#	ARTICLE	IF	CITATIONS
1	Dynamic Cushioning: Obesity and Trauma Patients Undergoing Exploratory Laparotomy. <i>Journal of Surgical Research</i> , 2022, 270, 68-73.	1.6	1
2	Provision of cervical cancer prevention services in Northern Uganda: a survey of health workers from rural health centres. <i>BMC Health Services Research</i> , 2021, 21, 794.	2.2	7
3	Smoking Beyond Prison Bans: The Impact of Prison Tobacco Bans on Smoking Among Prison Entrants. <i>Journal of Correctional Health Care</i> , 2021, 27, 280-288.	0.5	0
4	Identifying significant contributors for smoking cessation among male prisoners in Australia: results from a randomised clinical trial. <i>BMJ Open</i> , 2020, 10, e034046.	1.9	3
5	Risky alcohol consumption prior to incarceration: A cross-sectional study of drinking patterns among Australian prison entrants. <i>Drug and Alcohol Review</i> , 2020, 39, 694-703.	2.1	4
6	Smartphone apps for managing alcohol consumption: a literature review. <i>Addiction Science & Clinical Practice</i> , 2020, 15, 17.	2.6	63
7	COVID-19 and alcohol in Australia: Industry changes and public health impacts. <i>Drug and Alcohol Review</i> , 2020, 39, 435-440.	2.1	76
8	Content analysis of websites selling alcohol online in Australia. <i>Drug and Alcohol Review</i> , 2020, 39, 162-169.	2.1	15
9	Barriers and facilitators to uptake of cervical cancer screening among women in Uganda: a systematic review. <i>BMC Women's Health</i> , 2019, 19, 108.	2.0	75
10	Effect of a participatory intervention in women's self-help groups for the prevention of chronic suppurative otitis media in their children in Jumla Nepal: a cluster-randomised trial. <i>BMC Pediatrics</i> , 2019, 19, 163.	1.7	3
11	Smoking Bans in Psychiatric Units: An Issue of Medical Ethics. <i>Frontiers in Psychiatry</i> , 2019, 10, 134.	2.6	8
12	Intimate partner violence in pregnancy: a cross-sectional study from post-conflict northern Uganda. <i>BMJ Open</i> , 2019, 9, e027541.	1.9	9
13	The effectiveness, safety and cost-effectiveness of cytosine versus varenicline for smoking cessation in an Australian population: a study protocol for a randomized controlled non-inferiority trial. <i>Addiction</i> , 2019, 114, 923-933.	3.3	11
14	Significance of reduced number of cigarettes smoked after release from smoke-free prisons. <i>Drug and Alcohol Dependence</i> , 2019, 194, 195-196.	3.2	0
15	Improving early detection of breast cancer in sub-Saharan Africa: why mammography may not be the way forward. <i>Globalization and Health</i> , 2019, 15, 3.	4.9	99
16	Randomised controlled trial of a healthy lifestyle intervention among smokers with psychotic disorders: Outcomes to 36 months. <i>Australian and New Zealand Journal of Psychiatry</i> , 2018, 52, 239-252.	2.3	27
17	Prevention of Cervical Cancer in Sub-Saharan Africa: The Advantages and Challenges of HPV Vaccination. <i>Vaccines</i> , 2018, 6, 61.	4.4	80
18	No smoker left behind: it's time to tackle tobacco in Australian priority populations. <i>Medical Journal of Australia</i> , 2018, 208, 52-52.	1.7	18

#	ARTICLE	IF	CITATIONS
19	Self-Reported Reasons for Smoking: Predicting Abstinence and Implications for Smoking Cessation Treatments Among Those With a Psychotic Disorder. <i>Journal of Dual Diagnosis</i> , 2017, 13, 6-14.	1.2	9
20	Smoke-free mental health inpatient facility policies in Australia: variation across states and territories. <i>Australian and New Zealand Journal of Public Health</i> , 2017, 41, 329-332.	1.8	5
21	Plasma apolipoproteins and physical and cognitive health in very old individuals. <i>Neurobiology of Aging</i> , 2017, 55, 49-60.	3.1	42
22	Addressing the arguments against implementation of smoke-free policies in psychiatric facilities. <i>Journal of Psychiatric and Mental Health Nursing</i> , 2017, 24, 322-331.	2.1	8
23	No smoker left behind: it's time to tackle tobacco in Australian priority populations. <i>Medical Journal of Australia</i> , 2017, 207, 141-142.	1.7	24
24	Reducing smoking reduces suicidality among individuals with psychosis: Complementary outcomes from a Healthy Lifestyles intervention study. <i>Psychiatry Research</i> , 2016, 243, 407-412.	3.3	8
25	The experiences of smoking cessation among patients with chronic obstructive pulmonary disease in Australian general practice: a qualitative descriptive study. <i>Family Practice</i> , 2016, 33, 715-720.	1.9	7
26	Early Therapeutic Alliance, Treatment Retention, and 12-Month Outcomes in a Healthy Lifestyles Intervention for People with Psychotic Disorders. <i>Journal of Nervous and Mental Disease</i> , 2016, 204, 894-902.	1.0	13
