#	Paper	IF	Citations
72	A systematic review of interventions in primary care to improve health literacy for chronic disease behavioral risk factors. <i>BMC Family Practice</i> , 2012 , 13, 49	2.6	145
71	A systematic review of chronic disease management interventions in primary care. <i>BMC Family Practice</i> , 2018 , 19, 11	2.6	121
70	Chronic disease management in primary care: from evidence to policy. <i>Medical Journal of Australia</i> , 2008 , 188, S53-6	4	84
69	Do people with existing chronic conditions benefit from telephone coaching? A rapid review. <i>Australian Health Review</i> , 2013 , 37, 381-8	1.8	82
68	Factors influencing general practice follow-up attendances of patients with complex medical problems after hospitalization. <i>Family Practice</i> , 2010 , 27, 62-8	1.9	74
67	Patient related factors in frequent readmissions: the influence of condition, access to services and patient choice. <i>BMC Health Services Research</i> , 2010 , 10, 216	2.9	61
66	Attitudes and barriers to involvement in palliative care by Australian urban general practitioners. <i>Journal of Palliative Medicine</i> , 2008 , 11, 980-5	2.2	58
65	Which providers can bridge the health literacy gap in lifestyle risk factor modification education: a systematic review and narrative synthesis. <i>BMC Family Practice</i> , 2012 , 13, 44	2.6	41
64	Chronic disease self-management: implementation with and within Australian general practice. <i>Medical Journal of Australia</i> , 2008 , 189, S17-20	4	36
63	Early intervention for chronic obstructive pulmonary disease by practice nurse and GP teams: a cluster randomized trial. <i>Family Practice</i> , 2016 , 33, 663-670	1.9	35
62	People attending pulmonary rehabilitation demonstrate a substantial engagement with technology and willingness to use telerehabilitation: a survey. <i>Journal of Physiotherapy</i> , 2017 , 63, 175-181 ^{2,9}		35
61	Are falls prevention programs effective at reducing the risk factors for falls in people with type-2 diabetes mellitus and peripheral neuropathy: A systematic review with narrative synthesis. <i>Journal of Diabetes and Its Complications</i> , 2017 , 31, 504-516	3.2	33
60	Home-based prescribed exercise improves balance-related activities in people with Parkinson's disease and has benefits similar to centre-based exercise: a systematic review. <i>Journal of Physiotherapy</i> , 2019 , 65, 189-199	2.9	29
59	Interdisciplinary eHealth Practice in Cancer Care: A Review of the Literature. <i>International Journal of Environmental Research and Public Health</i> , 2017 , 14,	4.6	25
58	Health reform: is routinely collected electronic information fit for purpose?. <i>EMA - Emergency Medicine Australasia</i> , 2012 , 24, 57-63	1.5	24
57	What evidence is there to support skill mix changes between GPs, pharmacists and practice nurses in the care of elderly people living in the community?. <i>Australia and New Zealand Health Policy</i> , 2009 , 6, 23		23
56	Patients' perspectives on the impact of a new COPD diagnosis in the face of multimorbidity: a qualitative study. <i>Npj Primary Care Respiratory Medicine</i> , 2014 , 24, 14036	3.2	22

55	Challenges to establishing successful partnerships in community health promotion programs: local experiences from the national implementation of healthy eating activity and lifestyle (HEAL) program. <i>Health Promotion Journal of Australia</i> , 2015 , 26, 45-51	1.7	22
54	A pragmatic cluster randomized controlled trial of early intervention for chronic obstructive pulmonary disease by practice nurse-general practitioner teams: Study Protocol. <i>Implementation Science</i> , 2012 , 7, 83	8.4	22
53	"Why Didn't it Work?" Lessons From a Randomized Controlled Trial of a Web-based Personally Controlled Health Management System for Adults with Asthma. <i>Journal of Medical Internet Research</i> , 2015 , 17, e283	7.6	21
52	Diagnosing asthma in adults in primary care: a qualitative study of Australian GPs' experiences. <i>Primary Care Respiratory Journal: Journal of the General Practice Airways Group</i> , 2010 , 19, 52-6		18
51	Primary health care-level interventions targeting health literacy and their effect on weight loss: a systematic review. <i>BMC Obesity</i> , 2015 , 2, 6	3.6	17
50	Multidisciplinary care: experience of patients with complex needs. <i>Australian Journal of Primary Health</i> , 2014 , 20, 20-6	1.4	17
49	Frequent emergency attenders: is there a better way?. <i>Australian Health Review</i> , 2011 , 35, 462-7	1.8	17
