

Da-Jin Li

List of Publications by Citations

Source: <https://exaly.com/author-pdf/8273193/da-jin-li-publications-by-citations.pdf>

Version: 2024-04-25

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
139	Human first-trimester trophoblast cells recruit CD56brightCD16- NK cells into decidua by way of expressing and secreting of CXCL12/stromal cell-derived factor 1. <i>Journal of Immunology</i> , 2005 , 175, 61-8	5.3	137
138	Blockade of CD86 signaling facilitates a Th2 bias at the maternal-fetal interface and expands peripheral CD4+CD25+ regulatory T cells to rescue abortion-prone fetuses. <i>Biology of Reproduction</i> , 2005 , 72, 338-45	3.9	98
137	The integrative roles of chemokines at the maternal-fetal interface in early pregnancy. <i>Cellular and Molecular Immunology</i> , 2014 , 11, 438-48	15.4	97
136	The expression of CXCR4/CXCL12 in first-trimester human trophoblast cells. <i>Biology of Reproduction</i> , 2004 , 70, 1877-85	3.9	88
135	Embryonic trophoblasts induce decidual regulatory T cell differentiation and maternal-fetal tolerance through thymic stromal lymphopoietin instructing dendritic cells. <i>Journal of Immunology</i> , 2014 , 192, 1502-11	5.3	83
134	Thymic stromal lymphopoietin from trophoblasts induces dendritic cell-mediated regulatory TH2 bias in the decidua during early gestation in humans. <i>Blood</i> , 2010 , 116, 2061-9	2.2	82
133	The Galectin-9/Tim-3 pathway is involved in the regulation of NK cell function at the maternal-fetal interface in early pregnancy. <i>Cellular and Molecular Immunology</i> , 2016 , 13, 73-81	15.4	76
132	Estrogen promotes the survival of human secretory phase endometrial stromal cells via CXCL12/CXCR4 up-regulation-mediated autophagy inhibition. <i>Human Reproduction</i> , 2015 , 30, 1677-89	5.7	75
131	Chemokine CXCL12 promotes the cross-talk between trophoblasts and decidual stromal cells in human first-trimester pregnancy. <i>Human Reproduction</i> , 2008 , 23, 2669-79	5.7	70
130	Human trophoblasts recruited T lymphocytes and monocytes into decidua by secretion of chemokine CXCL16 and interaction with CXCR6 in the first-trimester pregnancy. <i>Journal of Immunology</i> , 2008 , 180, 2367-75	5.3	70
129	Decidual stromal cells recruit Th17 cells into decidua to promote proliferation and invasion of human trophoblast cells by secreting IL-17. <i>Cellular and Molecular Immunology</i> , 2014 , 11, 253-62	15.4	67
128	IL-27 triggers IL-10 production in Th17 cells via a c-Maf/ROR γ /Blimp-1 signal to promote the progression of endometriosis. <i>Cell Death and Disease</i> , 2017 , 8, e2666	9.8	65
127	Cell-cell contact with proinflammatory macrophages enhances the immunotherapeutic effect of mesenchymal stem cells in two abortion models. <i>Cellular and Molecular Immunology</i> , 2019 , 16, 908-920	15.4	62
126	Programmed cell death-1 (PD-1) and T-cell immunoglobulin mucin-3 (Tim-3) regulate CD4+ T cells to induce Type 2 helper T cell (Th2) bias at the maternal-fetal interface. <i>Human Reproduction</i> , 2016 , 31, 700-11	5.7	61
125	Tim-3 signaling in peripheral NK cells promotes maternal-fetal immune tolerance and alleviates pregnancy loss. <i>Science Signaling</i> , 2017 , 10,	8.8	54
124	Distinct pattern of Th17/Treg cells in pregnant women with a history of unexplained recurrent spontaneous abortion. <i>BioScience Trends</i> , 2018 , 12, 157-167	9.9	54
123	IL-33 enhances proliferation and invasiveness of decidual stromal cells by up-regulation of CCL2/CCR2 via NF- κ B and ERK1/2 signaling. <i>Molecular Human Reproduction</i> , 2014 , 20, 358-72	4.4	50

122	Cyclosporine A induces titin expression via MAPK/ERK signalling and improves proliferative and invasive potential of human trophoblast cells. <i>Human Reproduction</i> , 2007 , 22, 2528-37	5.7	48
