

Rongwei Ye

List of Publications by Citations

Source: <https://exaly.com/author-pdf/8016001/rongwei-ye-publications-by-citations.pdf>

Version: 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
57	Extremely high prevalence of neural tube defects in a 4-county area in Shanxi Province, China. <i>Birth Defects Research Part A: Clinical and Molecular Teratology</i> , 2006 , 76, 237-40		135
56	Prevalence and trend of neural tube defects in five counties in Shanxi province of Northern China, 2000 to 2014. <i>Birth Defects Research Part A: Clinical and Molecular Teratology</i> , 2016 , 106, 267-74		67
55	Folic acid supplementation during early pregnancy and the risk of gestational hypertension and preeclampsia. <i>Hypertension</i> , 2013 , 61, 873-9	8.5	59
54	Micronutrient supplementation and pregnancy outcomes: double-blind randomized controlled trial in China. <i>JAMA Internal Medicine</i> , 2013 , 173, 276-82	11.5	52
53	Periconceptional folic acid supplementation and the risk of preterm births in China: a large prospective cohort study. <i>International Journal of Epidemiology</i> , 2014 , 43, 1132-9	7.8	31
52	Effects of passive smoking on hypertension in rural Chinese nonsmoking women. <i>Journal of Hypertension</i> , 2015 , 33, 2210-4	1.9	28
51	Maternal passive smoking and risk of cleft lip with or without cleft palate. <i>Epidemiology</i> , 2010 , 21, 240-2	3.1	28
50	Indoor air pollution affects hypertension risk in rural women in Northern China by interfering with the uptake of metal elements: A preliminary cross-sectional study. <i>Environmental Pollution</i> , 2018 , 240, 267-272	9.3	27
49	Caesarean delivery on maternal request and childhood psychopathology: a retrospective cohort study in China. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2011 , 118, 42-8	3.7	23
48	Birth weight, maternal body mass index, and early childhood growth: a prospective birth cohort study in China. <i>Journal of Epidemiology</i> , 2010 , 20, 421-8	3.4	22
47	Association of maternal serum copper during early pregnancy with the risk of spontaneous preterm birth: A nested case-control study in China. <i>Environment International</i> , 2019 , 122, 237-243	12.9	22
46	Prevalence of overweight/obesity in Chinese children. <i>Archives of Medical Research</i> , 2007 , 38, 882-6	6.6	21
45	Impact of Periconceptional Folic Acid Supplementation on Low Birth Weight and Small-for-Gestational-Age Infants in China: A Large Prospective Cohort Study. <i>Journal of Pediatrics</i> , 2017 , 187, 105-110	3.6	20
44	Maternal Hemoglobin Concentration during Gestation and Risk of Anemia in Infancy: Secondary Analysis of a Randomized Controlled Trial. <i>Journal of Pediatrics</i> , 2016 , 175, 106-110.e2	3.6	18
43	Tea drinking as a risk factor for neural tube defects in northern China. <i>Epidemiology</i> , 2011 , 22, 491-6	3.1	18
42	Secular trends of hypospadias prevalence and factors associated with it in southeast China during 1993-2005. <i>Birth Defects Research Part A: Clinical and Molecular Teratology</i> , 2010 , 88, 458-65		17
41	High prevalence of orofacial clefts in Shanxi Province in northern China, 2003-2004. <i>American Journal of Medical Genetics, Part A</i> , 2008 , 146A, 2637-43	2.5	17

