1       Seasonal Biodistribution of Some Trace Elements (Cd. Pb, Cr. Hg) and 4Co Blood Biomarkers/4CResponse In       1.9       4         2       Quantifying Serum Total Lipids and Tryptophan Concentrations by Raman Spectroscopy During Standardized Course in Horses, Journal of Equine Veterinary Science, 2022, 108, 103820.       0.4       9         3       Interfender: Ba (1): Ray, and serum contable lead intrihip in house as dynamic additors reported to the analysis of th	#	Article	IF	CITATIONS
2       Standardized Obstade Course in Horees, Journal of Equine Veterinary Science, 2022, 108, 103820.       Ort 9         3       Interlection-IRa (Ik-IRa) and serum cortisol level relationship in horse as dynamic adaptive response during physical exercise. Veterinary Immunology and Immunophysical 2022, 243, 110368.       0.3       13         4       Effects of long-term oral administration of melatonin on tear production, Intraocular pressure, and tear and serum melatonic concentrations in healthy dogs. Journal of the American Veterinary Medical Association, 2022, 260, 524-529.       0.2       3         5       Role of light/dark schedules on daily pattern of total locomotor activity in wild and domestic felds. Journal of Veterinary Behavior Clinical Applications and Research, 2022, 50, 30-35.       0.5       1         6       Amplitude of the daily pattern of rost 3-6° activity in different species of Leopardus kept in captivity. Animal Biology, 2022, -1, 1-11.       0.6       0         7       Acute Stress Response of Sheep to Shearing Procedures: Dynamic Change of Cortisol Concentration and Protein Electrophoretic Pattern. Animals, 2022, 12, 862.       0.4       2         8       Stress, Metabolic and Serum Muscle-Derived Enzymes Response of Horses Employed in Wooded Area and Held Trekking Courses. Journal of Equine Veterinary Science, 2022, 112, 103919.       0.4       2         10       Preliminary study for the application of Raman spectroscopy for the Identification of Leishmania infected dogs. Scientific Reports, 2022, 12, 7489.       1.0       3         11	1		1.9	4
3       during physical exercise. Veterinary Immunology and Immunopathology, 2022, 243, 110366.       0.5       13         4       Effects of long-term oral administrations of melatonin on tear production, intracquiar pressure, and team melatonin concentrations in healthy dogs. Journal of the American Veterinary Medical Association, 2022, 260, 524-529.       0.2       3         5       Role of lightidark schedules on daily pattern of total locomotor activity in wild and domestic felids. Iournal of Veterinary Behavior. Clinical Applications and Research, 2022, 50, 30-35.       0.6       1         6       Amplitude of the daily pattern of rest &C activity in different species of Leopardus kept in captivity. Animal Biology, 2022, 1, 1-11.       0.6       0         7       Acute Stress Response of Sheep to Shearing Procedures: Dynamic Change of Cortisol Concentration and Ped Trekking Courses. Journal of Equine Veterinary Science, 2022, 112, 103319.       0.4       2         8       Stress, Metabolic and Serum Muscle-Derived Enzymes Response of Horses Employed in Wooded Area and Field Trekking Courses. Journal of Equine Veterinary Science, 2022, 112, 103319.       10       10         10       Preliminary study for the application of Raman spectroscopy for the identification of Leishmania infected dogs. Scientific Reports, 2022, 12, 7489.       1.6       4         11       Short Communication: Use of Infrared Thermometers for Cutaneous Temperature Recording: Agreement with the Rectal Temperature in Felic catus. Animals, 2022, 12, 1275.       1.0       3         12	2	Quantifying Serum Total Lipids and Tryptophan Concentrations by Raman Spectroscopy During Standardized Obstacle Course in Horses.
