#	Paper	IF	Citations
62	Internet-delivered cognitive and behavioural based interventions for adults with chronic pain: a systematic review and meta-analysis of randomized controlled trials.. <i>Pain</i> , 2022 ,	8	2
61	The Chronic Conditions Course: A Randomised Controlled Trial of an Internet-Delivered Transdiagnostic Psychological Intervention for People with Chronic Health Conditions.. <i>Psychotherapy and Psychosomatics</i> , 2022 , 1-12	9.4	0
60	Advancing neuropalliative care. <i>Lancet Neurology, The</i> , 2021 , 20, 887	24.1	1
59	Reply to Grzegorzewska et al. <i>Epilepsy and Behavior</i> , 2021 , 118, 107914	3.2	
58	A Cost-effectiveness Analysis of an Internet-delivered Pain Management Program Delivered With Different Levels of Clinician Support: Results From a Randomised Controlled Trial. <i>Journal of Pain</i> , 2021 , 22, 344-358	5.2	3
57	Managing depression and anxiety in people with epilepsy: A survey of epilepsy health professionals by the ILAE Psychology Task Force. <i>Epilepsia Open</i> , 2021 , 6, 127-139	4	11
56	Probability of Major Depression Classification Based on the SCID, CIDI, and MINI Diagnostic Interviews: A Synthesis of Three Individual Participant Data Meta-Analyses. <i>Psychotherapy and Psychosomatics</i> , 2021 , 90, 28-40	9.4	9
55	How frequently is anxiety and depression identified and treated in hospital and community samples of adults with epilepsy?. <i>Epilepsy and Behavior</i> , 2021 , 115, 107703	3.2	7
54	Preventing depression in older people with multimorbidity: 24-month follow-up of a trial of internet-delivered cognitive behaviour therapy. <i>Age and Ageing</i> , 2021 , 50, 2254-2258	3	0
53	Disability and life satisfaction in neurological disorders: The role of depression and perceived cognitive difficulties. <i>General Hospital Psychiatry</i> , 2021 , 73, 16-23	5.6	1
52	Cochrane systematic review and meta-analysis of the impact of psychological treatment on health-related quality of life in people with epilepsy: an update by the ILAE Psychology Task Force, highlighting methodological changes. <i>Epileptic Disorders</i> , 2021 ,	1.9	1
51	A feasibility trial of an internet-delivered psychological intervention to manage mental health and functional outcomes in neurological disorders. <i>Journal of Psychosomatic Research</i> , 2020 , 136, 110173	4.1	11
50	Systematic Review and Meta-Analysis of Anxiety and Depression in Youth With Epilepsy. <i>Journal of Pediatric Psychology</i> , 2020 , 45, 133-144	3.2	11
49	A randomized controlled trial of internet-delivered cognitive behaviour therapy to prevent the development of depressive disorders in older adults with multimorbidity. <i>Journal of Affective Disorders</i> , 2020 , 264, 464-473	6.6	10
48	Probability of major depression diagnostic classification based on the SCID, CIDI and MINI diagnostic interviews controlling for Hospital Anxiety and Depression Scale - Depression subscale scores: An individual participant data meta-analysis of 73 primary studies. <i>Journal of Psychosomatic Research</i> , 2020 , 122, 100000	4.1	22
47	Psychological treatments for people with epilepsy. <i>The Cochrane Library</i> , 2020 , 2020,	5.2	4
46	Internet-delivered treatment for young adults with anxiety and depression: Evaluation in routine clinical care and comparison with research trial outcomes. <i>Journal of Affective Disorders</i> , 2019 , 256, 103-109	6.6	12

45	Whether chronic pain is medically explained or not does not moderate the response to cognitive-behavioural therapy. <i>Journal of Psychosomatic Research</i> , 2019 , 121, 29-36	4.1	1
44	Examining an internet-delivered intervention for anxiety and depression when delivered as a part of routine care for university students: A phase IV trial. <i>Journal of Affective Disorders</i> , 2019 , 256, 567-577	6.6	10
43	Design and validation of two measures to detect anxiety disorders in epilepsy: The Epilepsy Anxiety Survey Instrument and its brief counterpart. <i>Epilepsia</i> , 2019 , 60, 2068-2077	6.4	14
42	Opioid use before and after completion of an online pain management program. <i>Journal of Consulting and Clinical Psychology</i> , 2019 , 87, 904-917	6.5	3
