

Beverly B Green

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/8636453/beverly-b-green-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
98	Blood Pressure Checks for Diagnosing Hypertension: Health Professionals' Knowledge, Beliefs, and Practices.. <i>Journal of the American Board of Family Medicine</i> , 2022 , 35, 310-319	1.6	1
97	Clinic, Home, and Kiosk Blood Pressure Measurements for Diagnosing Hypertension: a Randomized Diagnostic Study.. <i>Journal of General Internal Medicine</i> , 2022 , 1	4	1
96	Protocol for a randomized controlled trial of sitting reduction to improve cardiometabolic health in older adults. <i>Contemporary Clinical Trials</i> , 2021 , 111, 106593	2.3	1
95	Response to "ACE-2 Downregulation and Incidence of Severe Acute Respiratory Syndrome-Coronavirus-2 (SARS-CoV-2) Infection". <i>American Journal of Hypertension</i> , 2021 , 34, 427	2.3	
94	Rates of Undiagnosed Hypertension and Diagnosed Hypertension Without Anti-hypertensive Medication Following the Affordable Care Act. <i>American Journal of Hypertension</i> , 2021 , 34, 989-998	2.3	7
93	A Centralized Program with Stepped Support Increases Adherence to Colorectal Cancer Screening Over 9 Years: a Randomized Trial. <i>Journal of General Internal Medicine</i> , 2021 , 1	4	1
92	Costs of Two Health Insurance Plan Programs to Mail Fecal Immunochemical Tests to Medicare and Medicaid Plan Members. <i>Population Health Management</i> , 2021 , 24, 255-265	1.8	1
91	Renin-Angiotensin-Aldosterone System Inhibitors and COVID-19 Infection or Hospitalization: A Cohort Study. <i>American Journal of Hypertension</i> , 2021 , 34, 339-347	2.3	18
90	What Multilevel Interventions Do We Need to Increase the Colorectal Cancer Screening Rate to 80%?. <i>Clinical Gastroenterology and Hepatology</i> , 2021 , 19, 633-645	6.9	7
89	Patients' Reactions to Being Offered Financial Incentives to Increase Colorectal Screening: A Qualitative Analysis. <i>American Journal of Health Promotion</i> , 2021 , 35, 421-429	2.5	2
88	What's the "secret sauce"? How implementation variation affects the success of colorectal cancer screening outreach. <i>Implementation Science Communications</i> , 2021 , 2, 5	2.2	5
87	Challenges in Reaching Medicaid and Medicare Enrollees in a Mailed Fecal Immunochemical Test Program. <i>Journal of Community Health</i> , 2020 , 45, 916-921	4	2
86	Mailed fecal immunochemical test outreach for colorectal cancer screening: Summary of a Centers for Disease Control and Prevention-sponsored Summit. <i>Ca-A Cancer Journal for Clinicians</i> , 2020 , 70, 283-298	22.7	30
85	First-year implementation of mailed FIT colorectal cancer screening programs in two Medicaid/Medicare health insurance plans: qualitative learnings from health plan quality improvement staff and leaders. <i>BMC Health Services Research</i> , 2020 , 20, 132	2.9	3
84	Design of a pragmatic cluster-randomized trial comparing telehealth care and best practice clinic-based care for uncontrolled high blood pressure. <i>Contemporary Clinical Trials</i> , 2020 , 92, 105939	2.3	9
83	Primary Care Provider Beliefs and Recommendations About Colorectal Cancer Screening in Four Healthcare Systems. <i>Cancer Prevention Research</i> , 2020 , 13, 947-958	3.2	3
82	Barriers and Facilitators to Timely Colonoscopy Completion for Safety Net Clinic Patients. <i>American Journal of Health Behavior</i> , 2020 , 44, 460-472	1.9	5

