

# Mirka Hintsanen

## List of Publications by Year in Descending Order

**Source:** <https://exaly.com/author-pdf/8460831/mirka-hintsanen-publications-by-year.pdf>

**Version:** 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
158	School-based mindfulness intervention for depressive symptoms in adolescence: For whom is it most effective?. <i>Journal of Adolescence</i> , <b>2022</b> , 94, 118-132	3.4	0
157	The relationship between temperament, polygenic score for intelligence and cognition: A population-based study of middle-aged adults.. <i>Genes, Brain and Behavior</i> , <b>2022</b> , e12798	3.6	
156	Dispositional optimism and pessimism in association with cognitive abilities in early and middle adulthood. <i>Personality and Individual Differences</i> , <b>2022</b> , 196, 111710	3.3	
155	The relationship of socioeconomic status in childhood and adulthood with compassion: A study with a prospective 32-year follow-up. <i>PLoS ONE</i> , <b>2021</b> , 16, e0248226	3.7	1
154	Evolution of genetic networks for human creativity. <i>Molecular Psychiatry</i> , <b>2021</b> ,	15.1	8
153	Compassion protects against vital exhaustion and negative emotionality. <i>Motivation and Emotion</i> , <b>2021</b> , 45, 506-517	2.5	0
152	Functional Polymorphisms in Oxytocin and Dopamine Pathway Genes and the Development of Dispositional Compassion Over Time: The Young Finns Study. <i>Frontiers in Psychology</i> , <b>2021</b> , 12, 576346	3.4	2
151	Effects of school-based mindfulness intervention on health-related quality of life: moderating effect of gender, grade, and independent practice in cluster randomized controlled trial. <i>Quality of Life Research</i> , <b>2021</b> , 30, 3407-3419	3.7	2
150	Three genetic-environmental networks for human personality. <i>Molecular Psychiatry</i> , <b>2021</b> , 26, 3858-3875	15.1	37
149	Risky emotional family environment in childhood and depression-related cytokines in adulthood: The protective role of compassion. <i>Developmental Psychobiology</i> , <b>2021</b> , 63, 1190-1201	3	3
148	Genetic differential susceptibility to the parent-child relationship quality and the life span development of compassion. <i>Developmental Psychobiology</i> , <b>2021</b> , 63, e22184	3	
147	Rewards of Compassion: Dispositional Compassion Predicts Lower Job Strain and Effort-Reward Imbalance Over a 11-Year Follow-Up. <i>Frontiers in Psychology</i> , <b>2021</b> , 12, 730188	3.4	
146	The Effects of School-based Mindfulness Intervention on Executive Functioning in a Cluster Randomized Controlled Trial. <i>Developmental Neuropsychology</i> , <b>2020</b> , 45, 469-484	1.8	4
145	The relationship of genetic susceptibilities for psychosis with physiological fluctuation in functional MRI data. <i>Psychiatry Research - Neuroimaging</i> , <b>2020</b> , 297, 111031	2.9	0
144	Structural and functional alterations in the brain gray matter among first-degree relatives of schizophrenia patients: A multimodal meta-analysis of fMRI and VBM studies. <i>Schizophrenia Research</i> , <b>2020</b> , 216, 14-23	3.6	5
143	Does Compassion Predict Blood Pressure and Hypertension? The Modifying Role of Familial Risk for Hypertension. <i>International Journal of Behavioral Medicine</i> , <b>2020</b> , 27, 527-538	2.6	3
142	Somatic complaints in early adulthood predict the developmental course of compassion into middle age. <i>Journal of Psychosomatic Research</i> , <b>2020</b> , 131, 109942	4.1	0

141	Student-oriented teaching practices and educational equality: a population-based study. <i>Electronic Journal of Research in Educational Psychology</i> , <b>2020</b> , 18,	1.4	2
