#	Paper	IF	Citations
47	Development and Validation of Prediction of Adverse Drug Reactions in Older Inpatients (PADROI)SRisk Assessment Tool.. <i>Clinical Interventions in Aging</i> , 2022 , 17, 195-210	4	
46	Predictors of hospital-acquired adverse drug reactions: a cohort of Ugandan older adults.. <i>BMC Geriatrics</i> , 2022 , 22, 359	4.1	
45	Hypoxaemia prevalence and management among children and adults presenting to primary care facilities in Uganda: A prospective cohort study. <i>PLOS Global Public Health</i> , 2022 , 2, e0000352		0
44	Implementation of a peer support intervention to promote the detection, reporting and management of adverse drug reactions in people living with HIV in Uganda: a protocol for a quasi-experimental study.. <i>BMJ Open</i> , 2022 , 12, e056039	3	
43	Provider perspectives on the acceptability and tolerability of dolutegravir-based anti-retroviral therapy after national roll-out in Uganda: a qualitative study. <i>BMC Infectious Diseases</i> , 2021 , 21, 1222	4	0
42	Cost-effectiveness analysis of integrated community case management delivery models utilizing drug sellers and community health workers for treatment of under-five febrile cases of malaria, pneumonia, diarrhoea in rural Uganda. <i>Malaria Journal</i> , 2021 , 20, 407	3.6	0
41	Factors associated with health facility utilization during childbirth among 15 to 49-year-old women in Uganda: evidence from the Uganda demographic health survey 2016. <i>BMC Health Services Research</i> , 2021 , 21, 1160	2.9	6
40	Conducting an ongoing HIV clinical trial during the COVID-19 pandemic in Uganda: a qualitative study of research team and participantsSexperiences and lessons learnt. <i>BMJ Open</i> , 2021 , 11, e048825	3	3
39	Increasing Antimicrobial Resistance in Surgical Wards at Mulago National Referral Hospital, Uganda, from 2014 to 2018-Cause for Concern?. <i>Tropical Medicine and Infectious Disease</i> , 2021 , 6,	3.5	3
38	Blood Culture Testing Outcomes among Non-Malarial Febrile Children at Antimicrobial Resistance Surveillance Sites in Uganda, 2017-2018. <i>Tropical Medicine and Infectious Disease</i> , 2021 , 6,	3.5	1
37	Infection Prevention and Control at Lira University Hospital, Uganda: More Needs to Be Done. <i>Tropical Medicine and Infectious Disease</i> , 2021 , 6,	3.5	3
36	Effectiveness of peer-supervision on pediatric fever illness treatment among registered private drug sellers in East-Central Uganda: An interrupted time series analysis. <i>Health Science Reports</i> , 2021 , 4, e284	2.2	
35	Prevalence, characteristics and predicting risk factors of adverse drug reactions among hospitalized older adults: A systematic review and meta-analysis. <i>SAGE Open Medicine</i> , 2021 , 9, 20503121211039099	2.4	6
34	Determinants of trends in reported antibiotic use among sick children under five years of age across low-income and middle-income countries in 2005-17: A systematic analysis of user characteristics based on 132 national surveys from 73 countries. <i>International Journal of Infectious Diseases</i> , 2021 , 108, 473-482	10.5	3
33	Conflicts of interest: an invisible force shaping health systems and policies. <i>The Lancet Global Health</i> , 2021 , 9, e1055-e1056	13.6	2
32	Access, use and disposal of antimicrobials among humans and animals in Wakiso district, Uganda: a qualitative study. <i>Journal of Pharmaceutical Policy and Practice</i> , 2021 , 14, 69	3.2	3
31	Prevalence, Incidence, and Characteristics of Adverse Drug Reactions Among Older Adults Hospitalized at Mbarara Regional Referral Hospital, Uganda: A Prospective Cohort Study. <i>Clinical Interventions in Aging</i> , 2021 , 16, 1705-1721	4	2

30	Antibiotic Prescribing Patterns in Ghana, Uganda, Zambia and Tanzania Hospitals: Results from the Global Point Prevalence Survey (G-PPS) on Antimicrobial Use and Stewardship Interventions Implemented. <i>Antibiotics</i> , 2021 , 10,	4.9	6
29	Compliance of private pharmacies in Uganda with controlled prescription drugs regulations: a mixed-methods study. <i>Substance Abuse Treatment, Prevention, and Policy</i> , 2020 , 15, 16	3.4	5
28	Do we know those people will be approachable and not mistreat us? A qualitative study of inspectors and private drug sellers' views on peer supervision in rural Uganda. <i>Globalization and Health</i> , 2020 , 16, 106	1.0	1
27	Regulatory inspection of registered private drug shops in East-Central Uganda-what it is versus what it should be: a qualitative study. <i>Journal of Pharmaceutical Policy and Practice</i> , 2020 , 13, 55	3.2	3
26	Trends in reported antibiotic use among children under 5 years of age with fever, diarrhoea, or cough with fast or difficult breathing across low-income and middle-income countries in 2005-17: a systematic analysis of 132 national surveys from 73 countries. <i>The Lancet Global Health</i> , 2020 , 8, e799-e807	13.6	15
