#	Paper	IF	Citations
331	Supporting patient autonomy: the importance of clinician-patient relationships. <i>Journal of General Internal Medicine</i> , 2010 , 25, 741-5	4	248
330	Exploring patient involvement in healthcare decision making across different education and functional health literacy groups. <i>Social Science and Medicine</i> , 2009 , 69, 1805-12	5.1	223
329	Management of asthma in pregnancy guided by measurement of fraction of exhaled nitric oxide: a double-blind, randomised controlled trial. <i>Lancet, The</i> , 2011 , 378, 983-90	4.0	222
328	Physician-patient-companion communication and decision-making: a systematic review of triadic medical consultations. <i>Patient Education and Counseling</i> , 2013 , 91, 3-13	3.1	215
327	Assessing the value of diagnostic tests: a framework for designing and evaluating trials. <i>BMJ, The</i> , 2012 , 344, e686	5.9	204
326	Knowledge, attitudes, and behavioral intentions in relation to the early detection of colorectal cancer in the United Kingdom. <i>Preventive Medicine</i> , 2003 , 36, 525-35	4.3	188
325	Use of a decision aid including information on overdetection to support informed choice about breast cancer screening: a randomised controlled trial. <i>Lancet, The</i> , 2015 , 385, 1642-52	4.0	177
324	Shared decision making: what do clinicians need to know and why should they bother?. <i>Medical Journal of Australia</i> , 2014 , 201, 35-9	4	163
323	A decision aid to support informed choices about bowel cancer screening among adults with low education: randomised controlled trial. <i>BMJ, The</i> , 2010 , 341, c5370	5.9	161
322	Addressing health literacy in patient decision aids. <i>BMC Medical Informatics and Decision Making</i> , 2013 , 13 Suppl 2, S10	3.6	155
321	Social and psychological impact of HPV testing in cervical screening: a qualitative study. <i>Sexually Transmitted Infections</i> , 2006 , 82, 169-74	2.8	153
320	Willingness to vaccinate against COVID-19 in Australia. <i>Lancet Infectious Diseases, The</i> , 2021 , 21, 318-319	25.5	150
319	Psychosocial influences on older adults' interest in participating in bowel cancer screening. <i>Preventive Medicine</i> , 2000 , 31, 323-34	4.3	138
318	Too much medicine in older people? Deprescribing through shared decision making. <i>BMJ, The</i> , 2016 , 353, i2893	5.9	130
317	Testing positive for human papillomavirus in routine cervical screening: examination of psychosocial impact. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2004 , 111, 1437-43	3.7	130
316	Socioeconomic differences in cancer screening participation: comparing cognitive and psychosocial explanations. <i>Social Science and Medicine</i> , 2004 , 59, 249-61	5.1	117
315	Knowledge of human papillomavirus (HPV) and HPV vaccination: an international comparison. <i>Vaccine</i> , 2013 , 31, 763-9	4.1	107

314	Awareness of human papillomavirus among women attending a well woman clinic. <i>Sexually Transmitted Infections</i> , 2003 , 79, 320-2	2.8	107
313	Beliefs about the risk factors for cervical cancer in a British population sample. <i>Preventive Medicine</i> , 2004 , 38, 745-53	4.3	105
312	Predictors of attendance in the United Kingdom flexible sigmoidoscopy screening trial. <i>Journal of Medical Screening</i> , 2000 , 7, 99-104	1.4	103
311	Women's views on overdiagnosis in breast cancer screening: a qualitative study. <i>BMJ, The</i> , 2013 , 346, f158	5.9	102
310	Attitudes towards HPV testing: a qualitative study of beliefs among Indian, Pakistani, African-Caribbean and white British women in the UK. <i>British Journal of Cancer</i> , 2003 , 88, 42-6	8.7	99
309	Validation of a measure of knowledge about human papillomavirus (HPV) using item response theory and classical test theory. <i>Preventive Medicine</i> , 2013 , 56, 35-40	4.3	96
308	Socioeconomic variation in participation in colorectal cancer screening. <i>Journal of Medical Screening</i> , 2002 , 9, 104-8	1.4	90
307	Increasing attendance at colorectal cancer screening: Testing the efficacy of a mailed, psychoeducational intervention in a community sample of older adults.. <i>Health Psychology</i> , 2003 , 22, 99-105	5	89