140	The role of social skills in burnout and engagement among university students. <i>Electronic Journal of Research in Educational Psychology</i> , <b>2020</b> , 18, 77	1.4	2
139	Breastfeeding and offspring's compassion and empathy in adulthood: A study with an over 30-year follow-up. <i>Scandinavian Journal of Psychology</i> , <b>2020</b> , 61, 227-236	2.2	
138	Symptomatic psychosis risk and physiological fluctuation in functional MRI data. <i>Schizophrenia Research</i> , <b>2020</b> , 216, 339-346	3.6	1
137	Personality, occupational sorting and routine work. <i>Employee Relations</i> , <b>2020</b> , 42, 1423-1440	2.1	1
136	Bidirectional pathways between psychosocial risk factors and paranoid ideation in a general nonclinical population. <i>Development and Psychopathology</i> , <b>2020</b> , 1-10	4.3	1
135	Uncovering the complex genetics of human character. <i>Molecular Psychiatry</i> , <b>2020</b> , 25, 2295-2312	15.1	42
134	Uncovering the complex genetics of human temperament. <i>Molecular Psychiatry</i> , <b>2020</b> , 25, 2275-2294	15.1	37
133	Healthy learning mind - Effectiveness of a mindfulness program on mental health compared to a relaxation program and teaching as usual in schools: A cluster-randomised controlled trial. <i>Journal of Affective Disorders</i> , <b>2020</b> , 260, 660-669	6.6	20
132	The relationship of dispositional compassion with well-being: a study with a 15-year prospective follow-up. <i>Journal of Positive Psychology</i> , <b>2020</b> , 15, 806-820	3.2	11
131	Dimensions of social support in the experience of work engagement in middle age: A Northern Finland Birth Cohort 1966 Study. <i>Scandinavian Journal of Psychology</i> , <b>2020</b> , 61, 679-689	2.2	3
130	Associations Between Early Childcare Environment and Different Aspects of Adulthood Sociability: The 32-Year Prospective Young Finns Study. <i>Frontiers in Psychology</i> , <b>2019</b> , 10, 2060	3.4	0
129	The relationship of dispositional compassion for others with depressive symptoms over a 15-year prospective follow-up. <i>Journal of Affective Disorders</i> , <b>2019</b> , 250, 354-362	6.6	6
128	The role of oxytocinergic genes in the intergenerational transmission of parent-child relationship qualities. <i>Hormones and Behavior</i> , <b>2019</b> , 114, 104540	3.7	2
127	Parent-child-relationship quality predicts offspring dispositional compassion in adulthood: A prospective follow-up study over three decades. <i>Developmental Psychology</i> , <b>2019</b> , 55, 216-225	3.7	15
126	Adverse childhood environment and self-reported sleep in adulthood: The Young Finns Study. <i>Health Psychology</i> , <b>2019</b> , 38, 705-715	5	1
125	Temperament and Early Intentions to Retire: A Northern Finland Birth Cohort 1966 Study. <i>Journal of Occupational and Environmental Medicine</i> , <b>2019</b> , 61, 136-143	2	2
124	Physical Activity, Sleep, and Symptoms of Depression in Adults-Testing for Mediation. <i>Medicine and Science in Sports and Exercise</i> , <b>2019</b> , 51, 1162-1168	1.2	7

123	Gene-environment correlations in parental emotional warmth and intolerance: genome-wide analysis over two generations of the Young Finns Study. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , <b>2019</b> , 60, 277-285	7.9	7
122	Are learning skills associated with academic emotions elicited by master's thesis work?. <i>Journal of Further and Higher Education</i> , <b>2019</b> , 43, 1299-1313	1.5	0
121	Is It Good To Be Good? Dispositional Compassion and Health Behaviors. <i>Annals of Behavioral Medicine</i> , <b>2019</b> , 53, 665-673	4.5	6
