#	ARTICLE	IF	CITATIONS
1	Estimation of Population Median under Robust Measures of an Auxiliary Variable. <i>Mathematical Problems in Engineering</i> , 2021, 2021, 1-14.	1.1	1
2	A Simulation-Based Study for Progressive Estimation of Population Mean through Traditional and Nontraditional Measures in Stratified Random Sampling. <i>Journal of Mathematics</i> , 2021, 2021, 1-16.	1.0	1
3	Almost unbiased optimum estimators for population mean using dual auxiliary information. <i>Journal of King Saud University - Science</i> , 2020, 32, 2835-2844.	3.5	7
4	A simulation study: new optimal estimators for population mean by using dual auxiliary information in stratified random sampling. <i>Journal of Taibah University for Science</i> , 2020, 14, 557-568.	2.5	8
5	Difference-Type-Exponential Estimators Based on Dual Auxiliary Information Under Simple Random Sampling. <i>Scientia Iranica</i> , 2020, .	0.4	3
6	Enhanced estimation of population mean in the presence of auxiliary information. <i>Journal of King Saud University - Science</i> , 2019, 31, 1373-1378.	3.5	9
7	Improved Estimation of Population Mean Through Known Conventional and Non-Conventional Measures of Auxiliary Variable. <i>Iranian Journal of Science and Technology, Transaction A: Science</i> , 2019, 43, 1851-1862.	1.5	6
8	On Improved Estimation of Population Mean Using Known Coefficient of Skewness of an Auxiliary Variable. <i>Iranian Journal of Science and Technology, Transaction A: Science</i> , 2019, 43, 1139-1149.	1.5	0
9	Optimized estimation for population mean using conventional and non-conventional measures under the joint influence of measurement error and non-response. <i>Journal of Statistical Computation and Simulation</i> , 2018, 88, 2385-2403.	1.2	4
10	Improved ratio type estimators of population mean based on median of a study variable and an auxiliary variable. <i>Hacettepe Journal of Mathematics and Statistics</i> , 2016, 46, 1-1.	0.3	4
11	An effective approach towards efficient estimation of general linear model in case of heteroscedastic errors. <i>Communications in Statistics Part B: Simulation and Computation</i> , 0, , 1-15.	1.2	0
