#	Paper	IF	Citations
51	Cervical cerclage placed before 14 weeks gestation in women with one previous midtrimester loss: A population-based cohort study. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2017 , 57, 593-598	1.7	6
50	Long-term outcomes for large for gestational age infants born at term. <i>Journal of Paediatrics and Child Health</i> , 2017 , 53, 876-881	1.3	23
49	Interpregnancy Interval and Adverse Pregnancy Outcomes: An Analysis of Successive Pregnancies. <i>Obstetrics and Gynecology</i> , 2017 , 130, 464-465	4.9	2
48	Immediate delivery compared with expectant management after preterm pre-labour rupture of the membranes close to term (PPROMT trial): a randomised controlled trial. <i>Lancet, The</i> , 2016 , 387, 444-52	4.0	138
47	Expectant management in pregnancies with ruptured membranes - Authorsreply. <i>Lancet, The</i> , 2016 , 387, 1996-7	4.0	
46	Early-onset preeclampsia appears to discourage subsequent pregnancy but the risks may be overestimated. <i>American Journal of Obstetrics and Gynecology</i> , 2016 , 215, 785.e1-785.e8	6.4	18
45	Treatment of vaginal candidiasis for the prevention of preterm birth: a systematic review and meta-analysis. <i>Systematic Reviews</i> , 2015 , 4, 31	3	30
44	Association of prelabor cesarean delivery with reduced mortality in twins born near term. <i>Obstetrics and Gynecology</i> , 2015 , 125, 103-110	4.9	20
43	Increased planned delivery contributes to declining rates of pregnancy hypertension in Australia: a population-based record linkage study. <i>BMJ Open</i> , 2015 , 5, e009313	3	8
42	In reply. <i>Obstetrics and Gynecology</i> , 2015 , 125, 1248-1249	4.9	
41	Reduced breast milk feeding subsequent to cosmetic breast augmentation surgery. <i>Medical Journal of Australia</i> , 2015 , 202, 324-8	4	8
40	Prosthetic heart valves in pregnancy: a systematic review and meta-analysis protocol. <i>Systematic Reviews</i> , 2014 , 3, 8	3	6
39	Rate of spontaneous onset of labour before planned repeat caesarean section at term. <i>BMC Pregnancy and Childbirth</i> , 2014 , 14, 125	3.2	11
38	Effects of maternal serum 25-hydroxyvitamin D concentrations in the first trimester on subsequent pregnancy outcomes in an Australian population. <i>American Journal of Clinical Nutrition</i> , 2014 , 99, 287-95	7	103
37	Heart valve prostheses in pregnancy: outcomes for women and their infants. <i>Journal of the American Heart Association</i> , 2014 , 3, e000953	6	11
36	The impact of cosmetic breast implants on breastfeeding: a systematic review and meta-analysis. <i>International Breastfeeding Journal</i> , 2014 , 9, 17	3.8	14
35	Predicting date of birth and examining the best time to date a pregnancy. <i>International Journal of Gynecology and Obstetrics</i> , 2013 , 123, 105-9	4	11

34	Reducing caesarean section rates--no easy task. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2013 , 53, 310-3	1.7	5
33	Second pregnancy outcomes for women with systemic lupus erythematosus. <i>Annals of the Rheumatic Diseases</i> , 2013 , 72, 547-51	2.4	26
32	Decreasing length of maternal hospital stay is not associated with increased readmission rates. <i>Australian and New Zealand Journal of Public Health</i> , 2012 , 36, 430-4	2.3	18
31	Trends and recurrence of placenta praevia: a population-based study. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2012 , 52, 483-6	1.7	12
30	Trends in planned early birth: a population-based study. <i>American Journal of Obstetrics and Gynecology</i> , 2012 , 207, 186.e1-8	6.4	35
29	Hospital data reporting on postpartum hemorrhage: under-estimates recurrence and over-estimates the contribution of uterine atony. <i>Maternal and Child Health Journal</i> , 2012 , 16, 1542-8	2.4	12
28	Incidence of severe adverse neonatal outcomes: use of a composite indicator in a population cohort. <i>Maternal and Child Health Journal</i> , 2012 , 16, 600-8	2.4	75
27	Mode of delivery may be the risk factor for infant infectious morbidity. <i>Archives of Disease in Childhood</i> , 2012 , 97, 759	2.2	3
