| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 1  | Ethical Guidance for Hard Decisions: A Critical Review of Early International COVID-19 ICU Triage Guidelines. <i>Health Care Analysis</i> , 2022, 30, 163-195.  | 1.4 | 12        |
| 2  | Women's Experiences of and Perspectives on Transvaginal Mesh Surgery for Stress Urine Incontinency and Pelvic Organ Prolapse: A Qualitative Systematic Review. <i>Patient</i> , 2022, 15, 157-169.              | 1.1 | 10        |
| 3  | Artificial intelligence (AI) to enhance breast cancer screening: protocol for population-based cohort study of cancer detection. <i>BMJ Open</i> , 2022, 12, e054005.   | 0.8 | 11        |
| 4  | Direct-to-consumer pathology tests and medical overuse in Australia: Ethical, clinical and public health implications. <i>Pathology</i> , 2022, 54, S6.   | 0.3 | 0         |
| 5  | Mapping precision public health definitions, terminology and applications: a scoping review protocol. <i>BMJ Open</i> , 2022, 12, e058069.  | 0.8 | 2         |
| 6  | Direct-to-consumer detection of atrial fibrillation in a smartwatch electrocardiogram: Medical overuse, medicalisation and the experience of consumers. <i>Social Science and Medicine</i> , 2022, 303, 114954. | 1.8 | 11        |
| 7  | "Get your own house in order": Qualitative dialogue groups with nonvaccinating parents on how measles outbreaks in their community should be managed. <i>Health Expectations</i> , 2022, 25, 1678-1690.         | 1.1 | 4         |
| 8  | Reports of new healthcare AI interventions should include systematic ethical evaluations. <i>Bioethics</i> , 2022, 36, 728-730.   | 0.7 | 0         |
| 9  | Sharing precision medicine data with private industry: Outcomes of a citizens' jury in Singapore. <i>Big Data and Society</i> , 2022, 9, 205395172211089.   | 2.6 | 3         |
| 10 | Public views on ethical issues in healthcare artificial intelligence: protocol for a scoping review. <i>Systematic Reviews</i> , 2022, 11, .  | 2.5 | 4         |
| 11 | Terminology Change for Small Low-Risk Papillary Thyroid Cancer As a Response to Overtreatment: Results from Three Australian Community Juries. <i>Thyroid</i> , 2021, 31, 1067-1075.                            | 2.4 | 10        |
| 12 | Priority allocation of pandemic influenza vaccines in Australia – Recommendations of 3 community juries. <i>Vaccine</i> , 2021, 39, 255-262.  | 1.7 | 15        |
| 13 | Midwifery care of non-vaccinating families – Insights from the Byron Shire. <i>Women and Birth</i> , 2021, 34, e416-e425.   | 0.9 | 1         |
| 14 | Why Does Cancer Screening Persist Despite the Potential to Harm?. <i>Science, Technology and Society</i> , 2021, 26, 24-40.   | 1.1 | 6         |
| 15 | Overdiagnosis: one concept, three perspectives, and a model. <i>European Journal of Epidemiology</i> , 2021, 36, 361-366.   | 2.5 | 4         |
| 16 | The role of older patients' goals in GP decision-making about medicines: a qualitative study. <i>BMC Family Practice</i> , 2021, 22, 13.  | 2.9 | 14        |
| 17 | Sharing administrative health data with private industry: A report on two citizens' juries. <i>Health Expectations</i> , 2021, 24, 1337-1348.   | 1.1 | 15        |
| 18 | Evaluation of artificial intelligence clinical applications: Detailed case analyses show value of healthcare ethics approach in identifying patient care issues. <i>Bioethics</i> , 2021, 35, 623-633.          | 0.7 | 15        |

| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 19 | Conducting Qualitative Research Online: Challenges and Solutions. <i>Patient</i> , 2021, 14, 711-718.  | 1.1 | 69        |
| 20 | Authorsâ€™ reply to Grundtvig Gram et al.. <i>European Journal of Epidemiology</i> , 2021, 36, 657-658.  | 2.5 | 1         |
