#	Paper	IF	Citations
139	An equity-based assessment of immunization-related responses in urban Alberta during the 2014 measles outbreak: a comparative analysis between Calgary and Edmonton.. <i>Canadian Journal of Public Health</i> , 2022 , 1	3.2	
138	Rethinking walkability and developing a conceptual definition of active living environments to guide research and practice.. <i>BMC Public Health</i> , 2022 , 22, 450	4.1	1
137	Developing a patient-oriented realist evaluation for COVID-19 vaccine implementation in Saskatchewan: a methodologic framework. <i>CMAJ Open</i> , 2021 , 9, E1034-E1039	2.5	0
136	COVID-19 vaccine hesitancy and refusal and associated factors in an adult population in Saskatchewan, Canada: Evidence from predictive modelling. <i>PLoS ONE</i> , 2021 , 16, e0259513	3.7	7
135	Increasing Prevalence and Direct Health Care Cost of Inflammatory Bowel Disease Among Adults: A Population-Based Study From a Western Canadian Province. <i>Journal of the Canadian Association of Gastroenterology</i> , 2021 , 4, 296-305	0.5	1
134	Trends in mental health inequalities in urban Canada. <i>Canadian Journal of Public Health</i> , 2021 , 112, 629-637	3.7	0
133	Improving health through multisectoral collaboration: enablers and barriers. <i>Canadian Journal of Public Health</i> , 2021 , 112, 1059-1068	3.2	0
132	Clinical and psychosocial stress factors are associated with decline in physical activity over time in children with juvenile idiopathic arthritis. <i>Pediatric Rheumatology</i> , 2021 , 19, 97	3.5	1
131	Stigma Reduction Interventions of Dementia: A Scoping Review. <i>Canadian Journal on Aging</i> , 2021 , 1-11	1.6	2
130	Population-Based Evidence From a Western Canadian Province of the Decreasing Incidence Rates and Trends of Inflammatory Bowel Disease Among Adults. <i>Journal of the Canadian Association of Gastroenterology</i> , 2021 , 4, 186-193	0.5	2
129	The Effect of Season and Neighbourhood-Built Environment on Home Area Sedentary Behaviour in 9-14 Year Old Children. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	1
128	Understanding the implementation (including women@ use) of maternity waiting homes in low-income and middle-income countries: a realist synthesis protocol. <i>BMJ Open</i> , 2021 , 11, e039531	3	0
127	Wave 1 results of the INTerventions, Research, and Action in Cities Team (INTERACT) cohort study: Examining spatio-temporal measures for urban environments and health. <i>Health and Place</i> , 2021 , 102646	4.6	1
126	Mood instability, depression, and anxiety in pregnancy and adverse neonatal outcomes. <i>BMC Pregnancy and Childbirth</i> , 2021 , 21, 583	3.2	1
125	The Good Food for Learning Universal Curriculum-Integrated Healthy School Lunch Intervention: Protocol for a Two-Year Matched Control Pre-Post and Case Study. <i>JMIR Research Protocols</i> , 2021 , 10, e30899	2	
124	Changing patterns of gender inequities in childhood mortalities during the Sustainable Development Goals era in Nigeria: findings from an artificial neural network analysis. <i>BMJ Open</i> , 2021 , 11, e040302	3	1
123	Inequities in childhood anaemia at provincial borders in Mozambique: cross-sectional study results from multilevel Bayesian analysis of 2018 National Malaria Indicator Survey. <i>BMJ Open</i> , 2021 , 11, e051393	3	

122	Case Management in Primary Care for Frequent Users of Health Care Services: A Realist Synthesis. <i>Annals of Family Medicine</i> , 2020 , 18, 218-226	2.9	5
121	Neighborhood Built Environment Measures and Association with Physical Activity and Sedentary Time in 9-14-Year-Old Children in Saskatoon, Canada. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	2
120	Applying the WHO ICD-PM classification system to stillbirths in a major referral Centre in Northeast Nigeria: a retrospective analysis from 2010-2018. <i>BMC Pregnancy and Childbirth</i> , 2020 , 20, 383	3.2	3
119	Clinical and associated inflammatory biomarker features predictive of short-term outcomes in non-systemic juvenile idiopathic arthritis. <i>Rheumatology</i> , 2020 , 59, 2402-2411	3.9	6
118	Inequities in child survival in Nigerian communities during the Sustainable Development Goal era: insights from analysis of 2016/2017 Multiple Indicator Cluster Survey. <i>BMC Public Health</i> , 2020 , 20, 16134-1	4.1	2
