#	Paper	IF	Citations
199	The Patient-Reported Outcomes Measurement Information System (PROMIS) developed and tested its first wave of adult self-reported health outcome item banks: 2005-2008. <i>Journal of Clinical Epidemiology</i> , 2010 , 63, 1179-94	5.7	2437
198	Quick assessment of literacy in primary care: the newest vital sign. <i>Annals of Family Medicine</i> , 2005 , 3, 514-22	2.9	1404
197	Literacy and health outcomes: a systematic review of the literature. <i>Journal of General Internal Medicine</i> , 2004 , 19, 1228-39	4	1228
196	Evaluation of item candidates: the PROMIS qualitative item review. <i>Medical Care</i> , 2007 , 45, S12-21	3.1	503
195	Health literacy and child health outcomes: a systematic review of the literature. <i>Pediatrics</i> , 2009 , 124 Suppl 3, S265-74	7.4	391
194	Predictors of opioid misuse in patients with chronic pain: a prospective cohort study. <i>BMC Health Services Research</i> , 2006 , 6, 46	2.9	337
193	Influence of patient literacy on the effectiveness of a primary care-based diabetes disease management program. <i>JAMA - Journal of the American Medical Association</i> , 2004 , 292, 1711-6	27.4	289
192	Association of numeracy and diabetes control. <i>Annals of Internal Medicine</i> , 2008 , 148, 737-46	8	288
191	An item response analysis of the pediatric PROMIS anxiety and depressive symptoms scales. <i>Quality of Life Research</i> , 2010 , 19, 595-607	3.7	261
190	PROMIS measures of pain, fatigue, negative affect, physical function, and social function demonstrated clinical validity across a range of chronic conditions. <i>Journal of Clinical Epidemiology</i> , 2016 , 73, 89-102	5.7	224
189	A heart failure self-management program for patients of all literacy levels: a randomized, controlled trial [ISRCTN11535170]. <i>BMC Health Services Research</i> , 2006 , 6, 30	2.9	220
188	Is this child dehydrated?. <i>JAMA - Journal of the American Medical Association</i> , 2004 , 291, 2746-54	27.4	217
187	Interventions to improve health outcomes for patients with low literacy. A systematic review. <i>Journal of General Internal Medicine</i> , 2005 , 20, 185-92	4	216
186	A randomized trial of a primary care-based disease management program to improve cardiovascular risk factors and glycated hemoglobin levels in patients with diabetes. <i>American Journal of Medicine</i> , 2005 , 118, 276-84	2.4	198
185	PROMIS Pediatric Pain Interference Scale: an item response theory analysis of the pediatric pain item bank. <i>Journal of Pain</i> , 2010 , 11, 1109-19	5.2	191
184	Low parental literacy is associated with worse asthma care measures in children. <i>Academic Pediatrics</i> , 2007 , 7, 25-31		183
183	Developing and testing the health literacy universal precautions toolkit. <i>Nursing Outlook</i> , 2011 , 59, 85-94.	4.7	169

182	Cognitive interviewing methodology in the development of a pediatric item bank: a patient reported outcomes measurement information system (PROMIS) study. <i>Health and Quality of Life Outcomes</i> , 2009 , 7, 3	3	168
181	Relationship between literacy, knowledge, self-care behaviors, and heart failure-related quality of life among patients with heart failure. <i>Journal of General Internal Medicine</i> , 2011 , 26, 979-86	4	167
180	New English and Spanish social health measures will facilitate evaluating health determinants. <i>Health Psychology</i> , 2014 , 33, 490-9	5	151
179	Development of six PROMIS pediatric proxy-report item banks. <i>Health and Quality of Life Outcomes</i> , 2012 , 10, 22	3	143
178	Do Self-Management Interventions Work in Patients With Heart Failure? An Individual Patient Data Meta-Analysis. <i>Circulation</i> , 2016 , 133, 1189-98	16.7	139
177	PROMIS () pediatric self-report scales distinguish subgroups of children within and across six common pediatric chronic health conditions. <i>Quality of Life Research</i> , 2015 , 24, 2195-208	3.7	138
176	Construction of the eight-item patient-reported outcomes measurement information system pediatric physical function scales: built using item response theory. <i>Journal of Clinical Epidemiology</i> , 2011 , 64, 794-804	5.7	136