| 21 | General practitionersâ€™ (GPs) understanding and views on breast density in Australia: a qualitative interview study. <i>BMJ Open</i> , 2021, 11, e047513.   | 0.8 | 8         |
| 22 | How do people understand overtesting and overdiagnosis? Systematic review and meta-synthesis of qualitative research. <i>Social Science and Medicine</i> , 2021, 285, 114255.  | 1.8 | 17        |
| 23 | Sharing Government Health Data With the Private Sector: Community Attitudes Survey. <i>Journal of Medical Internet Research</i> , 2021, 23, e24200.  | 2.1 | 19        |
| 24 | Stigmatized for standing up for my child: A qualitative study of non-vaccinating parents in Australia. <i>SSM - Population Health</i> , 2021, 16, 100926.  | 1.3 | 19        |
| 25 | Labels matter: Use and non-use of â€œanti-vaxâ€™ framing in Australian media discourse 2008â€“2018. <i>Social Science and Medicine</i> , 2021, 291, 114502.  | 1.8 | 15        |
| 26 | The ethical, legal and social implications of using artificial intelligence systems in breast cancer care. <i>Breast</i> , 2020, 49, 25-32.  | 0.9 | 125       |
| 27 | How do patients and the public understand overtesting and overdiagnosis? A protocol for a thematic meta-synthesis of qualitative research. <i>BMJ Open</i> , 2020, 10, e037283.  | 0.8 | 3         |
| 28 | Parenting and the vaccine refusal process: A new explanation of the relationship between lifestyle and vaccination trajectories. <i>Social Science and Medicine</i> , 2020, 263, 113259.   | 1.8 | 33        |
| 29 | Perspectives of Vietnamese, Sudanese and South Sudanese immigrants on targeting migrant communities for latent tuberculosis screening and treatment in lowâ€‰incidence settings: A report on two Victorian community panels. <i>Health Expectations</i> , 2020, 23, 1431-1440. | 1.1 | 6         |
| 30 | Reporting of screening and diagnostic AI rarely acknowledges ethical, legal, and social implications: a mass media frame analysis. <i>BMC Medical Informatics and Decision Making</i> , 2020, 20, 325.   | 1.5 | 3         |
| 31 | The introduction and demise of full-body computed tomography (CT) scanning in Australia: implications for preventing overdiagnosis. <i>Critical Public Health</i> , 2020, , 1-13.  | 1.4 | 0         |
| 32 | Methodological challenges in deliberative empirical ethics. <i>Journal of Medical Ethics</i> , 2020, 46, 382-383.  | 1.0 | 6         |
| 33 | Community perspectives on the benefits and risks of technologically enhanced communicable disease surveillance systems: a report on four community juries. <i>BMC Medical Ethics</i> , 2020, 21, 31.   | 1.0 | 12        |
| 34 | Evidence-based cervical screening: expertsâ€™ normative views of evidence and the role of the â€œevidence-based brandâ€™. <i>Evidence and Policy</i> , 2020, 16, 359-374.  | 0.5 | 3         |
| 35 | Community Attitudes Towards Sharing Government Health Data with Private Companies: A Scoping Review. <i>International Journal of Population Data Science</i> , 2020, 5, .  | 0.1 | 0         |
| 36 | Developing Best Practice in Linking and Sharing Administrative Data â€“ A Comparison of Views in Health and Higher Education. <i>International Journal of Population Data Science</i> , 2020, 5, .   | 0.1 | 0         |

| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 37 | Pharmacists and patients sharing decisions about medicines: Development and feasibility of a conversation guide. <i>Research in Social and Administrative Pharmacy</i> , 2019, 15, 682-690.                                  | 1.5 | 19        |
| 38 | Accounts from developers of generic health state utility instruments explain why they produce different QALYs: A qualitative study. <i>Social Science and Medicine</i> , 2019, 240, 112560.                                  | 1.8 | 10        |
