#	ARTICLE	IF	CITATIONS
1	Parenting Styles and Adolescents' Problem Behaviors: The Mediating Effect of Adolescents' Self-Control. <i>Psychological Reports</i> , 2023, 126, 2979-2999.	0.9	2
2	Conscientiousness and perceived physical symptoms: Mediating effect of life events stress and moderating role of resting respiratory sinus arrhythmia. <i>Journal of Health Psychology</i> , 2022, 27, 1819-1832.	1.3	2
3	Perceived Parental Emotional Warmth and Prosocial Behaviors among Emerging Adults: Personal Belief in a Just World and Gratitude as Mediators. <i>Journal of Child and Family Studies</i> , 2022, 31, 1019-1029.	0.7	7
4	The Longitudinal Relationships between Family Functioning and Children's Conduct Problems: The Moderating Role of Attentional Control Indexed by Intraindividual Response Time Variability. <i>Journal of Psychopathology and Behavioral Assessment</i> , 2022, 44, 862-874.	0.7	4
5	Character strengths as a link between family psychosocial environment and depression symptoms among Chinese adolescents. <i>Children and Society</i> , 2022, 36, 1319-1335.	1.0	1
6	Perceived autonomy-supportive parenting and internet addiction: respiratory sinus arrhythmia moderated the mediating effect of basic psychological need satisfaction. <i>Current Psychology</i> , 2021, 40, 4255-4264.	1.7	13
7	The COMT rs4680 polymorphism, family functioning and preschoolers' attentional control indexed by intraindividual reaction time variability. <i>Developmental Psychobiology</i> , 2021, 63, 713-724.	0.9	4
8	Intraindividual reaction time variability as an index of attentional control acts as a moderator of the longitudinal relationships between marital quality and children's externalizing problems. <i>Journal of Experimental Child Psychology</i> , 2021, 202, 105011.	0.7	6
9	Associations between parental emotional warmth, parental attachment, peer attachment, and adolescents' character strengths. <i>Children and Youth Services Review</i> , 2021, 120, 105765.	1.0	26
10	Parental Marital Conflict and Growth in Adolescents' Externalizing Problems: the Role of Respiratory Sinus Arrhythmia. <i>Journal of Psychopathology and Behavioral Assessment</i> , 2021, 43, 518-531.	0.7	5
11	Relationship Between Parental Marital Conflict and Social Anxiety Symptoms of Chinese College Students: Mediation Effect of Attachment. <i>Frontiers in Psychology</i> , 2021, 12, 640770.	1.1	4
12	Perceived stress of the COVID-19 pandemic and adolescents' depression symptoms: The moderating role of character strengths. <i>Personality and Individual Differences</i> , 2021, 182, 111062.	1.6	28
13	Inhibitory control moderates the quadratic association between resting respiratory sinus arrhythmia and prosocial behaviors in children. <i>Psychophysiology</i> , 2020, 57, e13491.	1.2	7
14	Marital quality and children's prospective internalizing problems: A moderated mediation model. <i>Children and Youth Services Review</i> , 2020, 119, 105656.	1.0	2
15	The Relation between Electronic Game Play and Executive Function among Preschoolers. <i>Journal of Child and Family Studies</i> , 2020, 29, 2868-2878.	0.7	12
16	Chinese college students' parental attachment, peer attachment, and prosocial behaviors: The moderating role of respiratory sinus arrhythmia. <i>Biological Psychology</i> , 2020, 150, 107844.	1.1	12
17	Trait impulsiveness and response inhibition in young adults: Moderating role of resting respiratory sinus arrhythmia. <i>International Journal of Psychophysiology</i> , 2020, 149, 1-7.	0.5	5
18	Intraindividual reaction time variability, respiratory sinus arrhythmia, and children's externalizing problems. <i>International Journal of Psychophysiology</i> , 2020, 157, 1-10.	0.5	7

#	ARTICLE	IF	CITATIONS
19	Resting respiratory sinus arrhythmia moderates the association between social phobia symptoms and self-reported physical symptoms. <i>Stress and Health</i> , 2019, 35, 525-531.	1.4	6
20	Respiratory Sinus Arrhythmia Acts as a Moderator of the Relationship Between Parental Marital Conflict and Adolescents' Internalizing Problems. <i>Frontiers in Neuroscience</i> , 2019, 13, 500.	1.4	16
21	The mediating effect of empathy in the quadratic relationship between children's resting RSA and sharing behavior. <i>International Journal of Psychophysiology</i> , 2019, 140, 8-14.	0.5	10
22	The Emotional Stroop Effect Is Modulated by the Biological Salience and Motivational Intensity Inherent in Stimuli. <i>Frontiers in Psychology</i> , 2019, 10, 3023.	1.1	4