175	PROMIS Adult Health Profiles: Efficient Short-Form Measures of Seven Health Domains. <i>Value in Health</i> , 2019 , 22, 537-544	3.3	129
174	PROMIS pediatric measures in pediatric oncology: valid and clinically feasible indicators of patient-reported outcomes. <i>Pediatric Blood and Cancer</i> , 2013 , 60, 402-8	3	127
173	Psychometric properties of the PROMIS () pediatric scales: precision, stability, and comparison of different scoring and administration options. <i>Quality of Life Research</i> , 2014 , 23, 1233-43	3.7	126
172	Addressing literacy and numeracy to improve diabetes care: two randomized controlled trials. <i>Diabetes Care</i> , 2009 , 32, 2149-55	14.6	125
171	Material need insecurities, control of diabetes mellitus, and use of health care resources: results of the Measuring Economic Insecurity in Diabetes study. <i>JAMA Internal Medicine</i> , 2015 , 175, 257-65	11.5	117
170	Sampling plan and patient characteristics of the PROMIS pediatric large-scale survey. <i>Quality of Life Research</i> , 2010 , 19, 585-94	3.7	117
169	Impact of caregiver literacy on children's oral health outcomes. <i>Pediatrics</i> , 2010 , 126, 107-14	7.4	114
168	Development and validation of the Diabetes Numeracy Test (DNT). <i>BMC Health Services Research</i> , 2008 , 8, 96	2.9	113
167	The Spoken Knowledge in Low Literacy in Diabetes scale: a diabetes knowledge scale for vulnerable patients. <i>The Diabetes Educator</i> , 2005 , 31, 215-24	2.5	112
166	Estimating minimally important difference (MID) in PROMIS pediatric measures using the scale-judgment method. <i>Quality of Life Research</i> , 2016 , 25, 13-23	3.7	106
165	Evaluation of the patient-reported outcomes measurement information system in a large cohort of patients with inflammatory bowel diseases. <i>Clinical Gastroenterology and Hepatology</i> , 2014 , 12, 1315-23. ^{6.9}	6.9	102

164	The relationship between literacy and glycemic control in a diabetes disease-management program. <i>The Diabetes Educator</i> , 2004 , 30, 263-73	2.5	102
163	PROMIS Pediatric Peer Relationships Scale: development of a peer relationships item bank as part of social health measurement. <i>Health Psychology</i> , 2013 , 32, 1093-103	5	100
162	Literacy and Its Relationship With Self-efficacy, Trust, and Participation in Medical Decision Making. <i>American Journal of Health Behavior</i> , 2007 , 31, 27-35	1.9	96
161	Goal setting in diabetes self-management: taking the baby steps to success. <i>Patient Education and Counseling</i> , 2009 , 77, 218-23	3.1	94
160	Literacy-appropriate educational materials and brief counseling improve diabetes self-management. <i>Patient Education and Counseling</i> , 2009 , 75, 328-33	3.1	91
159	Low literacy is associated with increased risk of hospitalization and death among individuals with heart failure. <i>Journal of General Internal Medicine</i> , 2013 , 28, 1174-80	4	90
158	Upper-extremity and mobility subdomains from the Patient-Reported Outcomes Measurement Information System (PROMIS) adult physical functioning item bank. <i>Archives of Physical Medicine and Rehabilitation</i> , 2013 , 94, 2291-6	2.8	89
157	Development and psychometric properties of the PROMIS() pediatric fatigue item banks. <i>Quality of Life Research</i> , 2013 , 22, 2417-27	3.7	88
156	Development and pilot testing of a disease management program for low literacy patients with heart failure. <i>Patient Education and Counseling</i> , 2004 , 55, 78-86	3.1	88
155	A failure to communicate: a qualitative exploration of care coordination between hospitalists and primary care providers around patient hospitalizations. <i>Journal of General Internal Medicine</i> , 2015 , 30, 417-24	4	87
154	A primary care, multi-disciplinary disease management program for opioid-treated patients with chronic non-cancer pain and a high burden of psychiatric comorbidity. <i>BMC Health Services Research</i> , 2005 , 5, 3	2.9	84
153	PROMIS Parent Proxy Report Scales: an item response theory analysis of the parent proxy report item banks. <i>Quality of Life Research</i> , 2012 , 21, 1223-40	3.7	79
