#	ARTICLE	IF	CITATIONS
1	Alzheimer's disease research progress in Australia: The Alzheimer's Association International Conference Satellite Symposium in Sydney. <i>Alzheimer's and Dementia</i> , 2022, 18, 178-190.	0.8	5
2	Comparison of Different Physical Activity Measures in a Cardiac Rehabilitation Program: A Prospective Study. <i>Sensors</i> , 2022, 22, 1639.	3.8	0
3	Teaching the care of older people in Australian nursing schools: Survey findings. <i>Collegian</i> , 2022, , .	1.3	3
4	Putting primary prevention of dementia on everybody's agenda. <i>Aging and Mental Health</i> , 2021, 25, 1376-1380.	2.8	15
5	Promoting occupational therapy interventions in the Australian community aged care sector. <i>Australian Occupational Therapy Journal</i> , 2021, 68, 228-235.	1.1	4
6	Improving functional independence: Dementia rehabilitation programs. , 2021, , 227-261.		0
7	What is more important, the appropriateness or the rate of psychotropic prescription in aged care homes?. <i>International Psychogeriatrics</i> , 2021, 33, 539-542.	1.0	1
8	Preparing for Implementation Within Therapy Services for People With Dementia: Exploring Expectations and Experiences Among Service Providers. <i>Journal of Applied Gerontology</i> , 2021, 40, 1172-1179.	2.0	2
9	Early Implementation and Evaluation of StepUp for Dementia Research: An Australia-Wide Dementia Research Participation and Public Engagement Platform. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 11353.	2.6	13
10	Feasibility and potential effects of interdisciplinary home-based reablement program (I-HARP) for people with cognitive and functional decline: a pilot trial. <i>Aging and Mental Health</i> , 2020, 24, 1916-1925.	2.8	12
11	Development of a new tool for the early identification of communication support needs in people living with dementia: An Australian face validation study. <i>Health and Social Care in the Community</i> , 2020, 28, 544-554.	1.6	4
12	Exploring relationships between health professionals through the implementation of a reablement program for people with dementia: A mixed methods study. <i>Brain Impairment</i> , 2020, 21, 286-298.	0.7	4
13	Associations between clinical indicators of quality and aged-care residents' needs and consumer and staff satisfaction: the first Australian study. <i>Australian Health Review</i> , 2019, 43, 133.	1.1	14
14	A pragmatic randomised controlled trial (RCT) and realist evaluation of the interdisciplinary home-based Reablement program (I-HARP) for improving functional independence of community dwelling older people with dementia: an effectiveness-implementation hybrid design. <i>BMC Geriatrics</i> , 2019, 19, 199.	2.7	19
15	The Kids4Dementia education program is effective in improving children's attitudes towards dementia. <i>Dementia</i> , 2019, 18, 1777-1789.	2.0	13
16	Now is the time to address the Culture of Residential Aged Care Facilities to support Pharmacists in reducing psychotropic prescribing. <i>International Journal of Pharmacy Practice</i> , 2019, 27, 404-405.	0.6	2
17	How do residents of aged care homes perceive physical activity and functional independence? A qualitative study. <i>Health and Social Care in the Community</i> , 2019, 27, 1321-1332.	1.6	3
18	The key factors for the engagement of primary stakeholders in decision-making for the future care of people with dementia living in the community: a systematic integrative review. <i>International Psychogeriatrics</i> , 2019, 31, 1731-1746.	1.0	9

#	ARTICLE	IF	CITATIONS
19	Research reported in the AJA : Who does it and where do they do it?. Australasian Journal on Ageing, 2019, 38, e37-e42.	0.9	0
20	Psychotropic medicines use in Residents And Culture: Influencing Clinical Excellence (PRACTICE) tool. A development and content validation study. Research in Social and Administrative Pharmacy, 2019, 15, 691-700.	3.0	3
21	Organisational culture must be addressed to reduce psychotropic prescribing in Residential Aged Care Facilities. Australian and New Zealand Journal of Psychiatry, 2019, 53, 87-87.	2.3	0
22	The Assessment of Language and Communication in Dementia: A Synthesis of Evidence. American Journal of Geriatric Psychiatry, 2019, 27, 363-377.	1.2	11