25	A One Health Approach to Strengthening Antimicrobial Stewardship in Wakiso District, Uganda. <i>Antibiotics</i> , 2020 , 9,	4.9	7
24	Impact of a package of diagnostic tools, clinical algorithm, and training and communication on outpatient acute fever case management in low- and middle-income countries: protocol for a randomized controlled trial. <i>Trials</i> , 2020 , 21, 974	2.8	1
23	Peer supervision experiences of drug sellers in a rural district in East-Central Uganda: a qualitative study. <i>Malaria Journal</i> , 2020 , 19, 270	3.6	1
22	"The number of clients is increasing but the supplies are reducing": provider strategies for responding to chronic antiretroviral (ARV) medicines stock-outs in resource-limited settings: a qualitative study from Uganda. <i>BMC Health Services Research</i> , 2019 , 19, 312	2.9	9
21	A cross-sectional study to identify the distribution and characteristics of licensed and unlicensed private drug shops in rural Eastern Uganda to inform an iCCM intervention to improve health outcomes for children under five years. <i>PLoS ONE</i> , 2019 , 14, e0209641	3.7	5
20	Private retail drug shops: what they are, how they operate, and implications for health care delivery in rural Uganda. <i>BMC Health Services Research</i> , 2018 , 18, 532	2.9	21
19	Can malaria rapid diagnostic tests by drug sellers under field conditions classify children 5 years old or less with or without Plasmodium falciparum malaria? Comparison with nested PCR analysis. <i>Malaria Journal</i> , 2018 , 17, 365	3.6	3
18	Integrated community case management by drug sellers influences appropriate treatment of paediatric febrile illness in South Western Uganda: a quasi-experimental study. <i>Malaria Journal</i> , 2017 , 16, 425	3.6	15
17	Factors associated with occupancy of pharmacist positions in public sector hospitals in Uganda: a cross-sectional study. <i>Human Resources for Health</i> , 2017 , 15, 1	4.6	42
16	Availability, prices and affordability of UN Commission's lifesaving medicines for reproductive and maternal health in Uganda. <i>Journal of Pharmaceutical Policy and Practice</i> , 2017 , 10, 35	3.2	6
15	Anti-malarial medicine quality field studies and surveys: a systematic review of screening technologies used and reporting of findings. <i>Malaria Journal</i> , 2017 , 16, 197	3.6	8
14	Health system effects of implementing integrated community case management (iCCM) intervention in private retail drug shops in South Western Uganda: a qualitative study. <i>BMJ Global Health</i> , 2017 , 2, e000334	6.6	13
13	Why regulatory indifference towards pharmaceutical pollution of the environment could be a missed opportunity in public health protection. a holistic view. <i>Pan African Medical Journal</i> , 2017 , 27, 77	1.2	7

12	Ethical challenges in designing and conducting medicine quality surveys. <i>Tropical Medicine and International Health</i> , 2016 , 21, 799-806	2.3	9
11	It could be viral but you don't know, you have not diagnosed it: health worker challenges in managing non-malaria paediatric fevers in the low transmission area of Mbarara District, Uganda. <i>Malaria Journal</i> , 2016 , 15, 197	3.6	21
10	A situation analysis of inter-professional education and practice for ethics and professionalism training at Makerere University College of Health Sciences. <i>BMC Research Notes</i> , 2015 , 8, 598	2.3	9
9	Is there a distinction between malaria treatment and intermittent preventive treatment? Insights from a cross-sectional study of anti-malarial drug use among Ugandan pregnant women. <i>Malaria Journal</i> , 2015 , 14, 189	3.6	4
8	Comparison of pharmacist knowledge, perceptions and training opportunities regarding maternal-fetal medicine in Canada, Qatar and Uganda. <i>Canadian Pharmacists Journal</i> , 2014 , 147, 345-51	1.3	11
7	Inclusion of private sector in district health systems; case study of private drug shops implementing modified Integrated Community Case Management (iCCM) strategy in Rural Uganda. <i>BMC Health Services Research</i> , 2014 , 14,	2.9	3
6	Cross sectional study of drug substitution in community pharmacies in the Ugandan capital city. <i>BMC Health Services Research</i> , 2014 , 14, P84	2.9	78
5	Practice spotlight: volunteer pharmacists in sub-saharan Africa. <i>Canadian Journal of Hospital Pharmacy</i> , 2012 , 65, 229-30	0.5	1
4	Strategies to improve impact of volunteer pharmacists in sub-Saharan Africa. <i>American Journal of Health-System Pharmacy</i> , 2012 , 69, 1016-8	2.2	2
3	Participatory healthcare-provider orientation to improve artemether-lumefantrine-based drug treatment of uncomplicated malaria: a cluster quasi-experimental study. <i>BMJ Quality and Safety</i> , 2012 , 21, 768-77	5.4	
2	Expiry of medicines in supply outlets in Uganda. <i>Bulletin of the World Health Organization</i> , 2010 , 88, 154-8.2		18
1	Creating an OSCE/OSPE in a resource-limited setting. <i>Medical Education</i> , 2008 , 42, 525-6	3.7	4