306	Acceptability of unsupervised HPV self-sampling using written instructions. <i>Journal of Medical Screening</i> , 2006 , 13, 208-13	1.4	87
305	Concerns and motivations about COVID-19 vaccination. <i>Lancet Infectious Diseases, The</i> , 2021 , 21, 161-163	5.5	79
304	The challenge of shared decision making among patients with lower literacy: a framework for research and development. <i>Medical Decision Making</i> , 2010 , 30, 35-44	2.5	77
303	Health literacy and disparities in COVID-19-related knowledge, attitudes, beliefs and behaviours in Australia. <i>Public Health Research and Practice</i> , 2020 , 30,	5.1	77
302	Readability of Written Materials for CKD Patients: A Systematic Review. <i>American Journal of Kidney Diseases</i> , 2015 , 65, 842-50	7.4	74
301	Psychological Wellbeing and Academic Experience of University Students in Australia during COVID-19. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	74
300	The Study of the Prevention of Anal Cancer (SPANC): design and methods of a three-year prospective cohort study. <i>BMC Public Health</i> , 2013 , 13, 946	4.1	73
299	Declining the offer of flexible sigmoidoscopy screening for bowel cancer: a qualitative investigation of the decision-making process. <i>Social Science and Medicine</i> , 2001 , 53, 679-91	5.1	72
298	Informed choice for screening: implications for evaluation. <i>BMJ, The</i> , 2006 , 332, 1148-50	5.9	70
297	"Is cancer contagious?": Australian adolescent girls and their parents: making the most of limited information about HPV and HPV vaccination. <i>Vaccine</i> , 2010 , 28, 3398-408	4.1	67

296	The influence of graphic display format on the interpretations of quantitative risk information among adults with lower education and literacy: a randomized experimental study. <i>Medical Decision Making</i> , 2012 , 32, 532-44	2.5	64
295	Information needs and preferences of low and high literacy consumers for decisions about colorectal cancer screening: utilizing a linguistic model. <i>Health Expectations</i> , 2008 , 11, 123-36	3.7	64
294	Understanding intentions and action in colorectal cancer screening. <i>Annals of Behavioral Medicine</i> , 2008 , 35, 285-94	4.5	64
293	Women's experiences of repeated HPV testing in the context of cervical cancer screening: a qualitative study. <i>Psycho-Oncology</i> , 2007 , 16, 196-204	3.9	63
292	Australian women's needs and preferences for information about human papillomavirus in cervical screening. <i>Journal of Medical Screening</i> , 2005 , 12, 134-41	1.4	63
291	Additional patient outcomes and pathways in evaluations of testing. <i>Medical Decision Making</i> , 2009 , 29, E30-8	2.5	62
290	Making sense of information about HPV in cervical screening: a qualitative study. <i>British Journal of Cancer</i> , 2005 , 92, 265-70	8.7	62
289	Use of decision aids to support informed choices about screening. <i>BMJ, The</i> , 2004 , 329, 507-10	5.9	60
288	Communicating about screening. <i>BMJ, The</i> , 2008 , 337, a1591	5.9	59
287	Measuring cancer knowledge: comparing prompted and unprompted recall. <i>British Journal of Psychology</i> , 2004 , 95, 219-34	4	58
286	Attitudes to self-sampling for HPV among Indian, Pakistani, African-Caribbean and white British women in Manchester, UK. <i>Journal of Medical Screening</i> , 2004 , 11, 85-8	1.4	57
285	Walking the tightrope: communicating overdiagnosis in modern healthcare. <i>BMJ, The</i> , 2016 , 352, i348	5.9	54
284	HPV vaccination and the effect of information framing on intentions and behaviour: an application of the theory of planned behaviour and moral norm. <i>International Journal of Behavioral Medicine</i> , 2012 , 19, 518-25	2.6	54
283	Human papillomavirus and cervical cancer: issues for biobehavioral and psychosocial research. <i>Annals of Behavioral Medicine</i> , 2004 , 27, 68-79	4.5	54
282	People's Experiences and Satisfaction With Telehealth During the COVID-19 Pandemic in Australia: Cross-Sectional Survey Study. <i>Journal of Medical Internet Research</i> , 2020 , 22, e24531	7.6	52
