#	ARTICLE	IF	CITATIONS
1	Exploring consumer perspectives about the Health Care Home model of primary care provision: A qualitative study. Australian Journal of General Practice, 2022, 51, 60-66.	0.8	0
2	Giving Asthma Support to Patients (GASP) program evaluation. Australian Journal of General Practice, 2022, 51, 257-261.	0.8	1
3	Patient self-management and empowerment for multiple sclerosis: The implications of dietary lifestyle management for primary care. Australian Journal of General Practice, 2022, 51, 209-212.	0.8	2
4	Development of a COVID-19 virtual community of practice in New South Wales: A qualitative study. Australian Journal of General Practice, 2022, 51, 263-269.	0.8	2
5	Analysis of current maternity leave policies for doctors in training. Australian Health Review, 2021, , .	1.1	1
6	Medical care in Australian residential aged care: Perspectives of residents, family, nurses and general practitioners. Health and Social Care in the Community, 2021, 29, e279-e287.	1.6	7
7	Motherhood and medicine: systematic review of the experiences of mothers who are doctors. Medical Journal of Australia, 2021, 214, 533.	1.7	2
8	Implementation of a patient centred medical home (PCMH) initiative in general practices in New South Wales, Australia. BMC Family Practice, 2021, 22, 120.	2.9	5
9	Clinical and healthcare improvement through My Health Record usage and education in general practice (CHIME-GP): a study protocol for a cluster-randomised controlled trial. Trials, 2021, 22, 569.	1.6	4
10	Motherhood and medicine: systematic review of the experiences of mothers who are doctors. Medical Journal of Australia, 2020, 213, 329-334.	1.7	22
11	Neighbourhoods and physical health comorbidity in individuals with serious mental illness. Schizophrenia Research, 2020, 222, 509-510.	2.0	0
12	Neighborhood Environment and Type 2 Diabetes Comorbidity in Serious Mental Illness. Journal of Primary Care and Community Health, 2020, 11, 215013272092498.	2.1	1
13	Geographic variation in cardiometabolic risk factor prevalence explained by area-level disadvantage in the Illawarra-Shoalhaven region of the NSW, Australia. Scientific Reports, 2020, 10, 12770.	3.3	1
14	Role of Area-Level Access to Primary Care on the Geographic Variation of Cardiometabolic Risk Factor Distribution: A Multilevel Analysis of the Adult Residents in the Illawarra-Shoalhaven Region of NSW, Australia. International Journal of Environmental Research and Public Health, 2020, 17, 4297.	2.6	3
15	Australian general practitioners' attitudes to the extraction of research data from electronic health records. , 2020, 49, 145-150.		9
16	Cross-sectional study of area-level disadvantage and glycaemic-related risk in community health service users in the Southern. IML Research (SIMLR) cohort. Australian Health Review, 2019, 43, 85.	1.1	5
17	Effectiveness of quality incentive payments in general practice (EQUIP-GP): a study protocol for a cluster-randomised trial of an outcomes-based funding model in Australian general practice to improve patient care. BMC Health Services Research, 2019, 19, 529.	2.2	4
18	The Use of Primary Care Electronic Health Records for Research: Lipid Medications and Mortality in Elderly Patients. Pharmacy (Basel, Switzerland), 2019, 7, 134.	1.6	0

#	ARTICLE	IF	CITATIONS
19	Geographic variation in cardiometabolic risk distribution: A cross-sectional study of 256,525 adult residents in the Illawarra-Shoalhaven region of the NSW, Australia. PLoS ONE, 2019, 14, e0223179.	2.5	4
20	Geographic and area-level socioeconomic variation in cardiometabolic risk factor distribution: a systematic review of the literature. International Journal of Health Geographics, 2019, 18, 1.	2.5	36
21	A case study of the experiences of junior medical officers in the emergency departments of a metropolitan hospital and rural hospital. Australian Journal of Rural Health, 2019, 27, 476-481.	1.5	2
22	Examining the Association between Neighbourhood Socioeconomic Disadvantage and Type 2 Diabetes Comorbidity in Serious Mental Illness. International Journal of Environmental Research and Public Health, 2019, 16, 3905.	2.6	6
23	Exploring the geography of serious mental illness and type 2 diabetes comorbidity in Illawarra-Shoalhaven, Australia (2010 -2017). PLoS ONE, 2019, 14, e0225992.	2.5	6
24	Validation of electronic medical data: Identifying diabetes prevalence in general practice. Health Information Management Journal, 2019, 48, 3-11.	1.2	8
25	General practitioners' attitudes towards acne management: Psychological morbidity and the need for collaboration. Australian Journal of General Practice, 2019, 48, 48-52.	0.8	5
26	Exploring opportunities for general practice registrars to manage older patients with chronic disease: A qualitative study. Australian Journal of General Practice, 2019, 48, 451-456.	0.8	1
27	Title is missing!. , 2019, 14, e0223179.		0
28	Title is missing!. , 2019, 14, e0223179.		0
29	Title is missing!. , 2019, 14, e0223179.		0
30	Title is missing!. , 2019, 14, e0223179.		0
31	Australian general practitioner attitudes to residential aged care facility visiting. Health and Social Care in the Community, 2018, 26, e497-e504.	1.6	4
32	Survival analysis using primary care electronic health record data: A systematic review of the literature. Health Information Management Journal, 2018, 47, 6-16.	1.2	4
33	Serious Mental Illness, Neighborhood Disadvantage, and Type 2 Diabetes Risk: A Systematic Review of the Literature. Journal of Primary Care and Community Health, 2018, 9, 215013271880202.	2.1	9
34	Junior doctors, burnout and wellbeing: Understanding the experience of burnout in general practice registrars and hospital equivalents. , 2018, 47, 571-575.		24
35	A feasibility study of team-based primary care for chronic disease management training in rural Australia. Australian Journal of Rural Health, 2017, 25, 66-67.	1.5	1
36	An exemplar of naturalistic inquiry in general practice research. Nurse Researcher, 2017, 24, 36-41.	0.5	17

