

Sanna Salanter

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/8392189/sanna-salantera-publications-by-year.pdf>

Version: 2024-04-10

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

204 papers	3,640 citations	33 h-index	51 g-index
217 ext. papers	4,320 ext. citations	2.5 avg, IF	5.47 L-index

#	Paper	IF	Citations
204	Developing a Health Game to Prepare Preschool Children for Anesthesia: Formative Study Using a Child-Centered Approach.. <i>JMIR Serious Games</i> , 2022 , 10, e31471	3.4	1
203	Sleep improvement intervention and its effect on patients' sleep on the ward. <i>Journal of Clinical Nursing</i> , 2022 , 31, 275-282	3.2	0
202	Promoting the health and wellbeing of children: A feasibility study of a digital tool among professionals.. <i>PLoS ONE</i> , 2022 , 17, e0265355	3.7	
201	Text Classification Model Explainability for Keyword Extraction Towards Keyword-Based Summarization of Nursing Care Episodes. <i>Studies in Health Technology and Informatics</i> , 2022 ,	0.5	
200	LGBTQ+ Students' Experiences of Junior High School Nursing in Finland: A Qualitative Study. <i>Journal of School Nursing</i> , 2021 , 37, 491-502	2.1	4
199	Getting into the Same Boat: Enabling the Realization of the Disabled Child's Agency in Adult-Child Play Interaction. <i>Scandinavian Journal of Disability Research</i> , 2021 , 23, 272-283	1.3	
198	Measuring Empowerment Counselling in Routine Primary Health Care: Psychometric Properties of a Portuguese Adaptation of the Empowering Speech Practices Scale. <i>Journal of Pediatric Nursing</i> , 2021 , 61, e79-e86	2.2	0
197	Pain Recognition With Electrocardiographic Features in Postoperative Patients: Method Validation Study. <i>Journal of Medical Internet Research</i> , 2021 , 23, e25079	7.6	3
196	Pain Assessment Tool With Electrodermal Activity for Postoperative Patients: Method Validation Study. <i>JMIR MHealth and UHealth</i> , 2021 , 9, e25258	5.5	5
195	Artificial intelligence in nursing: Priorities and opportunities from an international invitational think-tank of the Nursing and Artificial Intelligence Leadership Collaborative. <i>Journal of Advanced Nursing</i> , 2021 , 77, 3707-3717	3.1	7
194	How GPs can Recognize Persistent Frequent Attenders at Finnish Primary Health Care Using Electronic Patient Records. <i>Journal of Primary Care and Community Health</i> , 2021 , 12, 21501327211024417 ¹	2.1	1
193	A randomized clinical trial of a new perioperative practice model on anxiety and health-related quality of life in arthroplasty patients. <i>Nursing Open</i> , 2021 , 8, 1593-1605	2.1	1
192	Examining Empowerment Interventions With Families and Preschool Children: Systematic Review of Randomized Controlled Trials. <i>Health Education and Behavior</i> , 2021 , 10901981211031444	4.2	0
191	The Effectiveness of Individual Mental Health Interventions for Depressive, Anxiety and Conduct Disorder Symptoms in School Environment for Adolescents Aged 12-18-A Systematic Review.. <i>Frontiers in Psychiatry</i> , 2021 , 12, 779933	5	0
190	Two sides of the same well-child visit: Analysis of nurses' and families' perspectives on empowerment in health counselling. <i>Journal of Advanced Nursing</i> , 2020 , 76, 3448-3463	3.1	
189	Changing role of EMS -analyses of non-conveyed and conveyed patients in Finland. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2020 , 28, 45	3.6	14
188	An observational study of technical and non-technical skills in advanced life support in the clinical setting. <i>Resuscitation</i> , 2020 , 153, 162-168	4	4

