#	ARTICLE	IF	CITATIONS
1	High-Risk Contexts for Violence Against Women: Using Latent Class Analysis to Understand Structural and Contextual Drivers of Intimate Partner Violence at the National Level. <i>Journal of Interpersonal Violence</i> , 2023, 38, 1007-1039.	1.3	5
2	A Prospective Analysis of the Interrelationship between Physical Intimate Partner Violence and Alcohol Use: A Post-Hoc Analysis of Young Women Involved in the Stepping Stones and Creating Futures Trial in South Africa. <i>Journal of Interpersonal Violence</i> , 2023, 38, 750-771.	1.3	2
3	High levels of poor mental health among young men in urban informal settlements in South Africa: a community-based study of social determinants. <i>Psychology, Health and Medicine</i> , 2023, 28, 2606-2620.	1.3	5
4	Gendered syndemic of intimate partner violence, alcohol misuse, and HIV risk among peri-urban, heterosexual men in South Africa. <i>Social Science and Medicine</i> , 2022, 295, 112637.	1.8	52
5	Cellphones and romantic relationships of young women in urban informal settlements in South Africa. <i>Culture, Health and Sexuality</i> , 2022, 24, 1380-1394.	1.0	3
6	Intimate Partner Violence and the HIV Care and Treatment Cascade Among Adolescent Girls and Young Women in DREAMS, South Africa. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2022, 89, 136-142.	0.9	11
7	Gender, Power, and Health: Measuring and Assessing Sexual Relationship Power Equity Among Young Sub-Saharan African Women and Men, a Systematic Review. <i>Trauma, Violence, and Abuse</i> , 2022, 23, 920-937.	3.9	7
8	Opportunities for technologically driven dialogical health communication for participatory interventions: Perspectives from male peer navigators in rural South Africa. <i>Social Science and Medicine</i> , 2022, 292, 114539.	1.8	4
9	Sexual aggression in a global perspective: Theory and intervention efficacy. , 2022, , 365-378.		1
10	How Social Contexts May Shape Online Participatory Violence Prevention Interventions for Youth? Views of Researchers and Practitioners. <i>Youth</i> , 2022, 2, 113-125.	0.5	2
11	Researchers or practitionersâ€™ opinion of the possibilities for creating virtual safe social spaces for violence prevention interventions for young people. <i>Health Education Research</i> , 2022, 37, 155-166.	1.0	4
12	Prevention of violence against women and girls: A cost-effectiveness study across 6 low- and middle-income countries. <i>PLoS Medicine</i> , 2022, 19, e1003827.	3.9	5
13	Stepping Stones and Creating Futures: A group-based approach to addressing violence against women through working with men. <i>Journal of Clinical Psychology</i> , 2022, 78, 26-37.	1.0	8
14	Longitudinal inconsistencies in womenâ€™s self-reports of lifetime experience of physical and sexual IPV: evidence from the MAISHA trial and follow-on study in North-western Tanzania. <i>BMC Women's Health</i> , 2022, 22, 120.	0.8	6
15	Sexual Relationship Power Equity Is Associated With Consistent Condom Use and Fewer Experiences of Recent Violence Among Women Living With HIV in Canada. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2022, 90, 482-493.	0.9	2
16	Does experiencing a traumatic life event increase the risk of intimate partner violence for young women? A cross-sectional analysis and structural equation model of data from the Stepping Stones and Creating Futures intervention in South Africa. <i>BMJ Open</i> , 2022, 12, e051969.	0.8	1
17	Learnersâ€™ viewpoints on the possibilities and limitations imposed by social contexts on online group-based participatory interventions to address violence. <i>Global Public Health</i> , 2022, 17, 3894-3911.	1.0	1
18	Adolescent dating violence prevention programmes: a global systematic review of evaluation studies. <i>The Lancet Child and Adolescent Health</i> , 2021, 5, 223-232.	2.7	32

#	ARTICLE	IF	CITATIONS
19	Non-partner sexual violence experience and toilet type amongst young (18–24) women in South Africa: A population-based cross-sectional analysis. <i>Global Public Health</i> , 2021, 16, 590-596.	1.0	8
20	Learnings from the evaluation of HERrespect: a factory-based intervention to prevent intimate partner and workplace violence against female garment workers in Bangladesh. <i>Global Health Action</i> , 2021, 14, 1868960.	0.7	4
21	Pooled analysis of the association between alcohol use and violence against women: evidence from four violence prevention studies in Africa. <i>BMJ Open</i> , 2021, 11, e049282.	0.8	17
22	Afghan Women's Use of Violence against Their Children and Associations with IPV, Adverse Childhood Experiences and Poverty: A Cross-Sectional and Structural Equation Modelling Analysis. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 7923.	1.2	5
23	Risk factors for generalized anxiety disorder among young women and men in informal settlements in South Africa: A cross-sectional study. <i>SSM Mental Health</i> , 2021, 1, 100010.	0.9	4