281	Shared Decision Making Interventions: Theoretical and Empirical Evidence with Implications for Health Literacy. <i>Studies in Health Technology and Informatics</i> , 2017 , 240, 263-283	0.5	51
280	Words do matter: a systematic review on how different terminology for the same condition influences management preferences. <i>BMJ Open</i> , 2017 , 7, e014129	3	50
279	Insights into the concept and measurement of health literacy from a study of shared decision-making in a low literacy population. <i>Journal of Health Psychology</i> , 2013 , 18, 1011-22	3.1	50

278	HPV vaccine promotion: does referring to both cervical cancer and genital warts affect intended and actual vaccination behavior?. <i>Women's Health Issues</i> , 2011 , 21, 71-9	2.6	50
277	Decision-Making Preferences and Deprescribing: Perspectives of Older Adults and Companions About Their Medicines. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2018 , 73, e98-e107	4.6	48
276	Psychosocial outcomes of three triage methods for the management of borderline abnormal cervical smears: an open randomised trial. <i>BMJ, The</i> , 2010 , 340, b4491	5.9	47
275	Does HPV vaccination affect women's attitudes to cervical cancer screening and safe sexual behaviour?. <i>Vaccine</i> , 2012 , 30, 3196-201	4.1	46
274	Clinicians' Views on Management and Terminology for Papillary Thyroid Microcarcinoma: A Qualitative Study. <i>Thyroid</i> , 2017 , 27, 661-671	6.2	44
273	Psychosocial outcomes are related to asthma control and quality of life in pregnant women with asthma. <i>Journal of Asthma</i> , 2011 , 48, 1032-40	1.9	44
272	Health-Related Quality of Life After Diagnosis and Treatment of Differentiated Thyroid Cancer and Association With Type of Surgical Treatment. <i>JAMA Otolaryngology - Head and Neck Surgery</i> , 2019 , 145, 231-238	3.9	44
271	Increasing attendance at colorectal cancer screening: testing the efficacy of a mailed, psychoeducational intervention in a community sample of older adults. <i>Health Psychology</i> , 2003 , 22, 99-105	5.0	42
270	"I just signed": Factors influencing decision-making for school-based HPV vaccination of adolescent girls. <i>Health Psychology</i> , 2010 , 29, 618-25	5	41
269	Psychological impact of colorectal cancer screening.. <i>Health Psychology</i> , 2003 , 22, 54-59	5	41
268	Public Opinions about Overdiagnosis: A National Community Survey. <i>PLoS ONE</i> , 2015 , 10, e0125165	3.7	40
267	Psychosocial aspects of post-treatment follow-up for stage I/II melanoma: a systematic review of the literature. <i>Psycho-Oncology</i> , 2013 , 22, 721-36	3.9	39
266	How different terminology for ductal carcinoma in situ impacts women's concern and treatment preferences: a randomised comparison within a national community survey. <i>BMJ Open</i> , 2015 , 5, e008094 ³		38
265	The Hepatitis C treatment experience: Patients' perceptions of the facilitators of and barriers to uptake, adherence and completion. <i>Psychology and Health</i> , 2015 , 30, 987-1004	2.9	36
264	The domino effect: adolescent girls' response to human papillomavirus vaccination. <i>Medical Journal of Australia</i> , 2011 , 194, 297-300	4	36
263	I don't believe it, but i'd better do something about it: patient experiences of online heart age risk calculators. <i>Journal of Medical Internet Research</i> , 2014 , 16, e120	7.6	36
262	The effects of communicating uncertainty in quantitative health risk estimates. <i>Patient Education and Counseling</i> , 2012 , 89, 252-9	3.1	35
261	COVID-19 Misinformation Trends in Australia: Prospective Longitudinal National Survey. <i>Journal of Medical Internet Research</i> , 2021 , 23, e23805	7.6	35

260	Psychosocial variables are related to future exacerbation risk and perinatal outcomes in pregnant women with asthma. <i>Journal of Asthma</i> , 2013 , 50, 383-9	1.9	34
259	Surgeons' opinions on lymphadenectomy in melanoma patients with positive sentinel nodes: a worldwide web-based survey. <i>Annals of Surgical Oncology</i> , 2012 , 19, 4322-9	3.1	34