187	Developing a pain intensity prediction model using facial expression: A feasibility study with electromyography. <i>PLoS ONE</i> , 2020 , 15, e0235545	3.7	3
186	Identifying nurse managers' essential information needs in daily unit operation in perioperative settings. <i>Nursing Open</i> , 2020 , 7, 793-803	2.1	3
185	A systematic review on randomized controlled trials: Coaching elements of digital services to support chronically ill adolescents during transition of care. <i>Journal of Advanced Nursing</i> , 2020 , 76, 1293-1306	3.1	6
184	Semantic Clustering to Augment Qualitative Content Analysis in Exploring Reasons for Emergency Department Transfer Delays. <i>Studies in Health Technology and Informatics</i> , 2020 , 275, 162-166	0.5	
183	Prospective Study Evaluating a Pain Assessment Tool in a Postoperative Environment: Protocol for Algorithm Testing and Enhancement. <i>JMIR Research Protocols</i> , 2020 , 9, e17783	2	3
182	Using Internet of Things in Healthcare 2020 , 105-113		
181	The Use of Gaming in Healthcare 2020 , 115-125		0
180	Health and medical device development for fundamental care: Scoping review. <i>Journal of Clinical Nursing</i> , 2020 , 29, 1822-1831	3.2	4
179	Comparing the Two Techniques for Nursing Staff Rescheduling to Streamline Nurse Managers' Daily Work in Finland. <i>CIN - Computers Informatics Nursing</i> , 2020 , 38, 148-156	1.4	3
178	The effect of a new perioperative practice model on length of hospital stay and on the surgical care process in patients undergoing hip and knee arthroplasty under spinal anesthesia: a randomized clinical trial. <i>BMC Nursing</i> , 2020 , 19, 73	3.2	0
177	Motor Performance in Children Diagnosed with Cancer: A Longitudinal Observational Study. <i>Children</i> , 2020 , 7,	2.8	2
176	Assisting nurses in care documentation: from automated sentence classification to coherent document structures with subject headings. <i>Journal of Biomedical Semantics</i> , 2020 , 11, 10	2.2	4
175	Supporting the use of standardized nursing terminologies with automatic subject heading prediction: a comparison of sentence-level text classification methods. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2020 , 27, 81-88	8.6	4
174	The Association between the Preference for Active Play and Neurological Development in Toddlers: A Register-Based Study. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	3
173	A Digital Service Logistics Information System for Emergency Department Care Coordination - Professionals' Experiences. <i>Studies in Health Technology and Informatics</i> , 2020 , 270, 1177-1178	0.5	2
172	The nurse manager's role in perioperative settings: An integrative literature review. <i>Journal of Nursing Management</i> , 2019 , 27, 918-929	4.9	3
171	The psychosocial self-efficacy in adolescents with type 1 diabetes. <i>Nursing Open</i> , 2019 , 6, 514-525	2.1	6
170	Encountering sexual and gender minority youth in healthcare: an integrative review. <i>Primary Health Care Research and Development</i> , 2019 , 20, e30	1.6	3

169	A Typology of Breastfeeding Mothers of Preterm Infants: A Qualitative Analysis. <i>Advances in Neonatal Care</i> , 2019 , 19, 42-50	2	5
168	Finnish adolescents' self-efficacy in peer interactions: a critical incident study. <i>Health Promotion International</i> , 2019 , 34, 961-969	3	2
167	Associations Between Daytime Sleepiness, Psychological Symptoms, Headache, and Abdominal Pain in Schoolchildren. <i>Journal of School Nursing</i> , 2019 , 35, 279-286	2.1	3
166	Acute pain intensity monitoring with the classification of multiple physiological parameters. <i>Journal of Clinical Monitoring and Computing</i> , 2019 , 33, 493-507	2	26
165	Changes in the amount of sleep and daytime sleepiness: A follow-up study of schoolchildren from ages 10 to 15 years. <i>International Journal of Nursing Practice</i> , 2019 , 25, e12689	2.3	3
164	Information needs of digestive tract surgery patients before and after surgery: an exploratory study of western Lithuania.. <i>Medical Science Pulse</i> , 2019 , 13, 14-16	0.2	
163	Skin Conductance Response to Gradual-Increasing Experimental Pain. <i>Annual International Conference of the IEEE Engineering in Medicine and Biology Society IEEE Engineering in Medicine and Biology Society Annual International Conference</i> , 2019 , 2019, 3482-3485	0.9	4
162	Focus Group Interviews in Child, Youth, and Parent Research: An Integrative Literature Review. <i>International Journal of Qualitative Methods, The</i> , 2019 , 18, 160940691988727	3.3	51
161	The effect of an active video game intervention on physical activity, motor performance, and fatigue in children with cancer: a randomized controlled trial. <i>BMC Research Notes</i> , 2019 , 12, 784	2.3	6
160	Secondary use of electronic health records: Availability aspects in two Nordic countries. <i>Health Information Management Journal</i> , 2019 , 48, 144-151	2.6	
159	Pain process of patients with cardiac surgery-Semantic annotation of electronic patient record data. <i>Journal of Clinical Nursing</i> , 2019 , 28, 1555-1567	3.2	
158	Information needs in day-to-day operations management in hospital units: A cross-sectional national survey. <i>Journal of Nursing Management</i> , 2019 , 27, 233-244	4.9	3
157	Unsupervised Phrase-Level Query Rewriting for Assisting Search in Clinical Free Text. <i>Studies in Health Technology and Informatics</i> , 2019 , 264, 1550-1551	0.5	1
156	Protocol for digital intervention for effective health promotion of small children-A cluster randomized trial. <i>Journal of Advanced Nursing</i> , 2018 , 74, 1685-1699	3.1	1
155	Ontology Development for Patient Education Documents Using a Professional- and Patient-Oriented Delphi Method. <i>CIN - Computers Informatics Nursing</i> , 2018 , 36, 448-457	1.4	0
154	The prevalence of neck-shoulder pain, back pain and psychological symptoms in association with daytime sleepiness - a prospective follow-up study of school children aged 10 to 15. <i>Scandinavian Journal of Pain</i> , 2018 , 18, 389-397	1.9	7
153	Assessing managerial information needs: Modification and evaluation of the Hospital Shift Leaders' Information Needs Questionnaire. <i>Journal of Nursing Management</i> , 2018 , 26, 108-119	4.9	3
152	Reliability of three linguistically and culturally validated pain assessment tools for sedated ICU patients by ICU nurses in Finland. <i>Scandinavian Journal of Pain</i> , 2018 , 18, 165-173	1.9	2