121	Cyclosporin a improves pregnancy outcome by promoting functions of trophoblasts and inducing maternal tolerance to the allogeneic fetus in abortion-prone matings in the mouse. <i>Biology of Reproduction</i> , 2007 , 76, 906-14	3.9	48
120	The infiltration and functional regulation of eosinophils induced by TSLP promote the proliferation of cervical cancer cell. <i>Cancer Letters</i> , 2015 , 364, 106-17	9.9	47
119	The crosstalk between endometrial stromal cells and macrophages impairs cytotoxicity of NK cells in endometriosis by secreting IL-10 and TGF- β . <i>Reproduction</i> , 2017 , 154, 815-825	3.8	46
118	An episomal vector-based CRISPR/Cas9 system for highly efficient gene knockout in human pluripotent stem cells. <i>Scientific Reports</i> , 2017 , 7, 2320	4.9	43
117	Chinese single herbs and active ingredients for postmenopausal osteoporosis: From preclinical evidence to action mechanism. <i>BioScience Trends</i> , 2017 , 11, 496-506	9.9	41
116	CD56(bright)CD25+ NK cells are preferentially recruited to the maternal/fetal interface in early human pregnancy. <i>Cellular and Molecular Immunology</i> , 2015 , 12, 77-86	15.4	40
115	The CXCL12/CXCR4 axis is involved in the maintenance of Th2 bias at the maternal/fetal interface in early human pregnancy. <i>Cellular and Molecular Immunology</i> , 2012 , 9, 423-30	15.4	39
114	The DSCs-expressed CD82 controls the invasiveness of trophoblast cells via integrinbeta1/MAPK/MAPK3/1 signaling pathway in human first-trimester pregnancy. <i>Biology of Reproduction</i> , 2010 , 82, 968-79	3.9	38
113	Trophoblast-derived CXCL16 induces M2 macrophage polarization that in turn inactivates NK cells at the maternal-fetal interface. <i>Cellular and Molecular Immunology</i> , 2018 , 15, 1038-1046	15.4	36
112	The decidual stromal cells-secreted CCL2 induces and maintains decidual leukocytes into Th2 bias in human early pregnancy. <i>Clinical Immunology</i> , 2012 , 145, 161-73	9	36
111	The role of indoleamine-2,3-dioxygenase in normal and pathological pregnancies. <i>American Journal of Reproductive Immunology</i> , 2018 , 79, e12786	3.8	36
110	RANKL-mediated harmonious dialogue between fetus and mother guarantees smooth gestation by inducing decidual M2 macrophage polarization. <i>Cell Death and Disease</i> , 2017 , 8, e3105	9.8	35
109	Cyclosporin A promotes growth and invasiveness in vitro of human first-trimester trophoblast cells via MAPK3/MAPK1-mediated AP1 and Ca ²⁺ /calcineurin/NFAT signaling pathways. <i>Biology of Reproduction</i> , 2008 , 78, 1102-10	3.9	35
108	Cyclosporin A improves murine pregnancy outcome in abortion-prone matings: involvement of CD80/86 and CD28/CTLA-4. <i>Reproduction</i> , 2008 , 135, 385-95	3.8	35
107	Tim-3 protects decidual stromal cells from toll-like receptor-mediated apoptosis and inflammatory reactions and promotes Th2 bias at the maternal-fetal interface. <i>Scientific Reports</i> , 2015 , 5, 9013	4.9	33
106	Co-Signaling Molecules in Maternal-Fetal Immunity. <i>Trends in Molecular Medicine</i> , 2017 , 23, 46-58	11.5	32
105	Cyclooxygenase-2 in Endometriosis. <i>International Journal of Biological Sciences</i> , 2019 , 15, 2783-2797	11.2	30

104	Opposing role of JNK-p38 kinase and ERK1/2 in hydrogen peroxide-induced oxidative damage of human trophoblast-like JEG-3 cells. <i>International Journal of Clinical and Experimental Pathology</i> , 2014 , 7, 959-68	1.4	29
103	The appropriate frequency and function of decidual Tim-3CTLA-4CD8 T cells are important in maintaining normal pregnancy. <i>Cell Death and Disease</i> , 2019 , 10, 407	9.8	27