258	General practitioners' use of different cardiovascular risk assessment strategies: a qualitative study. <i>Medical Journal of Australia</i> , 2013 , 199, 485-9	4	34
257	Patients' experiences of diagnosis and management of papillary thyroid microcarcinoma: a qualitative study. <i>BMC Cancer</i> , 2018 , 18, 242	4.8	32
256	Knowledge of human papillomavirus (HPV) testing in the USA, the UK and Australia: an international survey. <i>Sexually Transmitted Infections</i> , 2014 , 90, 201-7	2.8	32
255	The Breathing for Life Trial: a randomised controlled trial of fractional exhaled nitric oxide (FENO)-based management of asthma during pregnancy and its impact on perinatal outcomes and infant and childhood respiratory health. <i>BMC Pregnancy and Childbirth</i> , 2016 , 16, 111	3.2	32
254	General Practitioners' Decision Making about Primary Prevention of Cardiovascular Disease in Older Adults: A Qualitative Study. <i>PLoS ONE</i> , 2017 , 12, e0170228	3.7	31
253	How do we achieve informed choice for women considering breast screening?. <i>Preventive Medicine</i> , 2011 , 53, 144-6	4.3	31
252	Patient decision aids to support clinical decision making: evaluating the decision or the outcomes of the decision. <i>Medical Decision Making</i> , 2007 , 27, 619-25	2.5	31
251	'It has saved thousands of lives, so why change it?' Content analysis of objections to cervical screening programme changes in Australia. <i>BMJ Open</i> , 2018 , 8, e019171	3	29
250	Communicating cardiovascular disease risk: an interview study of General Practitioners' use of absolute risk within tailored communication strategies. <i>BMC Family Practice</i> , 2014 , 15, 106	2.6	29
249	Patients' perspectives of long-term follow-up for localised cutaneous melanoma. <i>European Journal of Surgical Oncology</i> , 2013 , 39, 297-303	3.6	29
248	Development and preliminary evaluation of a bowel cancer screening decision aid for adults with lower literacy. <i>Patient Education and Counseling</i> , 2009 , 75, 358-67	3.1	29
247	Factors Associated with Informed Decisions and Participation in Bowel Cancer Screening among Adults with Lower Education and Literacy. <i>Medical Decision Making</i> , 2014 , 34, 756-72	2.5	28
246	Determining the impact of informed choice: separating treatment effects from the effects of choice and selection in randomized trials. <i>Medical Decision Making</i> , 2011 , 31, 229-36	2.5	28
245	Fear of new or recurrent melanoma after treatment for localised melanoma. <i>Psycho-Oncology</i> , 2017 , 26, 1784-1791	3.9	27
244	The effect of information about overdetection of breast cancer on women's decision-making about mammography screening: study protocol for a randomised controlled trial. <i>BMJ Open</i> , 2014 , 4, e004990 ³		26
243	General practitioners' use of absolute risk versus individual risk factors in cardiovascular disease prevention: an experimental study. <i>BMJ Open</i> , 2014 , 4, e004812	3	26

242	Factors influencing parental decision making about stimulant treatment for attention-deficit/hyperactivity disorder. <i>Journal of Child and Adolescent Psychopharmacology</i> , 2013 , 23, 163-78	2.9	26
241	'It's a logistical nightmare!' Recommendations for optimising human papillomavirus school-based vaccination experience. <i>Sexual Health</i> , 2010 , 7, 271-8	2	26
240	Improving communication about cancer screening: moving towards informed decision making. <i>Public Health Research and Practice</i> , 2017 , 27,	5.1	26
239	Should heart age calculators be used alongside absolute cardiovascular disease risk assessment?. <i>BMC Cardiovascular Disorders</i> , 2018 , 18, 19	2.3	25
238	Are expanding disease definitions unnecessarily labelling women with polycystic ovary syndrome?. <i>BMJ, The</i> , 2017 , 358, j3694	5.9	25
237	Influence of the disease label 'polycystic ovary syndrome' on intention to have an ultrasound and psychosocial outcomes: a randomised online study in young women. <i>Human Reproduction</i> , 2017 , 32, 876-884	5.7	25