151	Feasibility of mobile health game "Fume" in supporting tobacco-related health literacy among early adolescents: A three-armed cluster randomized design. <i>International Journal of Medical Informatics</i> , 2018 , 113, 26-37	5.3	10
150	Adaptation of pain scales for parent observation: are pain scales and symptoms useful in detecting pain of young children with the suspicion of acute otitis media?. <i>BMC Pediatrics</i> , 2018 , 18, 392	2.6	5
149	Rescheduling nursing staff with information technology-based staffing solutions: a scoping review. <i>International Journal of Healthcare Technology and Management</i> , 2018 , 17, 145	0.3	2
148	Improving Layman Readability of Clinical Narratives with Unsupervised Synonym Replacement. <i>Studies in Health Technology and Informatics</i> , 2018 , 247, 725-729	0.5	1
147	Front-Line Physicians' Satisfaction with Information Systems in Hospitals. <i>Studies in Health Technology and Informatics</i> , 2018 , 247, 865-869	0.5	1
146	Nursing Leaders' Satisfaction with Information Systems in the Day-to-Day Operations Management in Hospital Units. <i>Studies in Health Technology and Informatics</i> , 2018 , 250, 203-207	0.5	2
145	Testing an Instrument for Assessing Nursing Intensity in Perioperative Settings: Construct Validity. <i>International Journal of Nursing Knowledge</i> , 2017 , 28, 233-240	1.1	3
144	The Internet of Things for basic nursing care-A scoping review. <i>International Journal of Nursing Studies</i> , 2017 , 69, 78-90	5.8	55
143	Association of Self-Perceived Physical Competence and Leisure-Time Physical Activity in Childhood-A Follow-Up Study. <i>Journal of School Health</i> , 2017 , 87, 236-243	2.1	6
142	Video education for critical care nurses to assess pain with a behavioural pain assessment tool: A descriptive comparative study. <i>Intensive and Critical Care Nursing</i> , 2017 , 42, 68-74	3.1	14
141	Physical activity among children: objective measurements using Fitbit One and ActiGraph. <i>BMC Research Notes</i> , 2017 , 10, 161	2.3	27
140	Designing a Health-Game Intervention Supporting Health Literacy and a Tobacco-Free Life in Early Adolescence. <i>Games for Health Journal</i> , 2017 , 6, 187-199	4.2	9
139	The Criterion Validity, Reliability, and Feasibility of an Instrument for Assessing the Nursing Intensity in Perioperative Settings. <i>Nursing Research and Practice</i> , 2017 , 2017, 1048052	1.9	2
138	Towards improving shift leaders' information management in intensive care units: developing and testing a model for a management information system. <i>International Journal of Telemedicine and Clinical Practices</i> , 2017 , 2, 343	0.3	
137	Development of an instrument for the evaluation of advanced life support performance. <i>Acta Anaesthesiologica Scandinavica</i> , 2017 , 61, 1215-1231	1.9	1
136	Validation of Finnish Neecham Confusion Scale and Nursing Delirium Screening Scale using Confusion Assessment Method algorithm as a comparison scale. <i>BMC Nursing</i> , 2017 , 16, 7	3.2	13
135	Health game interventions to enhance physical activity self-efficacy of children: a quantitative systematic review. <i>Journal of Advanced Nursing</i> , 2017 , 73, 794-811	3.1	28
134	2017,		8