#	ARTICLE	IF	CITATIONS
37	Heroic struggles, criminals and scientific breakthroughs: ADHD and the medicalization of child behaviour in Australian newsprint media 1999â€“2009. <i>International Journal of Qualitative Studies on Health and Well-being</i> , 2017, 12, 1298262.	1.6	9
38	The influence of funding models on collaboration in Australian general practice. <i>Australian Journal of Primary Health</i> , 2017, 23, 31.	0.9	17
39	Older patients' consultations in an apprenticeship modelâ€“based general practice training program: A crossâ€“sectional study. <i>Australasian Journal on Ageing</i> , 2017, 36, E1-E7.	0.9	8
40	A valuable approach to the use of electronic medical data in primary care research: Panning for gold. <i>Health Information Management Journal</i> , 2017, 46, 51-57.	1.2	5
41	Consumer knowledge about overâ€“theâ€“counter NSAIDs: they don't know what they don't know. <i>Australian and New Zealand Journal of Public Health</i> , 2017, 41, 210-214.	1.8	35
42	A qualitative study of collaboration in general practice: understanding the general practice nurse's role. <i>Journal of Clinical Nursing</i> , 2017, 26, 1960-1968.	3.0	63
43	Understanding collaboration in general practice: a qualitative study. <i>Family Practice</i> , 2017, 34, 621-626.	1.9	67
44	A mixed-methods feasibility study of routinely weighing patients in general practice to aid weight management. <i>Australian Family Physician</i> , 2017, 46, 928-933.	0.5	3
45	Teaching telehealth consultation skills. <i>Clinical Teacher</i> , 2016, 13, 119-123.	0.8	39
46	Positive Clinical Outcomes Are Synergistic With Positive Educational Outcomes When Using Telehealth Consulting in General Practice: A Mixed-Methods Study. <i>Journal of Medical Internet Research</i> , 2016, 18, e31.	4.3	18
47	The brave new world of older patients: preparing general practice training for an ageing population. <i>Primary Health Care Research and Development</i> , 2015, 16, 578-588.	1.2	1
48	Development of an Australian practice-based research network as a community of practice. <i>Australian Journal of Primary Health</i> , 2015, 21, 373.	0.9	4
49	Trends in uptake of the 75+ health assessment in Australia: a decade of evaluation. <i>Australian Journal of Primary Health</i> , 2015, 21, 423.	0.9	34
50	Area-Level Socioeconomic Gradients in Overweight and Obesity in a Community-Derived Cohort of Health Service Users â€“ A Cross-Sectional Study. <i>PLoS ONE</i> , 2015, 10, e0137261.	2.5	20
51	Benefits of Online Health Education: Perception from Consumers and Health Professionals. <i>Journal of Medical Systems</i> , 2015, 39, 27.	3.6	40
52	An integrative review of facilitators and barriers influencing collaboration and teamwork between general practitioners and nurses working in general practice. <i>Journal of Advanced Nursing</i> , 2015, 71, 1973-1985.	3.3	174
53	The Telehealth Skills, Training, and Implementation Project: An Evaluation Protocol. <i>JMIR Research Protocols</i> , 2015, 4, e2.	1.0	18
54	Feasibility of implementing routine nutritional screening for older adults in Australian general practices: a mixed-methods study. <i>BMC Family Practice</i> , 2014, 15, 186.	2.9	16

#	ARTICLE	IF	CITATIONS
55	Cross-sectional survey of older patients's views regarding multidisciplinary care for chronic conditions in general practice. Australian Journal of Primary Health, 2014, 20, 27.	0.9	5
56	Trust, continuity and agency: Keys to understanding older patients's attitudes to general practice trainees. Education for Health: Change in Learning and Practice, 2014, 27, 39.	0.3	5
57	Factors affecting medical students' sense of belonging in a longitudinal integrated clerkship. Australian Family Physician, 2014, 43, 53-7.	0.5	7
58	Usefulness of a virtual community of practice and Web 2.0 tools for general practice training: experiences and expectations of general practitioner registrars and supervisors. Australian Journal of Primary Health, 2013, 19, 292.	0.9	20
59	Perceptions of Family Physician Trainees and Trainers Regarding the Usefulness of a Virtual Community of Practice. Journal of Medical Internet Research, 2013, 15, e92.	4.3	33
60	'We are all time poor' -- is routine nutrition screening of older patients feasible?. Australian Family Physician, 2013, 42, 321-6.	0.5	21
61	The older patient, the general practitioner and the trainee: patients's attitudes and implications for training. Education for Primary Care, 2012, 23, 186-195.	0.6	10
62	General practice training and virtual communities of practice - a review of the literature. BMC Family Practice, 2012, 13, 87.	2.9	91
63	Health care reform--can we maintain personal continuity?. Australian Family Physician, 2010, 39, 455-6.	0.5	2
64	General practice registrars - attitudes of older patients. Australian Family Physician, 2010, 39, 419-24.	0.5	1
65	Patients's Attitudes to General Practice Registrars: A Review of the Literature. Education for Primary Care, 2009, 20, 371-378.	0.6	19
66	Will the NHHRC recommendations drive quality performance?. Australian Family Physician, 2009, 38, 913-4.	0.5	0
67	Older patients' attitudes to general practice registrars - A qualitative study. Australian Family Physician, 2009, 38, 927-31.	0.5	7