236	How do general practitioners and patients make decisions about cardiovascular disease risk?. <i>Health Psychology</i> , 2015 , 34, 253-61	5	25
235	HPV vaccination catch up program - utilisation by young Australian women. <i>Australian Family Physician</i> , 2009 , 38, 72-6		25
234	What do you think overdiagnosis means? A qualitative analysis of responses from a national community survey of Australians. <i>BMJ Open</i> , 2015 , 5, e007436	3	24
233	A Composite Cytology-Histology Endpoint Allows a More Accurate Estimate of Anal High-Grade Squamous Intraepithelial Lesion Prevalence. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2016 , 25, 1134-43	4	24
232	Beyond the treatment effect: Evaluating the effects of patient preferences in randomised trials. <i>Statistical Methods in Medical Research</i> , 2017 , 26, 489-507	2.3	23
231	Systematic review of clinical practice guidelines recommendations about primary cardiovascular disease prevention for older adults. <i>BMC Family Practice</i> , 2015 , 16, 104	2.6	23
230	Development and field testing of a consumer shared decision-making training program for adults with low literacy. <i>Patient Education and Counseling</i> , 2015 , 98, 1180-8	3.1	23
229	Follow-up of early stage melanoma: specialist clinician perspectives on the functions of follow-up and implications for extending follow-up intervals. <i>Journal of Surgical Oncology</i> , 2013 , 107, 463-8	2.8	23
228	A theoretical framework for measuring knowledge in screening decision aid trials. <i>Patient Education and Counseling</i> , 2012 , 89, 330-6	3.1	23
227	The effects of screening on health behaviour: a summary of the results of randomized controlled trials. <i>Journal of Public Health</i> , 2011 , 33, 71-9	3.5	23
226	Prevalence and risk factors associated with high-grade anal squamous intraepithelial lesions (HSIL)-AIN2 and HSIL-AIN3 in homosexual men. <i>Papillomavirus Research (Amsterdam, Netherlands)</i> , 2016 , 2, 97-105	4.6	23
225	Effect of a Change in Papillary Thyroid Cancer Terminology on Anxiety Levels and Treatment Preferences: A Randomized Crossover Trial. <i>JAMA Otolaryngology - Head and Neck Surgery</i> , 2018 , 144, 867-874	3.9	23

224	Overdetection in breast cancer screening: development and preliminary evaluation of a decision aid. <i>BMJ Open</i> , 2014 , 4, e006016	3	22
223	General Practitioners' Experiences of, and Responses to, Uncertainty in Prostate Cancer Screening: Insights from a Qualitative Study. <i>PLoS ONE</i> , 2016 , 11, e0153299	3.7	22
222	Incorporating health literacy in education for socially disadvantaged adults: an Australian feasibility study. <i>International Journal for Equity in Health</i> , 2016 , 15, 84	4.6	22
221	Can adults with low literacy understand shared decision making questions? A qualitative investigation. <i>Patient Education and Counseling</i> , 2016 , 99, 1796-1802	3.1	22
220	Health Literacy Demand of Printed Lifestyle Patient Information Materials Aimed at People With Chronic Kidney Disease: Are Materials Easy to Understand and Act On and Do They Use Meaningful Visual Aids?. <i>Journal of Health Communication</i> , 2017 , 22, 163-170	2.5	21
219	Readability evaluation of Internet-based patient education materials related to the anesthesiology field. <i>Journal of Clinical Anesthesia</i> , 2015 , 27, 401-5	1.9	21
218	What Australian women want and when they want it: cervical screening testing preferences, decision-making styles and information needs. <i>Health Expectations</i> , 2013 , 16, 177-88	3.7	21
217	Knowledge and decision-making for labour analgesia of Australian primiparous women. <i>Midwifery</i> , 2007 , 23, 139-45	2.8	21
216	Is the "Heart Age" Concept Helpful or Harmful Compared to Absolute Cardiovascular Disease Risk? An Experimental Study. <i>Medical Decision Making</i> , 2015 , 35, 967-78	2.5	20
215	Renaming low risk conditions labelled as cancer. <i>BMJ, The</i> , 2018 , 362, k3322	5.9	20
214	Overestimation of mortality risk and preoperative anxiety in patients undergoing elective general surgery procedures: a propensity matched analysis. <i>International Journal of Surgery</i> , 2014 , 12, 1473-7	7.5	20