117	Mood instability across the perinatal period: A cross-sectional and longitudinal study. <i>Journal of Affective Disorders</i> , 2020 , 264, 15-23	6.6	3
116	Disadvantaged neighborhoods, birth weight, and problem behavior in five- and six-year-old pre-school children: Evidence from a cohort born in Amsterdam. <i>Social Science and Medicine</i> , 2020 , 265, 113400	5.1	0
115	Children's Drawing as a Projective Measure to Understand Their Experiences of Dental Treatment under General Anesthesia. <i>Children</i> , 2020 , 7,	2.8	7
114	Time series prediction of under-five mortality rates for Nigeria: comparative analysis of artificial neural networks, Holt-Winters exponential smoothing and autoregressive integrated moving average models. <i>BMC Medical Research Methodology</i> , 2020 , 20, 292	4.7	7
113	Mood instability during pregnancy and postpartum: a systematic review. <i>Archives of Women's Mental Health</i> , 2020 , 23, 29-41	5	12
112	A Canadian Neighbourhood Index for Socioeconomic Status Associated with Early Child Development. <i>Child Indicators Research</i> , 2020 , 13, 1133-1154	1.9	7
111	Effectiveness of the Healthy Start-Dbart Santā approach on physical activity, healthy eating and fundamental movement skills of preschoolers attending childcare centres: a randomized controlled trial. <i>BMC Public Health</i> , 2020 , 20, 523	4.1	8
110	Relationship Between Trajectories of Trunk Fat Development in Emerging Adulthood and Cardiometabolic Risk at 36 Years of Age. <i>Obesity</i> , 2019 , 27, 1652-1660	8	7
109	Trajectories of maternal depressive and anxiety symptoms from pregnancy to five years postpartum and their prenatal predictors. <i>BMC Pregnancy and Childbirth</i> , 2019 , 19, 26	3.2	30
108	INTERACT: A comprehensive approach to assess urban form interventions through natural experiments. <i>BMC Public Health</i> , 2019 , 19, 51	4.1	16
107	Aboriginal Status and Neighborhood Income Inequality Moderate the Relationship between School Absenteeism and Early Childhood Development. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	2
106	First steps: creating an initial program theory for a realist evaluation of Healthy Start-Dbart Santā intervention in childcare centres. <i>International Journal of Social Research Methodology: Theory and Practice</i> , 2019 , 22, 545-556	2.8	7
105	Improving birth outcomes for women who are substance using or have mental illness: a Canadian cohort study comparing antenatal midwifery and physician models of care for women of low socioeconomic position. <i>BMC Pregnancy and Childbirth</i> , 2019 , 19, 279	3.2	1

104	Addressing the needs of rural and remote people in a national dementia strategy for Canada. <i>Canadian Journal of Public Health</i> , 2019 , 110, 752-755	3.2	3
103	Innovation in population health intervention research 2019 , 243-260		
102	An Examination of Failed Grocery Store Interventions in Former Food Deserts. <i>Health Education and Behavior</i> , 2019 , 46, 749-754	4.2	6
101	Evidence of health inequity in child survival: spatial and Bayesian network analyses of stillbirth rates in 194 countries. <i>Scientific Reports</i> , 2019 , 9, 19755	4.9	9
100	Preliminary study: Factor structure and psychometric properties of Affective Lability Scale-18 in pregnant and postpartum women. <i>Journal of Affective Disorders</i> , 2019 , 245, 312-320	6.6	1
99	Moderate to vigorous physical activity and impact loading independently predict variance in bone strength at the tibia but not at the radius in children. <i>Applied Physiology, Nutrition and Metabolism</i> , 2019 , 44, 326-331	3	8
98	Promoting physical activity, healthy eating and gross motor skills development among preschoolers attending childcare centers: Process evaluation of the Healthy Start-Départ Santé intervention using the RE-AIM framework. <i>Evaluation and Program Planning</i> , 2018 , 68, 90-98	1.7	14
97	Latent trajectory groups of perinatal depressive and anxiety symptoms from pregnancy to early postpartum and their antenatal risk factors. <i>Archives of Women's Mental Health</i> , 2018 , 21, 689-698	5	28