24	Elements of the Design and Implementation of Interventions to Prevent Violence against Women and Girls Associated with Success: Reflections from the What Works to Prevent Violence against Women and Girls? Global Programme. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 12129.	1.2	31
25	Constructing, reproducing and challenging masculinities in a participatory intervention in urban informal settlements in South Africa. <i>Culture, Health and Sexuality</i> , 2020, 22, 535-550.	1.0	18
26	Gender role conflict and sexual health and relationship practices amongst young men living in urban informal settlements in South Africa. <i>Culture, Health and Sexuality</i> , 2020, 22, 31-47.	1.0	26
27	Bacha posh in Afghanistan: factors associated with raising a girl as a boy. <i>Culture, Health and Sexuality</i> , 2020, 22, 585-598.	1.0	2
28	Factors associated with young people's attendance at an IPV prevention intervention in informal settlements in South Africa: A prospective analysis. <i>Global Public Health</i> , 2020, 15, 161-172.	1.0	9
29	Stepping Stones and Creating Futures Intervention to Prevent Intimate Partner Violence Among Young People: Cluster Randomized Controlled Trial. <i>Journal of Adolescent Health</i> , 2020, 66, 323-335.	1.2	76
30	Did young women in South African informal settlements display increased agency after participating in the Stepping Stones and Creating Futures intervention? A qualitative evaluation. <i>Social Science and Medicine</i> , 2020, 265, 113302.	1.8	8
31	Exploring differential impacts of interventions to reduce and prevent intimate partner violence (IPV) on sub-groups of women and men: A case study using impact evaluations from Rwanda and South Africa. <i>SSM - Population Health</i> , 2020, 11, 100635.	1.3	7
32	Associations between exposures to occupation-related events, depression and intimate partner violence among women in the occupied Palestinian Territories. <i>Global Public Health</i> , 2020, 16, 1-14.	1.0	6
33	Acceptability of point-of-care viral load testing to facilitate differentiated care: a qualitative assessment of people living with HIV and nurses in South Africa. <i>BMC Health Services Research</i> , 2020, 20, 1081.	0.9	8
34	How do programmes to prevent intimate partner violence among the general population impact women with disabilities? Post-hoc analysis of three randomised controlled trials. <i>BMJ Global Health</i> , 2020, 5, e002216.	2.0	9
35	Covert family planning as a symbol of agency for young, married women. <i>EClinicalMedicine</i> , 2020, 23, 100393.	3.2	4
36	Understanding how community antiretroviral delivery influences engagement in HIV care: a qualitative assessment of the Centralised Chronic Medication Dispensing and Distribution programme in South Africa. <i>BMJ Open</i> , 2020, 10, e035412.	0.8	26

#	ARTICLE	IF	CITATIONS
37	Pathways of change: qualitative evaluations of intimate partner violence prevention programmes in Ghana, Rwanda, South Africa and Tajikistan. <i>Culture, Health and Sexuality</i> , 2020, 23, 1-17.	1.0	12
38	Severe intimate partner violence is associated with all-cause mortality among women living with HIV. <i>Aids</i> , 2020, 34, 1549-1558.	1.0	12
39	Depression, posttraumatic stress disorder (PTSD) and their comorbidity: Implications of adversity amongst young women living in informal settlements in Durban, South Africa. <i>Journal of Affective Disorders Reports</i> , 2020, 1, 100022.	0.9	8
40	Differential impact on men in an IPV prevention intervention: A post hoc analysis using latent class analysis of the Stepping Stones and Creating Futures intervention in South Africa. <i>Social Science and Medicine</i> , 2020, 265, 113538.	1.8	17
41	The impacts of combined social and economic empowerment training on intimate partner violence, depression, gender norms and livelihoods among women: an individually randomised controlled trial and qualitative study in Afghanistan. <i>BMJ Global Health</i> , 2020, 5, e001946.	2.0	33
42	The prevalence, patterning and associations with depressive symptoms and self-rated health of emotional and economic intimate partner violence: a three-country population based study. <i>Journal of Global Health</i> , 2020, 10, 010415.	1.2	10
43	Which men change in intimate partner violence prevention interventions? A trajectory analysis in Rwanda and South Africa. <i>BMJ Global Health</i> , 2020, 5, e002199.	2.0	9
44	Risk factors for alcohol and drug misuse amongst young women in informal settlements in Durban, South Africa. <i>Global Public Health</i> , 2020, 15, 1322-1336.	1.0	10
45	HIV-Prevalence in South Africa by settlement type: A repeat population-based cross-sectional analysis of men and women. <i>PLoS ONE</i> , 2020, 15, e0230105.	1.1	24
46	New learnings on drivers of men's physical and/or sexual violence against their female partners, and women's experiences of this, and the implications for prevention interventions. <i>Global Health Action</i> , 2020, 13, 1739845.	0.7	74