27	ICC-dementia (International Centenarian Consortium - dementia): an international consortium to determine the prevalence and incidence of dementia in centenarians across diverse ethnoracial and sociocultural groups. <i>BMC Neurology</i> , 2016, 16, 52.	1.8	28
28	Age-associated differences on structural brain MRI in nondemented individuals from 71 to 103 years. <i>Neurobiology of Aging</i> , 2016, 40, 86-97.	3.1	35
29	Structural MRI Biomarkers of Mild Cognitive Impairment from Young Elders to Centenarians. <i>Current Alzheimer Research</i> , 2016, 13, 256-267.	1.4	12
30	Nutrition among men and household food security in an internally displaced persons camp in Kenya. <i>Public Health Nutrition</i> , 2015, 19, 723-731.	2.2	13
31	A study protocol for a cluster randomised trial for the prevention of chronic suppurative otitis media in children in Jumla, Nepal. <i>BMC Ear, Nose and Throat Disorders</i> , 2015, 15, 4.	2.6	8
32	Process evaluation of a practice nurse-led smoking cessation trial in Australian general practice: views of general practitioners and practice nurses. <i>Family Practice</i> , 2015, 32, cmv041.	1.9	16
33	Randomized Controlled Trial of a Healthy Lifestyle Intervention Among Smokers With Psychotic Disorders. <i>Nicotine and Tobacco Research</i> , 2015, 17, 946-954.	2.6	50
34	Quit in general practice: a cluster randomized trial of enhanced in-practice support for smoking cessation. <i>Family Practice</i> , 2015, 32, 173-180.	1.9	26
35	The perceived risks and benefits of quitting in smokers diagnosed with severe mental illness participating in a smoking cessation intervention: Gender differences and comparison to smokers without mental illness. <i>Drug and Alcohol Review</i> , 2014, 33, 78-85.	2.1	13
36	Supporting smoking cessation. <i>BMJ</i> , The, 2014, 348, f7535-f7535.	6.0	73

#	ARTICLE	IF	CITATIONS
37	The contribution of personality to longevity: Findings from the Australian Centenarian Study. <i>Archives of Gerontology and Geriatrics</i> , 2014, 59, 528-535.	3.0	19
38	Gender differences in characteristics and outcomes of smokers diagnosed with psychosis participating in a smoking cessation intervention. <i>Psychiatry Research</i> , 2014, 215, 586-593.	3.3	17
39	Smoke-free outdoor areas: supporting local government to introduce tobacco control policies. <i>Australian and New Zealand Journal of Public Health</i> , 2014, 38, 518-523.	1.8	7
40	Heroin use impairs smoking cessation among Australian prisoners. <i>BMC Public Health</i> , 2013, 13, 1200.	2.9	2
41	The Sydney Centenarian Study: methodology and profile of centenarians and near-centenarians. <i>International Psychogeriatrics</i> , 2013, 25, 993-1005.	1.0	49
42	A randomized controlled trial of a smoking cessation intervention conducted among prisoners. <i>Addiction</i> , 2013, 108, 966-974.	3.3	32
43	Depression, smoking and smoking cessation: a qualitative study. <i>Family Practice</i> , 2013, 30, 587-592.	1.9	43
44	Smoking and Other Drug Characteristics of Aboriginal and Non-Aboriginal Prisoners in Australia. <i>Journal of Addiction</i> , 2013, 2013, 1-9.	0.9	5
45	Prevalence of the Long Allele Genotype of the Serotonin Transporter-Linked Gene in Female Centenarians. <i>Journal of the American Geriatrics Society</i> , 2012, 60, 1786-1788.	2.6	1
46	Reasons for substance use among people with mental disorders. <i>Addictive Behaviors</i> , 2012, 37, 427-434.	3.0	91
47	Morbidity profiles and lifetime health of Australian centenarians. <i>Australasian Journal on Ageing</i> , 2012, 31, 227-232.	0.9	25
48	The challenges of reducing tobacco use among prisoners. <i>Drug and Alcohol Review</i> , 2012, 31, 625-630.	2.1	12
49	Varenicline plus healthy lifestyle intervention for smoking cessation in psychotic disorders. <i>Annals of Clinical Psychiatry</i> , 2012, 24, 285-91.	0.6	8
50	Feasibility and effectiveness of nurse-delivered smoking cessation counselling combined with nicotine replacement in Australian general practice. <i>Drug and Alcohol Review</i> , 2011, 30, 583-588.	2.1	17
51	Physical, Mental, and Cognitive Function in a Convenience Sample of Centenarians in Australia. <i>Journal of the American Geriatrics Society</i> , 2011, 59, 1080-1086.	2.6	42
52	Smoking, nutrition, alcohol and physical activity interventions targeting Indigenous Australians: rigorous evaluations and new directions needed. <i>Australian and New Zealand Journal of Public Health</i> , 2011, 35, 38-46.	1.8	39
53	Study protocol: a randomised controlled trial investigating the effect of a healthy lifestyle intervention for people with severe mental disorders. <i>BMC Public Health</i> , 2011, 11, 10.	2.9	43