| 39 | Developing and applying a deductive coding framework to assess the goals of Citizen/Community Jury deliberations. <i>Health Expectations</i> , 2019, 22, 537-546.  | 1.1 | 7         |
| 40 | Risk, Overdiagnosis and Ethical Justifications. <i>Health Care Analysis</i> , 2019, 27, 231-248.   | 1.4 | 9         |
| 41 | 7â€¦How should we communicate about overdiagnosis? When we talk about overdiagnosis, what do people hear?. , 2019, , .   |     | 0         |
| 42 | 2â€¦Whatâ€™s in a name? Defining and labelling disease and its role in reducing overdiagnosis and overtreatment. , 2019, , .   |     | 1         |
| 43 | 65â€¦Ethical, legal and social implications of artificial intelligence systems for screening and diagnosis. , 2019, , .  |     | 1         |
| 44 | Understanding non-vaccinating parentsâ€™ views to inform and improve clinical encounters: a qualitative study in an Australian community. <i>BMJ Open</i> , 2019, 9, e026299.  | 0.8 | 47        |
| 45 | Smoking to fit a stigmatised identity? A qualitative study of marginalised young people in Australia. <i>Health (United Kingdom)</i> , 2019, 23, 306-324.  | 0.9 | 10        |
| 46 | Grounded Theory and Empirical Ethics. , 2019, , 547-563.   |     | 0         |
| 47 | 20â€¦Why are the harms of overdiagnosis treated less seriously than other iatrogenic harms?. , 2019, , .   |     | 0         |
| 48 | Decision-Making Preferences and Deprescribing: Perspectives of Older Adults and Companions About Their Medicines. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2018, 73, e98-e107. | 2.4 | 94        |
| 49 | Primary goals, information-giving and menâ€™s understanding: a qualitative study of Australian and UK doctorsâ€™ varied communication about PSA screening. <i>BMJ Open</i> , 2018, 8, e018009.                               | 0.8 | 10        |
| 50 | Assessing the public acceptability of proposed policy interventions to reduce the misuse of antibiotics in Australia: A report on two community juries. <i>Health Expectations</i> , 2018, 21, 90-99.                        | 1.1 | 20        |
| 51 | Revealing the complexity of quitting smoking: a qualitative grounded theory study of the natural history of quitting in Australian ex-smokers. <i>Tobacco Control</i> , 2018, 27, 568-576.                                   | 1.8 | 9         |
| 52 | The pivotal position of 'liaison people': facilitating a research utilisation intervention in policy agencies. <i>Evidence and Policy</i> , 2018, 14, 7-34.  | 0.5 | 3         |
| 53 | Should women aged 70â€“74 be invited to participate in screening mammography? A report on two Australian community juries. <i>BMJ Open</i> , 2018, 8, e021174.   | 0.8 | 21        |
| 54 | 12â€¦The introduction and demise of full body computed tomography (CT) scanning in australia: implications for preventing overdiagnosis. , 2018, , .   |     | 0         |

| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 55 | 66â€¦Preventing overtreatment in older age by prioritising medicines. , 2018, , .  |     | 0         |
| 56 | Defining, Estimating, and Communicating Overdiagnosis in Cancer Screening. <i>Annals of Internal Medicine</i> , 2018, 169, 823.  | 2.0 | 0         |
| 57 | Australia is responding to the complex challenge of overdiagnosis. <i>Medical Journal of Australia</i> , 2018, 209, 332-334.   | 0.8 | 17        |
| 58 | Debating diversity: a commentary on Standards of practice in empirical bioethics research. <i>BMC Medical Ethics</i> , 2018, 19, 67.   | 1.0 | 1         |
| 59 | Valuing Healthcare Improvement: Implicit Norms, Explicit Normativity, and Human Agency. <i>Health Care Analysis</i> , 2018, 26, 189-205.   | 1.4 | 13        |
| 60 | <scp>CJC</scp>heck Stage 1: development and testing of a checklist for reporting community juries â€œ Delphi process and analysis of studies published in 1996â€œ2015. <i>Health Expectations</i> , 2017, 20, 626-637.             | 1.1 | 23        |