152	Meal Delivery Programs Reduce The Use Of Costly Health Care In Dually Eligible Medicare And Medicaid Beneficiaries. <i>Health Affairs</i> , 2018 , 37, 535-542	7	78
151	Literacy-Sensitive Intervention for COPD Patients. <i>Journal of General Internal Medicine</i> , 2012 , 27, 1104-1104	4	78
150	The use of focus groups in the development of the PROMIS pediatrics item bank. <i>Quality of Life Research</i> , 2008 , 17, 725-35	3.7	78
149	Facilitating Behavior Change With Low-literacy Patient Education Materials. <i>American Journal of Health Behavior</i> , 2007 , 31, 69-78	1.9	77
148	Construction of the Pediatric Asthma Impact Scale (PAIS) for the Patient-Reported Outcomes Measurement Information System (PROMIS). <i>Journal of Asthma</i> , 2010 , 47, 295-302	1.9	75
147	Multisite randomized trial of a single-session versus multisession literacy-sensitive self-care intervention for patients with heart failure. <i>Circulation</i> , 2012 , 125, 2854-62	16.7	74

146	Disease-related distress, self-care and clinical outcomes among low-income patients with diabetes. <i>Journal of Epidemiology and Community Health</i> , 2014 , 68, 557-64	5.1	71
145	PROMIS Pediatric Anger Scale: an item response theory analysis. <i>Quality of Life Research</i> , 2012 , 21, 697-706	3.9	71
144	The effect of progressive, reinforcing telephone education and counseling versus brief educational intervention on knowledge, self-care behaviors and heart failure symptoms. <i>Journal of Cardiac Failure</i> , 2011 , 17, 789-96	3.3	71
143	Cognitive interviewing in the evaluation of fatigue items: results from the patient-reported outcomes measurement information system (PROMIS). <i>Quality of Life Research</i> , 2008 , 17, 1239-46	3.7	68
142	Reading is fundamental: the relationship between literacy and health. <i>Archives of Internal Medicine</i> , 2005 , 165, 1943-4		66
141	Transitional care cut hospital readmissions for North Carolina Medicaid patients with complex chronic conditions. <i>Health Affairs</i> , 2013 , 32, 1407-15	7	65
140	Food insecurity in relation to changes in hemoglobin A1c, self-efficacy, and fruit/vegetable intake during a diabetes educational intervention. <i>Diabetes Care</i> , 2013 , 36, 1448-53	14.6	63
139	Content validity in the PROMIS social-health domain: a qualitative analysis of focus-group data. <i>Quality of Life Research</i> , 2008 , 17, 737-49	3.7	63
138	"Teach to goal": theory and design principles of an intervention to improve heart failure self-management skills of patients with low health literacy. <i>Journal of Health Communication</i> , 2011 , 16 Suppl 3, 73-88	2.5	60
137	A randomized controlled trial of a literacy-sensitive self-management intervention for chronic obstructive pulmonary disease patients. <i>Journal of General Internal Medicine</i> , 2012 , 27, 190-5	4	54
136	Literacy and its relationship with self-efficacy, trust, and participation in medical decision making. <i>American Journal of Health Behavior</i> , 2007 , 31 Suppl 1, S27-35	1.9	53
135	Using item response theory to enrich and expand the PROMIS [®] pediatric self report banks. <i>Health and Quality of Life Outcomes</i> , 2014 , 12, 160	3	52
134	Initial Evaluation of the Pediatric PROMIS [®] Health Domains in Children and Adolescents With Sickle Cell Disease. <i>Pediatric Blood and Cancer</i> , 2016 , 63, 1031-7	3	52
133	The PROMIS satisfaction with social participation measures demonstrated responsiveness in diverse clinical populations. <i>Journal of Clinical Epidemiology</i> , 2016 , 73, 135-41	5.7	51
132	Exploring factors influencing asthma control and asthma-specific health-related quality of life among children. <i>Respiratory Research</i> , 2013 , 14, 26	7.3	51
131	Facilitating behavior change with low-literacy patient education materials. <i>American Journal of Health Behavior</i> , 2007 , 31 Suppl 1, S69-78	1.9	51
130	What Are Effective Program Characteristics of Self-Management Interventions in Patients With Heart Failure? An Individual Patient Data Meta-analysis. <i>Journal of Cardiac Failure</i> , 2016 , 22, 861-871	3.3	50