40	Iron-containing micronutrient supplementation of Chinese women with no or mild anemia during pregnancy improved iron status but did not affect perinatal anemia. <i>Journal of Nutrition</i> , 2014 , 144, 943-8	4.1	14
39	Plasma folate levels in early to mid pregnancy after a nation-wide folic acid supplementation program in areas with high and low prevalence of neural tube defects in China. <i>Birth Defects Research Part A: Clinical and Molecular Teratology</i> , 2015 , 103, 501-8		13
38	Effects of vitamin D supplementation during pregnancy on neonatal vitamin D and calcium concentrations: a systematic review and meta-analysis. <i>Nutrition Research</i> , 2015 , 35, 547-56	4	13
37	Recommended acceptable levels of maternal serum typical toxic metals from the perspective of spontaneous preterm birth in Shanxi Province, China. <i>Science of the Total Environment</i> , 2019 , 686, 599-605	10.2	12
36	Levels of folate receptor autoantibodies in maternal and cord blood and risk of neural tube defects in a Chinese population. <i>Birth Defects Research Part A: Clinical and Molecular Teratology</i> , 2016 , 106, 685-95		12
35	Maternal obesity, caesarean delivery and caesarean delivery on maternal request: a cohort analysis from China. <i>Paediatric and Perinatal Epidemiology</i> , 2015 , 29, 232-40	2.7	11
34	Micronutrient supplementation during pregnancy and the risk of pregnancy-induced hypertension: A randomized clinical trial. <i>Clinical Nutrition</i> , 2019 , 38, 146-151	5.9	11
33	Association of maternal chronic arsenic exposure with the risk of neural tube defects in Northern China. <i>Environment International</i> , 2019 , 126, 222-227	12.9	10
32	Association between maternal COMT gene polymorphisms and fetal neural tube defects risk in a Chinese population. <i>Birth Defects Research Part A: Clinical and Molecular Teratology</i> , 2014 , 100, 22-9		10
31	Maternal haemoglobin concentration and risk of preterm birth in a Chinese population. <i>Journal of Obstetrics and Gynaecology</i> , 2018 , 38, 32-37	1.3	9
30	Prevalence of anaemia among pregnant women in South-East China, 1993-2005. <i>Public Health Nutrition</i> , 2010 , 13, 1511-8	3.3	9
29	Periconceptional folic acid supplementation and sex difference in prevention of neural tube defects and their subtypes in China: results from a large prospective cohort study. <i>Nutrition Journal</i> , 2018 , 17, 115	4.3	9
28	Potential interference on the lipid metabolisms by serum copper in a women population: A repeated measurement study. <i>Science of the Total Environment</i> , 2021 , 760, 143375	10.2	8
27	Associations between endocrine-disrupting heavy metals in maternal hair and gestational diabetes mellitus: A nested case-control study in China. <i>Environment International</i> , 2021 , 157, 106770	12.9	8
26	Effects of Prenatal Micronutrient Supplementation on Spontaneous Preterm Birth: A Double-Blind Randomized Controlled Trial in China. <i>American Journal of Epidemiology</i> , 2017 , 186, 318-325	3.8	7
25	Maternal serum level of manganese, single nucleotide polymorphisms, and risk of spontaneous preterm birth: A nested case-control study in China. <i>Environmental Pollution</i> , 2020 , 262, 114187	9.3	7
24	Folic acid supplementation and risk for congenital limb reduction defects in China. <i>International Journal of Epidemiology</i> , 2019 , 48, 2010-2017	7.8	7
23	Preconception Blood Pressure and Risk of Low Birth Weight and Small for Gestational Age: A Large Cohort Study in China. <i>Hypertension</i> , 2016 , 68, 873-9	8.5	7