48	Non-radiographic methods of measuring global sagittal balance: a systematic review. <i>Scoliosis and Spinal Disorders</i> , 2017 , 12, 30	1.7	16
47	What distinguishes clinicians who better support patients for chronic disease self-management?. <i>Australian Journal of Primary Health</i> , 2012 , 18, 220-7	1.4	13
46	Does Psychological Health Influence Hospital Length of Stay Following Total Knee Arthroplasty? A Systematic Review. <i>Archives of Physical Medicine and Rehabilitation</i> , 2018 , 99, 2583-2594	2.8	13
45	Feasibility and efficacy of COPD case finding by practice nurses. <i>Australian Family Physician</i> , 2009 , 38, 826-30		13
44	Associations of total and type-specific physical activity with mortality in chronic obstructive pulmonary disease: a population-based cohort study. <i>BMC Public Health</i> , 2018 , 18, 268	4.1	12
43	The likelihood of general practitioners referring patients to physiotherapists is low for some health problems: secondary analysis of the Bettering the Evaluation and Care of Health (BEACH) observational study. <i>Journal of Physiotherapy</i> , 2018 , 64, 178-182	2.9	12
42	Understanding how self-management interventions work for disadvantaged populations living with chronic conditions: protocol for a realist synthesis. <i>BMJ Open</i> , 2014 , 4, e005822	3	12
41	Activating patients with chronic disease for self-management: comparison of self-managing patients with those managing by frequent readmissions to hospital. <i>Australian Journal of Primary Health</i> , 2013 , 19, 198-206	1.4	12
40	Unplanned return visits to emergency in a regional hospital. <i>Australian Health Review</i> , 2012 , 36, 336-41	1.8	9
39	An internet intervention to improve asthma management: rationale and protocol of a randomized controlled trial. <i>JMIR Research Protocols</i> , 2013 , 2, e28	2	9
38	The informatics capability maturity of integrated primary care centres in Australia. <i>International Journal of Medical Informatics</i> , 2017 , 105, 89-97	5.3	8

37	How effective are the linkages between self-management programmes and primary care providers, especially for disadvantaged patients?. <i>Chronic Illness</i> , 2011 , 7, 20-30	1.4	8
36	Barriers and outcomes of an evidence-based approach to diagnosis and management of chronic obstructive pulmonary disease (COPD) in Australia: a qualitative study. <i>Family Practice</i> , 2017 , 34, 485-490	1.9	8
35	Knowledge, Skill, and Confidence in People Attending Pulmonary Rehabilitation: A Cross-Sectional Analysis of the Effects and Determinants of Patient Activation. <i>Journal of Patient Experience</i> , 2019 , 6, 117-125	1.3	8
34	Home-based exercise monitored with telehealth is feasible and acceptable compared to centre-based exercise in Parkinson's disease: A randomised pilot study. <i>Clinical Rehabilitation</i> , 2021 , 35, 728-739	3.3	8
33	Data quality and fitness for purpose of routinely collected data—a general practice case study from an electronic practice-based research network (ePBRN) 2011 , 2011, 785-94	0.7	7
32	Anxiety and depression in Chinese patients attending an Australian GP clinic. <i>Australian Family Physician</i> , 2009 , 38, 552-5		6
31	Assessment of patient safety culture in primary health care in Muscat, Oman: a questionnaire-based survey. <i>BMC Family Practice</i> , 2019 , 20, 50	2.6	5
30	Prevalence and determinants of physical activity and sedentary behaviour before and up to 12 months after total knee replacement: a longitudinal cohort study. <i>Clinical Rehabilitation</i> , 2018 , 32, 1271-1283	3.3	5
29	Context matters for primary health care access: a multi-method comparative study of contextual influences on health service access arrangements across models of primary health care. <i>International Journal for Equity in Health</i> , 2018 , 17, 78	4.6	5
28	A descriptive study of kava use among Tongan men in Macarthur, Sydney South West. <i>Australian and New Zealand Journal of Public Health</i> , 2008 , 32, 314-6	2.3	5
27	Activating primary care COPD patients with multi-morbidity through tailored self-management support. <i>Npj Primary Care Respiratory Medicine</i> , 2020 , 30, 12	3.2	4
26	Activating primary care COPD patients with multi-morbidity (APCOM) pilot project: study protocol. <i>Npj Primary Care Respiratory Medicine</i> , 2017 , 27, 12	3.2	4
25	Prevalence and Determinants of Fatigue Following Total Knee Replacement: A Longitudinal Cohort Study. <i>Arthritis Care and Research</i> , 2016 , 68, 1434-42	4.7	4
