#	Article	IF	CITATIONS
1	Teaching the Social Determinants of Health: A Path to Equity or a Road to Nowhere?. Academic Medicine, 2018, 93, 25-30.	1.6	218
2	Looking Beyond Income and Education. American Journal of Preventive Medicine, 2015, 49, 161-171.	3.0	147
3	Suppression of the motor cortex by magnetic stimulation of the cerebellum. Experimental Brain Research, 2001, 140, 505-510.	1.5	146
4	GLOBAL HEALTH ETHICS FOR STUDENTS. Developing World Bioethics, 2009, 9, 1-10.	0.9	144
5	Involvement of the cerebellothalamocortical pathway in Parkinson disease. Annals of Neurology, 2010, 68, 816-824.	5. 3	117
6	Implementing Anti-Racism Interventions in Healthcare Settings: A Scoping Review. International Journal of Environmental Research and Public Health, 2021, 18, 2993.	2.6	104
7	The cerebellothalamocortical pathway in essential tremor. Neurology, 2003, 60, 1985-1987.	1.1	97
8	Social determinants of COVID-19 incidence and outcomes: A rapid review. PLoS ONE, 2021, 16, e0248336.	2.5	97
9	Building a Foundation to Reduce Health Inequities: Routine Collection of Sociodemographic Data in Primary Care. Journal of the American Board of Family Medicine, 2016, 29, 348-355.	1.5	66
10	The Cost of Universal Health Care in India: A Model Based Estimate. PLoS ONE, 2012, 7, e30362.	2.5	57
11	The COVID-19 pandemic. Annals of Allergy, Asthma and Immunology, 2022, 128, 19-25.	1.0	50
12	Effect on Treatment Adherence of Distributing Essential Medicines at No Charge. JAMA Internal Medicine, 2020, 180, 27.	5.1	41
13	Voting, health and interventions in healthcare settings: a scoping review. Public Health Reviews, 2020, 41, 16.	3.2	39
14	Framework for building primary care capacity to address the social determinants of health. Canadian Family Physician, 2017, 63, e476-e482.	0.4	36
15	Cost-effectiveness of Housing First Intervention With Intensive Case Management Compared With Treatment as Usual for Homeless Adults With Mental Illness. JAMA Network Open, 2019, 2, e199782.	5.9	35
16	Routine collection of sexual orientation and gender identity data: a mixed-methods study. Cmaj, 2019, 191, E63-E68.	2.0	35
17	Using concept mapping in the knowledge-to-action process to compare stakeholder opinions on barriers to use of cancer screening among South Asians. Implementation Science, 2013, 8, 37.	6.9	31
18	Patient costs associated with accessing HIV/AIDS care in Malawi. Journal of the International AIDS Society, 2013, 16, 18055.	3.0	31

#	Article	IF	CITATIONS
19	Employment Interventions in Health Settings: A Systematic Review and Synthesis. Annals of Family Medicine, 2018, 16, 447-460.	1.9	27
20	Using self-determination theory to understand the social prescribing process: a qualitative study. BJGP Open, 2021, 5, BJGPO.2020.0153.	1.8	27
21	Economic considerations and health in all policies initiatives: evidence from interviews with key informants in Sweden, Quebec and South Australia. BMC Public Health, 2015, 15, 171.	2.9	26
22	Gun Violence in Nigeria: A Focus on Ethno-Religious Conflict in Kano. Journal of Public Health Policy, 2007, 28, 420-431.	2.0	24
23	Swimming â€~upstream' to tackle the social determinants of health. BMJ Quality and Safety, 2016, 25, 138-140.	3.7	24
24	Cancer screening rates among transgender adults: Cross-sectional analysis of primary care data. Canadian Family Physician, 2019, 65, e30-e37.	0.4	23
25	Equity in public health standards: a qualitative document analysis of policies from two Canadian provinces. International Journal for Equity in Health, 2012, 11, 28.	3.5	22
26	A novel income security intervention to address poverty in a primary care setting: a retrospective chart review. BMJ Open, 2017, 7, e014270.	1.9	22
27	Reporting of Sociodemographic Variables in Randomized Clinical Trials, 2014-2020. JAMA Network Open, 2021, 4, e2110700.	5.9	22
28	Grappling with Chronic Pain and Poverty during the COVID-19 Pandemic. Canadian Journal of Pain, 2020, 4, 125-128.	1.7	20
29	Screening for poverty and intervening in a primary care setting: an acceptability and feasibility study. Family Practice, 2019, 36, 634-638.	1.9	18
30	Examining COVID-19 vaccine uptake and attitudes among 2SLGBTQ+ youth experiencing homelessness. BMC Public Health, 2022, 22, 122.	2.9	17
31	Clinical Population Medicine: Integrating Clinical Medicine and Population Health in Practice. Annals of Family Medicine, 2017, 15, 405-409.	1.9	15
32	Best Practices for COVID-19 Mass Vaccination Clinics. Annals of Family Medicine, 2022, 20, 149-156.	1.9	13
33	Exploratory study of "real world―implementation of a clinical poverty tool in diverse family medicine and pediatric care settings. International Journal for Equity in Health, 2019, 18, 200.	3.5	11
34	A qualitative study of barriers to employment experienced by people living with HIV in Toronto and Ottawa. International Journal for Equity in Health, 2021, 20, 36.	3.5	11
35	Racialised people in clinical guideline panels. Lancet, The, 2022, 399, 139-140.	13.7	11
36	A future in primary care research: a view from the middle. British Journal of General Practice, 2018, 68, 440-441.	1.4	10