96	Influence of Childhood and Adolescent Fat Development on Fat Mass Accrual During Emerging Adulthood: A 20-Year Longitudinal Study. <i>Obesity</i> , 2018 , 26, 613-620	8	10
95	Longitudinal patterns in BMI and percent total body fat from peak height velocity through emerging adulthood into young adulthood. <i>American Journal of Human Biology</i> , 2018 , 30, e23056	2.7	7
94	A Pan-Canadian Data Resource for Monitoring Child Developmental Health: The Canadian Neighbourhoods and Early Child Development (CanNECD) Database. <i>International Journal of Population Data Science</i> , 2018 , 3, 431	1.4	3
93	Lessons Learned From a Food Environment Intervention Study: Recruitment and Retention of Participants in Disadvantaged Urban Inner-City Neighborhoods. <i>Health Education and Behavior</i> , 2018 , 45, 473-479	4.2	2
92	Facilitators and barriers of sociodemographic data collection in Canadian health care settings: a multisite case study evaluation. <i>International Journal for Equity in Health</i> , 2018 , 17, 186	4.6	3
91	Reduced prevalence of small-for-gestational-age and preterm birth for women of low socioeconomic position: a population-based cohort study comparing antenatal midwifery and physician models of care. <i>BMJ Open</i> , 2018 , 8, e022220	3	10
90	"Monkey see, monkey do": Peers' behaviors predict preschoolers' physical activity and dietary intake in childcare centers. <i>Preventive Medicine</i> , 2017 , 97, 33-39	4.3	16
89	A review of neighborhood effects and early child development: How, where, and for whom, do neighborhoods matter?. <i>Health and Place</i> , 2017 , 46, 155-174	4.6	137
88	Health-related outcomes of new grocery store interventions: a systematic review. <i>Public Health Nutrition</i> , 2017 , 20, 2236-2248	3.3	30
87	Neighbourhood socioeconomic status indices and early childhood development. <i>SSM - Population Health</i> , 2017 , 3, 48-56	3.8	33

86	Association between childcare educators' practices and preschoolers' physical activity and dietary intake: a cross-sectional analysis. <i>BMJ Open</i> , 2017 , 7, e013657	3	23
85	Case management in primary care among frequent users of healthcare services with chronic conditions: protocol of a realist synthesis. <i>BMJ Open</i> , 2017 , 7, e017701	3	13
84	Prenatal screening, diagnosis, and termination of pregnancy in First Nations and rural women. <i>Prenatal Diagnosis</i> , 2016 , 36, 838-46	3.2	1
83	A multilevel intervention to increase physical activity and improve healthy eating and physical literacy among young children (ages 3-5) attending early childcare centres: the Healthy Start-Départ Santé cluster randomised controlled trial study protocol. <i>BMC Public Health</i> , 2016 , 16, 313	4.1	39
82	mHealth information for migrants: an e-health intervention for internal migrants in Vietnam. <i>Reproductive Health</i> , 2016 , 13, 55	3.5	22
81	The Good Food Junction: a Community-Based Food Store Intervention to Address Nutritional Health Inequities. <i>JMIR Research Protocols</i> , 2016 , 5, e52	2	5
80	The Influence of Weather Variation, Urban Design and Built Environment on Objectively Measured Sedentary Behaviour in Children. <i>AIMS Public Health</i> , 2016 , 3, 663-681	1.9	10
79	Retail food environments research: Promising future with more work to be done. <i>Canadian Journal of Public Health</i> , 2016 , 107, 5622	3.2	3
78	Healthy Start-Départ Santé: A pilot study of a multilevel intervention to increase physical activity, fundamental movement skills and healthy eating in rural childcare centres. <i>Canadian Journal of Public Health</i> , 2016 , 107, e312-e318	3.2	13
77	A methodology to leverage cross-sectional accelerometry to capture weather's influence in active living research. <i>Canadian Journal of Public Health</i> , 2016 , 107, e30-e36	3.2	2
76	Walkable home neighbourhood food environment and children's overweight and obesity: Proximity, density or price?. <i>Canadian Journal of Public Health</i> , 2016 , 107, 5347	3.2	15
75	Assessing the Consumer Food Environment in Restaurants by Neighbourhood Distress Level across Saskatoon, Saskatchewan. <i>Canadian Journal of Dietetic Practice and Research</i> , 2016 , 77, 9-16	1.3	2
74	The Effectiveness of Healthy Community Approaches on Positive Health Outcomes in Canada and the United States. <i>Social Sciences</i> , 2016 , 5, 3	1.8	4