129	Item-level informant discrepancies between children and their parents on the PROMIS [®] pediatric scales. <i>Quality of Life Research</i> , 2015 , 24, 1921-37	3.7	49

128	Patterns of symptoms and functional impairments in children with cancer. <i>Pediatric Blood and Cancer</i> , 2014 , 61, 1282-8	3	49
127	Item response theory detected differential item functioning between healthy and ill children in quality-of-life measures. <i>Journal of Clinical Epidemiology</i> , 2008 , 61, 268-76	5.7	46
126	Gaining the PROMIS perspective from children with nephrotic syndrome: a Midwest pediatric nephrology consortium study. <i>Health and Quality of Life Outcomes</i> , 2013 , 11, 30	3	43
125	Self-care confidence mediates the relationship between perceived social support and self-care maintenance in adults with heart failure. <i>Journal of Cardiac Failure</i> , 2013 , 19, 202-10	3.3	43
124	Responsiveness of PROMIS [®] Pediatric Measures to Hospitalizations for Sickle Pain and Subsequent Recovery. <i>Pediatric Blood and Cancer</i> , 2016 , 63, 1038-45	3	41
123	A cross sectional study examining social desirability bias in caregiver reporting of children's oral health behaviors. <i>BMC Oral Health</i> , 2013 , 13, 24	3.7	40
122	Using the PedsQL [®] 3.0 asthma module to obtain scores comparable with those of the PROMIS pediatric asthma impact scale (PAIS). <i>Quality of Life Research</i> , 2011 , 20, 1497-505	3.7	40
121	PROMIS [®] Parent Proxy Report Scales for children ages 5-7 years: an item response theory analysis of differential item functioning across age groups. <i>Quality of Life Research</i> , 2014 , 23, 349-61	3.7	39
120	CureGN Study Rationale, Design, and Methods: Establishing a Large Prospective Observational Study of Glomerular Disease. <i>American Journal of Kidney Diseases</i> , 2019 , 73, 218-229	7.4	39
119	Material need support interventions for diabetes prevention and control: a systematic review. <i>Current Diabetes Reports</i> , 2015 , 15, 574	5.6	37
118	Comparative Effectiveness of Aspirin Dosing in Cardiovascular Disease. <i>New England Journal of Medicine</i> , 2021 , 384, 1981-1990	59.2	37
117	The impact of disease duration on quality of life in children with nephrotic syndrome: a Midwest Pediatric Nephrology Consortium study. <i>Pediatric Nephrology</i> , 2015 , 30, 1467-76	3.2	36
116	Cancer Care Delivery Research: Building the Evidence Base to Support Practice Change in Community Oncology. <i>Journal of Clinical Oncology</i> , 2015 , 33, 2705-11	2.2	36
115	Health Literacy Mediates the Relationship Between Age and Health Outcomes in Patients With Heart Failure. <i>Circulation: Heart Failure</i> , 2016 , 9, e002250	7.6	36
114	Functional health literacy, chemotherapy decisions, and outcomes among a colorectal cancer cohort. <i>Cancer Control</i> , 2015 , 22, 95-101	2.2	35
113	Is adherence to weight monitoring or weight-based diuretic self-adjustment associated with fewer heart failure-related emergency department visits or hospitalizations?. <i>Journal of Cardiac Failure</i> , 2012 , 18, 576-84	3.3	35
112	Promising insights into the health related quality of life for children with severe obesity. <i>Health and Quality of Life Outcomes</i> , 2013 , 11, 29	3	34
111	Gaining the Patient Reported Outcomes Measurement Information System (PROMIS) perspective in chronic kidney disease: a Midwest Pediatric Nephrology Consortium study. <i>Pediatric Nephrology</i> , 2014 , 29, 2347-56	3.2	31

110	Assessing responsiveness over time of the PROMIS pediatric symptom and function measures in cancer, nephrotic syndrome, and sickle cell disease. <i>Quality of Life Research</i> , 2018 , 27, 249-257	3.7	30
109	Feasibility and acceptability of the patient-reported outcomes measurement information system measures in children and adolescents in active cancer treatment and survivorship. <i>Cancer Nursing</i> , 2014 , 37, 66-74	2.6	30
108	Personal disaster preparedness of dialysis patients in North Carolina. <i>Clinical Journal of the American Society of Nephrology: CJASN</i> , 2011 , 6, 2478-84	6.9	30
