48	Violence-related PTSD and neural activation when seeing emotionally charged male-female interactions. <i>Social Cognitive and Affective Neuroscience</i> , 2015 , 10, 645-53	4	40
47	How do maternal PTSD and alexithymia interact to impact maternal behavior?. <i>Child Psychiatry and Human Development</i> , 2015 , 46, 406-17	3.3	40
46	BDNF Methylation and Maternal Brain Activity in a Violence-Related Sample. <i>PLoS ONE</i> , 2015 , 10, e0143427	3.7	39
45	Intergenerational Transmission of DNA Methylation Signatures Associated with Early Life Stress. <i>Current Genomics</i> , 2018 , 19, 665-675	2.6	35
44	Ataque de nervios and history of childhood trauma. <i>Journal of Traumatic Stress</i> , 2000 , 13, 529-34	3.8	34
43	The association of serotonin receptor 3A methylation with maternal violence exposure, neural activity, and child aggression. <i>Behavioural Brain Research</i> , 2017 , 325, 268-277	3.4	32

42	Negative and distorted attributions towards child, self, and primary attachment figure among posttraumatically stressed mothers: what changes with Clinician Assisted Videofeedback Exposure Sessions (CAVES). <i>Child Psychiatry and Human Development</i> , 2015 , 46, 10-20	3.3	28
41	Fits and Starts: A Mother-Infant Case-Study Involving Intergenerational Violent Trauma and Pseudoseizures Across Three Generations. <i>Infant Mental Health Journal</i> , 2003 , 24, 510-528	2.3	28
40	The relationship of violent fathers, posttraumatically stressed mothers and symptomatic children in a preschool-age inner-city pediatrics clinic sample. <i>Journal of Interpersonal Violence</i> , 2011 , 26, 3699-719	2.2	19
39	Maternal PTSD and corresponding neural activity mediate effects of child exposure to violence on child PTSD symptoms. <i>PLoS ONE</i> , 2017 , 12, e0181066	3.7	18
38	Limbic brain responses in mothers with post-traumatic stress disorder and comorbid dissociation to video clips of their children. <i>Stress</i> , 2013 , 16, 493-502	3	18
37	When parenting becomes unthinkable: intervening with traumatized parents and their toddlers. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2009 , 48, 249-253	7.2	18
36	Maternal reflective functioning, interpersonal violence-related posttraumatic stress disorder, and risk for psychopathology in early childhood. <i>Attachment and Human Development</i> , 2020 , 22, 225-245	2.8	16
35	Autonomic functioning in mothers with interpersonal violence-related posttraumatic stress disorder in response to separation-reunion. <i>Developmental Psychobiology</i> , 2014 , 56, 748-60	3	14
34	Preschoolers' traumatic stress post-9/11: relational and developmental perspectives. <i>Psychiatric Clinics of North America</i> , 2004 , 27, 473-89	3.1	14
33	On Traumatically Skewed Intersubjectivity. <i>Psychoanalytic Inquiry</i> , 2017 , 37, 251-264	0.2	12
32	Mother-daughter relationships and child sexual abuse: a pilot study of 35 dyads. <i>Bulletin of the Menninger Clinic</i> , 2002 , 66, 39-60	1.3	12
31	The Association of Maternal Exposure to Domestic Violence During Childhood With Prenatal Attachment, Maternal-Fetal Heart Rate, and Infant Behavioral Regulation. <i>Frontiers in Psychiatry</i> , 2018 , 9, 358	5	11
30	Neural generators of psychogenic seizures: evidence from intracranial and extracranial brain recordings. <i>Epilepsy and Behavior</i> , 2014 , 31, 381-5	3.2	9
29	The relation of general socio-emotional processing to parenting specific behavior: a study of mothers with and without posttraumatic stress disorder. <i>Frontiers in Psychology</i> , 2015 , 6, 1575	3.4	9
28	Parental Reflective Functioning correlates to brain activation in response to video-stimuli of mother-child dyads: Links to maternal trauma history and PTSD. <i>Psychiatry Research - Neuroimaging</i> , 2019 , 293, 110985	2.9	6