133	Indoor positioning system for movement path analysis in healthcare institutions. <i>Finnish Journal of EHealth and EWelfare</i> , 2017 , 9, 112	2	5
132	A Proxy-Based Solution for Asynchronous Telemedical Systems. <i>International Journal of E-Health and Medical Communications</i> , 2017 , 8, 70-83	1.4	1
131	Nursing students' knowledge about an empowering discourse: Pretest and posttest assessment. <i>Collegian</i> , 2016 , 23, 293-301	1.6	
130	Empowering knowledge and its connection to health-related quality of life: A cross-cultural study: A concise and informative title: Empowering knowledge and its connection to health-related quality of life. <i>Applied Nursing Research</i> , 2016 , 29, 211-6	1.8	15
129	Normalizing acronyms and abbreviations to aid patient understanding of clinical texts: ShARe/CLEF eHealth Challenge 2013, Task 2. <i>Journal of Biomedical Semantics</i> , 2016 , 7, 43	2.2	11
128	Association between amount of sleep, daytime sleepiness and health-related quality of life in schoolchildren. <i>Journal of Advanced Nursing</i> , 2016 , 72, 1263-72	3.1	17
127	Comparison of automatic summarisation methods for clinical free text notes. <i>Artificial Intelligence in Medicine</i> , 2016 , 67, 25-37	7.4	25
126	IoT-based remote facial expression monitoring system with sEMG signal 2016 ,		24
125	Factors Affecting the Availability of Electronic Patient Records for Secondary Purposes [A Case Study. <i>Communications in Computer and Information Science</i> , 2016 , 47-56	0.3	1
124	Information Management in the Daily Care Coordination in the Intensive Care Unit. <i>Communications in Computer and Information Science</i> , 2016 , 238-252	0.3	
123	The quality of recovery on discharge from hospital, a comparison between patients undergoing hip and knee replacement - a European study. <i>Journal of Clinical Nursing</i> , 2016 , 25, 2489-501	3.2	16
122	Nurse managers' decision-making in daily unit operation in peri-operative settings: a cross-sectional descriptive study. <i>Journal of Nursing Management</i> , 2016 , 24, 806-15	4.9	8
121	Breastfeeding preterm infants - a randomized controlled trial of the effectiveness of an Internet-based peer-support group. <i>Journal of Advanced Nursing</i> , 2016 , 72, 2495-507	3.1	17
120	Predictors of Breastfeeding Initiation and Frequency for Preterm Infants in the NICU. <i>JOGNN - Journal of Obstetric, Gynecologic, and Neonatal Nursing</i> , 2016 , 45, 346-58	1.2	14
119	Spouse-related factors associated with quality of recovery of patients after hip or knee replacement - a Nordic perspective. <i>International Journal of Orthopaedic and Trauma Nursing</i> , 2016 , 23, 32-46	1.1	9
118	Postoperative pain documentation in a hospital setting: A topical review. <i>Scandinavian Journal of Pain</i> , 2016 , 11, 77-89	1.9	7
117	A real-time Excel-based scheduling solution for nursing staff reallocation. <i>Nursing Management</i> , 2016 , 23, 22-29	1.4	2
116	Determinants of tobacco-related health literacy: A qualitative study with early adolescents. <i>International Journal of Nursing Studies</i> , 2016 , 62, 71-80	5.8	10