120	Intergenerational Transmission of Latent Satisfaction Reflected by Satisfaction Across Multiple Life Domains: A Prospective 32-year Follow-Up Study. <i>Journal of Happiness Studies</i> , <b>2019</b> , 20, 955-970	3.7	9
119	Personality traits and perceptions of organisational justice. <i>International Journal of Psychology</i> , <b>2019</b> , 54, 414-422	1.9	9
118	The role of oxytocin receptor gene (OXTR) and mother's emotional warmth in predicting adulthood sociability. <i>Personality and Individual Differences</i> , <b>2018</b> , 125, 74-79	3.3	3
117	Longitudinal associations of temperament and character with paranoid ideation: A population-based study. <i>Psychiatry Research</i> , <b>2018</b> , 261, 137-142	9.9	8
116	The co-occurrence between depressive symptoms and paranoid ideation: A population-based longitudinal study. <i>Journal of Affective Disorders</i> , <b>2018</b> , 229, 48-55	6.6	9
115	Oxytocin receptor gene (OXTR) variant rs1042778 moderates the influence of family environment on changes in perceived social support over time. <i>Journal of Affective Disorders</i> , <b>2018</b> , 235, 480-488	6.6	5
114	The early roots of compassion: From child care arrangements to dispositional compassion in adulthood. <i>Personality and Individual Differences</i> , <b>2018</b> , 129, 28-32	3.3	6
113	Longitudinal Associations of Explosive and Adventurous Temperament Profiles With Character Development: The Modifying Effects of Social Support and Attachment. <i>Journal of Clinical Psychiatry</i> , <b>2018</b> , 79,	4.6	2
112	Education as a moderator of genetic risk for higher body mass index: prospective cohort study from childhood to adulthood. <i>International Journal of Obesity</i> , <b>2018</b> , 42, 866-871	5.5	10
111	A Longitudinal Multilevel Study of the "Social" Genotype and Diversity of the Phenotype. <i>Frontiers in Psychology</i> , <b>2018</b> , 9, 2034	3.4	1
110	Intergenerational transmission of qualities of the parent-child relationship in the population-based Young Finns Study. <i>European Journal of Developmental Psychology</i> , <b>2017</b> , 14, 416-435	1.5	9
109	Accumulation of Depressive Symptoms and Carotid Intima-Media Thickness: the Cardiovascular Risk in Young Finns Study. <i>Annals of Behavioral Medicine</i> , <b>2017</b> , 51, 620-628	4.5	3
108	Reciprocal relationships between psychosocial work characteristics and sleep problems: A two-wave study. <i>Work and Stress</i> , <b>2017</b> , 31, 63-81	6.1	9
107	Perfectionism and depressive symptoms: The effects of psychological detachment from work. <i>Personality and Individual Differences</i> , <b>2017</b> , 116, 186-190	3.3	8
106	Intergenerational Continuity in Qualities of the Parent-Child Relationship: Mediating and Moderating Mechanisms. <i>Journal of Child and Family Studies</i> , <b>2017</b> , 26, 2191-2201	2.3	6

105	Born entrepreneurs? Adolescents' personality characteristics and entrepreneurship in adulthood. <i>Journal of Business Venturing Insights</i> , <b>2017</b> , 8, 9-12	4.7	18
104	Parental Physical Activity Associates With Offspring's Physical Activity Until Middle Age: A 30-Year Study. <i>Journal of Physical Activity and Health</i> , <b>2017</b> , 14, 520-531	2.5	18
103	Positive Psychosocial Factors in Childhood Predicting Lower Risk for Adult Type 2 Diabetes: The Cardiovascular Risk in Young Finns Study, 1980-2012. <i>American Journal of Preventive Medicine</i> , <b>2017</b> , 52, e157-e164	6.1	5
102	Hostile parenting, parental psychopathology, and depressive symptoms in the offspring: a 32-year follow-up in the Young Finns study. <i>Journal of Affective Disorders</i> , <b>2017</b> , 208, 436-442	6.6	7