23	The tailored activity program (TAP) to address behavioral disturbances in frontotemporal dementia: a feasibility and pilot study. Disability and Rehabilitation, 2019, 41, 299-310.	1.8	35
24	Qualitative Evaluation of Evidence-Based Online Decision Aid and Resources for Osteoarthritis Management: Understanding Patient Perspectives. Arthritis Care and Research, 2019, 71, 46-55.	3.4	10
25	Shaping the use of psychotropic medicines in nursing homes: A qualitative study on organisational culture. Social Science and Medicine, 2018, 202, 70-78.	3.8	18
26	Effects of active psychosocial stimulation on social interactions of people with dementia living in a nursing home: a comparative study. International Psychogeriatrics, 2018, 30, 921-922.	1.0	6
27	Interventions to Reduce Antipsychotic Prescribing in Nursing Homes Must Cross Healthcare Silos. Journal of the American Geriatrics Society, 2018, 66, 1235-1236.	2.6	2
28	Relationship between Organizational Culture and the Use of Psychotropic Medicines in Nursing Homes: A Systematic Integrative Review. Drugs and Aging, 2018, 35, 189-211.	2.7	12
29	The Kids Insight into Dementia Survey (KIDS): development and preliminary psychometric properties. Aging and Mental Health, 2018, 22, 953-959.	2.8	11
30	Application of the European quality indicators for psychosocial dementia care in long-term care facilities in the Asia-Pacific region: a pilot study. Aging and Mental Health, 2018, 22, 1279-1286.	2.8	3
31	What do children need to know about dementia? The perspectives of children and people with personal experience of dementia. International Psychogeriatrics, 2018, 30, 673-684.	1.0	16
32	Improving the social health of community-dwelling older people living with dementia through a reablement program. International Psychogeriatrics, 2018, 30, 915-920.	1.0	20
33	Social health in dementia care: harnessing an applied research agenda. International Psychogeriatrics, 2018, 30, 775-778.	1.0	22
34	Implementation of an evidence-based intervention to improve the wellbeing of people with dementia and their carers: study protocol for 'Care of People with dementia in their Environments (COPE)' in the Australian context. BMC Geriatrics, 2018, 18, 108.	2.7	18
35	Exploring the link between organizational climate and the use of psychotropic medicines in nursing homes: A qualitative study. Research in Social and Administrative Pharmacy, 2017, 13, 513-523.	3.0	41
36	Care and Support for Older People. International Perspectives on Aging, 2017, , 239-259.	0.4	10

#	ARTICLE	IF	CITATIONS
37	Residents' Positive and Negative Relationship Networks in a Nursing Home. <i>Journal of Gerontological Nursing</i> , 2016, 42, 9-13.	0.6	3
38	A qualitative study exploring visible components of organizational culture: what influences the use of psychotropic medicines in nursing homes?. <i>International Psychogeriatrics</i> , 2016, 28, 1725-1735.	1.0	23
39	Development and Validation of a Short Version of the Cornell Scale for Depression in Dementia for Screening Residents in Nursing Homes. <i>American Journal of Geriatric Psychiatry</i> , 2016, 24, 1007-1016.	1.2	10
40	Social health and dementia: the power of human capabilities. <i>International Psychogeriatrics</i> , 2016, 28, 701-703.	1.0	88
41	Extended parenting education in an early parenting centre. <i>Journal of Child Health Care</i> , 2016, 20, 446-455.	1.4	10
42	Coaching in self-efficacy improves care responses, health and well-being in dementia carers: a pre/post-test/follow-up study. <i>BMC Health Services Research</i> , 2016, 16, 166.	2.2	27
43	Residents Perceptions of Friendship and Positive Social Networks Within a Nursing Home. <i>Gerontologist</i> , The, 2016, 56, 855-867.	3.9	39
44	A personalized multimedia device to treat agitated behavior and improve mood in people with dementia: A pilot study. <i>Geriatric Nursing</i> , 2016, 37, 25-29.	1.9	38
45	Validity of the geriatric depression scale and the collateral source version of the geriatric depression scale in nursing homes. <i>International Psychogeriatrics</i> , 2015, 27, 1495-1504.	1.0	33
46	PerCEN trial participant perspectives on the implementation and outcomes of person-centered dementia care and environments. <i>International Psychogeriatrics</i> , 2015, 27, 2045-2057.	1.0	47
