#	ARTICLE	IF	CITATIONS
1	Cardiac Surgery Capacity in Sub-Saharan Africa: Quo Vadis?. Thoracic and Cardiovascular Surgeon, 2014, 62, 393-401.	0.4	92
2	The development of cardiac surgery in West Africa - the case of Ghana. Pan African Medical Journal, 2011, 9, 15.	0.3	43
3	Status and Challenges of Care in Africa for Adults With Congenital Heart Defects. World Journal for Pediatric & Congenital Heart Surgery, 2017, 8, 495-501.	0.3	28
4	Experience from a single centre concerning the surgical spectrum and outcome of adolescents and adults with congenitally malformed hearts in West Africa. Cardiology in the Young, 2010, 20, 159-164.	0.4	24
5	Primary arterial switch operation for transposition of the great arteries with intact ventricular septum - is it safe after three weeks of age?. Interactive Cardiovascular and Thoracic Surgery, 2010, 11, 641-644.	0.5	23
6	Management of intrathoracic oesophageal perforation: analysis of 16 cases. Tropical Doctor, 2011, 41, 201-203.	0.2	21
7	Outcome of left heart mechanical valve replacement in West African children - A 15-year retrospective study. Journal of Cardiothoracic Surgery, 2011, 6, 57.	0.4	20
8	Hypothermic cardiopulmonary bypass without exchange transfusion in sickle-cell patients: a matched-pair analysis. Interactive Cardiovascular and Thoracic Surgery, 2014, 19, 771-776.	0.5	19
9	The spectrum of double-outlet right atrium including hearts with three atrioventricular valves. European Journal of Cardio-thoracic Surgery, 2012, 41, 947-949.	0.6	18
10	Conotruncal Heart Defect Repair in Sub-Saharan Africa. World Journal for Pediatric & Congenital Heart Surgery, 2016, 7, 592-599.	0.3	16
11	Late Primary Arterial Switch for Transposition of the Great Arteries With Intact Ventricular Septum in an African Population. World Journal for Pediatric & Congenital Heart Surgery, 2011, 2, 237-242.	0.3	14
12	History of the World Society for Pediatric and Congenital Heart Surgery: The First Decade. World Journal for Pediatric & Congenital Heart Surgery, 2018, 9, 392-406.	0.3	14
13	Left-sided partial anomalous pulmonary venous connection " should diagnosis lead to surgery?. Interactive Cardiovascular and Thoracic Surgery, 2010, 11, 847-848.	0.5	12
14	Colopharyngoplasty for intractable caustic pharyngoesophageal strictures in an indigenous African community " adverse impact of concomitant tracheostomy on outcome. Interactive Cardiovascular and Thoracic Surgery, 2011, 12, 213-217.	0.5	11
15	Is recombinant activated factor VII effective in the treatment of excessive bleeding after paediatric cardiac surgery?. Interactive Cardiovascular and Thoracic Surgery, 2012, 15, 690-694.	0.5	11
16	Cardiothoracic surgical experience in Ghana. Cardiovascular Diagnosis and Therapy, 2016, 6, S64-S73.	0.7	11
17	Treating pediatric and congenital heart disease abroad? Imperatives for local health system development. International Journal of Cardiology Congenital Heart Disease, 2021, 2, 100082.	0.2	9
18	eComment: Acute aortic dissection in the young - distinguishing precipitating from predisposing factors. Interactive Cardiovascular and Thoracic Surgery, 2009, 9, 368-368.	0.5	7

#	ARTICLE	IF	CITATIONS
19	Current Status of Training and Certification for Congenital Heart Surgery Around the World: Proceedings of the Meetings of the Global Council on Education for Congenital Heart Surgery of the World Society for Pediatric and Congenital Heart Surgery. <i>World Journal for Pediatric & Congenital Heart Surgery</i> , 2021, 12, 394-405.	0.3	7
20	Divided Left Atrium (Cor Triatriatum) in the Setting of Common Atrium. <i>Annals of Thoracic Surgery</i> , 2012, 94, e49-e50.	0.7	6
21	Colon bypass with a colon-flap augmentation pharyngoesophagoplasty. <i>Pan African Medical Journal</i> , 2015, 21, 275.	0.3	6
