#	ARTICLE	IF	CITATIONS
1	Impacts of A Taste of African Heritage: A Culinary Heritage Cooking Course. Journal of Nutrition Education and Behavior, 2022, 54, 388-396.	0.3	4
2	Serum Î²-carotene concentrations are associated with self-reported fatty acid intake in United States adults from the National Health and Examination Surveys. Lipids, 2022, 57, 163-171.	0.7	1
3	Collecting, Using, and Reporting Race and Ethnicity Information: Implications for Research in Nutrition Education, Practice, and Policy to Promote Health Equity. Journal of Nutrition Education and Behavior, 2022, , .	0.3	4
4	Parenting Practices and Adolescents' Eating Behaviors in African American Families. International Journal of Environmental Research and Public Health, 2022, 19, 110.	1.2	3
5	Relationship between Family Racial/Ethnic Backgrounds, Parenting Practices and Styles, and Adolescent Eating Behaviors. International Journal of Environmental Research and Public Health, 2022, 19, 7388.	1.2	3
6	Diet Quality and Eating Practices among Hispanic/Latino Men and Women: NHANES 2011-2016. International Journal of Environmental Research and Public Health, 2021, 18, 1302.	1.2	19
7	Differences in reporting food insecurity and factors associated with differences among Latino fathers and mothers. BMC Public Health, 2021, 21, 912.	1.2	3
8	Influence of paternal general parenting on Latino early adolescents' energy balance-related behaviours and interactions with behaviour-specific parenting practices. Public Health Nutrition, 2021, 24, 5133-5141.	1.1	2
9	Adolescent-Reported Latino Fathers' Food Parenting Practices and Family Meal Frequency Are Associated with Better Adolescent Dietary Intake. International Journal of Environmental Research and Public Health, 2021, 18, 8226.	1.2	9
10	Associations between acculturation and diet and health indicators among U.S. Asian adults: NHANES 2011-2016. Journal of Food Composition and Analysis, 2021, 102, 104061.	1.9	3
11	Associations between seafood intake frequency and diet and health indicators among U.S. adults: NHANES 2011-2016. Journal of Food Composition and Analysis, 2021, 102, 104054.	1.9	4
12	Nutrient and Food Group Intakes among U.S. Children (2-5 Years) Differ by Family Income to Poverty Ratio, NHANES 2011-2018. International Journal of Environmental Research and Public Health, 2021, 18, 11938.	1.2	27
13	Frequency of Meals Prepared Away from Home and Nutrient Intakes among US Adolescents (NHANES) Tj ETQq1 1 0.784314.rgBT /Ov 1.7	1.7	14
14	Development of a Survey to Assess Latino Fathers' Parenting Practices Regarding Energy Balance-Related Behaviors of Early Adolescents. Health Education and Behavior, 2020, 47, 123-133.	1.3	16
15	Development of Parent and Adolescent Questionnaires to Assess Food Parenting Practices That Address Adolescent Consumption During Independent Eating Occasions. Journal of Nutrition Education and Behavior, 2020, 52, 307-313.	0.3	3
16	Describing Independent Eating Occasions among Low-Income Adolescents. International Journal of Environmental Research and Public Health, 2020, 17, 981.	1.2	9
17	Diet and Physical Activity Behaviors Among Adolescent Transgender Students: School Survey Results. Journal of Adolescent Health, 2020, 66, 484-490.	1.2	55
18	Evening Meal Types and Family Meal Characteristics: Associations with Demographic Characteristics and Food Intake among Adolescents. Nutrients, 2020, 12, 886.	1.7	9

#	ARTICLE	IF	CITATIONS
19	An in-home intervention of parent-implemented strategies to increase child vegetable intake: results from a non-randomized cluster-allocated community trial. <i>BMC Public Health</i> , 2019, 19, 881.	1.2	5
20	Influence of parenting styles in the context of adolescents' energy balance-related behaviors: Findings from the FLASHE study. <i>Appetite</i> , 2019, 142, 104364.	1.8	10
21	Implementation of Parental Strategies to Improve Child Vegetable Intake: Barriers and Facilitators. <i>Global Pediatric Health</i> , 2019, 6, 2333794X1985529.	0.3	3
22	The Role of Adolescents From a Low Socioeconomic Background in Household Food Preparation: A Qualitative Study. <i>Health Promotion Practice</i> , 2019, 20, 890-896.	0.9	5