47	A Systematic Review of Interventions to Change Staff Care Practices in Order to Improve Resident Outcomes in Nursing Homes. <i>PLoS ONE</i> , 2015, 10, e0140711.	2.5	103
48	Computer modeling with randomized-controlled trial data informs the development of person-centered aged care homes. <i>Neurodegenerative Disease Management</i> , 2015, 5, 403-412.	2.2	0
49	Cluster Randomized Controlled Trial of An Aged Care Specific Leadership and Management Program to Improve Work Environment, Staff Turnover, and Care Quality. <i>Journal of the American Medical Directors Association</i> , 2015, 16, 629.e19-629.e28.	2.5	40
50	Validation of a clinical leadership qualities framework for managers in aged care: a <sc>D</sc>elphi study. <i>Journal of Clinical Nursing</i> , 2015, 24, 999-1010.	3.0	26
51	The Lifestyle Engagement Activity Program (LEAP): Implementing Social and Recreational Activity into Case-Managed Home Care. <i>Journal of the American Medical Directors Association</i> , 2015, 16, 1069-1076.	2.5	26
52	The Clinical Utility of the Cornell Scale for Depression in Dementia as a Routine Assessment in Nursing Homes. <i>American Journal of Geriatric Psychiatry</i> , 2015, 23, 784-793.	1.2	20
53	Attracting and retaining qualified nurses in aged and dementia care: outcomes from an Australian study. <i>Journal of Nursing Management</i> , 2014, 22, 234-247.	3.4	37
54	PerCEN: a cluster randomized controlled trial of person-centered residential care and environment for people with dementia. <i>International Psychogeriatrics</i> , 2014, 26, 1147-1160.	1.0	88

#	ARTICLE	IF	CITATIONS
55	A patient-centred approach to health service delivery: improving health outcomes for people with chronic illness. <i>BMC Health Services Research</i> , 2013, 13, 251.	2.2	82
56	Study protocol: translating and implementing psychosocial interventions in aged home care the lifestyle engagement activity program (LEAP) for life. <i>BMC Geriatrics</i> , 2013, 13, 124.	2.7	4
57	The effectiveness of an aged care specific leadership and management program on workforce, work environment, and care quality outcomes: design of a cluster randomised controlled trial. <i>Implementation Science</i> , 2013, 8, 126.	6.9	15
58	Desired characteristics and outcomes of community care services for persons with dementia: What is important according to clients, service providers and policy?. <i>Australasian Journal on Ageing</i> , 2013, 32, 91-96.	0.9	40
59	Validity and reliability of the client perception of value questionnaire. <i>Contemporary Nurse</i> , 2013, 43, 183-190.	1.0	3
60	Health-care professionals' knowledge, attitudes and behaviours relating to patient capacity to consent to treatment. <i>Nursing Ethics</i> , 2013, 20, 684-707.	3.4	23
61	Care planning practices for behavioural and psychological symptoms of dementia in residential aged care: A pilot of an education toolkit informed by the Aged Care Funding Instrument. <i>Contemporary Nurse</i> , 2013, 44, 156-169.	1.0	25
62	Assessing patient capacity to consent to treatment: an integrative review of instruments and tools. <i>Journal of Clinical Nursing</i> , 2013, 22, 2387-2403.	3.0	51
63	Multimorbidity is associated with higher out-of-pocket spending: a study of older Australians with multiple chronic conditions. <i>Australian Journal of Primary Health</i> , 2013, 19, 144.	0.9	71
64	Private health insurance and quality of life: perspectives of older Australians with multiple chronic conditions. <i>Australian Journal of Primary Health</i> , 2012, 18, 212.	0.9	12
65	Staff outcomes from the Caring for Aged Dementia Care REsident Study (CADRES): A cluster randomised trial. <i>International Journal of Nursing Studies</i> , 2012, 49, 508-518.	5.6	97
66	Validation of the Environmental Audit Tool in both purpose-built and non-purpose-built dementia care settings. <i>Australasian Journal on Ageing</i> , 2012, 31, 159-163.	0.9	31
67	Mental health education programmes for generalist health professionals: An integrative review. <i>International Journal of Mental Health Nursing</i> , 2012, 21, 428-444.	3.8	36
68	Recommended Measures for the Assessment of Behavioral Disturbances Associated With Dementia. <i>American Journal of Geriatric Psychiatry</i> , 2011, 19, 403-415.	1.2	47