115	Decision-Making to Support Smooth Daily Unit Operation in Perioperative Settings. <i>Studies in Health Technology and Informatics</i> , 2016 , 225, 864-5	0.5	1
114	An Integrated Literature Review of the Knowledge Needs of Parents With Children With Special Health Care Needs and of Instruments to Assess These Needs. <i>Infants and Young Children</i> , 2015 , 28, 46-71	1	12
113	Care episode retrieval: distributional semantic models for information retrieval in the clinical domain. <i>BMC Medical Informatics and Decision Making</i> , 2015 , 15 Suppl 2, S2	3.6	17
112	Early career experiences and perceptions - a qualitative exploration of the turnover of young registered nurses and intention to leave the nursing profession in Finland. <i>Journal of Nursing Management</i> , 2015 , 23, 1050-7	4.9	62
111	Knowledge received by hospital patients--a factor connected with the patient-centred quality of nursing care. <i>International Journal of Nursing Practice</i> , 2015 , 21, 689-98	2.3	11
110	Registered Nurses' Experiences with the Medication Administration Process. <i>Advances in Nursing</i> , 2015 , 2015, 1-10		6
109	An Integrative Literature Review of Organisational Factors Associated with Admission and Discharge Delays in Critical Care. <i>BioMed Research International</i> , 2015 , 2015, 868653	3	9
108	Aiming to be a breastfeeding mother in a neonatal intensive care unit and at home: a thematic analysis of peer-support group discussion in social media. <i>Maternal and Child Nutrition</i> , 2015 , 11, 712-26	3.4	38
107	Interdisciplinary engineering education - Practice based case 2014 ,		2
106	Translation and cultural adaptation of an objective pain assessment tool for Finnish ICU patients. <i>Scandinavian Journal of Caring Sciences</i> , 2014 , 28, 885-94	2.3	15
105	Promoting Children's Health with Digital Games: A Review of Reviews. <i>Games for Health Journal</i> , 2014 , 3, 145-56	4.2	38
104	Active video games to promote physical activity in children with cancer: a randomized clinical trial with follow-up. <i>BMC Pediatrics</i> , 2014 , 14, 94	2.6	23
103	Internet-based peer support for parents: a systematic integrative review. <i>International Journal of Nursing Studies</i> , 2014 , 51, 1524-37	5.8	112
102	Statistical parsing of varieties of clinical Finnish. <i>Artificial Intelligence in Medicine</i> , 2014 , 61, 131-6	7.4	7
101	Enterprise Resource Planning Systems in Healthcare. <i>International Journal of Information Systems in the Service Sector</i> , 2014 , 6, 36-50	0.7	4
100	The habilitation nursing of children with developmental disabilities--beyond traditional nursing practices and principles?. <i>International Journal of Qualitative Studies on Health and Well-being</i> , 2014 , 9, 23106	2	5
99	A new participative, family-oriented health counseling approach for children and their families: a comparative qualitative analysis. <i>Journal of Community Health Nursing</i> , 2014 , 31, 90-102	1	1
98	A Proxy-Based Security Solution for Web-Based Online eHealth Services. <i>Communications in Computer and Information Science</i> , 2014 , 168-176	0.3	4

97	Predicting patient acuity from electronic patient records. <i>Journal of Biomedical Informatics</i> , 2014 , 51, 35-40	10.2	26
96	Fulfilment of knowledge expectations and emotional state among people undergoing hip replacement: a multi-national survey. <i>International Journal of Nursing Studies</i> , 2014 , 51, 1491-9	5.8	28
95	Information Management Efforts in Improving Patient Safety in Critical Care - A Review of the Literature. <i>Communications in Computer and Information Science</i> , 2014 , 131-143	0.3	
94	Documentation of the Clinical Phase of the Cardiac Rehabilitation Process in a Finnish University Hospital District. <i>Communications in Computer and Information Science</i> , 2014 , 57-67	0.3	
93	National survey focusing on the crucial information needs of intensive care charge nurses and intensivists: same goal, different demands. <i>BMC Medical Informatics and Decision Making</i> , 2013 , 13, 15	3.6	7
92	The association between physicians' attitudes to psychosocial aspects of low back pain and reported clinical behaviour: A complex issue. <i>Scandinavian Journal of Pain</i> , 2013 , 4, 25-30	1.9	15
91	Evaluating perioperative nursing in Finland: an initial validation of perioperative nursing data set outcomes. <i>AORN Journal</i> , 2013 , 98, 172-85	0.6	4
90	Early physical contact between a mother and her NICU-infant in two university hospitals in Finland. <i>Midwifery</i> , 2013 , 29, 1321-30	2.8	15
89	Mobile dictation for healthcare professionals 2013 ,		2
88	Nursing student control over using a computer simulation program about empowering discourse. <i>CIN - Computers Informatics Nursing</i> , 2013 , 31, 512-22	1.4	5
87	Validation of the core elements of perioperative nursing. <i>Journal of Clinical Nursing</i> , 2013 , 22, 1391-9	3.2	12
86	Crucial information needs of ICU charge nurses in Finland and Greece. <i>Nursing in Critical Care</i> , 2013 , 18, 142-53	2.7	9
85	Information utilization in tactical decision making of middle management health managers. <i>CIN - Computers Informatics Nursing</i> , 2013 , 31, 9-16	1.4	7
84	Using cluster analysis to identify weak signals of lethal trends in aviation and healthcare documentation. <i>International Journal of Networking and Virtual Organisations</i> , 2013 , 13, 66	0.4	2
83	Information systems in hospitals: a review article from a nursing management perspective. <i>International Journal of Networking and Virtual Organisations</i> , 2013 , 13, 81	0.4	8
82	Young registered nurses' intention to leave the profession and professional turnover in early career: a qualitative case study. <i>ISRN Nursing</i> , 2013 , 2013, 916061		48
81	Overview of the ShARe/CLEF eHealth Evaluation Lab 2013. <i>Lecture Notes in Computer Science</i> , 2013 , 212-231	231	76
80	Ambulatory orthopaedic surgery patients' symptoms with two different patient education methods. <i>International Journal of Orthopaedic and Trauma Nursing</i> , 2012 , 16, 13-20	1.1	8

