#	ARTICLE	IF	CITATIONS
1	Social media use impacts body image and eating behavior in pregnant women. <i>Current Psychology</i> , 2023, 42, 4948-4955.	1.7	8
2	Intermittent sucrose solution intake and its schedule of access modulate energy intake and weight gain in response to chronic variable stress in mice. <i>Appetite</i> , 2022, 176, 106123.	1.8	4
3	Assessment of the World Food Programme summer camps in Lebanon: a model of effective interventions for vulnerable adolescents. <i>British Journal of Nutrition</i> , 2021, 125, 1416-1426.	1.2	1
4	Is diabetic neuropathy associated with vitamin D status? A meta-analysis. <i>British Journal of Nutrition</i> , 2021, , 1-10.	1.2	9
5	Chrelin-induced multi-organ damage in mice fed obesogenic diet. <i>Inflammation Research</i> , 2020, 69, 1019-1026.	1.6	5
6	Branched-chain amino acids mediate resilience to chronic social defeat stress by activating BDNF/TRKB signaling. <i>Neurobiology of Stress</i> , 2019, 11, 100170.	1.9	37
7	Movie violence acutely affects food choices in young adults. <i>Eating Behaviors</i> , 2019, 33, 7-12.	1.1	8
8	Personality, emotion-related variables, and media pressure predict eating disorders via disordered eating in Lebanese university students. <i>Eating and Weight Disorders</i> , 2019, 24, 313-322.	1.2	28
9	Predictors of Disordered Eating in Young Males. <i>Community Mental Health Journal</i> , 2018, 54, 236-244.	1.1	7
10	Media, Technology Use, and Attitudes: Associations With Physical and Mental Well-Being in Youth With Implications for Evidence-Based Practice. <i>Worldviews on Evidence-Based Nursing</i> , 2018, 15, 304-312.	1.2	40
11	Implementing an interprofessional education programme in Lebanon: overcoming challenges. <i>Eastern Mediterranean Health Journal</i> , 2018, 24, 914-921.	0.3	11
12	Investigating Vulnerability for Developing Eating Disorders in a Multi-confessional Population. <i>Community Mental Health Journal</i> , 2017, 53, 107-116.	1.1	15
13	Eating Disorders in Lebanon: Directions for Public Health Action. <i>Community Mental Health Journal</i> , 2017, 53, 117-125.	1.1	14
14	Detecting hidden disordered eating using the SCOFF questionnaire: Cross-sectional survey and comparison with the DEBQ. <i>Surgery for Obesity and Related Diseases</i> , 2017, 13, S204.	1.0	0
15	Anxiety as a Moderator of the Relationship Between Body Image and Restrained Eating. <i>Perspectives in Psychiatric Care</i> , 2016, 52, 254-264.	0.9	7
16	Effects of Recording Food Intake Using Cell Phone Camera Pictures on Energy Intake and Food Choice. <i>Worldviews on Evidence-Based Nursing</i> , 2016, 13, 216-223.	1.2	15
17	Effectiveness of a Technology-Based Intervention to Teach Evidence-Based Practice: The EBR Tool. <i>Worldviews on Evidence-Based Nursing</i> , 2016, 13, 59-65.	1.2	29
18	Student perceptions towards interprofessional education: Findings from a longitudinal study based in a Middle Eastern university. <i>Journal of Interprofessional Care</i> , 2016, 30, 165-174.	0.8	29

#	ARTICLE	IF	CITATIONS
19	Herbal Products and Dietary Supplements: A Cross-Sectional Survey of Use, Attitudes, and Knowledge Among the Lebanese Population. <i>Journal of Community Health</i> , 2016, 41, 566-573.	1.9	45
20	Effect of Movie Violence on Mood, Stress, Appetite Perception and Food Preference: A randomized controlled trial. <i>Surgery for Obesity and Related Diseases</i> , 2015, 11, S170.	1.0	1
21	Salvia libanotica improves glycemia and serum lipid profile in rats fed a high fat diet. <i>BMC Complementary and Alternative Medicine</i> , 2015, 15, 384.	3.7	8
22	Cafeteria diet-fed mice is a pertinent model of obesity-induced organ damage: a potential role of inflammation. <i>Inflammation Research</i> , 2015, 64, 501-512.	1.6	58
23	Effect of movie violence on mood, stress, appetite perception and food preferences in a random population. <i>European Journal of Clinical Nutrition</i> , 2015, 69, 972-973.	1.3	16
24	Environmental enrichment and cafeteria diet attenuate the response to chronic variable stress in rats. <i>Physiology and Behavior</i> , 2015, 139, 41-49.	1.0	27
25	Sucrose Solution Intake and its Schedule of Access Affect the Response to Chronic Variable Stress in Mice. <i>FASEB Journal</i> , 2015, 29, LB245.	0.2	0
26	Tragopogon porrifolius improves serum lipid profile and increases short-term satiety in rats. <i>Appetite</i> , 2014, 72, 1-7.	1.8	10
27	The influence of sociocultural factors on the eating attitudes of Lebanese and Cypriot students: a cross-cultural study. <i>Journal of Human Nutrition and Dietetics</i> , 2013, 26, 45-52.	1.3	24
28	A cafeteria diet modifies the response to chronic variable stress in rats. <i>Stress</i> , 2013, 16, 211-219.	0.8	44
29	Preoccupation with Weight and Eating Patterns of Lebanese and Cypriot Female Students. <i>Psychology</i> , 2012, 03, 507-512.	0.3	14
30	Peripherally injected cholecystokinin-induced neuronal activation is modified by dietary composition in mice. <i>NeuroImage</i> , 2010, 50, 1560-1565.	2.1	15
31	A positive change in energy balance modulates TrkB expression in the hypothalamus and nodose ganglia of rats. <i>Brain Research</i> , 2009, 1289, 49-55.	1.1	17
32	Dietary protein level alters gentamicin-induced nephrotoxicity in rats. <i>Physiology and Behavior</i> , 2007, 90, 760-770.	1.0	6
33	Violence Against Women in Adulthood Is Associated with Increased Disordered Eating Behaviors and Risk of Eating Disorders: A Cross-Sectional Study. <i>Violence and Gender</i> , 0, , .	0.9	0
