#	ARTICLE	IF	CITATIONS
1	Acute sodium overload produces renal tubulointerstitial inflammation in normal rats. <i>Kidney International</i> , 2006, 70, 1439-1446.	2.6	36
2	Immunohistochemical expression of intrarenal renin angiotensin system components in response to tempol in rats fed a high salt diet. <i>World Journal of Nephrology</i> , 2017, 6, 29.	0.8	24
3	Renal Protective Role of Atrial Natriuretic Peptide in Acute Sodium Overload-Induced Inflammatory Response. <i>American Journal of Nephrology</i> , 2006, 26, 590-601.	1.4	19
4	Different protective actions of losartan and tempol on the renal inflammatory response to acute sodium overload. <i>Journal of Cellular Physiology</i> , 2010, 224, 41-48.	2.0	16
5	High-sodium diet promotes a profibrogenic reaction in normal rat kidneys: effects of Tempol administration. <i>Journal of Nephrology</i> , 2011, 24, 119-127.	0.9	15
6	Role of angiotensin II and oxidative stress in renal inflammation by hypernatremia: Benefits of atrial natriuretic peptide, losartan, and tempol. <i>Free Radical Research</i> , 2015, 49, 383-396.	1.5	14
7	Renal Overexpression of Atrial Natriuretic Peptide and Hypoxia Inducible Factor-1 α as Adaptive Response to a High Salt Diet. <i>BioMed Research International</i> , 2014, 2014, 1-10.	0.9	10
8	Angiotensin II Increases Intrarenal Transforming Growth Factor- β 1 in Rats Submitted to Sodium Overload Independently of Blood Pressure. <i>Hypertension Research</i> , 2008, 31, 707-715.	1.5	9
9	Salt-induced downregulation of renal aquaporins is prevented by losartan. <i>Regulatory Peptides</i> , 2012, 177, 85-91.	1.9	8
10	Role of angiotensin II and oxidative stress on renal aquaporins expression in hypernatremic rats. <i>Journal of Physiology and Biochemistry</i> , 2014, 70, 465-478.	1.3	4
11	Sodium Load Combined with Low Doses of Exogenous Angiotensin II Upregulate Intrarenal Angiotensin II. <i>Kidney and Blood Pressure Research</i> , 2009, 32, 334-341.	0.9	3
12	Reduction of eNOS in Vascular Smooth Muscle by Salt Independently of Hypertension. <i>Anti-Inflammatory and Anti-Allergy Agents in Medicinal Chemistry</i> , 2016, 15, 135-144.	1.1	2
13	Erratum to "Renal Overexpression of Atrial Natriuretic Peptide and Hypoxia Inducible Factor-1 α as Adaptive Response to a High Salt Diet", <i>BioMed Research International</i> , 2014, 2014, 1-2.	0.9	0