23	Food Parenting Practices That Influence Early Adolescents'™ Food Choices During Independent Eating Occasions. <i>Journal of Nutrition Education and Behavior</i> , 2019, 51, 993-1002.	0.3	18
24	Frequency of eating alone is associated with adolescent dietary intake, perceived food-related parenting practices and weight status: cross-sectional Family Life, Activity, Sun, Health, and Eating (FLASHE) Study results. <i>Public Health Nutrition</i> , 2019, 22, 1555-1566.	1.1	13
25	Frequency of Trying to Lose Weight and Its Association with Children's™ Weight Perception and Dietary Intake (NHANES 2011-2012). <i>Nutrients</i> , 2019, 11, 2703.	1.7	5
26	Critical review of behaviour change techniques applied in intervention studies to improve cooking skills and food skills among adults. <i>Critical Reviews in Food Science and Nutrition</i> , 2018, 58, 2882-2895.	5.4	35
27	Impact of Cooking and Home Food Preparation Interventions Among Adults: A Systematic Review (2011-2016). <i>Journal of Nutrition Education and Behavior</i> , 2018, 50, 148-172.e1.	0.3	140
28	Impacts of a Vegetable Cooking Skills Program Among Low-Income Parents and Children. <i>Journal of Nutrition Education and Behavior</i> , 2018, 50, 795-802.	0.3	51
29	Parent and household influences on calcium intake among early adolescents. <i>BMC Public Health</i> , 2018, 18, 1390.	1.2	10
30	Modifying School Meal Entrées to Improve Child Legume Intake. <i>Health Behavior and Policy Review</i> , 2018, 5, 22-29.	0.3	1
31	Children Residing in Low-Income Households Like a Variety of Vegetables. <i>Foods</i> , 2018, 7, 116.	1.9	5
32	Latino Fathers'™ Perspectives and Parenting Practices Regarding Eating, Physical Activity, and Screen Time Behaviors of Early Adolescent Children: Focus Group Findings. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2018, 118, 2070-2080.	0.4	32
33	Gain-Framed Messages Were Related to Higher Motivation Scores for Sugar-Sweetened Beverage Parenting Practices than Loss-Framed Messages. <i>Nutrients</i> , 2018, 10, 625.	1.7	11
34	Innovative Techniques for Evaluating Behavioral Nutrition Interventions. <i>Advances in Nutrition</i> , 2017, 8, 113-125.	2.9	26
35	Examining the feasibility of implementing behavioural economics strategies that encourage home dinner vegetable intake among low-income children. <i>Public Health Nutrition</i> , 2017, 20, 1388-1392.	1.1	12
36	Test-Retest Reliability and Convergent Validity of Two Brief Fruit and Vegetable Intake Questionnaires among School-Aged Children. <i>Nutrients</i> , 2017, 9, 707.	1.7	2

#	ARTICLE	IF	CITATIONS
37	Beverage Intake among Children: Associations with Parent and Home-Related Factors. <i>International Journal of Environmental Research and Public Health</i> , 2017, 14, 929.	1.2	35
38	Weight Gain Prevention among Midlife Women: A Randomized Controlled Trial to Address Needs Related to the Physical and Social Environment. <i>International Journal of Environmental Research and Public Health</i> , 2016, 13, 530.	1.2	7
39	Evaluation of emotion-based messages designed to motivate Hispanic and Asian parents of early adolescents to engage in calcium-rich food and beverage parenting practices. <i>Nutrition Research and Practice</i> , 2016, 10, 456.	0.7	2
40	Package Information Used by Older Adults to Identify Whole Grain Foods. <i>Journal of Nutrition in Gerontology and Geriatrics</i> , 2016, 35, 146-160.	0.4	8
41	Reduced-portion entrées in a worksite and restaurant setting: impact on food consumption and waste. <i>Public Health Nutrition</i> , 2016, 19, 3048-3054.	1.1	40
42	Field testing a questionnaire assessing parental psychosocial factors related to consumption of calcium-rich foods by Hispanic, Asian, and Non-Hispanic white young adolescent children. <i>Ecology of Food and Nutrition</i> , 2016, 55, 1-15.	0.8	5
43	Whole grain consumption trends and associations with body weight measures in the United States: results from the cross sectional National Health and Nutrition Examination Survey 2001–2012. <i>Nutrition Journal</i> , 2015, 15, 8.	1.5	99
44	Influence of Parenting Practices on Eating Behaviors of Early Adolescents during Independent Eating Occasions: Implications for Obesity Prevention. <i>Nutrients</i> , 2015, 7, 8783-8801.	1.7	97
