

Enrique Morillas

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/8529895/enrique-morillas-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
9	Microbiota from young mice counteracts selective age-associated behavioral deficits. <i>Nature Aging</i> , 2021 , 1, 666-676		36
8	Prefrontal cortex activity patterns during taste neophobia habituation in adult and aged rats. <i>Behavioural Brain Research</i> , 2020 , 392, 112717	3.4	1
7	The Microbiota-Gut-Brain Axis. <i>Physiological Reviews</i> , 2019 , 99, 1877-2013	47.9	979
6	Flavor recognition memory related activity of the posterior piriform cortex in adult and aged rats. <i>Behavioural Brain Research</i> , 2019 , 360, 196-201	3.4	8
5	Facilitation and retardation of flavor preference conditioning following prior exposure to the flavor conditioned stimulus. <i>Learning and Behavior</i> , 2019 , 47, 177-186	1.3	1
4	Flavor and object recognition memory impairment induced by excitotoxic lesions of the perirhinal cortex. <i>Neurobiology of Learning and Memory</i> , 2017 , 144, 230-234	3.1	12
3	The extinction procedure modifies a conditioned flavor preference in nonhungry rats only after reevaluation of the unconditioned stimulus. <i>Journal of Experimental Psychology Animal Learning and Cognition</i> , 2016 , 42, 380-390	1.4	3
2	Latent inhibition in flavor-preference conditioning: effects of motivational state and the nature of the reinforcer. <i>Learning and Behavior</i> , 2015 , 43, 376-83	1.3	4
1	Altered perirhinal cortex activity patterns during taste neophobia and their habituation in aged rats. <i>Behavioural Brain Research</i> , 2015 , 281, 245-9	3.4	41