41	Involvement in compensation litigation and outcome from an online pain management program. <i>Rehabilitation Psychology</i> , 2019 , 64, 263-268	2.7	1
40	Psychometric properties and clinical utility of brief measures of depression, anxiety, and general distress: The PHQ-2, GAD-2, and K-6. <i>General Hospital Psychiatry</i> , 2019 , 56, 13-18	5.6	90
39	The Pain Course: Exploring the Feasibility of an Internet-delivered Pain Management Program When Offered by a Tertiary Pain Management Service. <i>Clinical Journal of Pain</i> , 2018 , 34, 505-514	3.5	6
38	Acceptability of Mental Health Services for Anxiety and Depression in an Arab Sample. <i>Community Mental Health Journal</i> , 2018 , 54, 875-883	2.1	11
37	Meta-analysis of the efficacy and acceptability of cognitive-behavioural therapy for Arab adult populations experiencing anxiety, depression or post-traumatic stress disorder. <i>Cognitive Behaviour Therapy</i> , 2018 , 47, 412-430	4.4	15
36	Transdiagnostic internet-delivered cognitive-behaviour therapy (CBT) for adults with functional gastrointestinal disorders (FGID): A feasibility open trial. <i>Journal of Psychosomatic Research</i> , 2018 , 108, 61-69	4.1	9
35	Psychological distress, help-seeking, and perceived barriers to psychological treatment among Australian parents. <i>Australian Journal of Psychology</i> , 2018 , 70, 113-121	2.3	6
34	Increased skills usage statistically mediates symptom reduction in self-guided internet-delivered cognitive-behavioural therapy for depression and anxiety: a randomised controlled trial. <i>Cognitive Behaviour Therapy</i> , 2018 , 47, 43-61	4.4	13
33	Treating anxiety and depression in young adults: A randomised controlled trial comparing clinician-guided versus self-guided Internet-delivered cognitive behavioural therapy. <i>Australian and New Zealand Journal of Psychiatry</i> , 2018 , 52, 668-679	2.6	69
32	Exploring psychological mechanisms of clinical response to an internet-delivered psychological pain management program. <i>European Journal of Pain</i> , 2018 , 22, 1502	3.7	3
31	Measurement of Symptom Change Following Web-Based Psychotherapy: Statistical Characteristics and Analytical Methods for Measuring and Interpreting Change. <i>JMIR Mental Health</i> , 2018 , 5, e10200	6	27
30	Emotional and cognitive difficulties, help-seeking, and barriers to treatment in neurological disorders. <i>Rehabilitation Psychology</i> , 2018 , 63, 563-574	2.7	10
29	The Pain Course: 12- and 24-Month Outcomes From a Randomized Controlled Trial of an Internet-Delivered Pain Management Program Provided With Different Levels of Clinician Support. <i>Journal of Pain</i> , 2018 , 19, 1491-1503	5.2	17
28	The Pain Course: exploring the feasibility of an internet-delivered pain management programme for adults with spinal cord injury. <i>Spinal Cord</i> , 2018 , 56, 931-939	2.7	12

27	Anxiety and depressive disorders in people with epilepsy: A meta-analysis. <i>Epilepsia</i> , 2017 , 58, 973-982	6.4	182
26	The pain course: a randomised controlled trial comparing a remote-delivered chronic pain management program when provided in online and workbook formats. <i>Pain</i> , 2017 , 158, 1289-1301	8	29
25	Treating anxiety and depression in older adults: randomised controlled trial comparing guided . self-guided internet-delivered cognitive-behavioural therapy. <i>BJPsych Open</i> , 2016 , 2, 50-58	5	46
24	The Pain Course: exploring predictors of clinical response to an Internet-delivered pain management program. <i>Pain</i> , 2016 , 157, 2257-2268	8	25
23	The frequency of actions and thoughts scale: development and psychometric validation of a measure of adaptive behaviours and cognitions. <i>Cognitive Behaviour Therapy</i> , 2016 , 45, 196-216	4.4	8
22	A pilot study of self-guided internet-delivered cognitive behavioural therapy for anxiety and depression among Arabs. <i>Internet Interventions</i> , 2016 , 3, 18-24	4.4	15