47	When Home is Not a Safe Place: Impacts of Social Distancing Directives on Women Living with HIV. <i>AIDS and Behavior</i> , 2020, 24, 3017-3019.	1.4	9
48	Evaluating DREAMS HIV prevention interventions targeting adolescent girls and young women in high HIV prevalence districts in South Africa: protocol for a cross-sectional study. <i>BMC Women's Health</i> , 2020, 20, 7.	0.8	29
49	Assessment of the Impact of Rapid Point-of-Care CD4 Testing in Primary Healthcare Clinic Settings: A Survey Study of Client and Provider Perspectives. <i>Diagnostics</i> , 2020, 10, 81.	1.3	4
50	What can we learn from studying control arms of randomised VAW prevention intervention evaluations: reflections on expected measurement error, meaningful change and the utility of RCTs. <i>Global Health Action</i> , 2020, 13, 1748401.	0.7	8
51	Exploring young women's reproductive decision-making, agency and social norms in South African informal settlements. <i>PLoS ONE</i> , 2020, 15, e0231181.	1.1	22
52	Masculinities and violence: using latent class analysis to investigate the origins and correlates of differences between men in the cross-sectional UN Multi-country Study on men and violence in Asia and the Pacific. <i>Journal of Global Health</i> , 2020, 10, 020439.	1.2	9
53	Factors associated with "honour killing" in Afghanistan and the occupied Palestinian Territories: Two cross-sectional studies. <i>PLoS ONE</i> , 2019, 14, e0219125.	1.1	18
54	A study on capacity development in the "What Works to Prevent Violence Against Women" programme. <i>Development in Practice</i> , 2019, 29, 786-797.	0.6	3

#	ARTICLE	IF	CITATIONS
55	Test-retest stability of self-reported violence against women measures: results from the stepping stones and creating futures pilot. <i>Global Health Action</i> , 2019, 12, 1671663.	0.7	5
56	“When you talk to someone in a bad way or always put her under pressure, it is actually worse than beating her”: Conceptions and experiences of emotional intimate partner violence in Rwanda and South Africa. <i>PLoS ONE</i> , 2019, 14, e0225121.	1.1	12
57	Why interventions to prevent intimate partner violence and <sc>HIV</sc> have failed young women in southern Africa. <i>Journal of the International AIDS Society</i> , 2019, 22, e25380.	1.2	50
58	Measuring sexual relationship power equity among young women and young men South Africa: Implications for gender-transformative programming. <i>PLoS ONE</i> , 2019, 14, e0221554.	1.1	22
59	Workplace violence in Bangladesh's garment industry. <i>Social Science and Medicine</i> , 2019, 235, 112383.	1.8	12
60	Exploring young women's constructions of love and strategies to navigate violent relationships in South African informal settlements. <i>Culture, Health and Sexuality</i> , 2019, 21, 1225-1239.	1.0	26
61	Violence against Afghan women by husbands, mothers-in-law and siblings-in-law/siblings: Risk markers and health consequences in an analysis of the baseline of a randomised controlled trial. <i>PLoS ONE</i> , 2019, 14, e0211361.	1.1	26
62	Associations Between Lifetime Traumatic Experiences and HIV-Risk Behaviors Among Young Men Living in Informal Settlements in South Africa: A Cross-Sectional Analysis and Structural Equation Model. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2019, 81, 193-201.	0.9	20
63	Are women's experiences of emotional and economic intimate partner violence associated with HIV-risk behaviour? A cross-sectional analysis of young women in informal settlements in South Africa. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2019, 31, 667-674.	0.6	9
64	Effect of Childhood Poverty and Trauma on Adult Depressive Symptoms Among Young Men in Peri-Urban South African Settlements. <i>Journal of Adolescent Health</i> , 2019, 64, 79-85.	1.2	31
65	Understanding how Afghan women utilise a gender transformative and economic empowerment intervention: A qualitative study. <i>Global Public Health</i> , 2018, 13, 1702-1712.	1.0	7
66	The HERrespect intervention to address violence against female garment workers in Bangladesh: study protocol for a quasi-experimental trial. <i>BMC Public Health</i> , 2018, 18, 512.	1.2	12
67	“This baby came up and then he said, “I give up!”: The interplay between unintended pregnancy, sexual partnership dynamics and social support and the impact on women's well-being in KwaZulu-Natal, South Africa. <i>Midwifery</i> , 2018, 62, 29-35.	1.0	16
68	Systematically excluded: Young women's experiences of accessing child support grants in South Africa. <i>Global Public Health</i> , 2018, 13, 1820-1830.	1.0	4
69	An exploratory analysis of factors associated with depression in a vulnerable group of young people living in informal settlements in South Africa. <i>Global Public Health</i> , 2018, 13, 788-803.	1.0	42