102	Decidual stromal cell-derived IL-33 contributes to Th2 bias and inhibits decidual NK cell cytotoxicity through NF- κ B signaling in human early pregnancy. <i>Journal of Reproductive Immunology</i> , 2015 , 109, 52-65	4.2	27
101	CXCL12/CXCR4 axis triggers the activation of EGF receptor and ERK signaling pathway in CsA-induced proliferation of human trophoblast cells. <i>PLoS ONE</i> , 2012 , 7, e38375	3.7	27
100	dNK cells facilitate the interaction between trophoblastic and endothelial cells via VEGF-C and HGF. <i>Immunology and Cell Biology</i> , 2017 , 95, 695-704	5	26
99	The ginsenoside PPD exerts anti-endometriosis effects by suppressing estrogen receptor-mediated inhibition of endometrial stromal cell autophagy and NK cell cytotoxicity. <i>Cell Death and Disease</i> , 2018 , 9, 574	9.8	26
98	CXCL12 controls over-invasion of trophoblasts via upregulating CD82 expression in DSCs at maternal-fetal interface of human early pregnancy in a paracrine manner. <i>International Journal of Clinical and Experimental Pathology</i> , 2011 , 4, 276-86	1.4	24
97	High Glucose Promotes Epithelial-Mesenchymal Transition of Uterus Endometrial Cancer Cells by Increasing ER/GLUT4-Mediated VEGF Secretion. <i>Cellular Physiology and Biochemistry</i> , 2018 , 50, 706-720	3.9	24
96	Rapamycin prevents spontaneous abortion by triggering decidual stromal cell autophagy-mediated NK cell residence. <i>Autophagy</i> , 2021 , 17, 2511-2527	10.2	23
95	Improvement of fertility with adoptive CD25+ natural killer cell transfer in subfertile non-obese diabetic mice. <i>Reproductive BioMedicine Online</i> , 2009 , 18, 95-103	4	22
94	1-Methyl-tryptophan attenuates regulatory T cells differentiation due to the inhibition of estrogen-IDO1-MRC2 axis in endometriosis. <i>Cell Death and Disease</i> , 2016 , 7, e2489	9.8	21
93	Suppression of autophagy and HCK signaling promotes PTGS2 FCGR3 NK cell differentiation triggered by ectopic endometrial stromal cells. <i>Autophagy</i> , 2018 , 14, 1376-1397	10.2	21
92	A general description for Chinese medicine in treating premature ovarian failure. <i>Chinese Journal of Integrative Medicine</i> , 2017 , 23, 91-97	2.9	19
91	Synergistic effect of regulatory T cells and proinflammatory cytokines in angiogenesis in the endometriotic milieu. <i>Human Reproduction</i> , 2017 , 32, 1304-1317	5.7	19
90	Blockade of CTLA-4 and Tim-3 pathways induces fetal loss with altered cytokine profiles by decidual CD4T cells. <i>Cell Death and Disease</i> , 2019 , 10, 15	9.8	19
89	Pleiotropic roles of melatonin in endometriosis, recurrent spontaneous abortion, and polycystic ovary syndrome. <i>American Journal of Reproductive Immunology</i> , 2018 , 80, e12839	3.8	19
88	Trophoblasts and decidual stromal cells regulate decidual NK cell functions via interaction between collagen and LAIR-1. <i>American Journal of Reproductive Immunology</i> , 2014 , 71, 368-78	3.8	19
87	Prevention of embryo loss in non-obese diabetic mice using adoptive ITGA2(+)/ISG20(+) natural killer-cell transfer. <i>Reproduction</i> , 2009 , 137, 943-55	3.8	18

86	Trophoblast-derived hyaluronan promotes the regulatory phenotype of decidual macrophages. <i>Reproduction</i> , 2019 , 157, 189-198	3.8	18
85	Rapamycin Synergizes with Cisplatin in Antiendometrial Cancer Activation by Improving IL-27-Stimulated Cytotoxicity of NK Cells. <i>Neoplasia</i> , 2018 , 20, 69-79	6.4	17
84	Tim-3 and PD-1 regulate CD8 T cell function to maintain early pregnancy in mice. <i>Journal of Reproduction and Development</i> , 2017 , 63, 289-294	2.1	16
83	Gene fusion of molecular adjuvant C3d to hCGbeta enhances the anti-hCGbeta antibody response in DNA immunization. <i>Journal of Reproductive Immunology</i> , 2003 , 60, 129-41	4.2	16