213	Implementation of the Australian HPV vaccination program for adult women: qualitative key informant interviews. <i>Vaccine</i> , 2009 , 27, 5505-12	4.1	20
212	Optimal allocation of participants for the estimation of selection, preference and treatment effects in the two-stage randomised trial design. <i>Statistics in Medicine</i> , 2012 , 31, 1307-22	2.3	19
211	When online becomes offline: attitudes to safer sex practices in older and younger women using an Australian internet dating service. <i>Sexual Health</i> , 2012 , 9, 152-9	2	19
210	National survey of general practitioners' experience of delivering the National Human Papillomavirus Vaccination Program. <i>Sexual Health</i> , 2010 , 7, 291-8	2	19
209	HPV triage testing or repeat Pap smear for the management of atypical squamous cells (ASCUS) on Pap smear: is there evidence of process utility?. <i>Health Economics (United Kingdom)</i> , 2008 , 17, 593-605	2.4	19
208	The performance of human papillomavirus biomarkers in predicting anal high-grade squamous intraepithelial lesions in gay and bisexual men. <i>Aids</i> , 2017 , 31, 1303-1311	3.5	18
207	Evaluation of an Australian health literacy training program for socially disadvantaged adults attending basic education classes: study protocol for a cluster randomised controlled trial. <i>BMC Public Health</i> , 2016 , 16, 454	4.1	18

206	Development and validation of a question prompt list for parents of children with attention-deficit/hyperactivity disorder: a Delphi study. <i>Health Expectations</i> , 2016 , 19, 234-52	3.7	18
205	Psychological, lifestyle and social predictors of hepatitis C treatment response: a systematic review. <i>Liver International</i> , 2013 , 33, 894-903	7.9	18
204	Protection motivation theory and physical activity in the general population: a systematic literature review. <i>Psychology, Health and Medicine</i> , 2013 , 18, 522-42	2.1	18
203	Shared decision making in Australia in 2017. <i>Zeitschrift Fur Evidenz, Fortbildung Und Qualitat Im Gesundheitswesen</i> , 2017 , 123-124, 17-20	1.4	17
202	Recruiting general practitioners as participants for qualitative and experimental primary care studies in Australia. <i>Australian Journal of Primary Health</i> , 2015 , 21, 354-9	1.4	17
201	Sample Size and Power When Designing a Randomized Trial for the Estimation of Treatment, Selection, and Preference Effects. <i>Medical Decision Making</i> , 2014 , 34, 711-9	2.5	17
200	Effectiveness of musculoskeletal education interventions in people with low literacy levels: a systematic review. <i>Arthritis Care and Research</i> , 2013 , 65, 1976-85	4.7	17
199	How different terminology for ductal carcinoma in situ (DCIS) impacts women's concern and management preferences: A qualitative study. <i>Breast</i> , 2015 , 24, 673-9	3.6	16
198	Implementation of an evidence-based model of care for low back pain in emergency departments: protocol for the Sydney Health Partners Emergency Department (SHaPED) trial. <i>BMJ Open</i> , 2018 , 8, e019052	3.0	16
197	Enhancing communication skills for telehealth: development and implementation of a Teach-Back intervention for a national maternal and child health helpline in Australia. <i>BMC Health Services Research</i> , 2018 , 18, 162	2.9	16
196	Health Literacy and Shared Decision-making: Exploring the Relationship to Enable Meaningful Patient Engagement in Healthcare. <i>Journal of General Internal Medicine</i> , 2021 , 36, 521-524	4	16
195	Psychological impact of colorectal cancer screening. <i>Health Psychology</i> , 2003 , 22, 54-9	5	16
194	Improving health literacy through adult basic education in Australia. <i>Health Promotion International</i> , 2018 , 33, 867-877	3	15
193	Complementary medicine products used in pregnancy and lactation and an examination of the information sources accessed pertaining to maternal health literacy: a systematic review of qualitative studies. <i>BMC Complementary and Alternative Medicine</i> , 2018 , 18, 229	4.7	15