54	Cardiovascular risk among Aboriginal and non-Aboriginal smoking male prisoners: inequalities compared to the wider community. <i>BMC Public Health</i> , 2011, 11, 783.	2.9	11

#	ARTICLE	IF	CITATIONS
55	Healthy lifestyle intervention for people with severe mental disorders. <i>Mental Health and Substance Use: Dual Diagnosis</i> , 2011, 4, 144-157.	0.5	10
56	Higher Blood Pressure Associated With Higher Cognition and Functionality Among Centenarians in Australia. <i>American Journal of Hypertension</i> , 2011, 24, 299-303.	2.0	47
57	Turning of the tide: changing systems to address smoking for people with a mental illness. <i>Mental Health and Substance Use: Dual Diagnosis</i> , 2011, 4, 116-129.	0.5	10
58	Health behaviour risk factors for coronary heart disease (CHD) in smokers with a psychotic disorder: baseline results. <i>Mental Health and Substance Use: Dual Diagnosis</i> , 2011, 4, 158-171.	0.5	16
59	Quit in General Practice: a cluster randomised trial of enhanced in-practice support for smoking cessation. <i>BMC Family Practice</i> , 2010, 11, 59.	2.9	27
60	Brief intervention resource kits for Indigenous Australians: generally evidence-based, but missing important components. <i>Australian and New Zealand Journal of Public Health</i> , 2010, 34, S80-S86.	1.8	5
61	Cigarette Smoking And Psychosis: Naturalistic Follow up 4 Years After an Intervention Trial. <i>Australian and New Zealand Journal of Psychiatry</i> , 2010, 44, 342-350.	2.3	24
62	Treatment of tobacco dependence. , 2010, , 653-674.		2
63	Disseminating best-evidence health-care to Indigenous health-care settings and programs in Australia: identifying the gaps. <i>Health Promotion International</i> , 2009, 24, 404-415.	1.8	23
64	Tobacco in prisons: a focus group study. <i>Tobacco Control</i> , 2009, 18, 176-182.	3.2	49
65	Coronary Heart Disease Risk Reduction Intervention Among Overweight Smokers with a Psychotic Disorder: Pilot Trial. <i>Australian and New Zealand Journal of Psychiatry</i> , 2009, 43, 129-135.	2.3	31
66	Postgraduate education for doctors in smoking cessation. <i>Drug and Alcohol Review</i> , 2009, 28, 466-473.	2.1	24
67	Teaching about tobacco in medical schools: A worldwide study. <i>Drug and Alcohol Review</i> , 2009, 28, 484-497.	2.1	86
68	Education and training for health professionals and students in tobacco, alcohol and other drugs. <i>Drug and Alcohol Review</i> , 2009, 28, 463-465.	2.1	5
69	The changing face of the Australian population: growth in centenarians. <i>Medical Journal of Australia</i> , 2008, 188, 720-723.	1.7	30
70	General practice patients--their readiness to quit smoking. <i>Australian Family Physician</i> , 2008, 37, 81-3.	0.5	3
71	Should smoking be banned in prisons?. <i>Tobacco Control</i> , 2007, 16, 291-293.	3.2	52
72	Characteristics of smokers with a psychotic disorder and implications for smoking interventions. <i>Psychiatry Research</i> , 2007, 150, 141-152.	3.3	72

#	ARTICLE	IF	CITATIONS
73	Ten-year survival outcome of the nicotine transdermal patch with cognitive behavioural therapy. Australian and New Zealand Journal of Public Health, 2007, 31, 282-285.	1.8	6
74	Patient-driven computers in primary care: their use and feasibility. Health Education, 2006, 106, 400-411.	0.9	7
75	A Randomized Controlled Trial of a Smoking Cessation Intervention Among People With a Psychotic Disorder. American Journal of Psychiatry, 2006, 163, 1934-1942.	7.2	205
76	Evaluation of a multi-component community tobacco intervention in three remote Australian Aboriginal communities. Australian and New Zealand Journal of Public Health, 2006, 30, 132-136.	1.8	37
77	Promoting smoking cessation among prisoners: feasibility of a multi-component intervention. Australian and New Zealand Journal of Public Health, 2006, 30, 474-478.	1.8	42
78	Role of the general practitioner in smoking cessation. Drug and Alcohol Review, 2006, 25, 21-26.	2.1	75
79	Where there's smoke, there's fire: high prevalence of smoking among some sub-populations and recommendations for intervention. Drug and Alcohol Review, 2006, 25, 85-96.	2.1	105
80	Reflections on smoking cessation research. Drug and Alcohol Review, 2006, 25, 1-3.	2.1	3
81	The role of remote community stores in reducing the harm resulting from tobacco to Aboriginal people. Drug and Alcohol Review, 2006, 25, 195-199.	2.1	6
82	Smoking and its correlates in an Australian prisoner population. Drug and Alcohol Review, 2006, 25, 343-348.	2.1	47
83	A Randomized Controlled Trial of a Smoking Cessation Intervention Among People With a Psychotic Disorder. American Journal of Psychiatry, 2006, 163, 1934.	7.2	66