82	Indoleamine 2,3-dioxygenase-1 (IDO1) in human endometrial stromal cells induces macrophage tolerance through interleukin-33 in the progression of endometriosis. <i>International Journal of Clinical and Experimental Pathology</i> , 2014 , 7, 2743-57	1.4	14
81	Inhibition of AKT sensitizes chemoresistant ovarian cancer cells to cisplatin by abrogating S and G2/M arrest. <i>Experimental and Molecular Pathology</i> , 2016 , 100, 506-13	4.4	14
80	IL-33/ST2 axis affects the polarization and efferocytosis of decidual macrophages in early pregnancy. <i>American Journal of Reproductive Immunology</i> , 2018 , 79, e12836	3.8	13
79	Role of Endometrial Autophagy in Physiological and Pathophysiological Processes. <i>Journal of Cancer</i> , 2019 , 10, 3459-3471	4.5	13
78	Mouse endometrial stromal cells and progesterone inhibit the activation and regulate the differentiation and antibody secretion of mouse B cells. <i>International Journal of Clinical and Experimental Pathology</i> , 2014 , 7, 123-33	1.4	13
77	Chromosomal karyotype in chorionic villi of recurrent spontaneous abortion patients. <i>BioScience Trends</i> , 2018 , 12, 32-39	9.9	13
76	Involvement of the JAK-STAT pathway in collagen regulation of decidual NK cells. <i>American Journal of Reproductive Immunology</i> , 2017 , 78, e12769	3.8	12
75	Decidual stromal cells promote the differentiation of CD56 CD16 NK cells by secreting IL-24 in early pregnancy. <i>American Journal of Reproductive Immunology</i> , 2019 , 81, e13110	3.8	12
74	Fractalkine/CX3CR1 is involved in the pathogenesis of endometriosis by regulating endometrial stromal cell proliferation and invasion. <i>American Journal of Reproductive Immunology</i> , 2016 , 76, 318-25	3.8	12
73	III Cells and Related Diseases. <i>American Journal of Reproductive Immunology</i> , 2016 , 75, 609-18	3.8	12
72	TLR4 Activation Promotes the Secretion of IL-8 Which Enhances the Invasion and Proliferation of Endometrial Stromal Cells in an Autocrine Manner via the FAK Signal Pathway. <i>American Journal of Reproductive Immunology</i> , 2015 , 74, 467-79	3.8	12
71	Expression and functional characterization of NOD2 in decidual stromal cells isolated during the first trimester of pregnancy. <i>PLoS ONE</i> , 2014 , 9, e99612	3.7	12
70	The CCL17-CCR4 axis between endometrial stromal cells and macrophages contributes to the high levels of IL-6 in ectopic milieu. <i>American Journal of Reproductive Immunology</i> , 2017 , 78, e12644	3.8	11
69	Interleukin-25 induced by human chorionic gonadotropin promotes the proliferation of decidual stromal cells by activation of JNK and AKT signal pathways. <i>Fertility and Sterility</i> , 2014 , 102, 257-63	4.8	11

68	Traditional Chinese medicine for human papillomavirus (HPV) infections: A systematic review. <i>BioScience Trends</i> , 2017 , 11, 267-273	9.9	11
67	APOBEC-mediated genomic alterations link immunity and viral infection during human papillomavirus-driven cervical carcinogenesis. <i>BioScience Trends</i> , 2017 , 11, 383-388	9.9	11
66	Estrogen promotes the growth of decidual stromal cells in human early pregnancy. <i>Molecular Human Reproduction</i> , 2013 , 19, 655-64	4.4	11
65	Chemokine CCL17 induced by hypoxia promotes the proliferation of cervical cancer cell. <i>American Journal of Cancer Research</i> , 2015 , 5, 3072-84	4.4	11
64	Activation of Rev-erb α attenuates lipopolysaccharide-induced inflammatory reactions in human endometrial stroma cells via suppressing TLR4-regulated NF- κ B activation. <i>Acta Biochimica Et Biophysica Sinica</i> , 2019 , 51, 908-914	2.8	10
63	TIM-3: a crucial regulator of NK cells in pregnancy. <i>Cellular and Molecular Immunology</i> , 2017 ,	15.4	10
