26	Invisible and intangible illness: a qualitative interview study of patients' experiences and understandings of conservatively managed end-stage kidney disease. <i>Annals of Palliative Medicine</i> , 2019, 8, 121-129.	0.5	16
27	Emotional labour in palliative and end-of-life care communication: A qualitative study with generalist palliative care providers. <i>Patient Education and Counseling</i> , 2019, 102, 494-502.	1.0	38
28	Symptoms and Concerns Among Children and Young People with Life-Limiting and Life-Threatening Conditions: A Systematic Review Highlighting Meaningful Health Outcomes. <i>Patient</i> , 2019, 12, 15-55.	1.1	50
29	A longitudinal cohort study of symptoms and other concerns among Nigerian people with stages 3-5 chronic kidney diseases: study protocol. <i>Annals of Palliative Medicine</i> , 2019, 8, 190-198.	0.5	0
30	A framework for complexity in palliative care: A qualitative study with patients, family carers and professionals. <i>Palliative Medicine</i> , 2018, 32, 1078-1090.	1.3	85
31	Seeing is believing – healthcare professionals' perceptions of a complex intervention to improve care towards the end of life: A qualitative interview study. <i>Palliative Medicine</i> , 2018, 32, 525-532.	1.3	14
32	Recommendations to reduce inequalities for LGBT people facing advanced illness: ACCESSCare national qualitative interview study. <i>Palliative Medicine</i> , 2018, 32, 23-35.	1.3	88
33	Difficult Conversations: evaluation of multiprofessional training. <i>BMJ Supportive and Palliative Care</i> , 2018, 8, 45-48.	0.8	29
34	Perspectives of patients, family caregivers and health professionals on the use of outcome measures in palliative care and lessons for implementation: a multi-method qualitative study. <i>Annals of Palliative Medicine</i> , 2018, 7, S137-S150.	0.5	28
35	Is end-of-life care a priority for policymakers? Qualitative documentary analysis of health care strategies. <i>Palliative Medicine</i> , 2018, 32, 1474-1486.	1.3	20
36	How does uncertainty shape patient experience in advanced illness? A secondary analysis of qualitative data. <i>Palliative Medicine</i> , 2017, 31, 171-180.	1.3	94

#	ARTICLE	IF	CITATIONS
37	“They will be afraid to touch you”: LGBTI people and sex workers' experiences of accessing healthcare in Zimbabwe” an in-depth qualitative study. <i>BMJ Global Health</i> , 2017, 2, e000168.	2.0	33
38	P-113...Factors influencing acute care utilisation in nursing home residents with advanced dementia in final three months of life: a systematic review and narrative synthesis. <i>BMJ Supportive and Palliative Care</i> , 2017, 7, A42.1-A42.	0.8	0
39	“What makes it worth the investment to say it?” Care experiences of lesbian, gay, bisexual and/or trans* people facing life-limiting illness: a qualitative interview study. <i>BMJ Supportive and Palliative Care</i> , 2016, 6, 388.1-388.	0.8	2
40	Communication in palliative care: talking about the end of life, before the end of life. <i>Postgraduate Medical Journal</i> , 2016, 92, 466-470.	0.9	222
41	Strength in numbers: patient experiences of group exercise within hospice palliative care. <i>BMC Palliative Care</i> , 2016, 15, 97.	0.8	26
42	“I am actually doing something to keep well. That feels really good”: Experiences of exercise within hospice care. <i>Progress in Palliative Care</i> , 2016, 24, 204-212.	0.7	24
43	The bereavement experiences of lesbian, gay, bisexual and/or trans* people who have lost a partner: A systematic review, thematic synthesis and modelling of the literature. <i>Palliative Medicine</i> , 2016, 30, 730-744.	1.3	77
44	Thinking ahead “the need for early Advance Care Planning for people on haemodialysis: A qualitative interview study. <i>Palliative Medicine</i> , 2015, 29, 443-450.	1.3	42
45	Improving care for patients whose recovery is uncertain. The AMBER care bundle: design and implementation. <i>BMJ Supportive and Palliative Care</i> , 2015, 5, 405-411.	0.8	7
46	Patient and carer experiences of clinical uncertainty and deterioration, in the face of limited reversibility: A comparative observational study of the AMBER care bundle. <i>Palliative Medicine</i> , 2015, 29, 797-807.	1.3	36
47	Improving care for patients whose recovery is uncertain. The AMBER care bundle: design and implementation. <i>BMJ Supportive and Palliative Care</i> , 2015, 5, 12-18.	0.8	37
48	Experiences of burden, needs, rewards and resilience in family caregivers of people living with Motor Neurone Disease/Amyotrophic Lateral Sclerosis: A secondary thematic analysis of qualitative interviews. <i>Palliative Medicine</i> , 2015, 29, 737-745.	1.3	69
49	“It doesn't do the care for you': a qualitative study of health care professionals' perceptions of the benefits and harms of integrated care pathways for end of life care: Figure 1. <i>BMJ Open</i> , 2015, 5, e008242.	0.8	28
50	Understanding What Influences the Health-Related Quality of Life of Hemodialysis Patients: A Collaborative Study in England and Ireland. <i>Journal of Pain and Symptom Management</i> , 2015, 50, 778-785.	0.6	50
51	Qualitative research methods in renal medicine: an introduction. <i>Nephrology Dialysis Transplantation</i> , 2015, 30, 1424-1431.	0.4	27
52	Last offices: nurses' experiences of the process and their views about involving significant others. <i>International Journal of Palliative Nursing</i> , 2015, 21, 173-178.	0.2	12
53	Michel Foucault: discourse in the modern medical consultation. <i>Medical Education</i> , 2014, 48, 552-553.	1.1	5
54	What Makes Maternity Teams Effective and Safe? Lessons From a Series of Research on Teamwork, Leadership, and Team Training. <i>Obstetric Anesthesia Digest</i> , 2014, 34, 201.	0.0	1

#	ARTICLE	IF	CITATIONS
55	The development and piloting of the REnal specific Advanced Communication Training (REACT) programme to improve Advance Care Planning for renal patients. <i>Palliative Medicine</i> , 2014, 28, 360-366.	1.3	36
56	“Any questions?” Clinicians’ usage of invitations to ask questions (IAQs) in outpatient plastic surgery consultations. <i>Patient Education and Counseling</i> , 2014, 97, 347-351.	1.0	6
57	What makes maternity teams effective and safe? Lessons from a series of research on teamwork, leadership and team training. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2013, 92, 1239-1243.	1.3	65
58	Improving team training in acute health care: critical synthesis of seven mixed-methods studies. <i>Lancet</i> , The, 2013, 381, S100.	6.3	2
59	Teamwork for Clinical Emergencies. <i>Qualitative Health Research</i> , 2012, 22, 1383-1394.	1.0	42
60	Clinical Efficiency in a Simulated Emergency and Relationship to Team Behaviors. <i>Obstetric Anesthesia Digest</i> , 2012, 32, 41.	0.0	4
61	Do too many cooks spoil the broth? The effect of observers on doctor-patient interaction. <i>Medical Education</i> , 2012, 46, 785-794.	1.1	7
62	Clinical efficiency in a simulated emergency and relationship to team behaviours: a multisite cross-sectional study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2011, 118, 596-607.	1.1	121
63	Team Communication With Patient Actors. <i>Simulation in Healthcare</i> , 2011, 6, 143-149.	0.7	41
64	Does the impact of bereavement vary between same and different gender partnerships? A representative national, cross-sectional study. <i>Psychological Medicine</i> , 0, , 1-9.	2.7	3