22	Preconception blood pressure and risk of gestational hypertension and preeclampsia: a large cohort study in China. <i>Hypertension Research</i> , 2020 , 43, 956-962	4.7	6
21	Association Between Chronic Exposure to Tobacco Smoke and Accumulation of Toxic Metals in Hair Among Pregnant Women. <i>Biological Trace Element Research</i> , 2018 , 185, 302-310	4.5	6
20	Variants in maternal COMT and MTHFR genes and risk of neural tube defects in offspring. <i>Metabolic Brain Disease</i> , 2015 , 30, 507-13	3.9	5
19	Maternal hypertension, preeclampsia, and risk of neonatal respiratory disorders in a large-prospective cohort study. <i>Pregnancy Hypertension</i> , 2020 , 19, 131-137	2.6	5
18	Tea consumption is not associated with reduced plasma folate concentration among Chinese pregnant women. <i>Birth Defects Research Part A: Clinical and Molecular Teratology</i> , 2015 , 103, 747-53		5
17	Poor sleep during the periconceptional period increases risk for neural tube defects in offspring. <i>Birth Defects Research Part A: Clinical and Molecular Teratology</i> , 2015 , 103, 780-6		4
16	Preconception blood pressure and risk of preterm birth: a large cohort study in China. <i>Journal of Hypertension</i> , 2016 , 34, 2243-7	1.9	4
15	Impact of gestational hypertension and preeclampsia on low birthweight and small-for-gestational-age infants in China: A large prospective cohort study. <i>Journal of Clinical Hypertension</i> , 2021 , 23, 835-842	2.3	4
14	The impact of self-reported preconception body mass index on gestational abnormal glucose tolerance in a Chinese center. <i>Journal of Diabetes and Its Complications</i> , 2018 , 32, 951-954	3.2	3
13	Impact of gestational hypertension and preeclampsia on fetal gender: A large prospective cohort study in China. <i>Pregnancy Hypertension</i> , 2019 , 18, 132-136	2.6	3
12	Associations between hair levels of trace elements and the risk of preterm birth among pregnant Wwomen: A prospective nested case-control study in Beijing Birth Cohort (BBC), China. <i>Environment International</i> , 2021 , 158, 106965	12.9	2
11	Periconceptional folic acid supplementation and risk of parent-reported asthma in children at 4-6 years of age. <i>ERJ Open Research</i> , 2020 , 6,	3.5	2
10	Environmental titanium exposure and reproductive health: Risk of low birth weight associated with maternal titanium exposure from a nested case-control study in northern China. <i>Ecotoxicology and Environmental Safety</i> , 2021 , 208, 111632	7	2
9	Folic acid supplementation and risk for congenital hydrocephalus in China. <i>Public Health Nutrition</i> , 2021 , 24, 4238-4244	3.3	2
8	Effects of prenatal micronutrients supplementation timing on pregnancy-induced hypertension: Secondary analysis of a double-blind randomized controlled trial. <i>Maternal and Child Nutrition</i> , 2021 , 17, e13157	3.4	2
7	Association between gestational weight gain and exclusive breast-feeding for the first 6 months postpartum in Chinese women. <i>Public Health Nutrition</i> , 2019 , 22, 2092-2098	3.3	1
6	Associations of maternal exposure to 41 metals/metalloids during early pregnancy with the risk of spontaneous preterm birth: Does oxidative stress or DNA methylation play a crucial role?. <i>Environment International</i> , 2021 , 158, 106966	12.9	1
5	Impact of cervical length on preterm birth in northern China: a prospective cohort study. <i>Journal of Maternal-Fetal and Neonatal Medicine</i> , 2020 , 33, 3209-3214	2	1

4	Folic acid supplementation and risk for fetal abdominal wall defects in China: results from a large population-based intervention cohort study. <i>British Journal of Nutrition</i> , 2021 , 126, 1558-1563	3.6	1
3	Distribution of mercury in serum and blood cells and risk of spontaneous preterm birth: A nested case-control study in China. <i>Ecotoxicology and Environmental Safety</i> , 2021 , 217, 112228	7	1
2	Associations between blood heavy metal(loid)s and serum heme oxygenase-1 in pregnant women: Do their distribution patterns matter?. <i>Environmental Pollution</i> , 2021 , 286, 117249	9.3	1
1	Association between tea drinking and plasma folate concentration among women aged 18-30 years in China. <i>Public Health Nutrition</i> , 2021 , 24, 4929-4936	3.3	0