101	Does Childhood Temperamental Activity Predict Physical Activity and Sedentary Behavior over a 30-Year Period? Evidence from the Young Finns Study. <i>International Journal of Behavioral Medicine</i> , <b>2017</b> , 24, 171-179	2.6	5
100	Is Symptomatic Long QT Syndrome Associated with Depression in Women and Men?. <i>Journal of Genetic Counseling</i> , <b>2017</b> , 26, 491-500	2.5	5
99	Stature and long-term labor market outcomes: Evidence using Mendelian randomization. <i>Economics and Human Biology</i> , <b>2017</b> , 24, 18-29	2.6	18
98	The biometric antecedents to happiness. <i>PLoS ONE</i> , <b>2017</b> , 12, e0184887	3.7	2
97	Healthy Learning Mind - a school-based mindfulness and relaxation program: a study protocol for a cluster randomized controlled trial. <i>BMC Psychology</i> , <b>2016</b> , 4, 35	2.8	11
96	Work stress, poor recovery and burnout in teachers. <i>Occupational Medicine</i> , <b>2016</b> , 66, 564-70	2.1	48
95	Stressful life events and depressive symptoms among symptomatic long QT syndrome patients. <i>Journal of Health Psychology</i> , <b>2016</b> , 21, 505-12	3.1	8
94	Job Demands and Job Control as Predictors of Depressive Symptoms: Moderating Effects of Negative Childhood Socioemotional Experiences. <i>Stress and Health</i> , <b>2016</b> , 32, 383-394	3.7	5
93	Depressive symptoms and long-term income: The Young Finns Study. <i>Journal of Affective Disorders</i> , <b>2016</b> , 204, 120-3	6.6	9
92	Stressful psychosocial work environment, poor sleep, and depressive symptoms among primary school teachers. <i>Electronic Journal of Research in Educational Psychology</i> , <b>2016</b> , 14, 462-481	1.4	5
91	Trajectories of Physical Activity Predict the Onset of Depressive Symptoms but Not Their Progression: A Prospective Cohort Study. <i>Hindawi Publishing Corporation</i> , <b>2016</b> , 2016, 8947375	2	4
90	Childhood Psychosocial Cumulative Risks and Carotid Intima-Media Thickness in Adulthood: The Cardiovascular Risk in Young Finns Study. <i>Psychosomatic Medicine</i> , <b>2016</b> , 78, 171-81	3.7	23
89	Cumulative effect of psychosocial factors in youth on ideal cardiovascular health in adulthood: the Cardiovascular Risk in Young Finns Study. <i>Circulation</i> , <b>2015</b> , 131, 245-53	16.7	69
88	Temperament and Motivation <b>2015</b> , 184-190		

87	Psychological wellbeing in 20-year-old adults receiving repeated lifestyle counselling since infancy. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2015</b> , 104, 815-22	3.1	3
86	Stress-induced cardiac autonomic reactivity and preclinical atherosclerosis: does arterial elasticity modify the association?. <i>Stress</i> , <b>2015</b> , 18, 622-30	3	0
85	Childhood and adolescence risk factors and development of depressive symptoms: the 32-year prospective Young Finns follow-up study. <i>Journal of Epidemiology and Community Health</i> , <b>2015</b> , 69, 1109-17	5.1	14
84	Adulthood temperament and educational attainment: A population-based cohort study. <i>Learning and Instruction</i> , <b>2015</b> , 40, 39-53	5.8	4
83	Is dispositional optimism or dispositional pessimism predictive of ideal cardiovascular health? The Young Finns Study. <i>Psychology and Health</i> , <b>2015</b> , 30, 1221-39	2.9	37
82	Temperament and depressive symptoms: what is the direction of the association?. <i>Journal of Affective Disorders</i> , <b>2015</b> , 170, 203-12	6.6	15
81	Is there a two-way relationship between cynicism and job strain? Evidence from a prospective population-based study. <i>Journal of Occupational and Environmental Medicine</i> , <b>2015</b> , 57, 479-84	2	4
80	Personality and smoking: individual-participant meta-analysis of nine cohort studies. <i>Addiction</i> , <b>2015</b> , 110, 1844-52	4.6	147