73	Examining the social determinants of children's developmental health: protocol for building a pan-Canadian population-based monitoring system for early childhood development. <i>BMJ Open</i> , 2016 , 6, e012020	3	23
72	Maternal mental health: a shared care approach. <i>Primary Health Care Research and Development</i> , 2016 , 17, 175-83	1.6	1
71	Is model of care associated with infant birth outcomes among vulnerable women? A scoping review of midwifery-led versus physician-led care. <i>SSM - Population Health</i> , 2016 , 2, 182-193	3.8	11
70	Scaling Behavior of Human Mobility Distributions. <i>Lecture Notes in Computer Science</i> , 2016 , 145-159	0.9	4
69	Longitudinal active living research to address physical inactivity and sedentary behaviour in children in transition from preadolescence to adolescence. <i>BMC Public Health</i> , 2015 , 15, 495	4.1	8

68	Factoring in weather variation to capture the influence of urban design and built environment on globally recommended levels of moderate to vigorous physical activity in children. <i>BMJ Open</i> , 2015 , 5, e009045	3	10
67	Examining food purchasing patterns from sales data at a full-service grocery store intervention in a former food desert. <i>Preventive Medicine Reports</i> , 2015 , 2, 164-9	2.6	13
66	Immigrants' Perceptions of quality of life in three second- or third-tier Canadian cities. <i>Canadian Geographer / Geographie Canadien</i> , 2015 , 59, 489-503	1.1	7
65	Cross-sectional analysis of a community-based cooperative grocery store intervention in Saskatoon, Canada. <i>Canadian Journal of Public Health</i> , 2015 , 106, e147-53	3.2	7
64	Capturing the Interrelationship between Objectively Measured Physical Activity and Sedentary Behaviour in Children in the Context of Diverse Environmental Exposures. <i>International Journal of Environmental Research and Public Health</i> , 2015 , 12, 10995-1011	4.6	12
63	Guided Internet-Based Parent Training for Challenging Behavior in Children With Fetal Alcohol Spectrum Disorder (Strongest Families FASD): Study Protocol for a Randomized Controlled Trial. <i>JMIR Research Protocols</i> , 2015 , 4, e112	2	12
62	Geographic access to healthy and unhealthy food sources for children in neighbourhoods and from elementary schools in a mid-sized Canadian city. <i>Spatial and Spatio-temporal Epidemiology</i> , 2014 , 11, 23-32 ⁵	3.5	20
61	The community and consumer food environment and children's diet: a systematic review. <i>BMC Public Health</i> , 2014 , 14, 522	4.1	108
60	Ethics challenges of transition from paediatric to adult health care services for young adults with neurodevelopmental disabilities. <i>Paediatrics and Child Health</i> , 2014 , 19, 65-8	0.7	17
59	Effects of Dental Rehabilitation under General Anesthesia on Children's Oral-Health-Related Quality of Life: Saudi Arabian Parents' Perspectives. <i>Dentistry Journal</i> , 2014 , 3, 1-13	3.1	5
58	Mood and anxiety problems in perinatal Indigenous women in Australia, New Zealand, Canada, and the United States: a critical review of the literature. <i>Transcultural Psychiatry</i> , 2014 , 51, 93-111	2.7	23
57	Building social capital as a pathway to success: community development practices of an early childhood intervention program in Canada. <i>Health Promotion International</i> , 2014 , 29, 244-55	3	15
56	Towards uniform accelerometry analysis: a standardization methodology to minimize measurement bias due to systematic accelerometer wear-time variation. <i>Journal of Sports Science and Medicine</i> , 2014 , 13, 379-86	2.7	27
55	Antenatal group therapy improves worry and depression symptoms. <i>Israel Journal of Psychiatry</i> , 2014 , 51, 226-31		6
54	Frequent behavioural challenges in children with fetal alcohol spectrum disorder: a needs-based assessment reported by caregivers and clinicians. <i>Journal of Population Therapeutics and Clinical Pharmacology</i> , 2014 , 21, e405-20	3.3	10
53	Immigrants, islandness and perceptions of quality-of-life on Prince Edward Island, Canada. <i>Island Studies Journal</i> , 2014 , 9, 343-362	2	7
52	Multilevel Determinants of Colleges/Universities Enrolment in Vietnam: Evidences from the 15% Sample Data of Population Census 2009. <i>Social Indicators Research</i> , 2013 , 111, 375-386	2.7	5