81	Direct-to-member mailed colorectal cancer screening outreach for Medicaid and Medicare enrollees: Implementation and effectiveness outcomes from the BeneFIT study. <i>Cancer</i> , 2020 , 126, 540-548	6.4	11
80	Low Rates of Colonoscopy Follow-up After a Positive Fecal Immunochemical Test in a Medicaid Health Plan Delivered Mailed Colorectal Cancer Screening Program. <i>Journal of Primary Care and Community Health</i> , 2020 , 11, 2150132720958525	2.1	6
79	Factors Influencing Implementation of a Colorectal Cancer Screening Improvement Program in Community Health Centers: an Applied Use of Configurational Comparative Methods. <i>Journal of General Internal Medicine</i> , 2020 , 35, 815-822	4	11
78	Cardiovascular Events and Costs With Home Blood Pressure Telemonitoring and Pharmacist Management for Uncontrolled Hypertension. <i>Hypertension</i> , 2020 , 76, 1097-1103	8.5	10
77	Evidence and Recommendations on the Use of Telemedicine for the Management of Arterial Hypertension: An International Expert Position Paper. <i>Hypertension</i> , 2020 , 76, 1368-1383	8.5	56
76	Health plan adaptations to a mailed outreach program for colorectal cancer screening among Medicaid and Medicare enrollees: the BeneFIT study. <i>Implementation Science</i> , 2020 , 15, 77	8.4	3
75	Methodologic Considerations in Calculating and Analyzing Proportion of Time Covered as a Measure of Longitudinal Cancer Screening Adherence. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2020 , 29, 1549-1556	4	2
74	Two Medicaid health plans: models and motivations for improving colorectal cancer screening rates. <i>Translational Behavioral Medicine</i> , 2020 , 10, 68-77	3.2	11
73	Blood Pressure Assessment in Adults in Clinical Practice and Clinic-Based Research: JACC Scientific Expert Panel. <i>Journal of the American College of Cardiology</i> , 2019 , 73, 317-335	15.1	58
72	A cost-effectiveness analysis of a colorectal cancer screening program in safety net clinics. <i>Preventive Medicine</i> , 2019 , 120, 119-125	4.3	8
71	Factors Affecting Adherence in a Pragmatic Trial of Annual Fecal Immunochemical Testing for Colorectal Cancer. <i>Journal of General Internal Medicine</i> , 2019 , 34, 978-985	4	11
70	Using a continuum of hybrid effectiveness-implementation studies to put research-tested colorectal screening interventions into practice. <i>Implementation Science</i> , 2019 , 14, 53	8.4	5
69	Challenges in assessing population reach in a pragmatic trial. <i>Preventive Medicine Reports</i> , 2019 , 15, 1009-1016	2.2	1
68	Addressing guideline and policy changes during pragmatic clinical trials. <i>Clinical Trials</i> , 2019 , 16, 431-437	2.2	7
67	Blood pressure checks and diagnosing hypertension (BP-CHECK): Design and methods of a randomized controlled diagnostic study comparing clinic, home, kiosk, and 24-hour ambulatory BP monitoring. <i>Contemporary Clinical Trials</i> , 2019 , 79, 1-13	2.3	3
66	Financial Incentives to Increase Colorectal Cancer Screening Uptake and Decrease Disparities: A Randomized Clinical Trial. <i>JAMA Network Open</i> , 2019 , 2, e196570	10.4	15
65	Observational study protocol for evaluating control of hypertension and the effects of social determinants. <i>BMJ Open</i> , 2019 , 9, e025975	3	1
64	History and Justification of a National Blood Pressure Measurement Validated Device Listing. <i>Hypertension</i> , 2019 , 73, 258-264	8.5	29

63	Doctor is my blood pressure OK?. <i>Journal of Human Hypertension</i> , 2018 , 32, 465-466	2.6	
62	Effectiveness of a Mailed Colorectal Cancer Screening Outreach Program in Community Health Clinics: The STOP CRC Cluster Randomized Clinical Trial. <i>JAMA Internal Medicine</i> , 2018 , 178, 1174-1181	11.5	65
61	Positive predictive values of fecal immunochemical tests used in the STOP CRC pragmatic trial. <i>Cancer Medicine</i> , 2018 , 7, 4781-4790	4.8	13
60	Predictors of Colorectal Cancer Screening Prior to Implementation of a Large Pragmatic Trial in Federally Qualified Health Centers. <i>Journal of Community Health</i> , 2018 , 43, 128-136	4	7
59	Colorectal Cancer Control: Where Have We Been and Where Should We Go Next?. <i>JAMA Internal Medicine</i> , 2018 , 178, 1658-1660	11.5	4
58	Long-term Outcomes of the Effects of Home Blood Pressure Telemonitoring and Pharmacist Management on Blood Pressure Among Adults With Uncontrolled Hypertension: Follow-up of a Cluster Randomized Clinical Trial. <i>JAMA Network Open</i> , 2018 , 1, e181617	10.4	58
57	Taxonomy for colorectal cancer screening promotion: Lessons from recent randomized controlled trials. <i>Preventive Medicine</i> , 2017 , 101, 229-234	4.3	3
56	Self-monitoring of blood pressure in hypertension: A systematic review and individual patient data meta-analysis. <i>PLoS Medicine</i> , 2017 , 14, e1002389	11.6	222
55	A centralized mailed program with stepped increases of support increases time in compliance with colorectal cancer screening guidelines over 5 years: A randomized trial. <i>Cancer</i> , 2017 , 123, 4472-4480	6.4	17
54	Pragmatic (trial) informatics: a perspective from the NIH Health Care Systems Research Collaboratory. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2017 , 24, 996-1001	8.6	21
53	Reasons for never and intermittent completion of colorectal cancer screening after receiving multiple rounds of mailed fecal tests. <i>BMC Public Health</i> , 2017 , 17, 531	4.1	15
52	Implementation successes and challenges in participating in a pragmatic study to improve colon cancer screening: perspectives of health center leaders. <i>Translational Behavioral Medicine</i> , 2017 , 7, 557-566	3.2	20
51	Applying the Plan-Do-Study-Act (PDSA) approach to a large pragmatic study involving safety net clinics. <i>BMC Health Services Research</i> , 2017 , 17, 411	2.9	39
50	Data Sharing and Embedded Research. <i>Annals of Internal Medicine</i> , 2017 , 167, 668-670	8	16
49	A Quality Improvement Initiative to Increase Colorectal Cancer (CRC) Screening: Collaboration between a Primary Care Clinic and Research Team 2017 , 4,		10
48	Implementation of a New Kiosk Technology for Blood Pressure Management in a Family Medicine Clinic: from the WWAMI Region Practice and Research Network. <i>Journal of the American Board of Family Medicine</i> , 2016 , 29, 620-9	1.6	9
47	Impact of continued mailed fecal tests in the patient-centered medical home: Year 3 of the Systems of Support to Increase Colon Cancer Screening and Follow-Up randomized trial. <i>Cancer</i> , 2016 , 122, 312-21	6.4	14
46	Recruiting community health centers into pragmatic research: Findings from STOP CRC. <i>Clinical Trials</i> , 2016 , 13, 214-22	2.2	11