79	Factors associated with six-year weight change in young and middle-aged adults in the Young Finns Study. <i>Scandinavian Journal of Clinical and Laboratory Investigation</i> , <b>2015</b> , 75, 133-44	2	20
78	Longitudinal associations between changes in physical activity and depressive symptoms in adulthood: the young Finns study. <i>International Journal of Behavioral Medicine</i> , <b>2014</b> , 21, 908-17	2.6	10
77	Interleukin-6 gene polymorphism, chronic stress and atherosclerosis: interleukin-6-174G>C polymorphism, chronic stress and risk of early atherosclerosis in the Cardiovascular Risk in Young Finns Study. <i>Journal of Psychosomatic Research</i> , <b>2014</b> , 76, 333-8	4.1	14
76	Temperament and character traits predict future burden of depression. <i>Journal of Affective Disorders</i> , <b>2014</b> , 158, 139-47	6.6	36
75	Five-factor personality traits and sleep: evidence from two population-based cohort studies. <i>Health Psychology</i> , <b>2014</b> , 33, 1214-23	5	58
74	Longitudinal measurement invariance of the effort-reward imbalance scales in the Young Finns study. <i>Occupational and Environmental Medicine</i> , <b>2014</b> , 71, 289-94	2.1	7
73	Associations Between Teacher-Rated Versus Self-Rated Student Temperament and School Achievement. <i>Scandinavian Journal of Educational Research</i> , <b>2014</b> , 58, 147-172	1.2	9
72	Longitudinal measurement invariance, stability and change of anger and cynicism. <i>Journal of Behavioral Medicine</i> , <b>2014</b> , 37, 434-44	3.6	8
71	Depressive symptoms are associated with lower bone mineral density in young adults with high job strain. The Cardiovascular Risk in Young Finns Study. <i>International Journal of Behavioral Medicine</i> , <b>2014</b> , 21, 464-9	2.6	7
70	Serotonin receptor 1B genotype and hostility, anger and aggressive behavior through the lifespan: the Young Finns study. <i>Journal of Behavioral Medicine</i> , <b>2013</b> , 36, 583-90	3.6	32

69	Association of personality with the development and persistence of obesity: a meta-analysis based on individual-participant data. <i>Obesity Reviews</i> , <b>2013</b> , 14, 315-23	10.6	130
68	Parental care-giving and home environment predicting offspring's temperament and character traits after 18 years. <i>Psychiatry Research</i> , <b>2013</b> , 209, 643-51	9.9	35
67	Effort-reward imbalance at work is predicted by temporal and energetic characteristics of behavior: a population-based study. <i>International Journal of Occupational Medicine and Environmental Health</i> , <b>2013</b> , 26, 413-22	1.5	3
66	Body-image dissatisfaction is strongly associated with chronic dysphoria. <i>Journal of Affective Disorders</i> , <b>2013</b> , 150, 253-60	6.6	24
65	Associations between five-factor model traits and perceived job strain: a population-based study. <i>Journal of Occupational Health Psychology</i> , <b>2013</b> , 18, 492-500	5.7	32
64	Hostility and unemployment: A two-way relationship?. <i>Journal of Vocational Behavior</i> , <b>2013</b> , 83, 153-160	6	3
63	Disruptive behavior in childhood and socioeconomic position in adulthood: a prospective study over 27 years. <i>International Journal of Public Health</i> , <b>2013</b> , 58, 247-56	4	11
62	Stress proneness in molecularly defined long QT syndrome: a study using temperament assessment by behavioural inhibition system scale. <i>Stress and Health</i> , <b>2013</b> , 29, 150-5	3.7	6
61	Childhood family factors predict developmental trajectories of hostility and anger: a prospective study from childhood into middle adulthood. <i>Psychological Medicine</i> , <b>2013</b> , 43, 2417-26	6.9	19
