#	Paper	IF	Citations
18	A 2-year longitudinal study of the relationship between masticatory function and progression to frailty or pre-frailty among community-dwelling Japanese aged 65 and older. <i>Journal of Oral Rehabilitation</i> , 2018 , 45, 864-870	3.4	34
17	Association of eating alone with oral frailty among community-dwelling older adults in Japan. <i>Archives of Gerontology and Geriatrics</i> , 2020 , 87, 104014	4	15
16	Validity of a visual scoring method using gummy jelly for evaluating chewing efficiency in a large-scale epidemiological survey. <i>Journal of Oral Rehabilitation</i> , 2019 , 46, 409-416	3.4	13
15	Rate of oral frailty and oral hypofunction in rural community-dwelling older Japanese individuals. <i>Gerodontology</i> , 2020 , 37, 342-352	2.8	12
14	A Two-Year Longitudinal Study of the Association between Oral Frailty and Deteriorating Nutritional Status among Community-Dwelling Older Adults. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 18,	4.6	12
13	Relationship between Chewing Ability and Nutritional Status in Japanese Older Adults: A Cross-Sectional Study. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	9
12	A comparison of colorimetric and visual methods for the assessment of masticatory performance with color-changeable chewing gum in older persons. <i>Journal of Dental Sciences</i> , 2021 , 16, 380-388	2.5	7
11	The Mini Nutritional Assessment-Short Form as a predictor of nursing home mortality in Japan: A 30-month longitudinal study. <i>Archives of Gerontology and Geriatrics</i> , 2020 , 86, 103954	4	6
10	Relationship between Oral Hypofunction and Sarcopenia in Community-Dwelling Older Adults: The Otassha Study. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	6
9	Oral hypofunction and malnutrition among community-dwelling older adults: Evidence from the Otassha study. <i>Gerodontology</i> , 2021 ,	2.8	6
8	Association between anorexia and hyposalivation in community-dwelling older adults in Japan: a 6-year longitudinal study. <i>BMC Geriatrics</i> , 2020 , 20, 504	4.1	5
7	Effect of an Oral Frailty Measures Program on Community-Dwelling Elderly People: A Cluster-Randomized Controlled Trial. <i>Gerontology</i> , 2021 , 1-10	5.5	3
6	Association between dry mouth and physical frailty among community-dwelling older adults in Japan: The Otassha Study. <i>Gerodontology</i> , 2021 ,	2.8	2
5	Relationship between Mortality and Oral Function of Older People Requiring Long-Term Care in Rural Areas of Japan: A Four-Year Prospective Cohort Study. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	2
4	Development of a simple method to measure masseter muscle mass. <i>Gerodontology</i> , 2020 , 37, 383-388	2.8	1
3	The effectiveness of a desensitization technique for mitigating oral and facial tactile hypersensitivity in institutionalized older persons: A randomized controlled trial. <i>Journal of Dental Sciences</i> , 2021 , 16, 987-993	2.5	1
2	Dietary variety is associated with sleep efficiency in urban-dwelling older adults: A longitudinal study. <i>Clinical Nutrition ESPEN</i> , 2021 , 41, 391-397	1.3	1

1 Denture wearing is associated with nutritional status among older adults requiring long-term care:
A cross-sectional study.. *Journal of Dental Sciences*, **2022**, 17, 500-506 2.5 1