21	Short message service prompts for skills practice in Internet-delivered cognitive behaviour therapy for chronic pain - are they feasible and effective?. <i>European Journal of Pain</i> , 2016 , 20, 1288-98	3.7	10
20	Psychometric properties of the Mini-Social Phobia Inventory (Mini-SPIN) in a large online treatment-seeking sample. <i>Cognitive Behaviour Therapy</i> , 2016 , 45, 236-57	4.4	11
19	A feasibility trial of an Internet-delivered and transdiagnostic cognitive behavioral therapy treatment program for anxiety, depression, and disability among adults with epilepsy. <i>Epilepsia</i> , 2016 , 57, 1887-1896	6.4	24
18	The UniWellbeing course: A randomised controlled trial of a transdiagnostic internet-delivered cognitive behavioural therapy (CBT) programme for university students with symptoms of anxiety and depression. <i>Internet Interventions</i> , 2015 , 2, 128-136	4.4	28
17	Transdiagnostic versus disorder-specific and clinician-guided versus self-guided internet-delivered treatment for generalized anxiety disorder and comorbid disorders: A randomized controlled trial. <i>Journal of Anxiety Disorders</i> , 2015 , 36, 63-77	10.9	120
16	Clinical and cost-effectiveness of therapist-guided internet-delivered cognitive behavior therapy for older adults with symptoms of anxiety: a randomized controlled trial. <i>Behavior Therapy</i> , 2015 , 46, 206-17	4.8	72
15	Disorder-specific versus transdiagnostic and clinician-guided versus self-guided treatment for major depressive disorder and comorbid anxiety disorders: A randomized controlled trial. <i>Journal of Anxiety Disorders</i> , 2015 , 35, 88-102	10.9	122
14	The Pain Course: a randomised controlled trial examining an internet-delivered pain management program when provided with different levels of clinician support. <i>Pain</i> , 2015 , 156, 1920-1935	8	90
13	A feasibility open trial of guided Internet-delivered cognitive behavioural therapy for anxiety and depression amongst Arab Australians. <i>Internet Interventions</i> , 2015 , 2, 32-38	4.4	24
12	Clinical and cost-effectiveness of therapist-guided internet-delivered cognitive behavior therapy for older adults with symptoms of depression: a randomized controlled trial. <i>Behavior Therapy</i> , 2015 , 46, 193-205	4.8	101
11	Examining self-guided internet-delivered cognitive behavior therapy for older adults with symptoms of anxiety and depression: Two feasibility open trials. <i>Internet Interventions</i> , 2015 , 2, 17-23	4.4	27
10	Anxiety in epilepsy: a neglected disorder. <i>Journal of Psychosomatic Research</i> , 2015 , 78, 149-55	4.1	40

9	Cognitive behaviour therapy to improve mood in people with epilepsy: a randomised controlled trial. <i>Cognitive Behaviour Therapy</i> , 2014 , 43, 153-66	4.4	29
8	Improving adherence and clinical outcomes in self-guided internet treatment for anxiety and depression: a 12-month follow-up of a randomised controlled trial. <i>PLoS ONE</i> , 2014 , 9, e89591	3.7	54
7	Exploring the efficacy and acceptability of Internet-delivered cognitive behavioural therapy for young adults with anxiety and depression: an open trial. <i>Australian and New Zealand Journal of Psychiatry</i> , 2014 , 48, 819-27	2.6	23
6	The psychosocial correlates of depressive disorders and suicide risk in people with epilepsy. <i>Journal of Psychosomatic Research</i> , 2013 , 74, 227-32	4.1	16
5	Cognitive behavior therapy for depression in people with epilepsy: a systematic review. <i>Epilepsia</i> , 2013 , 54, 1725-34	6.4	44
4	Rates of DSM-IV mood, anxiety disorders, and suicidality in Australian adult epilepsy outpatients: a comparison of well-controlled versus refractory epilepsy. <i>Epilepsy and Behavior</i> , 2013 , 26, 29-35	3.2	44
3	Psychosocial predictors of depression and anxiety in patients with epilepsy: a systematic review. <i>Journal of Affective Disorders</i> , 2012 , 140, 222-32	6.6	39
2	Assessing the efficacy of 2 screening measures for depression in people with epilepsy. <i>Neurology</i> , 2012 , 79, 371-5	6.5	31
1	Measurement of Symptom Change Following Web-Based Psychotherapy: Statistical Characteristics and Analytical Methods for Measuring and Interpreting Change (Preprint)		1