60	Work stress and the long QT syndrome: high job strain and effort-reward imbalance at work associated with arrhythmic risk in the long QT syndrome. <i>Journal of Occupational and Environmental Medicine</i> , <b>2013</b> , 55, 1387-93	2	7
59	Maturity and change in personality: developmental trends of temperament and character in adulthood. <i>Development and Psychopathology</i> , <b>2013</b> , 25, 713-27	4.3	127
58	Longitudinal course of depressive symptoms in adulthood: linear stochastic differential equation modeling. <i>Psychological Medicine</i> , <b>2013</b> , 43, 933-44	6.9	12
57	Family factors and NEET status: an Estonian case study. <i>Research in Post-Compulsory Education</i> , <b>2013</b> , 18, 115-126	0.4	4
56	Temporal and energetic characteristics of behavior predicting long-term job strain, job demands, and job control: a population-based study. <i>Journal of Occupational and Environmental Medicine</i> , <b>2013</b> , 55, 331-6	2	3
55	Maintenance of genetic variation in human personality: testing evolutionary models by estimating heritability due to common causal variants and investigating the effect of distant inbreeding. <i>Evolution; International Journal of Organic Evolution</i> , <b>2012</b> , 66, 3238-51	3.8	134
54	Socioeconomic status and the development of depressive symptoms from childhood to adulthood: a longitudinal analysis across 27 years of follow-up in the Young Finns study. <i>Social Science and Medicine</i> , <b>2012</b> , 74, 923-9	5.1	60
53	Gender differences in teachers' perceptions of students' temperament, educational competence, and teachability. <i>British Journal of Educational Psychology</i> , <b>2012</b> , 82, 185-206	3.2	45
52	Leadership component of type A behavior predicts physical activity in early midlife. <i>International Journal of Behavioral Medicine</i> , <b>2012</b> , 19, 48-55	2.6	9

51	Temperament and character predict body-mass index: a population-based prospective cohort study. <i>Journal of Psychosomatic Research</i> , <b>2012</b> , 73, 391-7	4.1	22
50	A genome-wide meta-analysis of association studies of Cloninger's Temperament Scales. <i>Translational Psychiatry</i> , <b>2012</b> , 2, e116	8.6	85
49	Associations of temperament traits and mathematics grades in adolescents are dependent on the rater but independent of motivation and cognitive ability. <i>Learning and Individual Differences</i> , <b>2012</b> , 22, 490-497	3.1	15
48	Associations between dimensional personality measures and preclinical atherosclerosis: the cardiovascular risk in Young Finns study. <i>Journal of Psychosomatic Research</i> , <b>2012</b> , 72, 336-43	4.1	20
47	Body mass index and depressive symptoms: instrumental-variables regression with genetic risk score. <i>Genes, Brain and Behavior</i> , <b>2012</b> , 11, 942-8	3.6	22
46	Temperament clusters in a normal population: implications for health and disease. <i>PLoS ONE</i> , <b>2012</b> , 7, e33088	3.7	7
45	Moderation of Breastfeeding Effects on Adult Depression by Estrogen Receptor Gene Polymorphism. <i>Child Development Research</i> , <b>2012</b> , 2012, 1-8	4.7	2
44	The Role of Stress in a Pathogenesis of CHD <b>2012</b> ,		1
43	Socio-economic position and mental disorders in a working-age Finnish population: the health 2000 study. <i>European Journal of Public Health</i> , <b>2012</b> , 22, 327-32	2.1	29
42	Moderating effects of leisure-time physical activity on the association between job strain and depressive symptoms: the Cardiovascular Risk in Young Finns Study. <i>Journal of Occupational and Environmental Medicine</i> , <b>2012</b> , 54, 303-9	2	8