24	Who do Australian general practitioners refer to physiotherapy?. <i>Australian Family Physician</i> , 2017 , 46, 421-426		4
23	Surveying Allied Health Professionals Within a Public Health Service: What Works Best, Paper or Online?. <i>Evaluation and the Health Professions</i> , 2021 , 44, 226-234	2.5	3
22	Patterns and Correlates of Sedentary Behaviour Accumulation and Physical Activity in People with Chronic Obstructive Pulmonary Disease: A Cross-Sectional Study. <i>COPD: Journal of Chronic Obstructive Pulmonary Disease</i> , 2020 , 17, 156-164	2	3
21	Linking observational data from general practice, hospital admissions and diabetes clinic databases: can it be used to predict hospital admission?. <i>BMC Health Services Research</i> , 2019 , 19, 526	2.9	3
20	Experiences and views of a brokerage model for primary care for Aboriginal people. <i>Australian Health Review</i> , 2015 , 39, 26-32	1.8	3

19	Psychological distress among Vietnamese adults attending Vietnamese-speaking general practices in South Western Sydney: prevalence and associations. <i>Australian Journal of Primary Health</i> , 2016 , 22, 354-359	1.4	3
18	Patient factors associated with weight gain and weight loss after knee or hip arthroplasty. <i>Obesity Research and Clinical Practice</i> , 2019 , 13, 371-377	5.4	2
17	Implementation of a community-based, physiotherapy-led, multidisciplinary model of care for the management of knee osteoarthritis: protocol for a feasibility study. <i>BMJ Open</i> , 2020 , 10, e039152	3	2
16	An explorative qualitative study on acceptability of physical activity assessment instruments among primary care professionals in southern Sydney. <i>BMC Family Practice</i> , 2016 , 17, 138	2.6	1
15	The feasibility of an innovative GP-physiotherapist partnership to identify and manage chronic obstructive pulmonary disease (INTEGRATED): study protocol. <i>Pilot and Feasibility Studies</i> , 2020 , 6, 138	1.9	1
14	Current Practice of Physical Activity Counselling within Physiotherapy Usual Care and Influences on Its Use: A Cross-Sectional Survey. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	1
13	Is there a role for a primary health nurse in a learning support team in a disadvantaged high school? Evaluation of a pilot study. <i>Australian Journal of Primary Health</i> , 2016 , 22, 530-538	1.4	1
12	Feasibility of the PHYZ X 2U program: a mobile and cloud-based outreach service to improve chronic disease outcomes in underserved rural communities. <i>Australian Journal of Primary Health</i> , 2019 , 25, 539-546	1.4	1
11	The KOMPACT-P study: Knee Osteoarthritis Management with Physiotherapy informed by Acceptance and Commitment Therapy-Pilot study protocol. <i>BMJ Open</i> , 2020 , 10, e032675	3	0
10	Associations between potentially modifiable clinical factors and sagittal balance of the spine in older adults from the general population. <i>Spine Deformity</i> , 2021 , 1	2	0
9	A Mixed-Methods Investigation into Patients' Decisions to Attend an Emergency Department for Chronic Pain. <i>Pain Medicine</i> , 2021 , 22, 2191-2206	2.8	0
8	Resourcing an evolution of roles in general-practice: a study to determine the validity and reliability of tools to assist nurses and patients to assess physical activity. <i>Australian Journal of Primary Health</i> , 2016 , 22, 505-509	1.4	0
7	Pain experiences of Hindi-speaking Indian migrants in Sydney: a qualitative study.. <i>Physiotherapy</i> , 2022 , 116, 25-32	3	0
6	Brief physical activity counselling by physiotherapists (BEHAVIOUR): protocol for an effectiveness-implementation hybrid type II cluster randomised controlled trial.. <i>Implementation Science Communications</i> , 2022 , 3, 39	2.2	0
5	Exercising with Parkinson's: The good, the bad and the need for support to keep exercising. A qualitative study.. <i>Clinical Rehabilitation</i> , 2022 , 2692155221100884	3.3	0
4	Sagittal spine shape literacy in the general adult population, assessed by a novel, simple graphical tool. <i>Journal of Physical Therapy Science</i> , 2021 , 33, 554-559	1	
3	Supplementary addendum to "Non-radiographic methods of measuring global sagittal balance: a systematic review"; Reliability of the Spinal Mouse in adult back pain sufferers. <i>Scoliosis and Spinal Disorders</i> , 2018 , 13, 20	1.7	
2	Accuracy of the COPD diagnostic questionnaire as a screening tool in primary care. 2022 , 23, 78