#	Article	IF	Citations
37	Improving Equity Through Primary Care: Proceedings of the 2019 Toronto International Conference on Quality in Primary Care. Annals of Family Medicine, 2020, 18, 364-369.	1.9	10
38	The working conditions for personal support workers in the Greater Toronto Area during the COVID-19 pandemic: a mixed-methods study. Canadian Journal of Public Health, 2022, 113, 817-833.	2.3	10
39	An agent–vector–host–environment model for controlling small arms and light weapons. Medicine, Conflict and Survival, 2011, 27, 111-127.	0.9	9
40	A case study of global health at the university: implications for research and action. Global Health Action, 2014, 7, 24526.	1.9	9
41	Implementation and impact of an online tool used in primary care to improve access to financial benefits for patients: a study protocol. BMJ Open, 2017, 7, e015947.	1.9	9
42	Adherence at 2 years with distribution of essential medicines at no charge: The CLEAN Meds randomized clinical trial. PLoS Medicine, 2021, 18, e1003590.	8.4	9
43	Implementing High-Quality Primary Care Through a Health Equity Lens. Annals of Family Medicine, 2022, 20, 164-169.	1.9	9
44	Health implications of small arms and light weapons in eastern Uganda. Medicine, Conflict and Survival, 2006, 22, 207-219.	0.9	7
45	Protocol for a randomised controlled trial evaluating the effects of providing essential medicines at no charge: the Carefully seLected and Easily Accessible at No Charge Medicines (CLEAN Meds) trial. BMJ Open, 2017, 7, e015686.	1.9	7
46	Routine identification of patients with disabilities in primary care: A mixed-methods study. Disability and Health Journal, 2020, 13, 100872.	2.8	7
47	Exploring different methods to evaluate the impact of basic income interventions: a systematic review. International Journal for Equity in Health, 2021, 20, 142.	3.5	7
48	Family medicine–directed hepatitis C care and barriers to treatment: a mixed-methods study. CMAJ Open, 2021, 9, E201-E207.	2.4	7
49	Missing the target? Teaching undergraduate medical students to "go upstream―and advocate on social determinants of health. Canadian Medical Education Journal, 2020, 11, e57-e61.	0.4	7
50	Connecting artificial intelligence and primary care challenges: findings from a multi stakeholder collaborative consultation. BMJ Health and Care Informatics, 2022, 29, e100493.	3.0	7
51	Cash transfer during the COVID-19 pandemic: a multicentre, randomised controlled trial. Family Medicine and Community Health, 2021, 9, e001452.	1.6	7
52	BETTER HEALTH: Durham protocol for a cluster randomized trial of BETTER in community and public health settings. BMC Public Health, 2017, 17, 754.	2.9	6
53	Addressing financial strain through a peer-to-peer intervention in primary care. Family Practice, 2020, 37, 815-820.	1.9	6
54	Designing and Governing Responsive Local Care Systems – Insights from a Scoping Review of Paramedics in Integrated Models of Care. International Journal of Integrated Care, 2022, 22, 5.	0.2	6

#	Article	IF	CITATIONS
55	Routinely asking patients about income in primary care: a mixed-methods study. BJGP Open, 2022, 6, BJGPO.2021.0090.	1.8	5
56	Engaging health professionals in advocacy against gun violence. Medicine, Conflict and Survival, 2008, 24, 285-295.	0.9	4
57	Simulation modeling to enhance population health intervention research for chronic disease prevention. Canadian Journal of Public Health, 2019, 110, 52-57.	2.3	4
58	Convergent validity of the EQ-5D-3L in a randomized-controlled trial of the Housing First model. BMC Health Services Research, 2019, 19, 482.	2.2	4
59	Patient perspectives on routinely being asked about their race and ethnicity: Qualitative study in primary care. Canadian Family Physician, 2019, 65, e363-e369.	0.4	4
60	Supporting patients to shape social determinants of health through democratic engagement. Canadian Family Physician, 2020, 66, 639-641.	0.4	4
61	Precarious work among personal support workers in the Greater Toronto Area: a respondent-driven sampling study. CMAJ Open, 2022, 10, E527-E538.	2.4	4
62	Health outcomes related to the provision of free, tangible goods: A systematic review. PLoS ONE, 2019, 14, e0213845.	2.5	3
63	Paramedics Have Untapped Potential to Address Social Determinants of Health in Canada. Healthcare Policy, 2021, 16, 67-75.	0.6	3
64	Implementation of targeted screening for poverty in a large primary care team in Toronto, Canada: a feasibility study. BMC Family Practice, 2021, 22, 194.	2.9	3
65	Impact of a Labour Disruption Affecting Local Public Health on the Incidence of Chlamydia Infections in Toronto. PLoS ONE, 2013, 8, e79375.	2.5	3
66	Building integrated, adaptive and responsive healthcare systems – lessons from paramedicine in Ontario, Canada. BMC Health Services Research, 2022, 22, 595.	2.2	3
67	A comparison of the COVID-19 response for urban underserved patients experiencing healthcare transitions in three Canadian cities. Canadian Journal of Public Health, 0 , , .	2.3	3
68	An interprofessional urban health elective focused on the social determinants of health. Canadian Medical Education Journal, 2018, 9, e127-e134.	0.4	2
69	Association between new-onset anosmia and positive SARS-CoV-2 tests among people accessing outpatient testing in Toronto, Ontario: a retrospective cross-sectional study. CMAJ Open, 2021, 9, E1134-E1140.	2.4	2
70	In Reply to Barwise and Liebow. Academic Medicine, 2020, 95, 329-330.	1.6	1
71	Can a Focus on Equity, Diversity and Inclusion Transform Health Service Research?. HealthcarePapers, 2022, 20, 53-60.	0.3	1
72	Israel–Gaza conflict. Lancet, The, 2009, 373, 892.	13.7	0