79	The Weighty Matter intervention: a family-centered way to tackle an overweight childhood. <i>Journal of Community Health Nursing</i> , 2012 , 29, 39-52	1	6
78	Using respiratory rate and thoracic movement to assess respiratory insufficiency in amyotrophic lateral sclerosis: a preliminary study. <i>BMC Palliative Care</i> , 2012 , 11, 26	3	2
77	Ambulatory orthopaedic surgery patients' knowledge with internet-based education. <i>Methods of Information in Medicine</i> , 2012 , 51, 295-300	1.5	10
76	Facilitating and hindering factors in the realization of disabled children's agency in institutional contexts: literature review. <i>Disability and Society</i> , 2012 , 27, 793-807	1.8	9
75	Ambulatory orthopaedic surgery patients' emotions when using different patient education methods. <i>Journal of Perioperative Practice</i> , 2012 , 22, 226-31	0.4	11
74	Governance of Managerial Information Needed by Nurse Managers in Hospitals [A Literature Review. <i>Communications in Computer and Information Science</i> , 2012 , 104-118	0.3	
73	Avoiding Hazards [What Can Health Care Learn from Aviation?]. <i>Communications in Computer and Information Science</i> , 2012 , 119-127	0.3	
72	Managing daily intensive care activities: an observational study concerning ad hoc decision making of charge nurses and intensivists. <i>Critical Care</i> , 2011 , 15, R188	10.8	21
71	Ambulatory orthopaedic surgery patient education and cost of care. <i>Orthopaedic Nursing</i> , 2011 , 30, 20-80.9	0.9	14
70	Fatigue in young survivors of extracranial childhood cancer: a Finnish nationwide survey. <i>Oncology Nursing Forum</i> , 2011 , 38, E445-54	1.7	7
69	The experience of hospital-related fears of 4- to 6-year-old children. <i>Child: Care, Health and Development</i> , 2011 , 37, 719-26	2.8	45
68	Critical incidents and important information in the care processes of patients with cardiac symptoms. <i>Journal of Nursing Management</i> , 2011 , 19, 209-17	4.9	0
67	Characteristics of Finnish and Swedish intensive care nursing narratives: a comparative analysis to support the development of clinical language technologies. <i>Journal of Biomedical Semantics</i> , 2011 , 2 Suppl 3, S1	2.2	11
66	Self-reported health-related quality of life of children and adolescent survivors of extracranial childhood malignancies: a Finnish nationwide survey. <i>Quality of Life Research</i> , 2011 , 20, 787-97	3.7	10
65	Cancer related factors do not explain the quality of life scores for childhood cancer survivors analysed with two different generic HRQL instruments. <i>Cancer Epidemiology</i> , 2011 , 35, 202-10	2.8	12
64	Dental patient education: a survey from the perspective of dental hygienists. <i>International Journal of Dental Hygiene</i> , 2010 , 8, 121-7	2.6	8
63	Mothers' different styles of involvement in preterm infant pain care. <i>JOGNN - Journal of Obstetric, Gynecologic, and Neonatal Nursing</i> , 2010 , 39, 415-24	1.2	46
62	The use of nursing diagnoses in perioperative documentation. <i>International Journal of Nursing Knowledge</i> , 2010 , 21, 57-68		14

61	Coping with hospital-related fears: experiences of pre-school-aged children. <i>Journal of Advanced Nursing</i> , 2010 , 66, 1222-31	3.1	39