23	Stress Moderates the Association between Action Orientation and Goal Internalization. <i>Current Psychology</i> , 2018, 37, 842-849.	1.7	0
24	Extraversion and cardiovascular responses to recurrent social stress: Effect of stress intensity. <i>International Journal of Psychophysiology</i> , 2018, 131, 144-151.	0.5	18
25	Individual Difference in Goal Motives and Goal Content: The Role of Action and State Orientation. <i>Journal of Pacific Rim Psychology</i> , 2018, 12, e20.	1.0	0
26	Associations between resting respiratory sinus arrhythmia, intraindividual reaction time variability, and trait positive affect.. <i>Emotion</i> , 2018, 18, 834-841.	1.5	14
27	Proactive Personality and Job Satisfaction: the Mediating Effects of Self-Efficacy and Work Engagement in Teachers. <i>Current Psychology</i> , 2017, 36, 48-55.	1.7	120
28	The effect of positive affect on conflict resolution: Modulated by approach-motivational intensity. <i>Cognition and Emotion</i> , 2017, 31, 69-82.	1.2	11
29	Proactive Personality and Innovative Work Behavior: the Mediating Effects of Affective States and Creative Self-Efficacy in Teachers. <i>Current Psychology</i> , 2017, 36, 697-706.	1.7	74
30	Differential relations of grandiose narcissism and vulnerable narcissism to emotion dysregulation: Self-esteem matters. <i>Asian Journal of Social Psychology</i> , 2017, 20, 232-237.	1.1	25
31	Protective factors for depressive symptoms in adolescents: Interpersonal relationships and perceived social support. <i>Psychology in the Schools</i> , 2017, 54, 808-820.	1.1	23
32	Young adults' internet addiction: Prediction by the interaction of parental marital conflict and respiratory sinus arrhythmia. <i>International Journal of Psychophysiology</i> , 2017, 120, 148-156.	0.5	35
33	Physiological adaptation to recurrent social stress of extraversion. <i>Psychophysiology</i> , 2017, 54, 270-278.	1.2	19
34	Norms of valence, arousal, concreteness, familiarity, imageability, and context availability for 1,100 Chinese words. <i>Behavior Research Methods</i> , 2017, 49, 1374-1385.	2.3	72
35	The Relations between Television Exposure and Executive Function in Chinese Preschoolers: The Moderated Role of Parental Mediation Behaviors. <i>Frontiers in Psychology</i> , 2017, 8, 1833.	1.1	34
36	The Influence of Family Socio-economic Status on Learning Burnout in Adolescents: Mediating and Moderating Effects. <i>Journal of Child and Family Studies</i> , 2016, 25, 2111-2119.	0.7	26

#	ARTICLE	IF	CITATIONS
37	Physiological responses to repeated stress in individuals with high and low trait resilience. <i>Biological Psychology</i> , 2016, 120, 46-52.	1.1	41
38	Effects of valence and arousal on emotional word processing are modulated by concreteness: Behavioral and ERP evidence from a lexical decision task. <i>International Journal of Psychophysiology</i> , 2016, 110, 231-242.	0.5	66
39	The association between openness and physiological responses to recurrent social stress. <i>International Journal of Psychophysiology</i> , 2016, 106, 135-140.	0.5	40
40	Emotional labour strategies as mediators of the relationship between public service motivation and job satisfaction in Chinese teachers. <i>International Journal of Psychology</i> , 2016, 51, 177-184.	1.7	32
41	Experiential Avoidance Mediates the Association between Emotion Regulation Abilities and Loneliness. <i>PLoS ONE</i> , 2016, 11, e0168536.	1.1	16
42	Evaluation of relationship between GRM3 polymorphisms and cognitive function in schizophrenia of Han Chinese. <i>Psychiatry Research</i> , 2015, 229, 1043-1046.	1.7	9
43	Associations between narcissism and emotion regulation difficulties: Respiratory sinus arrhythmia reactivity as a moderator. <i>Biological Psychology</i> , 2015, 110, 1-11.	1.1	47
44	Concreteness of positive word contributions to affective priming: An ERP study. <i>International Journal of Psychophysiology</i> , 2014, 93, 275-282.	0.5	23
45	Immediate emotion-enhanced memory dependent on arousal and valence: The role of automatic and controlled processing. <i>Acta Psychologica</i> , 2014, 150, 153-160.	0.7	29
46	Stress, active coping, and problem behaviors among Chinese adolescents.. <i>American Journal of Orthopsychiatry</i> , 2014, 84, 364-376.	1.0	17
47	Respiratory sinus arrhythmia is associated with trait positive affect and positive emotional expressivity. <i>Biological Psychology</i> , 2013, 93, 190-196.	1.1	56
48	Negative life events and adolescents' externalizing problems: A moderated mediation model. <i>Current Psychology</i> , 0, , 1.	1.7	1