62	CsA improves the trophoblasts invasiveness through strengthening the cross-talk of trophoblasts and decidual stromal cells mediated by CXCL12 and CD82 in early pregnancy. <i>International Journal of Clinical and Experimental Pathology</i> , 2012 , 5, 299-307	1.4	10
61	Leonurine: From Gynecologic Medicine to Pleiotropic Agent. <i>Chinese Journal of Integrative Medicine</i> , 2020 , 26, 152-160	2.9	10
60	CXCL12 in normal and pathological pregnancies: A review. <i>American Journal of Reproductive Immunology</i> , 2020 , 84, e13280	3.8	9
59	Decidual CD8T cells exhibit both residency and tolerance signatures modulated by decidual stromal cells. <i>Journal of Translational Medicine</i> , 2020 , 18, 221	8.5	9
58	The regulatory role of thymic stromal lymphopoietin (TSLP) in maternal-fetal immune tolerance during early human pregnancy. <i>Journal of Reproductive Immunology</i> , 2009 , 83, 106-8	4.2	9
57	Th17/Treg-cell balance in the peripheral blood of pregnant females with a history of recurrent spontaneous abortion receiving progesterone or cyclosporine A. <i>Experimental and Therapeutic Medicine</i> , 2021 , 21, 37	2.1	9
56	Association between timely initiation of hepatitis B vaccine and completion of the hepatitis B vaccine and national immunization program vaccine series. <i>International Journal of Infectious Diseases</i> , 2016 , 51, 62-65	10.5	9
55	Estrogen restricts the apoptosis of endometrial stromal cells by promoting TSLP secretion. <i>Molecular Medicine Reports</i> , 2018 , 18, 4410-4416	2.9	9
54	Decidual RANKL/RANK interaction promotes the residence and polarization of TGF- β -producing regulatory T cells. <i>Cell Death and Disease</i> , 2019 , 10, 113	9.8	8
53	Cyclosporin A enhances the ability of trophoblasts to displace the activated human umbilical vein endothelial cell monolayers. <i>International Journal of Clinical and Experimental Pathology</i> , 2013 , 6, 2441-50 ¹⁴	1.4	8
52	Trophoblast-derived CXCL12 promotes CD56 CD82 CD29 NK cell enrichment in the decidua. <i>American Journal of Reproductive Immunology</i> , 2020 , 83,	3.8	8
51	Ovarian hormones-autophagy-immunity axis in menstruation and endometriosis. <i>Theranostics</i> , 2021 , 11, 3512-3526	12.1	8

50	Bidirectional regulation between 1st trimester HTR8/SVneo trophoblast cells and in vitro differentiated Th17/Treg cells suggest a fetal-maternal regulatory loop in human pregnancy. <i>American Journal of Reproductive Immunology</i> , 2019 , 81, e13106	3.8	7
49	Chemokine CCL24 promotes the growth and invasiveness of trophoblasts through ERK1/2 and PI3K signaling pathways in human early pregnancy. <i>Reproduction</i> , 2015 , 150, 417-27	3.8	7
48	Bu-Shen-Yi-Qi formula impairs cytotoxicity of NK cells by up-regulating IDO expression in trophoblasts. <i>Gynecological Endocrinology</i> , 2018 , 34, 675-679	2.4	7
47	Bu-Shen-Ning-Xin Decoction ameliorated the osteoporotic phenotype of ovariectomized mice without affecting the serum estrogen concentration or uterus. <i>Drug Design, Development and Therapy</i> , 2015 , 9, 5019-31	4.4	7
46	Crosstalk Between Trophoblasts and Decidual Immune Cells: The Cornerstone of Maternal-Fetal Immunotolerance. <i>Frontiers in Immunology</i> , 2021 , 12, 642392	8.4	7
45	MicroRNA expression profiles and networks in CXCL12-stimulated human endometrial stromal cells. <i>Molecular Medicine Reports</i> , 2017 , 15, 249-255	2.9	6
44	SCM-198 protects endometrial stromal cells from oxidative damage through Bax/Bcl-2 and ERK signaling pathways. <i>Acta Biochimica Et Biophysica Sinica</i> , 2019 , 51, 580-587	2.8	6
43	Low-density lipoprotein receptor deficiency impaired mice osteoblastogenesis in vitro. <i>BioScience Trends</i> , 2018 , 11, 658-666	9.9	6