107	Labor characteristics and program costs of a successful diabetes disease management program. <i>American Journal of Managed Care</i> , 2006 , 12, 277-83	2.1	29
106	The association of health literacy and blood pressure reduction in a cohort of patients with hypertension: The heart healthy lenoir trial. <i>Patient Education and Counseling</i> , 2017 , 100, 542-549	3.1	28
105	Influence of caregivers and children's entry into the dental care system. <i>Pediatrics</i> , 2014 , 133, e1268-76	7.4	27
104	Comparison of a one-time educational intervention to a teach-to-goal educational intervention for self-management of heart failure: design of a randomized controlled trial. <i>BMC Health Services Research</i> , 2009 , 9, 99	2.9	27
103	PROMIS pediatric measures validated in a longitudinal study design in pediatric oncology. <i>Pediatric Blood and Cancer</i> , 2019 , 66, e27606	3	26
102	The relationships between asthma control, daytime sleepiness, and quality of life among children with asthma: a path analysis. <i>Sleep Medicine</i> , 2013 , 14, 641-7	4.6	26
101	Screening for low literacy in a rheumatology setting: more than 10% of patients cannot read "cartilage," "diagnosis," "rheumatologist," or "symptom". <i>Journal of Clinical Rheumatology</i> , 2010 , 16, 359-64	1.1	26
100	Use of patient flow analysis to improve patient visit efficiency by decreasing wait time in a primary care-based disease management programs for anticoagulation and chronic pain: a quality improvement study. <i>BMC Health Services Research</i> , 2007 , 7, 8	2.9	26
99	Linkage between the PROMIS pediatric and adult emotional distress measures. <i>Quality of Life Research</i> , 2016 , 25, 823-33	3.7	25
98	Family member accompaniment to routine medical visits is associated with better self-care in heart failure patients. <i>Chronic Illness</i> , 2015 , 11, 21-32	1.4	25
97	The Heart Healthy Lenoir project—an intervention to reduce disparities in hypertension control: study protocol. <i>BMC Health Services Research</i> , 2013 , 13, 441	2.9	24
96	The influence of literacy on patient-reported experiences of diabetes self-management support. <i>Nursing Research</i> , 2010 , 59, 356-63	1.9	23
95	Implementation Science Workshop: primary care-based multidisciplinary readmission prevention program. <i>Journal of General Internal Medicine</i> , 2014 , 29, 798-804	4	22
94	More extensive implementation of the chronic care model is associated with better lipid control in diabetes. <i>Journal of the American Board of Family Medicine</i> , 2014 , 27, 34-41	1.6	22
93	Recruiting for a pragmatic trial using the electronic health record and patient portal: successes and lessons learned. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2019 , 26, 44-49	8.6	22

92	A Longitudinal Study of PROMIS Pediatric Symptom Clusters in Children Undergoing Chemotherapy. <i>Journal of Pain and Symptom Management</i> , 2018 , 55, 359-367	4.8	21
91	Are children with asthma overconfident that they are using their inhalers correctly?. <i>Journal of Asthma</i> , 2016 , 53, 107-12	1.9	21
90	Health-related quality of life in glomerular disease. <i>Kidney International</i> , 2019 , 95, 1209-1224	9.9	20
89	Self-reported recall and daily diary-recorded measures of weight monitoring adherence: associations with heart failure-related hospitalization. <i>BMC Cardiovascular Disorders</i> , 2014 , 14, 12	2.3	20
88	Health Literacy and Diabetic Control. <i>JAMA - Journal of the American Medical Association</i> , 2002 , 288, 2687-7.4	7.4	20
87	Longitudinal associations among asthma control, sleep problems, and health-related quality of life in children with asthma: a report from the PROMIS () Pediatric Asthma Study. <i>Sleep Medicine</i> , 2016 , 20, 41-50	4.6	19
86	Single-item or two-item literacy screener to predict the S-TOFHLA among adult hemodialysis patients. <i>Patient Education and Counseling</i> , 2014 , 94, 71-5	3.1	19
85	The association between health literacy and indicators of cognitive impairment in a diverse sample of primary care patients. <i>Patient Education and Counseling</i> , 2013 , 93, 319-26	3.1	19