22	Surgical leadership in Africa – challenges and opportunities. <i>Innovative Surgical Sciences</i> , 2019, 4, 59-64.	0.4	6
23	eComment: Is video-assisted thoracoscopic surgery really superior to open decortication for empyema thoracis?. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2009, 9, 78-78.	0.5	5
24	eComment: Spontaneous or effort diaphragmatic rupture. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2009, 9, 376-376.	0.5	4
25	eComment: Cardiopulmonary bypass without exchange transfusion in sickle cell disease – An update. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2010, 10, 68-69.	0.5	4
26	eComment: Management options of tube thoracostomy-induced pulmonary artery injury. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2009, 9, 760-761.	0.5	3
27	Congenital Pulmonary Steal in Subclavian Artery Isolation. <i>Annals of Thoracic Surgery</i> , 2010, 90, 1744-1745.	0.7	3
28	Hexagonal Six-point Traction Technique for Optimum Surgical Exposure of the Subaortic Region. <i>World Journal for Pediatric & Congenital Heart Surgery</i> , 2011, 2, 472-475.	0.3	3
29	The Paediatric Cardiac Centre for Africa – Proceedings of the March 2012 Symposium. <i>World Journal for Pediatric & Congenital Heart Surgery</i> , 2013, 4, 182-185.	0.3	3
30	Challenges of Caring for Functionally Single Ventricle Patients in Africa. <i>World Journal for Pediatric & Congenital Heart Surgery</i> , 2019, 10, 338-342.	0.3	3
31	Junctional ectopic tachycardia following repair of congenital heart defects-experience in multimodal management from a West African Centre. <i>Pan African Medical Journal</i> , 2012, 12, 18.	0.3	3
32	eComment: Acute aortic dissection in children and young adults - the role of sildenafil. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2009, 9, 143-143.	0.5	2
33	eComment: A practical approach for imaging of diaphragmatic injury. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2009, 9, 49-49.	0.5	2
34	eComment: Pseudoaneurysms of the ascending aorta following cardiac surgery – are they preventable?. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2010, 10, 822-822.	0.5	2
35	eComment: Right ventricular disruption after cardiac surgery. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2010, 10, 472-472.	0.5	2
36	Open-heart surgery and coronary artery bypass grafting in Western Africa. <i>Pan African Medical Journal</i> , 2011, 9, 3.	0.3	2

#	ARTICLE	IF	CITATIONS
37	Prediction of left ventricular assist device implantation after repair of anomalous left coronary artery from the pulmonary artery. <i>Journal of Thoracic and Cardiovascular Surgery</i> , 2012, 144, 160-165.	0.4	2
38	Strictly-posterior thoracotomy: a minimal-access approach for construction of the modified Blalock-Taussig shunt in West African children. <i>Pan African Medical Journal</i> , 2014, 17, 106.	0.3	2
39	Palliation of Functionally Single Ventricle Patients in Sub-Saharan Africa—Is It Justifiable?. <i>World Journal for Pediatric & Congenital Heart Surgery</i> , 2019, 10, 171-173.	0.3	2
40	Giant intraparietal inguinal hernia misdiagnosed as spigelian hernia in an old woman. <i>Pan African Medical Journal</i> , 2020, 36, 117.	0.3	2
41	Freedom from thromboembolism despite prolonged inadequate anticoagulation. <i>BMJ Case Reports</i> , 2009, 2009, bcr0720092066-bcr0720092066.	0.2	2
42	Pregnancy in non-palliated functionally single ventricle: challenges of management in resource-poor settings. <i>Pan African Medical Journal</i> , 2020, 35, 6.	0.3	2
43	eComment: Management of mitral regurgitation associated with anomalous left coronary artery from the pulmonary artery. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2009, 9, 818-818.	0.5	1
