#	ARTICLE	IF	CITATIONS
1	Annelids of the eastern Australian abyss collected by the 2017 RV "Investigator"™ voyage. ZooKeys, 2021, 1020, 1-198.	1.1	8
2	How Many Sipunculan Species Are Hiding in Our Oceans?. Diversity, 2021, 13, 43.	1.7	13
3	Oxygen consumption during and post-hypoxia exposure in bearded fireworms (Annelida: Tj ETQq1 1 0.784314 rgBT /Overlock 10 Tf 5 Physiology, 2020, 190, 681-689.	1.5	4
4	Rapid plastic responses to chronic hypoxia in the bearded fireworm, <i>Hermodice carunculata</i> (Annelida: Amphinomidae). Marine Biology, 2020, 167, 1.	1.5	6
5	Early development of two <i>Capitella</i> species (Annelida: Capitellidae) from the Gulf of Mexico. Journal of the Marine Biological Association of the United Kingdom, 2019, 99, 1557-1568.	0.8	3
6	6. Amphinomida/Sipuncula. , 2019, , 177-216.		6
7	Clarifying the taxonomic status of the alien species <i>Branchiomma bairdi</i> and <i>Branchiomma boholense</i> (Annelida: Sabellidae) using molecular and morphological evidence. PLoS ONE, 2018, 13, e0197104.	2.5	18
8	Tough, armed and omnivorous: <i>Hermodice carunculata</i> (Annelida: Amphinomidae) is prepared for ecological challenges. Journal of the Marine Biological Association of the United Kingdom, 2017, 97, 1075-1080.	0.8	27
9	The sibling polychaetes <i>Platynereis dumerilii</i> and <i>Platynereis massiliensis</i> in the Mediterranean Sea: are phylogeographic patterns related to exposure to ocean acidification?. Marine Biology, 2017, 164, 1.	1.5	16
10	Taxonomic remarks on the genus <i>Ctenodrilus</i> (Annelida: Cirratulidae) including description of a new species from the Pacific Ocean. Zootaxa, 2016, 4103, 325-43.	0.5	4
11	Species delineation in the <i>Capitella</i> species complex (Annelida: Capitellidae): geographic and genetic variation in the northern Gulf of Mexico. Invertebrate Biology, 2016, 135, 415-422.	0.9	9
12	Genetic structure in two <i>Phascolosoma</i> species in the Pacific Ocean. Marine Biology Research, 2016, 12, 739-747.	0.7	4
13	Cryptic species in Pacific sipunculans (Sipuncula: Phascolosomatidae): east-west divergence between non-sister taxa. Zoologica Scripta, 2016, 45, 455-463.	1.7	7
14	Six genetically distinct clades of <i>Palola</i> (Eunicidae, Annelida) from Lizard Island, Great Barrier Reef, Australia. Zootaxa, 2015, 4019, 695-706.	0.5	4
15	Revamping Amphinomidae (Annelida: Amphinomida), with the inclusion of <i>otopygos</i> . Zoologica Scripta, 2015, 44, 324-333.	1.7	22
16	To brood or not to brood: Are marine invertebrates that protect their offspring more resilient to ocean acidification?. Scientific Reports, 2015, 5, 12009.	3.3	59
17	All aboard! A biological survey of ballast water onboard vessels spanning the North Atlantic Ocean. Marine Pollution Bulletin, 2014, 87, 201-210.	5.0	20
18	Regeneration of posterior segments and terminal structures in the bearded fireworm, <i>Hermodice carunculata</i> (Annelida: Amphinomidae). Journal of Morphology, 2014, 275, 1103-1112.	1.2	6

#	ARTICLE	IF	CITATIONS
19	The curious case of <i>Hermodyce carunculata</i> (Annelida: Amphinomida) from adjacent basins. <i>Molecular Ecology</i> , 2013, 22, 2280-2291.	3.9	51
20	Cryptic species of <i>Archinome</i> (Annelida: Amphinomida) from vents and seeps. <i>Proceedings of the Royal Society B: Biological Sciences</i> , 2013, 280, 20131876.	2.6	50
21	Sipunculan Larvae and "Cosmopolitan" Species. <i>Integrative and Comparative Biology</i> , 2012, 52, 497-510.	2.0	23
22	Palolo and un: distinct clades in the genus <i>Palola</i> (Eunicidae, Polychaeta). <i>Marine Biodiversity</i> , 2012, 42, 161-171.	1.0	12
23	Development of <i>Capitella</i> sp. G from Galveston Bay, Texas. <i>Marine Biology Research</i> , 2011, 7, 202-207.	0.7	7
24	Record of <i>Lamellibrachia</i> sp. (Annelida: Siboglinidae: Vestimentifera) from a deep shipwreck in the western Mediterranean Sea (Italy). <i>Marine Biodiversity Records</i> , 2011, 4, .	1.2	9
25	The Bobbit worm dilemma: a case for DNA. <i>Revista De Biologia Tropical</i> , 2011, 59, 1475-7.	0.4	2
26	Musculature in sipunculan worms: ontogeny and ancestral states. <i>Evolution & Development</i> , 2009, 11, 97-108.	2.0	13
27	Phylogeny of sipunculan worms: A combined analysis of four gene regions and morphology. <i>Molecular Phylogenetics and Evolution</i> , 2007, 42, 171-192.	2.7	63
28	Phylogeny and Genetic Diversity of Palolo Worms (<i>Palola</i> , Eunicidae) from the Tropical North Pacific and the Caribbean. <i>Biological Bulletin</i> , 2006, 210, 25-37.	1.8	38
29	Reconstructing the phylogeny of the Sipuncula. <i>Hydrobiologia</i> , 2005, 535-536, 277-296.	2.0	45