41	Personality traits of the five-factor model are associated with effort-reward imbalance at work: a population-based study. <i>Journal of Occupational and Environmental Medicine</i> , <b>2012</b> , 54, 875-80	2	11
40	Indoleamine 2,3-dioxygenase activation and depressive symptoms: results from the Young Finns Study. <i>Psychosomatic Medicine</i> , <b>2012</b> , 74, 675-81	3.7	28
39	Pairwise measures of causal direction in the epidemiology of sleep problems and depression. <i>PLoS ONE</i> , <b>2012</b> , 7, e50841	3.7	46
38	Negative emotionality, activity, and sociability temperaments predicting long-term job strain and effort-reward imbalance: a 15-year prospective follow-up study. <i>Journal of Psychosomatic Research</i> , <b>2011</b> , 71, 90-6	4.1	22
37	Cloninger's temperament traits and inherited long QT syndrome. <i>Journal of Psychosomatic Research</i> , <b>2011</b> , 71, 245-9	4.1	10
36	Associations of student temperament and educational competence with academic achievement: The role of teacher age and teacher and student gender. <i>Teaching and Teacher Education</i> , <b>2011</b> , 27, 942-951	3.9	15
35	Change in job strain and progression of atherosclerosis: The Cardiovascular Risk in Young Finns study. <i>Journal of Occupational Health Psychology</i> , <b>2011</b> , 16, 139-50	5.7	8
34	Development of adulthood hostile attitudes: Childhood environment and serotonin receptor gene interactions. <i>Personal Relationships</i> , <b>2011</b> , 18, 184-197	1.2	7

33	Associations of personality profiles with various aspects of well-being: a population-based study. <i>Journal of Affective Disorders</i> , <b>2011</b> , 133, 265-73	6.6	83
32	Moderating effect of indoleamine 2,3-dioxygenase (IDO) activation in the association between depressive symptoms and carotid atherosclerosis: evidence from the Young Finns study. <i>Journal of Affective Disorders</i> , <b>2011</b> , 133, 611-4	6.6	11
31	Childhood environmental and genetic predictors of adulthood obesity: the cardiovascular risk in young Finns study. <i>Journal of Clinical Endocrinology and Metabolism</i> , <b>2011</b> , 96, E1542-9	5.6	58
30	Breastfeeding and offspring hostility in adulthood. <i>Psychotherapy and Psychosomatics</i> , <b>2011</b> , 80, 371-3	9.4	8
29	Childhood Disruptive Behaviour and School Performance across Comprehensive School: A Prospective Cohort Study. <i>Psychology</i> , <b>2011</b> , 02, 542-551	0.5	9
28	Does genetic background moderate the association between parental education and school achievement?. <i>Genes, Brain and Behavior</i> , <b>2010</b> , 9, 318-24	3.6	8
27	Associations of self-esteem and temperament traits to self- and teacher-reported social status among classmates. <i>Scandinavian Journal of Psychology</i> , <b>2010</b> , 51, 488-94	2.2	10
26	A prospective cohort study of deficient maternal nurturing attitudes predicting adulthood work stress independent of adulthood hostility and depressive symptoms. <i>Stress</i> , <b>2010</b> , 13, 425-34	3	12
25	The benefits of sustained leisure-time physical activity on job strain. <i>Occupational Medicine</i> , <b>2010</b> , 60, 369-75	2.1	21
24	The interaction between serotonin receptor 2A and catechol-O-methyltransferase gene polymorphisms is associated with the novelty-seeking subscale impulsiveness. <i>Psychiatric Genetics</i> , <b>2010</b> , 20, 273-81	2.9	16
23	Sustained involvement in youth sports activities predicts reduced chronic job strain in early midlife. <i>Journal of Occupational and Environmental Medicine</i> , <b>2010</b> , 52, 1154-9	2	10
22	Divergent influence of different type A dimensions on job strain and effort-reward imbalance. <i>Journal of Occupational and Environmental Medicine</i> , <b>2010</b> , 52, 1-7	2	19