45	Time to Colonoscopy after Positive Fecal Blood Test in Four U.S. Health Care Systems. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2016 , 25, 344-50	4	85
44	Colorectal Cancer Screening Rates Increased after Exposure to the Patient-Centered Medical Home (PCMH). <i>Journal of the American Board of Family Medicine</i> , 2016 , 29, 191-200	1.6	17
43	The validation of electronic health records in accurately identifying patients eligible for colorectal cancer screening in safety net clinics. <i>Family Practice</i> , 2016 , 33, 639-643	1.9	25
42	Follow-Up of Abnormal Breast and Colorectal Cancer Screening by Race/Ethnicity. <i>American Journal of Preventive Medicine</i> , 2016 , 51, 507-12	6.1	27
41	Patient characteristics associated with greater blood pressure control in a randomized trial of home blood pressure telemonitoring and pharmacist management. <i>Journal of the American Society of Hypertension</i> , 2016 , 10, 873-880		17
40	Reasons for non-response to a direct-mailed FIT kit program: lessons learned from a pragmatic colorectal-cancer screening study in a federally sponsored health center. <i>Translational Behavioral Medicine</i> , 2015 , 5, 60-7	3.2	24
39	An economic evaluation of colorectal cancer screening in primary care practice. <i>American Journal of Preventive Medicine</i> , 2015 , 48, 714-21	6.1	18
38	Factors associated with use and non-use of the Fecal Immunochemical Test (FIT) kit for Colorectal Cancer Screening in Response to a 2012 outreach screening program: a survey study. <i>BMC Public Health</i> , 2015 , 15, 546	4.1	22
37	Relationship between cardiovascular risk and lipid testing in one health care system: a retrospective cohort study. <i>BMC Health Services Research</i> , 2015 , 15, 281	2.9	6
36	Individual patient data meta-analysis of self-monitoring of blood pressure (BP-SMART): a protocol. <i>BMJ Open</i> , 2015 , 5, e008532	3	9
35	A Successful Multifaceted Trial to Improve Hypertension Control in Primary Care: Why Did it Work?. <i>Journal of General Internal Medicine</i> , 2015 , 30, 1665-72	4	33
34	Impact of mHealth chronic disease management on treatment adherence and patient outcomes: a systematic review. <i>Journal of Medical Internet Research</i> , 2015 , 17, e52	7.6	560
33	Strategies and opportunities to STOP colon cancer in priority populations: pragmatic pilot study design and outcomes. <i>BMC Cancer</i> , 2014 , 14, 55	4.8	31
32	Advantages of wordless instructions on how to complete a fecal immunochemical test: lessons from patient advisory council members of a federally qualified health center. <i>Journal of Cancer Education</i> , 2014 , 29, 86-90	1.8	25
31	Longitudinal predictors of colorectal cancer screening among participants in a randomized controlled trial. <i>Preventive Medicine</i> , 2014 , 66, 123-30	4.3	22
30	e-Care for heart wellness: a feasibility trial to decrease blood pressure and cardiovascular risk. <i>American Journal of Preventive Medicine</i> , 2014 , 46, 368-77	6.1	21
29	The electronic communications and home blood pressure monitoring trial - long term results. <i>Journal of the American Society of Hypertension</i> , 2014 , 8, e9-e10		9
28	Navigating the murky waters of colorectal cancer screening and health reform. <i>American Journal of Public Health</i> , 2014 , 104, 982-6	5.1	29