27	Intergenerational Communication of Violent Traumatic Experience Within and by the Dyad The Case of a Mother and Her Toddler. <i>Journal of Infant, Child, and Adolescent Psychotherapy</i> , 2004 , 3, 203-232	0.8	6
26	Child mental representations of attachment when mothers are traumatized: The relationship of family-drawings to story-stem completion 2007 , 3, 119-141		6
25	Is maternal PTSD associated with greater exposure of very young children to violent media?. <i>Journal of Traumatic Stress</i> , 2009 , 22, 658-62	3.8	5

24	Reversible parkinsonism in a 90-year-old man taking sertraline. <i>Journal of Clinical Psychiatry</i> , 1997 , 58, 275	4.6	5
23	Years of life lost due to the psychosocial consequences of COVID19 mitigation strategies based on Swiss data		5
22	EEG recording during an emotional face-matching task in children of mothers with interpersonal violence-related posttraumatic stress disorder. <i>Psychiatry Research - Neuroimaging</i> , 2019 , 283, 34-44	2.9	3
21	Developmental delay in communication among toddlers and its relationship to caregiving behavior among violence-exposed, posttraumatically stressed mothers. <i>Research in Developmental Disabilities</i> , 2018 , 82, 67-78	2.7	3
20	Psychodynamic approaches to medically ill children and their traumatically stressed parents. <i>Child and Adolescent Psychiatric Clinics of North America</i> , 2013 , 22, 119-39	3.3	2
19	Understanding how traumatised mothers process their toddlers's ineffective communication under stress: towards preventive intervention for families at high risk for intergenerational violence* 2018 , 90-117		2
18	Improving mental health and physiological stress responses in mothers following traumatic childbirth and in their infants: study protocol for the Swiss TrAumatic biRth Trial (START). <i>BMJ Open</i> , 2019 , 9, e032469	3	2
17	Maternal Trauma and Related Psychopathology: Consequences to Parental Brain Functioning Associated with Caregiving. <i>Integrating Psychiatry and Primary Care</i> , 2018 , 99-112	0.3	2
16	Associations Between Maternal Post-traumatic Stress Disorder and Traumatic Events With Child Psychopathology: Results From a Prospective Longitudinal Study. <i>Frontiers in Psychiatry</i> , 2021 , 12, 718108	5	2
15	And Then There Was Intersubjectivity: Addressing Child Self and Mutual Dysregulation During Traumatic Play. <i>Psychoanalytic Inquiry</i> , 2019 , 39, 52-65	0.2	1
14	Witch-mother is which? The potential role of the analyst in facilitating authentic motherhood. <i>International Forum of Psychoanalysis</i> , 2017 , 26, 10-21	0	1
13	Impact du stress post-traumatique lié à la violence domestique sur la parentalité: Données empiriques et applications cliniques. <i>Enfance</i> , 2015 , 2015, 409-427	0.2	1
12	Parenting in times of crisis. <i>Pediatric Annals</i> , 2007 , 36, 216-8, 220-2	1.3	1
11	Clinical Case Study: Multigenerational Ataques De Nervios in a Dominican American Family: A Form of Intergenerational Transmission of Violent Trauma? 256-269		1
10	Families With Violence Exposure and the Intergenerational Transmission of Somatization.. <i>Frontiers in Psychiatry</i> , 2022 , 13, 820652	5	1
9	Impact of mothers' IPV-PTSD on their capacity to predict their child's emotional comprehension and its relationship to their child's psychopathology.. <i>Högre Utbildning</i> , 2022 , 13, 2008152	5	0
8	Impact du stress post-traumatique lié à la violence domestique sur la parentalité: Données empiriques et applications cliniques. <i>Enfance</i> , 2015 , N° 3, 409-427	0.2	0
7	Violence Exposure Is Associated With Atypical Appraisal of Threat Among Women: An EEG Study. <i>Frontiers in Psychology</i> , 2020 , 11, 576852	3.4	0