42	The cross talk between cervical carcinoma cells and vascular endothelial cells mediated by IL-27 restrains angiogenesis. <i>American Journal of Reproductive Immunology</i> , 2017 , 78, e12706	3.8	5
41	Cyclosporin A protects trophoblasts from HO-induced oxidative injury via FAK-Src pathway. <i>Biochemical and Biophysical Research Communications</i> , 2019 , 518, 423-429	3.4	5
40	Innate Lymphoid Cells at the Maternal-Fetal Interface in Human Pregnancy. <i>International Journal of Biological Sciences</i> , 2020 , 16, 957-969	11.2	5
39	TSP1-CD47-SIRPβ signaling facilitates the development of endometriosis by mediating the survival of ectopic endometrium. <i>American Journal of Reproductive Immunology</i> , 2020 , 83, e13236	3.8	5
38	Tissue-resident CD8 T memory cells with unique properties are present in human decidua during early pregnancy. <i>American Journal of Reproductive Immunology</i> , 2020 , 84, e13254	3.8	5
37	Bu-Shen-Ning-Xin decoction suppresses osteoclastogenesis by modulating RANKL/OPG imbalance in the CD4+ T lymphocytes of ovariectomized mice. <i>International Journal of Molecular Medicine</i> , 2018 , 42, 299-308	4.4	5
36	Bu-Shen-Ning-Xin decoction: inhibition of osteoclastogenesis by abrogation of the RANKL-induced NFATc1 and NF-κB signaling pathways via selective estrogen receptor β. <i>Drug Design, Development and Therapy</i> , 2015 , 9, 3755-66	4.4	5
35	Cyclosporine A improves adhesion and invasion of mouse preimplantation embryos via upregulating integrin β and matrix metalloproteinase-9. <i>International Journal of Clinical and Experimental Pathology</i> , 2014 , 7, 1379-88	1.4	4
34	Decidual CXCR4 CD56 NK cells as a novel NK subset in maternal-foetal immune tolerance to alleviate early pregnancy failure. <i>Clinical and Translational Medicine</i> , 2021 , 11, e540	5.7	4
33	Regulatory mechanisms of endometrial decidualization and pregnancy-related diseases. <i>Acta Biochimica Et Biophysica Sinica</i> , 2020 , 52, 105-115	2.8	4

32	The mechanisms by which trophoblast-derived molecules induce maternal-fetal immune tolerance. <i>Cellular and Molecular Immunology</i> , 2020 , 17, 1204-1207	15.4	4
31	Regulatory T cells induce polarization of pro-repair macrophages by secreting sFGL2 into the endometriotic milieu. <i>Communications Biology</i> , 2021 , 4, 499	6.7	4
30	Pigment epithelium-derived factor, a novel decidual natural killer cells-derived factor, protects decidual stromal cells via anti-inflammation and anti-apoptosis in early pregnancy. <i>Human Reproduction</i> , 2020 , 35, 1537-1552	5.7	3
29	Insights of efferocytosis in normal and pathological pregnancy. <i>American Journal of Reproductive Immunology</i> , 2019 , 82, e13088	3.8	3
28	Detection of chromosome abnormalities using current noninvasive prenatal testing: A multi-center comparative study. <i>BioScience Trends</i> , 2018 , 12, 317-324	9.9	2
27	Effects on fertility of immunizing mice with anti-idiotypic antibodies to porcine zona pellucida antigen. <i>Journal of Reproductive Immunology</i> , 2002 , 54, 81-92	4.2	2
26	Norepinephrine exposure restrains endometrial decidualization during early pregnancy. <i>Journal of Endocrinology</i> , 2021 , 248, 277-288	4.7	2
25	Tim-3/CTLA-4 pathways regulate decidual immune cells-extravillous trophoblasts interaction by IL-4 and IL-10. <i>FASEB Journal</i> , 2021 , 35, e21754	0.9	2
24	Altered frequency and function of spleen CTLA-4+Tim-3+ T cells are associated with miscarriage. <i>Biology of Reproduction</i> , 2021 , 104, 410-417	3.9	2
23	Kynurenine promotes the cytotoxicity of NK cells through aryl hydrocarbon receptor in early pregnancy. <i>Journal of Reproductive Immunology</i> , 2021 , 143, 103270	4.2	2
22	Insight of Autophagy in Spontaneous Miscarriage.. <i>International Journal of Biological Sciences</i> , 2022 , 18, 1150-1170	11.2	1