27	Strategies and Opportunities to STOP Colon Cancer in Priority Populations: design of a cluster-randomized pragmatic trial. <i>Contemporary Clinical Trials</i> , 2014 , 38, 344-9	2.3	31
26	Time to screening in the systems of support to increase colorectal cancer screening trial. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2014 , 23, 1683-8	4	2
25	"BeneFITs" to increase colorectal cancer screening in priority populations. <i>JAMA Internal Medicine</i> , 2014 , 174, 1242-3	11.5	4
24	Psychological distress after a positive fecal occult blood test result among members of an integrated healthcare delivery system. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2014 , 23, 154-9	4	22
23	Patterns of colorectal cancer screening uptake in newly eligible men and women. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2014 , 23, 1230-7	4	18
22	Results of nurse navigator follow-up after positive colorectal cancer screening test: a randomized trial. <i>Journal of the American Board of Family Medicine</i> , 2014 , 27, 789-95	1.6	37
21	Using an Automated Data-driven, EHR-Embedded Program for Mailing FIT kits: Lessons from the STOP CRC Pilot Study. <i>Journal of General Practice (Los Angeles, Calif)</i> , 2014 , 2,		13
20	An automated intervention with stepped increases in support to increase uptake of colorectal cancer screening: a randomized trial. <i>Annals of Internal Medicine</i> , 2013 , 158, 301-11	8	144
19	Transforming preventive medicine science, practice, education, and policy: looking back at the last 20 years of the American Journal of Preventive Medicine. <i>American Journal of Preventive Medicine</i> , 2013 , 45, 678-86	6.1	0
18	Uptake and positive predictive value of fecal occult blood tests: A randomized controlled trial. <i>Preventive Medicine</i> , 2013 , 57, 671-8	4.3	34
17	Caring for patients with multiple chronic conditions: balancing evidenced-based and patient-centered care. <i>Journal of the American Board of Family Medicine</i> , 2013 , 26, 484-5	1.6	2
16	Barriers and facilitators to evidence-based blood pressure control in community practice. <i>Journal of the American Board of Family Medicine</i> , 2013 , 26, 539-57	1.6	38
15	Blood pressure 1 year after completion of web-based pharmacist care. <i>JAMA Internal Medicine</i> , 2013 , 173, 1250-2	11.5	18
14	Improving BP control through electronic communications: an economic evaluation. <i>American Journal of Managed Care</i> , 2013 , 19, 709-16	2.1	18
13	The hypertension team: the role of the pharmacist, nurse, and teamwork in hypertension therapy. <i>Journal of Clinical Hypertension</i> , 2012 , 14, 51-65	2.3	99
12	Nonparticipation in a population-based trial to increase colorectal cancer screening. <i>American Journal of Preventive Medicine</i> , 2012 , 42, 390-7	6.1	20
11	Using body mass index data in the electronic health record to calculate cardiovascular risk. <i>American Journal of Preventive Medicine</i> , 2012 , 42, 342-7	6.1	27
10	Assessing the scale-up of a weight loss program narrowing the gap between research and practice. <i>American Journal of Preventive Medicine</i> , 2011 , 41, 548-9	6.1	1

9	Accuracy of blood pressure measurements reported in an electronic medical record during routine primary care visits. <i>Journal of Clinical Hypertension</i> , 2011 , 13, 821-8	2.3	11
8	Patient ability and willingness to participate in a web-based intervention to improve hypertension control. <i>Journal of Medical Internet Research</i> , 2011 , 13, e1	7.6	49
7	Systems of support to increase colorectal cancer screening and follow-up rates (SOS): design, challenges, and baseline characteristics of trial participants. <i>Contemporary Clinical Trials</i> , 2010 , 31, 589-603	2.3	29
6	Electronic communications and home blood pressure monitoring (e-BP) study: design, delivery, and evaluation framework. <i>Contemporary Clinical Trials</i> , 2008 , 29, 376-95	2.3	44
5	Effectiveness of home blood pressure monitoring, Web communication, and pharmacist care on hypertension control: a randomized controlled trial. <i>JAMA - Journal of the American Medical Association</i> , 2008 , 299, 2857-67	27.4	442
4	Active for life: a work-based physical activity program. <i>Preventing Chronic Disease</i> , 2007 , 4, A63	3.7	18
3	A randomized trial of strategies to increase chlamydia screening in young women. <i>Preventive Medicine</i> , 2006 , 43, 343-50	4.3	29
2	How do minor changes in the definition of blood pressure control affect the reported success of hypertension treatment?. <i>American Journal of Managed Care</i> , 2003 , 9, 219-24	2.1	14
1	Effectiveness of telephone support in increasing physical activity levels in primary care patients. <i>American Journal of Preventive Medicine</i> , 2002 , 22, 177-83	6.1	73
