| # | ARTICLE                                                                                                                                                                                                                          | IF  | CITATIONS |
|---|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1 | The use of a pedicled buccal fat pad for reconstruction of posterior mandibular defects. Maxillofacial Plastic and Reconstructive Surgery, 2021, 43, 23.                                                                         | 1.8 | 1         |
| 2 | A large invasive chondroblastoma on the temporomandibular joint and external auditory canal: a case report and literature review. Maxillofacial Plastic and Reconstructive Surgery, 2021, 43, 26.                                | 1.8 | 2         |
| 3 | Use of platelet-rich fibrin and natural bone regeneration in regenerative surgery. Journal of the Korean Association of Oral and Maxillofacial Surgeons, 2019, 45, 121.                                                          | 0.8 | 6         |
| 4 | Conservative surgical treatment for ameloblastoma: a report of three cases. Journal of the Korean Association of Oral and Maxillofacial Surgeons, 2018, 44, 242.                                                                 | 0.8 | 7         |
| 5 | The Effect of Fibronectin-Immobilized Microgrooved Titanium Substrata on Cell Proliferation and Expression of Genes and Proteins in Human Gingival Fibroblasts. Tissue Engineering and Regenerative Medicine, 2018, 15, 615-627. | 3.7 | 10        |
| 6 | Reconstruction of large oroantral defects using a pedicled buccal fat pad. Maxillofacial Plastic and Reconstructive Surgery, 2018, 40, 7.                                                                                        | 1.8 | 12        |
| 7 | The use of buccal fat pad in oral and maxillofacial reconstruction. Journal of the Korean Association of Oral and Maxillofacial Surgeons, 2017, 43, 287.                                                                         | 0.8 | 0         |
| 8 | Effect of microgrooves and fibronectin conjugation on the osteoblast marker gene expression and differentiation. Journal of Advanced Prosthodontics, 2015, 7, 496.                                                               | 2.6 | 4         |
| 9 | Mediastinitis: a case report. Journal of the Korean Association of Oral and Maxillofacial Surgeons, 2010, 36, 538.                                                                                                               | 0.8 | 1         |