44	eComment: Cor triatriatum and cardiac hemolytic anemia. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2009, 9, 383-383.	0.5	1
45	eComment: Post-thoracotomy Horner syndrome associated with extrapleural infusion of bupivacaine. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2009, 9, 310-310.	0.5	1
46	eComment: Outcome of extracorporeal membrane oxygenation in pediatric cardiac surgery — impact of residual lesions. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2010, 10, 758-759.	0.5	1
47	eComment: Incomplete left ventricular reverse remodeling after revascularization of anomalous left coronary artery from the pulmonary artery. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2010, 10, 75-75.	0.5	1
48	Retroesophageal aortic arch — a “Forme Fruste” of interrupted aortic arch. <i>European Journal of Cardio-thoracic Surgery</i> , 2011, 39, e29-e29.	0.6	1
49	Aortic arch anomalies - persistent fifth aortic arch remnant. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2011, 12, 71-72.	0.5	1
50	Hepatic Venous Occlusion During Cardiopulmonary Bypass in Patients With Heterotaxy Syndrome: A Safe but Underutilized Option. <i>Annals of Thoracic Surgery</i> , 2013, 95, e3-e5.	0.7	1
51	Large intra-abdominal mucinous cystic adenoma: is it of ovarian or mesenteric origin. <i>Pan African Medical Journal</i> , 2020, 36, 122.	0.3	1
52	Delivering pediatric cardiac care in sub-Saharan Africa: a model for the developing countries. <i>Current Opinion in Cardiology</i> , 2021, 36, 89-94.	0.8	1
53	eComment: Optimal exposure for debridement of necrotizing mediastinitis and bilateral empyema thoracis. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2009, 9, 146-146.	0.5	0
54	eComment: Discrete subaortic stenosis following repair of atrioventricular septal defects. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2009, 9, 87-88.	0.5	0

#	ARTICLE	IF	CITATIONS
55	eComment: Influence of meteorological conditions on the onset of acute type A aortic dissection. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2010, 10, 407-407.	0.5	0
56	Bicuspid aortic valve and acute aortic dissection in the young - is long-term surveillance beneficial?. <i>Interactive Cardiovascular and Thoracic Surgery</i> , 2011, 12, 198-198.	0.5	0
57	The Walter Sisulu Paediatric Cardiac Centre for Africa. <i>World Journal for Pediatric & Congenital Heart Surgery</i> , 2012, 3, 110-113.	0.3	0
58	Congenital Division of the Left Atrium (Cor Triatriatum) in the Setting of Congenitally Corrected Transposition of the Great Arteries. <i>World Journal for Pediatric & Congenital Heart Surgery</i> , 2013, 4, 223-226.	0.3	0
59	Ethical Dilemmas Relating to the Management of a Newborn with Down Syndrome and Severe Congenital Heart Disease in a Resource-Poor Setting. <i>Narrative Inquiry in Bioethics</i> , 2015, 5, 277-286.	0.0	0
60	A pulmonary azygos lobe encountered during thoracotomy for modified Blalock-Taussig shunt. <i>BMJ Case Reports</i> , 2009, 2009, bcr0520091846-bcr0520091846.	0.2	0
61	Double superior vena cava complicating transvenous pacemaker implantation. <i>BMJ Case Reports</i> , 2009, 2009, bcr0520091849-bcr0520091849.	0.2	0
62	Bilateral tension pneumothorax resulting from a bicycle-to-bicycle collision. <i>BMJ Case Reports</i> , 2009, 2009, bcr0720092054-bcr0720092054.	0.2	0
63	Pharyngoplasty effectively relieves dysphagia from radiation-induced upper gastrointestinal tract strictures: A report of two cases. <i>Health Sciences Investigations Journal</i> , 2020, , 64-67.	0.2	0
64	Changes in origin of acute chest pain in a sub-Saharan African setting. <i>Tropical Doctor</i> , 2022, , 004947552110229.	0.2	0