26	Pathways to a rising caesarean section rate: a population-based cohort study. <i>BMJ Open</i> , 2012 , 2,	3	36
25	Quality of data in perinatal population health databases: a systematic review. <i>Medical Care</i> , 2012 , 50, e7-20	3.1	173
24	Population-based trends in pregnancy hypertension and pre-eclampsia: an international comparative study. <i>BMJ Open</i> , 2011 , 1, e000101	3	178
23	Pregnancy exposures and risk of childhood asthma admission in a population birth cohort. <i>Pediatric Allergy and Immunology</i> , 2011 , 22, 836-42	4.2	31
22	Trends in use of neonatal CPAP: a population-based study. <i>BMC Pediatrics</i> , 2011 , 11, 89	2.6	22
21	Seasonal variation in pregnancy hypertension is correlated with sunlight intensity. <i>American Journal of Obstetrics and Gynecology</i> , 2010 , 203, 215.e1-5	6.4	29
20	Record linkage to obtain birth outcomes for the evaluation of screening biomarkers in pregnancy: a feasibility study. <i>BMC Medical Research Methodology</i> , 2009 , 9, 48	4.7	12
19	Trends in adverse maternal outcomes during childbirth: a population-based study of severe maternal morbidity. <i>BMC Pregnancy and Childbirth</i> , 2009 , 9, 7	3.2	82
18	Regional block versus general anaesthesia for caesarean section and neonatal outcomes: a population-based study. <i>BMC Medicine</i> , 2009 , 7, 20	11.4	51
17	Twin deliveries and place of birth in NSW 2001-2005. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2009 , 49, 461-6	1.7	6

16	Birth at hospitals with co-located paediatric units for infants with correctable birth defects. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2008 , 48, 273-9	1.7	3
15	Reporting of routinely collected data by public and private hospitals. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2008 , 48, 521-2	1.7	4
14	The accuracy of reporting of the hypertensive disorders of pregnancy in population health data. <i>Hypertension in Pregnancy</i> , 2008 , 27, 285-97	2	136
13	Labor before a primary cesarean delivery: reduced risk of uterine rupture in a subsequent trial of labor for vaginal birth after cesarean. <i>Obstetrics and Gynecology</i> , 2008 , 112, 1061-6	4.9	33
12	Measuring maternal morbidity in routinely collected health data: development and validation of a maternal morbidity outcome indicator. <i>Medical Care</i> , 2008 , 46, 786-94	3.1	127
11	Postpartum haemorrhage occurrence and recurrence: a population-based study. <i>Medical Journal of Australia</i> , 2008 , 188, 731-731	4	
10	Postpartum haemorrhage occurrence and recurrence: a population-based study. <i>Medical Journal of Australia</i> , 2007 , 187, 391-3	4	44
9	Methods for dealing with discrepant records in linked population health datasets: a cross-sectional study. <i>BMC Health Services Research</i> , 2007 , 7, 12	2.9	9
8	Using hospital discharge data for determining neonatal morbidity and mortality: a validation study. <i>BMC Health Services Research</i> , 2007 , 7, 188	2.9	44
7	Placenta praevia: maternal morbidity and place of birth. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2005 , 45, 499-504	1.7	40
6	A meta-analysis of upright positions in the second stage to reduce instrumental deliveries in women with epidural analgesia. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2005 , 84, 794-8	3.8	33
5	Hypertensive disorders in pregnancy: a population-based study. <i>Medical Journal of Australia</i> , 2005 , 182, 332-5	4	134
4	Association of mean platelet volume with risk of stroke among 3134 individuals with history of cerebrovascular disease. <i>Stroke</i> , 2004 , 35, 622-6	6.7	260
3	Impact of first-stage ambulation on mode of delivery among women with epidural analgesia. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2004 , 44, 489-94	1.7	16
2	Delivery of singleton preterm infants in New South Wales, 1990-1997. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2003 , 43, 32-7	1.7	11
1	Operative delivery during labour: trends and predictive factors. <i>Paediatric and Perinatal Epidemiology</i> , 2002 , 16, 115-23	2.7	45