| 61 | A Code of Ethics for Social Marketing? Bridging Procedural Ethics and Ethics-in-Practice. <i>Journal of Nonprofit and Public Sector Marketing</i> , 2017, 29, 20-38.   | 0.9 | 9         |
| 62 | Influencing health policy through public deliberation: Lessons learned from two decades of Citizens'/community juries. <i>Social Science and Medicine</i> , 2017, 179, 166-171.  | 1.8 | 53        |
| 63 | Avoiding harm and supporting autonomy are under-prioritised in cancer-screening policies and practices. <i>European Journal of Cancer</i> , 2017, 85, 1-5.   | 1.3 | 15        |
| 64 | Overdiagnosis, ethics, and trolley problems: why factors other than outcomes matterâ€œ”an essay by Stacy Carter. <i>BMJ: British Medical Journal</i> , 2017, 358, j3872.   | 2.4 | 14        |
| 65 | Measured, opportunistic, unexpected and naïve quitting: a qualitative grounded theory study of the process of quitting from the ex-smokersâ€™ perspective. <i>BMC Public Health</i> , 2017, 17, 430.                               | 1.2 | 6         |
| 66 | Ethics and Health Promotion. , 2017, , 1-6.  |     | 0         |
| 67 | Overdiagnosis: An Important Issue That Demands Rigour and Precision Comment on "Medicalisation and Overdiagnosis: What Society Does to Medicine". <i>International Journal of Health Policy and Management</i> , 2017, 6, 611-613. | 0.5 | 6         |
| 68 | PSA testing for men at average risk of prostate cancer. <i>Public Health Research and Practice</i> , 2017, 27, .   | 0.7 | 5         |
| 69 | What is overdiagnosis and why should we take it seriously in cancer screening?. <i>Public Health Research and Practice</i> , 2017, 27, .   | 0.7 | 31        |
| 70 | Discussion: Attending to Values and Quality of Patient Involvement in HTA. , 2017, , 81-86.  |     | 1         |
| 71 | Cancer screening: concerns, controversy and evidence. <i>Public Health Research and Practice</i> , 2017, 27, .   | 0.7 | 0         |
| 72 | Contested Guideline Development in Australiaâ€™s Cervical Screening Program: Values Drive Different Views of the Purpose and Implementation of Organized Screening: Table 1.. <i>Public Health Ethics</i> , 2016, , phw030.        | 0.4 | 5         |

| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 73 | Ethical and Societal Considerations in Breast Cancer Screening. , 2016, , 347-374.  |     | 2         |
| 74 | A definition and ethical evaluation of overdiagnosis. Journal of Medical Ethics, 2016, 42, 705-714.   | 1.0 | 49        |
| 75 | A definition and ethical evaluation of overdiagnosis: response to commentaries. Journal of Medical Ethics, 2016, 42, 722-724.   | 1.0 | 15        |
| 76 | All care, but whose responsibility? Community juries reason about expert and patient responsibilities in prostate-specific antigen screening for prostate cancer. Health (United Kingdom), 2016, 20, 465-484. | 0.9 | 6         |
| 77 | Doctors' perspectives on PSA testing illuminate established differences in prostate cancer screening rates between Australia and the UK: a qualitative study. BMJ Open, 2016, 6, e011932.                     | 0.8 | 20        |
| 78 | An empirical study of the "underscreened" in organised cervical screening: experts focus on increasing opportunity as a way of reducing differences in screening rates. BMC Medical Ethics, 2016, 17, 56.     | 1.0 | 3         |
| 79 | The Role of Socially Embedded Concepts in Breast Cancer Screening: An Empirical Study with Australian Experts. Public Health Ethics, 2016, 9, 276-289.  | 0.4 | 1         |
| 80 | Too much medicine in older people? Deprescribing through shared decision making. BMJ, The, 2016, 353, i2893.  | 3.0 | 204       |
| 81 | Walking the tightrope: communicating overdiagnosis in modern healthcare. BMJ, The, 2016, 352, i348.   | 3.0 | 69        |