51	The Canadian Index of Wellbeing: key findings from the healthy populations domain. <i>Canadian Journal of Public Health</i> , 2012 , 103, e342-7	3.2	11

50	Coverage for the entire population: tackling immunization rates and disparities in Saskatoon Health Region. <i>Canadian Journal of Public Health</i> , 2012 , 103, eS37-41	3.2	6
49	Built environment health research: the time is now for a Canadian network of excellence. <i>Canadian Journal of Public Health</i> , 2012 , 103, eS3-4	3.2	2
48	Coming to consensus on policy to create supportive built environments and community design. <i>Canadian Journal of Public Health</i> , 2012 , 103, eS5-8	3.2	19
47	Walkable for whom? Examining the role of the built environment on the neighbourhood-based physical activity of children. <i>Canadian Journal of Public Health</i> , 2012 , 103, eS29-34	3.2	19
46	Understanding the impact of the Canada Prenatal Nutrition Program: a quantitative evaluation. <i>Canadian Journal of Public Health</i> , 2012 , 103, eS26-31	3.2	14
45	Smart cities, healthy kids: the association between neighbourhood design and children's physical activity and time spent sedentary. <i>Canadian Journal of Public Health</i> , 2012 , 103, eS22-8	3.2	11
44	Realizing neighbourhood potential? The role of the availability of health care services on contact with a primary care physician. <i>Health and Place</i> , 2012 , 18, 814-23	4.6	18
43	Are pregnant and postpartum women moodier? Understanding perinatal mood instability. <i>Journal of Obstetrics and Gynaecology Canada</i> , 2012 , 34, 1038-1042	1.3	10
42	Practices and plans for knowledge translation at NeuroDevNet. <i>Seminars in Pediatric Neurology</i> , 2011 , 18, 26-30	2.9	2
41	Does the EDI Equivalently Measure Facets of School Readiness for Aboriginal and Non-Aboriginal children?. <i>Social Indicators Research</i> , 2011 , 103, 299-314	2.7	16
40	Neighborhood Poverty Impacts Children's Physical Health and Well-Being Over Time: Evidence From the Early Development Instrument. <i>Early Education and Development</i> , 2011 , 22, 183-205	1.4	20
39	Neighbourhood ethnic diversity buffers school readiness impact in ESL children. <i>Canadian Journal of Public Health</i> , 2010 , 101 Suppl 3, S13-8	3.2	3
38	Neighbourhood effects on hospitalization in early childhood. <i>Canadian Journal of Public Health</i> , 2010 , 101, 119-23	3.2	6
37	Replication of the neighborhood active living potential measure in Saskatoon, Canada. <i>American Journal of Preventive Medicine</i> , 2010 , 39, 364-7	6.1	5
36	Assessment of total and central adiposity in Canadian Aboriginal children and their Caucasian peers. <i>Pediatric Obesity</i> , 2010 , 5, 342-50		9
35	Neighbourhood contexts and low birthweight: social disconnection heightens single parents risks in Saskatoon. <i>Canadian Journal of Public Health</i> , 2009 , 100, 130-4	3.2	9
34	Examination of physical activity in adolescents over the school year. <i>Pediatric Exercise Science</i> , 2009 , 21, 421-35	2	12
33	Neighborhood characteristics in relation to diet, physical activity and overweight of Canadian children. <i>Pediatric Obesity</i> , 2008 , 3, 152-9		101

32	Clinical features at first visit and rapid disease progression in Parkinson's disease. <i>Parkinsonism and Related Disorders</i> , 2008 , 14, 431-5	3.6	17
31	Recommendations for action on the social determinants of health: a Canadian perspective. <i>Lancet, The</i> , 2008 , 372, 1690-3	4.0	10
30	Youth and adolescent physical activity lapsers: examining self-efficacy as a mediator of the relationship between family social influence and physical activity. <i>Journal of Health Psychology</i> , 2008 , 13, 121-30	3.1	37
29	Using a naturalistic ecological approach to examine the factors influencing youth physical activity across grades 7 to 12. <i>Health Education and Behavior</i> , 2008 , 35, 158-73	4.2	51
28	Exploring physicians' views and values in relation to maternal serum screening. <i>Journal of Obstetrics and Gynaecology Canada</i> , 2008 , 30, 564-572	1.3	6
27	Effort-reward imbalance, overcommitment, and psychological distress in Canadian police officers. <i>Psychological Reports</i> , 2007 , 100, 525-30	1.6	11