45	Increasing portion sizes of fruits and vegetables in an elementary school lunch program can increase fruit and vegetable consumption. <i>Appetite</i> , 2015, 91, 426-430.	1.8	42
46	Testing the Effectiveness of In-Home Behavioral Economics Strategies to Increase Vegetable Intake, Liking, and Variety Among Children Residing in Households That Receive Food Assistance. <i>Journal of Nutrition Education and Behavior</i> , 2015, 47, e1-e9.	0.3	11
47	Dietary Sources of Calcium Among Parents and Their Early Adolescent Children in the United States by Parent Race/Ethnicity and Place of Birth. <i>Journal of Immigrant and Minority Health</i> , 2015, 17, 432-440.	0.8	5
48	Reformulation of pizza crust in restaurants may increase whole-grain intake among children. <i>Public Health Nutrition</i> , 2015, 18, 1407-1411.	1.1	11
49	Validation of 2 Brief Fruit and Vegetable Assessment Instruments Among Third-Grade Students. <i>Journal of Nutrition Education and Behavior</i> , 2015, 47, 446-451.e1.	0.3	5
50	Serving First in Isolation Increases Vegetable Intake among Elementary Schoolchildren. <i>PLoS ONE</i> , 2015, 10, e0121283.	1.1	34
51	Relationship between Parental Beverage Knowledge, Intake and Home Availability and Early Adolescent Beverage Intake. <i>FASEB Journal</i> , 2015, 29, 732.7.	0.2	0
52	Exploring Adolescent Involvement in Home Meal Preparation. <i>FASEB Journal</i> , 2015, 29, 135.7.	0.2	0
53	WIC Supplement. <i>Journal of Nutrition Education and Behavior</i> , 2014, 46, S27-S28.	0.3	0
54	Impact of Cooking and Home Food Preparation Interventions Among Adults: Outcomes and Implications for Future Programs. <i>Journal of Nutrition Education and Behavior</i> , 2014, 46, 259-276.	0.3	245

#	ARTICLE	IF	CITATIONS
55	Perceptions of How Parents of Early Adolescents Will Personally Benefit From Calcium-Rich Food and Beverage Parenting Practices. <i>Journal of Nutrition Education and Behavior</i> , 2014, 46, 595-601.	0.3	4
56	Associations Between Eating Occasion Characteristics and Age, Gender, Presence of Children and BMI Among U.S. Adults. <i>Journal of the American College of Nutrition</i> , 2014, 33, 315-327.	1.1	14
57	Total dietary fiber intakes in the US population are related to whole grain consumption: results from the National Health and Nutrition Examination Survey 2009 to 2010. <i>Nutrition Research</i> , 2014, 34, 226-234.	1.3	116
58	Developing a Standard Definition of Whole-Grain Foods for Dietary Recommendations: Summary Report of a Multidisciplinary Expert Roundtable Discussion. <i>Advances in Nutrition</i> , 2014, 5, 164-176.	2.9	107
59	Development and testing of fact- and emotion-based messages to motivate parents to engage in practices that promote intake of calcium among 10-13 year-old children (807.2). <i>FASEB Journal</i> , 2014, 28, 807.2.	0.2	0
60	Feasibility and effectiveness of in-home behavioral economic strategies to increase vegetable intake among low-income children (808.18). <i>FASEB Journal</i> , 2014, 28, 808.18.	0.2	2
61	Providing flexible food portions in a restaurant setting: impact on business operations, food consumption and food waste (390.3). <i>FASEB Journal</i> , 2014, 28, 390.3.	0.2	1
62	Perceived Importance of Dietary Protein to Prevent Weight Gain: A National Survey among Midlife Women. <i>Journal of Nutrition Education and Behavior</i> , 2013, 45, 213-221.	0.3	2
63	Dietary factors affecting weight gain in midlife women. <i>FASEB Journal</i> , 2013, 27, 851.1.	0.2	0
64	Photographs in Lunch Tray Compartments and Vegetable Consumption Among Children in Elementary School Cafeterias. <i>JAMA - Journal of the American Medical Association</i> , 2012, 307, 784-5.	3.8	39
65	Parent calcium-rich-food practices/perceptions are associated with calcium intake among parents and their early adolescent children. <i>Public Health Nutrition</i> , 2012, 15, 331-340.	1.1	14
66	Relationship between Whole-Grain Intake, Chronic Disease Risk Indicators, and Weight Status among Adolescents in the National Health and Nutrition Examination Survey, 1999-2004. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2012, 112, 46-55.	0.4	50
67	A Qualitative Study to Explore How Parental Expectations and Rules Influence Beverage Choices in Early Adolescence. <i>Journal of Nutrition Education and Behavior</i> , 2012, 44, 644-652.	0.3	13