21	Improved pregnancy outcomes of cyclosporine A on patients with unexplained repeated implantation failure in IVF/ICSI cycles: A retrospective cohort study.. <i>American Journal of Reproductive Immunology</i> , 2022 , e13525	3.8	1
20	The risk of intrauterine exposure to SARS-CoV-2 in female COVID-19 patients: a comprehensive Review.. <i>American Journal of Reproductive Immunology</i> , 2022 ,	3.8	1
19	Decidualization-derived cAMP regulates phenotypic and functional conversion of decidual NK cells from CD56CD16 NK cells. <i>Cellular and Molecular Immunology</i> , 2021 , 18, 1596-1598	15.4	1
18	TORC2/3-mediated DUSP1 upregulation is essential for human decidualization. <i>Reproduction</i> , 2021 , 161, 573-580	3.8	1
17	Obesity Challenge Drives Distinct Maternal Immune Response Changes in Normal Pregnant and Abortion-Prone Mouse Models. <i>Frontiers in Immunology</i> , 2021 , 12, 694077	8.4	1
16	Decreased level of Eomes+dCD8+ T cells with altered function might be associated with miscarriage. <i>Reproduction</i> , 2021 , 162, 107-115	3.8	1
15	Effects of Ziyin Jianghuo Ningxin decoction plus dehydroepiandrosterone and femoston in treatment of patients with menopausal symptoms. <i>Journal of Traditional Chinese Medicine</i> , 2018 , 38, 787-796	1.1	1

14	Fructose-1,6-bisphosphate prevents pregnancy loss by inducing decidual COX-2 macrophage differentiation.. <i>Science Advances</i> , 2022 , 8, eabj2488	14.3	1
13	Tim-3 decidual M Φ induced Th2 and Treg bias in decidual CD4T cells and promoted pregnancy maintenance via CD132.. <i>Cell Death and Disease</i> , 2022 , 13, 454	9.8	1
12	Excess palmitate induces decidual stromal cell apoptosis via the TLR4/JNK/NF-kB pathways and possibly through glutamine oxidation. <i>Molecular Human Reproduction</i> , 2020 , 26, 88-100	4.4	0
11	Introduction to the Chinese society for reproductive immunology. <i>American Journal of Reproductive Immunology</i> , 2017 , 78, e12718	3.8	0
10	Delayed Antiviral Immune Responses in Severe Acute Respiratory Syndrome Coronavirus Infected Pregnant Mice.. <i>Frontiers in Microbiology</i> , 2021 , 12, 806902	5.7	0
9	Immune status of decidual macrophages is dependent on the CCL2/CCR2/JAK2 pathway during early pregnancy. <i>American Journal of Reproductive Immunology</i> , 2021 , 86, e13480	3.8	0
8	Eomesodermin regulate decidual CD4T cell function during human early pregnancy. <i>Journal of Reproductive Immunology</i> , 2021 , 146, 103290	4.2	0
7	Decidual IDO macrophage promotes the proliferation and restricts the apoptosis of trophoblasts. <i>Journal of Reproductive Immunology</i> , 2021 , 148, 103364	4.2	0
6	SCM-198 Alleviates Endometriosis by Suppressing Estrogen-ER α mediated Differentiation and Function of CD4CD25 Regulatory T Cells.. <i>International Journal of Biological Sciences</i> , 2022 , 18, 1961-1973	11.2	0
5	A defective lysophosphatidic acid-autophagy axis increases miscarriage risk by restricting decidual macrophage residence.. <i>Autophagy</i> , 2022 , 1-22	10.2	0
4	Identification of Cancer-Associated Fibroblast Subtype of Triple-Negative Breast Cancer.. <i>Journal of Oncology</i> , 2022 , 2022, 6452636	4.5	0
3	CYCLOSPORIN A IMPROVES PROLIFERATION AND INVASIVENESS IN VITRO OF HUMAN FIRST-TRIMESTER TROPHOBLAST CELLS VIA ERK1/2-MEDIATED AP1 AND CA2+/CALCINEURIN/NFAT SIGNALLING PATHWAYS. <i>Biology of Reproduction</i> , 2007 , 77, 163-163	3.9	
2	Treatment of immunological infertility with Chinese medicinal herbs of ziyin jianghuo"Equation missing" 1995 , 1, 262-264		
1	Treatment of integrated traditional and western medicine in recurrent spontaneous abortion of immune abnormality type. <i>Chinese Journal of Integrative Medicine</i> , 1998 , 4, 162-165	2.9