26	Taking a closer look: an examination of measles, mumps, and rubella immunization uptake in Saskatoon. <i>Canadian Journal of Public Health</i> , 2007 , 98, 417-21	3.2	6
25	The relationship between work hours and utilization of general practitioners in four Canadian provinces. <i>Health Services Research</i> , 2007 , 42, 1483-98	3.4	8
24	Volunteerism and residential longevity in Saskatoon, Saskatchewan, Canada. <i>Social Indicators Research</i> , 2007 , 85, 97-110	2.7	1
23	Knowledge translation strategies in a community-university partnership: examining local Quality of Life (QoL). <i>Social Indicators Research</i> , 2007 , 85, 111-125	2.7	9
22	Person, Perception, and Place: What Matters to Health and Quality of Life. <i>Social Indicators Research</i> , 2007 , 85, 53-80	2.7	23
21	Respiratory illness in Saskatoon infants: The impact of housing and neighbourhood characteristics. <i>Social Indicators Research</i> , 2007 , 85, 81-95	2.7	1
20	Changes in quality of life perceptions in Saskatoon, Saskatchewan: comparing survey results from 2001 and 2004. <i>Social Indicators Research</i> , 2007 , 85, 5-21	2.7	14
19	Quality of life research: New challenges and new opportunities. <i>Social Indicators Research</i> , 2007 , 85, 1-4	2.7	15
18	Work-family conflict, and psychological distress in men and women among Canadian police officers. <i>Psychological Reports</i> , 2007 , 100, 556-62	1.6	25
17	The health of employed women and men: work, family, and community correlates. <i>Journal of Community and Applied Social Psychology</i> , 2006 , 16, 233-241	2.8	11
16	Factors that influence physical activity participation among high- and low-SES youth. <i>Qualitative Health Research</i> , 2006 , 16, 467-83	3.9	184
15	Social contexts and children's health outcomes: Researching across the boundaries. <i>Critical Public Health</i> , 2006 , 16, 205-218	2.6	19

14	The health of single fathers: demographic, economic and social correlates. <i>Canadian Journal of Public Health</i> , 2006 , 97, 440-4	3.2	17
13	A gender analysis of quality of life in Saskatoon, Saskatchewan. <i>Geo Journal</i> , 2006 , 65, 393-407	2.2	2
12	Community Resilience Impact on Child and Youth Health Outcomes: A Neighbourhood Case Study. <i>Canadian Journal of School Psychology</i> , 2005 , 20, 5-20	1.5	10
11	Establishing and sustaining communityUniversity partnerships: A case study of quality of life research. <i>Critical Public Health</i> , 2005 , 15, 291-302	2.6	25
10	Beyond the divides: Towards critical population health research. <i>Critical Public Health</i> , 2005 , 15, 5-17	2.6	48
9	Risk of hospitalization with peptic ulcer disease or gastrointestinal hemorrhage associated with nabumetone, Arthrotec, diclofenac, and naproxen in a population based cohort study. <i>Journal of Rheumatology</i> , 2005 , 32, 2212-7	4.1	14
8	A population based historical cohort study of the mortality associated with nabumetone, Arthrotec, diclofenac, and naproxen. <i>Journal of Rheumatology</i> , 2004 , 31, 951-6	4.1	7
7	Diet, obesity and education in three age groups of Saskatchewan women. <i>Canadian Journal of Dietetic Practice and Research</i> , 2003 , 64, 181-8	1.3	9
6	Social role occupancy, gender, income adequacy, life stage and health: a longitudinal study of employed Canadian men and women. <i>Social Science and Medicine</i> , 2003 , 57, 1491-503	5.1	41
5	Concurrent consultations with physicians and providers of alternative care: results from a population-based study. <i>Canadian Journal of Public Health</i> , 2000 , 91, 449-53	3.2	16
4	Occurrence of chronic obstructive pulmonary disease among Canadians and sex-related risk factors. <i>Journal of Clinical Epidemiology</i> , 2000 , 53, 755-61	5.7	66
3	Comparison of survey and physician claims data for detecting hypertension. <i>Journal of Clinical Epidemiology</i> , 1997 , 50, 711-8	5.7	70
2	Prevalence and predictors of health risk behaviours during early pregnancy: Saskatoon Pregnancy and Health Study. <i>Canadian Journal of Public Health</i> , 1997 , 88, 375-9	3.2	26
1	Does social capital flatten the social gradient in early childhood development? An ecological study of two provinces in Canada. <i>Social Indicators Research</i> , 1	2.7