68	School Foodservice Personnel's Struggle with Using Labels to Identify Whole-Grain Foods. <i>Journal of Nutrition Education and Behavior</i> , 2012, 44, 76-84.	0.3	13
69	Eating Frequency is Associated With Energy Intake but Not Obesity in Midlife Women. <i>Obesity</i> , 2011, 19, 552-559.	1.5	60
70	Individual and Family Correlates of Calcium-Rich Food Intake among Parents of Early Adolescent Children. <i>Journal of the American Dietetic Association</i> , 2011, 111, 376-384.	1.3	15
71	Energy, food group and nutrient intake, and BMI differ by attitudes about food: implications for nutrition education. <i>FASEB Journal</i> , 2011, 25, 989.7.	0.2	0
72	WIC Supplement. <i>Journal of Nutrition Education and Behavior</i> , 2010, 42, S1.	0.3	1

#	ARTICLE	IF	CITATIONS
73	Relationship Between Attitudes and Indicators of Obesity for Midlife Women. Health Education and Behavior, 2009, 36, 1082-1094.	1.3	8
74	Relationship between needs driving eating occasions and eating behavior in midlife women. Appetite, 2009, 52, 137-146.	1.8	5
75	At-home and Away-from-home Eating Patterns Influencing Preadolescents' Intake of Calcium-rich Food as Perceived by Asian, Hispanic and Non-Hispanic White Parents. Journal of Nutrition Education and Behavior, 2008, 40, 72-79.	0.3	28
76	Need States Based on Eating Occasions Experienced by Midlife Women. Journal of Nutrition Education and Behavior, 2008, 40, 378-384.	0.3	5
77	Assessment of parent and child perceptions of rules and expectations regarding beverage intake. FASEB Journal, 2008, 22, 44.2.	0.2	0
78	Modifying the school environment by reducing portion size of lunch meal entrees. FASEB Journal, 2008, 22, 677.11.	0.2	0
79	Graham Snack Consumption in After-School Snack Programs Based on Whole Wheat Flour Content. FASEB Journal, 2008, 22, .	0.2	0
80	Nutrient and food group intake from school meals and bag lunches consumed by school-aged children. FASEB Journal, 2008, 22, 677.10.	0.2	0
81	Strategies of Asian, Hispanic, and non-Hispanic white parents to influence young adolescents' intake of calcium-rich foods, 2004 and 2005. Preventing Chronic Disease, 2008, 5, A119.	1.7	11
82	Individual and Environmental Influences on Intake of Calcium-rich Food and Beverages by Young Hmong Adolescent Girls. Journal of Nutrition Education and Behavior, 2007, 39, 264-272.	0.3	28
83	Increasing whole grain intake by school children. FASEB Journal, 2007, 21, A106.	0.2	0
84	Needs driving eating occasions in relation to BMI for midlife women. FASEB Journal, 2007, 21, A301.	0.2	0
85	Associations of Decisional Balance, Processes of Change, and Self-Efficacy with Stages of Change for Increased Fruit and Vegetable Intake among Low-Income, African-American Mothers. Journal of the American Dietetic Association, 2006, 106, 841-849.	1.3	82
86	Perceptions of Children, Parents, and Teachers Regarding Whole-Grain Foods, and Implications for a School-Based Intervention. Journal of Nutrition Education and Behavior, 2006, 38, 230-237.	0.3	95
87	Determining a series of difference thresholds in a bread roll between 0% and 100% whole wheat for use in a school-based intervention. FASEB Journal, 2006, 20, .	0.2	0
88	Qualitative Study of Spirituality in a Weight Loss Program: Contribution to Self-Efficacy and Locus of Control. Journal of Nutrition Education and Behavior, 2004, 36, 13-19.	0.3	13
89	Child-feeding strategies of African American women according to stage of change for fruit and vegetable consumption. Public Health Nutrition, 2004, 7, 505-512.	1.1	25
90	Use of the Think Aloud Method to Examine Fruit and Vegetable Purchasing Behaviors among Low-Income African American Women. Journal of Nutrition Education and Behavior, 2003, 35, 154-160.	0.3	27

#	ARTICLE	IF	CITATIONS
91	Environmental and behavioral factors are associated with the calcium intake of low-income adolescent girls. <i>Journal of the American Dietetic Association</i> , 2003, 103, 1526-1529.	1.3	35
92	The Importance of Promoting a Whole Grain Foods Message. <i>Journal of the American College of Nutrition</i> , 2002, 21, 293-297.	1.1	35
93	Factors affecting consumption of fruits and vegetables by low-income families. <i>Journal of the American Dietetic Association</i> , 1994, 94, 1309-1311.	1.3	130