84	Collaboration in Pennsylvania: rapidly spreading improved chronic care for patients to practices. <i>Journal of Continuing Education in the Health Professions</i> , 2010 , 30, 114-25	2.1	19
83	Parents with low literacy report higher quality of parent-provider relationships in a residency clinic. <i>Academic Pediatrics</i> , 2007 , 7, 51-5		19
82	Mode effects between computer self-administration and telephone interviewer-administration of the PROMIS () pediatric measures, self- and proxy report. <i>Quality of Life Research</i> , 2016 , 25, 1655-65	3.7	18
81	A single-item self-report medication adherence question predicts hospitalisation and death in patients with heart failure. <i>Journal of Clinical Nursing</i> , 2014 , 23, 2554-64	3.2	18
80	Patient-Reported Outcomes Measurement Information System in Children with Crohn's Disease. <i>Journal of Pediatrics</i> , 2016 , 174, 153-159.e2	3.6	18
79	Associations between subjective social status and physical and mental health functioning among patients with hypertension. <i>Journal of Health Psychology</i> , 2016 , 21, 2624-2635	3.1	17
78	Adaptation of the health literacy universal precautions toolkit for rheumatology and cardiology - applications for pharmacy professionals to improve self-management and outcomes in patients with chronic disease. <i>Research in Social and Administrative Pharmacy</i> , 2013 , 9, 597-608	2.9	17
77	Designing a large-scale multilevel improvement initiative: the improving performance in practice program. <i>Journal of Continuing Education in the Health Professions</i> , 2010 , 30, 187-96	2.1	17
76	Longitudinal Effect of Ambient Air Pollution and Pollen Exposure on Asthma Control: The Patient-Reported Outcomes Measurement Information System (PROMIS) Pediatric Asthma Study. <i>Academic Pediatrics</i> , 2019 , 19, 615-623	2.7	16
75	Correlation of PROMIS scales and clinical measures among chronic obstructive pulmonary disease patients with and without exacerbations. <i>Quality of Life Research</i> , 2015 , 24, 999-1009	3.7	16

74	Using Tailored Videos to Teach Inhaler Technique to Children With Asthma: Results From a School Nurse-Led Pilot Study. <i>Journal of Pediatric Nursing</i> , 2016 , 31, 380-9	2.2	16
73	Comparison of brief health literacy screens in the emergency department. <i>Journal of Health Communication</i> , 2015 , 20, 539-45	2.5	14
72	The role of helplessness, outcome expectation for exercise and literacy in predicting disability and symptoms in older adults with arthritis. <i>Patient Education and Counseling</i> , 2010 , 81, 73-8	3.1	14
71	Responsiveness to Change in PROMIS() Measures among Children with Asthma: A Report from the PROMIS() Pediatric Asthma Study. <i>Value in Health</i> , 2016 , 19, 192-201	3.3	14
70	Determining a transitional scoring link between PROMIS pediatric and adult physical health measures. <i>Quality of Life Research</i> , 2019 , 28, 1217-1229	3.7	14
69	Responsiveness of the PROMIS measures to changes in disease status among pediatric nephrotic syndrome patients: a Midwest pediatric nephrology consortium study. <i>Health and Quality of Life Outcomes</i> , 2017 , 15, 166	3	13
68	Clinic-based versus outsourced implementation of a diabetes health literacy intervention. <i>Journal of General Internal Medicine</i> , 2014 , 29, 59-67	4	13
67	Ensuring safe and effective use of medication and health care: perfecting the dismount. <i>JAMA - Journal of the American Medical Association</i> , 2010 , 304, 2641-2	27.4	13
66	The effect of a practice-based multicomponent intervention that includes health coaching on medication adherence and blood pressure control in rural primary care. <i>Journal of Clinical Hypertension</i> , 2018 , 20, 757-764	2.3	12
65	Caregiver word reading literacy and health outcomes among children treated in a pediatric nephrology practice. <i>CKJ: Clinical Kidney Journal</i> , 2016 , 9, 510-5	4.5	12
64	Patterns of care for clinically distinct segments of high cost Medicare beneficiaries. <i>Healthcare</i> , 2016 , 4, 160-5	1.8	12
